* Call for a National Convention of Colored Baptists

Dear Brethren: April 5, 1886, an open letter to the Baptist clergy and laymen was issued by Rev. Wm. J. Simmons, in American Baptist, asking if we should have a National Convention to discuss questions of interest to our beloved denomination. At that time the following reasons were given:

1. To promote personal piety, sociability, and a better knowledge of each other.
2. To be able to have an understanding as to the great ends to be reached by the denomination.
3. To encourage our literary men and women, and promote the interests of Baptist literature.
4. To discuss questions pertaining especially to the religious, educational, industrial, and social interests of our people.
5. To give an opportunity for the best thinkers and writers to be heard.
6. That, united, we may be more powerful for good and strengthen our pride in the denomination.

Having been solicited to write the Call by many whose names and endorsements are hereunto affixed, the Call is hereby made by their advice and solicitations for said convention to meet in St. Louis, Mo., August 25, 1886, 10 o'clock a. m., in the First Baptist Church, and the pastor thereof is hereby requested to serve as a Committee of Arrangements, with power to select his associates.

Wm. H. Steward, Louisville, Ky., and Rev. R. H. Cole, 2609 Goode Avenue, St. Louis, are hereby requested to serve as a Committee on Transportation.

WM. J. SIMMONS.

The chronological report in our National Baptist Minutes is hereby corrected, viz.: The parties as they appear below were officers of the Foreign Mission or National Educational Conventions, as were their predecessors. Said conventions merged into the National Baptist Convention in 1886 or met co-jointly with it, or otherwise.

RESOLUTIONS ON INDUSTRIAL AND ECONOMIC COMMISSION

The President and Members of the National Baptist Convention

Whereas the post war challenge is both industrial and economic, and thousands are now being thrown out of employment, and the church and the preacher have the attention of the multitude whose very existence is now in question,

Whereas if there be any honesty and integrity in the race it assuredly can be found in the church and the preacher.

Whereas the common people have been the backbone and support of all that has meant the progress of the race, through institutional, professional and religious life; giving support to the preacher, the doctor and the lawyer. It is now high time that these sources would give back in such needed times as these something to sustain the industrial and economic life of their people.

Whereas the millions of citizens are consumers of all the necessities of life, the challenge of the church is to see that they become producers of some of their consumption. Whereas this can be done by united effort of the church and the common people by organization of industrial institutions that would employ the hand and brain of our race.

RESOLUTION

Be it therefore, Resolved that a commission be appointed to study the industrial and economic condition of the Negro with the object in view of establishing institutions of production throughout the nation.

"THE CHURCH AND HER TASK"

Text: "Upon this rock I will build my church; and the gates of hell shall not prevail against it."—Matthew 16:18.

Mr. President, Officers, Members and Friends of the National Baptist Convention, U. S. A., Inc.

Permit me to say that words are not at my command to express to you the joy and delight we have in being spared and permitted to look each other in the face and to greet each other, when there have been so many things suggested to prevent our coming together. Thank God we are spared to see each other once more and to shake hands on this side of eternity, rejoicing in the God of our salvation. Yes, we greet you with grateful hearts. The sail on this sea of time has not been as smooth as some other years through which we have passed, but God be praised that we are still on the firing line with Jesus Christ, the Captain of our salvation.

Our subject at this time is:

"The Church and Her Task"

The first thing suggested here would be to give the definition of a church. A church is a body of baptized believers, organized, recognizing Jesus Christ as its only head and the Bible as its only guide in its conduct of operation.

Each church is its own sovereign head and no organization or individual has any authority over an organized church of Jesus Christ on earth. The pastor of a Baptist church is the local head of the church, taking his orders from Jesus Christ, and when he proceeds and his authority cannot be found in the Bible he is out of order. The pastor is the generalissimo of the church on earth, responsible to Jesus Christ for his conduct of the church.

It is said in some quarters that the deacons are the rulers of the church. This is not true. The deacons of a church are the pastor's assistants, and are to move in the interest of the church when the pastor gives orders. It is also said in some quarters that the deacons are the head of the church. This is contrary to the Bible, and if they were, the church would have been dead and forgotten long ago.

Second: What does the word "HELL" mean in this connection, when Jesus said that the gates of hell shall not prevail against the church? It means or it carries the idea of anything that opposes the church in its onward march to conquer the world for Jesus Christ.

The Task of the Church

The task of the church is to conquer and save the world. Jesus has no other arrangements than the church to save the world.

Third: The only remedy for this world's malady is the Christian religion. If the Christian religion is given a fair chance it will accomplish this task.

Fourth: When Jesus uttered these words: "Upon this rock I will build my church and the gates of hell shall not prevail against it," he spoke it to a

world that was out of joint and that which caused it to be out of joint was sin.

Fifth: Now, in order to put this old world back in joint, the Christian church must have a fair chance, and if it is given a fair chance it will save the world.

Sixth: The preaching of the gospel in its purity as Jesus has spoken it is the remedy for this war-stricken world. There is no other remedy that will save this world except that of the gospel. This gospel is to be preached by all men to all people.

Seventh: The idea of the gospel being preached by Negroes to Negroes, by white men to white people, is in a way preaching the gospel. But in no sense is it in keeping with the import of the words of Jesus Christ.

Eighth: Christianity has no segregation nor discrimination, and this old world will not be set in joint until the gospel is preached without segregation, discrimination, and inequalities.

Ninth: God is no respecter of persons. The thing that counts with God is character and not color.

Tenth: The gospel is the remedy for the ills of the world. Jesus has called you and me to help him put this old world back in joint.

Eleventh: The program Jesus brought for this purpose was, and is Christianity. The principles which Christianity enunciates are more than sufficient for the unhappiness, the inequalities, the woes and the injustices of the social order.

Fleecy locks and dark complexion
Do not alter nature's claim.
Skins may differ but affection
Dwells in white and black the same

Twelfth: The church must stand for more than service. It must stand for services. Its services are within its walls. Its service extends without. The church must roll up its sleeves and go into the alleys, the highways and hedges and acquaint the wayfaring man with the love of God.

The great task of the church is to set this old world straight. Do you think war will do it? If so, how? and why?

No, war will never set it straight because God has plainly said: "Not by might, nor by power, but by my spirit, saith the Lord of hosts." The church is the place to meet God.

There are some people who believe that the church is like a life insurance policy which guarantees, in the years after, something with which they have not striven for here in this life.

There are others who believe that the church is a kind of Noah's Ark, in which a favored few are to be carried through the floods of life and safely over the river of death.

This has never been in the mind of Christ. He taught that the church was not an end but a means to an end.

The church is an army. "We wrestle not against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this world, against spiritual wickedness in high places."

"Wherefore take unto you the whole armour of God, that ye may be able to withstand in the evil day, and having done all, to stand," Eph. 6:12, 13.

The word TO WITHSTAND is different from the word TO STAND. STAND is to hold what you have got. WITHSTAND is of a moral nature and aggressive, which means not only stand but move forward against the enemy.

Finally, the task of the church is to hold up its head and move forward against the wiles of the devil. When Paul spoke of the fight "against spiritual wickedness in high places, this means wicked people in the church who desire to turn the church into a political party and use the church for self-aggrandizement.

The American Baptist Theological Seminary

The Seminary under the leadership of Dr. R. W. Riley, is making progress by leaps and bounds. We congratulate Dr. Riley upon his wonderful achievements for the past year, and pray God's richest benedictions upon him for the ensuing fiscal year. The student body last year exceeded by far that of previous years.

The Home Mission Board and the Sunday School Board of the Southern Baptist Convention have shown without doubt their interest in our racial group and denomination. They appropriated $150,000 for buildings, $60,000 for class room work, and $25,000 to equip the library. We wish here and now, to express our sincere appreciation to the above-named organizations for their interest in helping to educate the young ministers within our Baptist churches. Again we thank you.

The Woman's Auxiliary Convention

This Convention has been led on to successful endeavors by Mrs. S. W. Layten, who has been President since its organization. Mrs. Layten is a very fine Christian woman and has done great work at the head of this organization. This Convention has for its direct objective the operation of the Training School at Nashville, Tennessee. Mrs. Mattie G. Anderson, formerly of Detroit, is the honored President of this institution. Last year all the debts were paid and a few dollars were left as a balance.

Mrs. Anderson is doing a great work and we are proud of the work she is doing.

Mrs. Bohannon is the efficient Dean of this department and has made a fine impression as being efficient and yet friendly to students.

Mrs. J. C. Mapp is the business manager. She, too, has done a great job in financing the Training School at Nashville.

This school is for the training of young and middle aged women for missionary endeavors at home and abroad. If there are those who desire to be trained for missionary work in our various churches and whose circumstances are not so good, get in touch with the President and come on to the school, and finances will be provided for the expense. If you have the will, we have the way.

Our Sunday School and B. T. U. Congress

This organization has as its efficient head, Dr. W. H. Jernagin, who knows no failure in any endeavor in which he is involved.

The session of the Congress held in St. Louis, Missouri, in the month of June was a signal success, even though the O. D. T. had turned him down, upon his request to hold the Congress. The people were there and paid their moneys. The Congress raised more than $12,000 and all expenses were paid, and much of this amount was given to the various phases of the work of the National Baptist Convention, U. S. A., Inc. Dr. Jernagin is easy to work with and likes very much the display of brotherhood. In my opinion he will be President until he passes or requests to be relieved.

The Sunday School Publishing Board

The Sunday School Publishing Board has as its Corresponding Secretary Dr. A. M. Townsend, whose heart is in the work. Dr. Townsend is a great executive, and has charge of the publication of our Sunday school literature and other literature as used by the denomination. The literature as published by our Sunday School Publishing Board is as good or better than the literature published anywhere else. We have competent writers, well prepared to do the job. I am pleased to note an increase in churches buying literature from our Sunday School Publishing Board.

We said last year that if there were any who held an office in this Convention and did not use the literature from our publishing house, that in itself disqualified him or them from holding an office in this Convention. We do not mean to be selfish, but we do mean to be regular.

The Sunday School Publishing Board is a subsidiary body of this Convention, and is subject or amenable to this Convention for adjustments of all kind.

Our B. T. U. Board

Rev. E. W. D. Isaac, the successor to the late E. W. D. Isaac, Senior, is having success with this phase of our work. The literature as published by our B. T. U. Board is of the highest type that can be found any where. We appreciate the work being done by this subsidiary body of our Convention. You will hear a report that is encouraging from the Corresponding Secretary, the Rev. E. W. D. Isaac.

The Home Mission Board

This Board, according to reports reaching me, is in better condition this year than it has been in previous years. The Corresponding Secretary, Dr. T. T. Lovelace, reports to us that this Board is coming up to the Convention this year, entirely out of debt, and has a nice sum after all the debts are paid. He makes the honest appeal for more money to help the weak churches in some portions of California, Wyoming, Nebraska, and Iowa. We are earnestly requesting each pastor to make a donation for the purpose of helping new churches and poorly paid preachers in these territories. The work of this Board has been harmoniously done through the Corresponding Secretary, members of the Board and the evangelists. Brother Lovelace knows his place and seeks to stay in it.

The Educational Board

The honored Chairman of this Board is the Rev. Dr. Calvin Perkins, of Birmingham, Alabama. He is intensely interested in every phase of the work of this Convention. Reverend Dr. E. Arlington Wilson is the Corresponding Secretary, and is bringing things to pass as never before in the history of this Board. Last year the Corresponding Secretary turned over to the American Baptist Theological Seminary $300.00 for education. That will be doubled this year.

The Foreign Mission Board

The Foreign Mission Board has as its Corresponding Secretary, Dr. C. C. Adams, who is leaving no stone unturned to bring about such results with this Board as we have not had before. The honored secretary of this Board has spent more than a month, this year, in Africa in the Foreign fields, looking after the natives, the schools, and the churches within the territory possessed by this Convention. We are proud of Dr. Adams and the great work which he is doing as Corresponding Secretary of our Foreign Mission Board. Dr. M. L. Shepard is the honored Chairman of this Board and has an intense interest in its welfare, and much good has been accomplished by his endeavors and intense efforts.

Race Relations

As a racial group, we are true American citizens, interested in every phase of the United States. We have fought in every war for protection and maintenance of the flag of the United states of America, the Red, the White, and the Blue.

We are asked sometimes what the Negroes want as American citizens. The answer is: As a racial group we want everything for our families and ourselves as anybody else.

1.—We want the F. E. P. C. maintained and carried out not only in name or theory, but in actual facts.

2.—If the preacher in the pulpit, and the deacons, stewards, and trustees in our white churches, as well as in our Negro churches would preach the gospel and apply the Golden Rule in their endeavors toward each other, our problems would be solved.

3.—The church of Jesus Christ is more than equal to the injustices, the segregation, the discrimination, and inequalities in the social order.

4.—Now if the peace after this four years of warfare will emanate from the church instead of from political demagogues, we will have a just and a durable peace that will stand the test of the ages. If we have a one-sided peace as we had before, that in itself will be the seed sown for World War Number Three.

5.—We want the abolition of the Poll Taxes so that the Negro in the South, as well as the North, East and West, will be given his franchise.

6.—We want equal accommodations on public carriers when the same fare is paid for our transportation.

7.—As a racial group we resent any form of discrimination and injustice because of color and previous conditions.

8.—We know that God has created all nations of one blood to dwell upon the face of the earth, and that God is no respecter of persons.

9.—We agree on the Fatherhood of God, but woefully disagree on the brotherhood of man because of color. The application of the Golden Rule will demonstrate the brotherhood of man and the problems that reek to high heaven will be solved.

10.—We plead and pray for a just and a durable peace and not a one-sided peace that will enable one racial group to lord it over another.

11.—That our women will receive the title of Miss and Mrs. and not Eliza and Aunt Jane.

THE SAINTED DEAD

Since we last met, death has invaded our ranks and has taken from labor to reward many of our brothers throughout our Convention. Every year claims her number. The question that concerns us most is: Who will be the next to follow?

The following have passed from our various states during the past year:

Alabama:

Dr. L. J. Green, Florence
Rev. J. F. Howze, Mobile
Rev. W. M. Hinton, Suttles
Rev. B. W. Walker, Birmingham
Rev. C. A. J. Mallory, Glencoe
Rev. W. M. Bryant, Birmingham
Rev. H. B. Richardson, Marion
Dr. J. T. Simpson, Ensley
Rev. W. M. Banks, Goshen

Arkansas:

Rev. Dan W. McKinney, Tamo
Rev. Aaron Bolden, Grand Lake
Rev. R. G. Grimes, McGehee
Rev. H. S. Newton, Montrose

Delaware:

Rev. Arnold E. Gregory, Wilmington

Kansas:

Dr. G. N. Jackson, Lawrence

Louisiana:

Rev. Israel Walker
Rev. R. A. Collins
Rev. W. M. Palmer
Rev. S. F. Douglas
Dr. H. C. Ross

Michigan:

Rev. B. H. Wright, Detroit

Minnesota:

Rev. D. E. Beasley, Saint Paul

Mississippi:

(Northeast Missionary Baptist State Convention.)
Rev. E. D. Harrison, Shuqualak
Rev. J. C. Moore, Aberdeen

New Jersey:

Rev. S. H. Little, Newark

Those whose names have been mentioned above have gone to try the realities of the unknown world. We have this consolation that we will meet them again when the trumpet shall sound and the dead in Christ shall rise. We will meet them in that beautiful and celestial city where pains and death are to be feared and felt no more. As Job said: Though he slay me, yet will I trust him; and in all of my appointed time I will wait until my change comes. The Lord has given and the Lord has taken away, blessed be the name of the Lord.

When Jesus Christ, the Mighty Conqueror, who has fought many battles and has never lost one, will come to meet His children in the mid-air, with host beyond host and Jesus in front of that host to conduct the harmony with His bleeding side and thorn crowned brow, we shall hear the blessed plaudit, "Well done." Hallelujah! Victory for Christ and His Church!

We close with the words of the poet:

If I must die, O let me die
With hope in Jesus' blood—
The blood that saves from sin and guilt,
And reconciles to God.

If I must die, O, let me die
In peace with all mankind,
And change these fleeting joys below
For pleasures more refined.

If I must die—and die I must,—
Let some seraph come,
And bear me on his friendly wing
To my celestial home.

Of Canaan's land, from Pisgah's top
May I but have a view.
Though Jordan should o'erflow its banks,
I'll boldly venture through.

Fourteenth Annual Report of Secretary National Baptist Convention

J. M. NABRIT
Memphis 5, Tennessee

September 4-9, 1945, Detroit, Michigan

BOARD OF DIRECTORS' MEETING AND STATEMENT OF OFFICE

Detroit, Michigan, September 5-9, 1945

We are happy to be able to submit our 14th annual report as Secretary of this great religious body.

We look back with pride upon the record of this Convention and its Auxiliary. Despite the handicap of war, deaths, travel, prejudice, things seen and unseen, for and against, we note with a feeling of gratitude, the growing interest and demand from the constituency that our body take its place and hold it in the vanguard of religious advancement and activities. We are happy to report that we have any type of material needed any where to put over this program as you will see from various reports to be made before this Convention before it closes. The National Baptist Convention should stop, count its blessings, take courage and go forward peacefully and harmoniously.

Dallas Session

The Convention held one of its greatest sessions with the churches and pastors of Dallas, Texas, September, 1945. There was much enthusiasm and at times, the air was tense and vibrant, showing that the delegates were really concerned in keeping the Convention control a reality, and under no circumstances to become sectional.

They remained to a larger degree than ever to the close. After a fine program, it adjourned to hold Board meetings in Atlanta, Georgia, and St. Louis, Missouri; Regional Meetings in Shreveport, Louisiana, and Philadelphia, Pennsylvania, with the 65th Annual Session to be held with the Baptist Churches of Detroit.

War conditions over which we have no control have kept all our meetings in an uncertain, but hopeful state, and held the attendance to a minimum. Nevertheless, the work has been faithfully carried forward and Peace, Progress, and Prosperity abide.

Finance Commission

The Commission met with the president in his Dallas office and approved the financial plans, disbursements, and budget for 1945. This was the first time we could actually set aside any operating funds for the Convention budget, and it has been decidedly successful, though not perfect. If the war restrictions on travel do not prevent this meeting from measuring up to our expectation and our possibilities, Baptists can go forward from here with deserved pride.

Board Reports

We held a meeting in Wheat Street Church, Atlanta, Ga., February 16, 194
Perhaps the most important things done were the approval of an Historica
Commission, whose duty will be to draft a history, accurate, unbiased and use
ful, fairly showing the contribution made by Negroes in a total global wa
effort; in food, production and conservation; in industry; in educational an
social programs at home and on the front; in buying and selling bonds; in th
navy; in the air forces; as engineers, in the armies; in the government, at hom
and abroad. Dr. R. W. Coleman, New Orleans, Louisiana, is chairman.

A Commission to observe the action and make, if, and when possibl
Christian suggestions to the members of the San Francisco Conference o
World Peace.

The Budget was fixed at $50,000.

The Sunday School and Baptist Training Union Congress was granted a
thority to amend its Constitution so that the Directors General might b
elected. Dr. A. M. Townsend was granted permission to resign. The S.
Publishing Board was authorized to arrange pensions and retirements.

The Seminary and Training School were given a two year period to rais
funds for enlargement and stabilizing.

The first Regional was held in Avenue Church, Rev. H. W. Allen, Paste
Shreveport, Louisiana, March 20 and 21. The second was held in Mutchinso
Church, Rev. E. T. Lewis, Pastor, Philadelphia, Pennsylvania, May 16 an
17. Both were inspiring and representative. Travel was difficult. Neverthe
less, we feel that needed stimulation was given the work and the workers.

The Board held its final meeting in Pleasant Green Church, Rev. G. H
Pruitt, Pastor, St. Louis, Missouri. Here, the program was made. Dr. W. H
Jernagin, D. C., upon request of the President, was approved as our choic
to go under government direction to the Pacific Islands to observe and
give encouragement to our soldiers of all faiths and races. We voted to shar
in any expense incurred together with the Congress. After approval of pr
gram and hearing the final statement of the Detroit Committee, we voted
hold a brief meeting, Tuesday night, September 14, for the arrangements an
plans for the Convention.

Auditor's Report

OF THE NATIONAL BAPTIST CONVENTION, U. S. A., INC.

For Year Ending June 30, 1945

Detroit, Michigan,
September 7, 1945

Dr. D. V. Jemison, President
National Baptist Convention, U. S. A., Inc.
In Annual Convention Assembled,
Detroit, Michigan

My dear Doctor Jemison:

In accordance with your directions, and in conformity with Section 3 Article VI of the Revised Constitution of the National Baptist Convention U. S. A., Incorporated, we have audited such books and records of the National Baptist Convention, U. S. A., Incorporated, its officers, Boards, subsidiaries, commissions, and auxiliaries as were made available to us. This audit covers the period July 1, 1944, to and including June 30, 1945, except as otherwise indicated by the exhibits and schedules.

We believe that you will conclude that the Convention has made great strides forward in recent years, particularly, in so far as its financial position is concerned. The year just closed has, perhaps, made the greatest single contribution to this improvement.

Now that the finances and records of most departments are rapidly becoming well ordered, it is our opinion that your good offices, and those of other directors and leaders in the National Baptist Convention should be employed to the end that modern fiscal and accounting systems may be installed in all state conventions, district conventions, district associations and even in local churches. We are mindful of the fact these are autonomous bodies operating their own affairs. It is nevertheless, our opinion that it would be in their interest, as well as in the interest of the National Baptist Convention if their records and finances were placed on a level comparable with that of the National Baptist Convention, U. S. A., Incorporated. You may be sure that we shall make our entire facilities available to these bodies as we have attempted with respect to the financial and accounting affairs of the National Baptist Convention.

Yours very truly,
J. B. BLAYTON & COMPANY

Accountant's Certificate

I certify that I have audited the books and records of the National Baptist Convention, U. S. A., Incorporated, its Boards, commissions, subsidiaries, auxiliaries, and departments for the period July 1, 1944 to June 30, 1945, and that in my opinion the accompanying exhibits and schedules correctly set forth a true accounting for that period, and that the financial statements correctly set forth the true financial position of the Convention at June 30, 1945, to the best of my knowledge and belief. My comments shall be considered a part of this audit as fully as if written upon the face of exhibits and schedules.

COMMENTS

Finance Commission

This Commission exists by virtue of provisions contained in Section 2, Article V, of the Revised Constitution and was audited in accordance therewith.

A special fund formerly maintained for convenience of "Memorial Contributions" was closed during the year. Balance in the fund was transferred to the general fund and the reserve fund, and was fully accounted for.

The general fund began the year with a balance of $1,275.45. During the year $171,681.47 was added to it. Expenditures from this fund during this fiscal period amounted to $170,051.26. At June 30, 1945, there remained in this account $2,905.66. The principal additions to this fund during this period arose out of, (1) advances by the Sunday School Publishing Board $95,000.00, and (2) short term borrowings of $66,200.00. The larger disbursements from this fund during this period were (1) paid on loan secured in January, 1944 for retirement of Debentures, 5's '44 $40,000.00, (2) repayment of local short term loans $80,420.00, and (3) repayments to the Sunday School Publishing Board of $11,250.00. Out of the fund the Finance Commission also paid approximately $16,000.00 for additions and improvements to the buildings and grounds of the National Baptist Missionary Training School on White's Creek Pike, Nashville, Tennessee.

At July 1, 1944, there were outstanding $48,800.00 of the Refunding Notes (Bonds), 5's of '44. During the year ended June 30, 1945, holders surrendered notes of this issue amounting to $10,350.00 par value. At June 30, 1945, there remained outstanding $38,450.00 of this bond issue. Although, all holders of these bonds had been advised to present them for payment, persons holding $38,450.00 par value had not done so.

When the settlement of these bonds (the Deb. 5's '45) was provided for, a special bank account was established for the purpose. At July 1, 1944, this account contained a balance of $4,156.86. There were transfers to this account during the year in sufficient amount to bring it up to $11,370.86, but in liquidation of the bonds which were presented together with interest coupons attached thereto reduced this balance to an overdrawn position of $71.00. (i. e., if all checks drawn against the account had been presented at the drawee banks for payment).

The Finance Commission appeared to be obligated on no notes payable at June 30, 1945, except $40,000.00 which was the unpaid balance of funds provided for the liquidation of the Refunding Debentures, 5's '44. During the course of this audit, after June 30, 1945, there was an additional $20,000.00 paid on this obligation. We have, of course, established among the liabilities of the Convention the amount of $40,000.00 for this item since this audit is as of June 30, 1945.

The records of this Commission were found to be in order, and to show intelligent handling.

The President's Office

President Jemison presented to us a record of the financial transactions o his office. This report was found in order, and in our opinion accounts fo all funds passing through his office. Amounts paid to President Jemison fo educational purposes and the like were passed on to the schools or agencie for which they were intended. We have accordingly charged such sums t the ultimate (and proper) recipients and have not included them in th President's account. The President's records showed evidence of carefu and intelligent handling.

The Treasurer's Office

Treasurer Perkins presented his books and records, together with ca celled checks, bank statements, and orders signed by the Secretary an President for all expenditures as provided by Section 2, Article VI of the Re vised Constitution (see appropriate exhibits and schedules). All funds a peared to be fully accounted for. While his accounting records were suc that we could trace all items handled, we have nevertheless made some sug gestions which we believe will greatly facilitate the bookkeeping of this o fice.

The Secretary's Office

Secretary Nabrit submitted to us the books and records of his office to gether with all required supporting data. The accounts and finances of th office were found to be in order, and to conform with Constitutional re quirements (Section 3, Article VI. Revised Constitution). (See appropriate e hibits and schedules.) The Secretary's books are accurately kept, and con tain headings conforming with requirements of his office.

The Statistician's Office

Statistician Smith submitted to us the books and records of his office t gether with cancelled checks, and other supporting vouchers. His record were accurate and showed careful and intelligent handling. In our opinio his fiscal accounting is in conformity with Section 3, Article VI, of the Re vised Constitution.

The Sunday School Publishing Board

All books and records of this corporation were made available to us. W traced receipts from source data to their proper places in the accounts. A disbursements and non-cash journal entries were found to be properly su ported. Although, it was clear to us that the accounting office of this un is understaffed, we found the records to be accurately kept, and in accordan with modern accounting principles.

It is our opinion that a cost accounting system should be installed in th unit. Such a system would provide the management with progressive un costs. This matter has been discussed with responsible executives of t Board.

Due to a continued rise in the cost of materials and skilled labor, th Board experienced a relatively higher "Cost of Goods Manufactured an Sold," and a consequent drop in relative gross and net profit.

Net sales for the year ended June 30, 1945, amounted to slightly more tha $368,000.00 compared with approximately $33,000.00 for the previous yea The cost of goods sold rose from $131,000.00 in 1944, to $151,000.00 in 194 and the net profit, while still greatly in excess of that realized by most co

petiting units, is relatively less than that achieved by this Board in recent years. In 1944, the net profit for this Board amounted to some $107,000.00 and in 1945, $109,500.00, although the net sales showed an increase of some $35,000.00 in the latter year.

The current assets of this Board rose from some $86,000.00 in 1944 to approximately $94,500.00 in 1945. The current liabilities at the close of each period were approximately the same, some $29,000.00. The working capital (i. e. the difference between the current assets and the current liabilities) was increased during the fiscal year just closed by some $7,500.00 which indicates a healthier financial condition. The current assets of the Board are now more than three times the current liabilities. Many firms in the publishing industry regard that their financial health is sound if the current assets amount to one and one-half times the current liabilities.

It must be borne in mind that the resources of this Board constitute the largest single item of support for the Convention as a whole. During the year under review alone, a net of some $84,000.00 of its funds flowed into the Finance Commission for the purposes of the Convention.

The Board is efficiently managed, and all funds handled by it, are in our opinion, fully accounted for.

The B. T. U. Publishing Board

The records of this Board show considerable improvement. Some improvement is needed however.

All funds found to have been received by the Board, have in our opinion been fully accounted for.

The net sales by this Board during the year just closed amounted to $49,370.93, which was some $800.00 more than in the previous year. The cost of goods sold climbed from $23,866.29 in 1944 to $27,351.71 in 1945, with a resultant drop in gross profit from $24,648.21 in 1944 to $22,019.22 in 1945. While the selling expenses were approximately the same in both years (slightly more than $10,000.00), the general and administrative expenses rose from $12,528.25 in 1944, to $13,305.42 in 1945. The principal item of this increase arose out of an increase in the salary of the Secretary of the Board from $4,000.00 to $4,800.00. This increase was found to have been authorized by the Board. The net operating profit of the Board dropped from a PROFIT of $1,392.83 in 1944, to a LOSS of $1,679.12 in 1945. Only after adding donations, and other non-business income could the Board show a profit of $215.08.

This Board's working capital position at June 30, 1945, was negative. Its current assets amounted to $9,964.44, and its current liabilities stood at $10,991.55. It is clear that this Board can liquidate its current debt in the maturity period only by new borrowings. The Board is losing money in its operations, and cannot therefore hope to liquidate its short term debt out of its operations. Officers of this Board, would, in our opinion, do well to revise its budget, or its method of operation before losses impose themselves too seriously upon the capital fund.

The Benefit Board

No report.

The Home Mission Board

We noted a marked improvement in the handling of funds of this office. We, nevertheless, call attention to our comments concerning this Board

in the 1944 audit. Many of those notations remain applicable. The work of this Board requires the services of an able bookkeeper. We have again discussed with the executives in charge of this unit proper fiscal methods. We are assured that they will be installed and followed out.

The Foreign Mission Board

This Board's records are in excellent condition. The funds of the Board are, in our opinion, safely invested. The yields on securities are necessarily low, but are as high as would be obtainable if otherwise employed in securities with comparable security.

This Board is in excellent financial position. On June 30, 1945, it had current assets of $144,769.40 in addition to U. S. Government Bonds at cost of $17,850.00. It owed no liabilities.

The Board received contributions during the year amounting to $149,994.61, and interest on investments of $980.25.

In our opinion the business affairs of this Board are efficiently administered. All funds of the Board found to have been received by it have been fully accounted for. Items of foreign real estate have been restored to the consolidated balance sheet, now that the War is ended.

The Laymen's Movement

This unit filed with us a detailed statement of all receipts and payments made by it during the year of this review. Its records appear to be complete. Its accounts are approximately classified. In our opinion all funds handled by the unit have been properly accounted for.

The Office of the Editor of the Voice

Editor J. Pius Barbour assumed his duties several months after the beginning of the 1944-45 fiscal period.

The accounting records of his office are not what they should be. This is due, largely to the fact that our office has not set up an accounting system for him. It is the purpose of our office to look after this detail immediately.

According to Editor Barbour, there has been a mixing of his personal funds with those belonging to the Voice. It is our opinion that his position is correct. We have charged him with all funds found to have been received for subscriptions, etc., and credited him with all legitimate expenditures for Voice purposes. There remains in the bank account money in excess of what we determine should be the balance.

Aside from accounting systems, we are still of the opinion that this unit should be self-supporting, or the Convention should set up a budget for its operations. At present, as heretofore, most of its costs (particularly those concerned with production of the paper(are borne by the Sunday School Publishing Board, even if CHARGED to the Voice.

The Sunday School and B. T. U. Congress

No report. We quote from reply of President Jernagin's secretary: "July 30, 1945. J. B. Blayton & Company, 239 Auburn Avenue, North East, Atlanta, Georgia. Gentlemen: Your letter to Rev. Jernagin in regards to the books and records was received. Rev. Jernagin is out of the city for two weeks. When he returns, I shall give him your letter. Yours sincerely, V. E. Craig, Secretary to Rev. Jernagin."

The American Baptist Theological Seminary

The business affairs of this school are handled efficiently. There are some improvements in the records which we have suggested. We shall continue to cooperate with President Riley to the end that the Seminary's accounting system shall compare favorably with the best in use by American colleges.

All funds found to have been received by the Seminary have been fully accounted for.

This school is supported jointly by the National Baptist Convention, U. S. A., Incorporated, and the Southern Baptist Convention (white). Its finances seem in a sound position, but it needs additional funds for capital and instructional purposes. This is, of course, a matter for the Conventions and trustees of the College, and not for the auditor.

The Woman's Auxiliary (Convention):

1. The President's Office

President Layten filed with us a complete accounting of funds handled by her office. She submitted satisfactory evidences of all disbursements. In our opinion all funds handled by her for, or in the name of the Convention (or Auxiliary) have been fully accounted for. It is clear, however, that the difficulty experienced by her in locating competent bookkeeping help, has imposed on her considerable burden.

2. The Corresponding Secretary's Office

The affairs of this office seem well managed. The reports submitted reflect intelligent handling. We would point out, however, that the Corresponding Secretary did not submit to us any books, cancelled checks, bank statements, or vouchers. Such examination as we have made of the affairs of her office has been based on her report. We have included in the consolidated balance sheet cash the amount which she states is on deposit in banks or on hand. Our report is qualified accordingly.

3. The Treasurer's Office

Because of the continued illness of Treasurer Parrish, we were not submitted records and books for audit. We have used in the Convention's consolidated balance sheet the cash reported as on hand November 30, 1944, that is $11,217.77. We have no adverse criticism of this office, except as stated above.

Work of the Enrollment and Finance Committees at Annual Session

At annual sessions there is rarely agreement between these two committees. In some years, particularly, at the Dallas Session in 1944, there was wide disagreement between the records of these committees. We found certain reports which had been handled by the Finance Committee but which showed no evidence of having been handled by the Enrollment Committee. Many reports which were found in the files of the Enrollment Committee showed no evidence of having passed through the Finance Committee, and no funds were in evidence covering them. Nevertheless the amounts contained in delegation reports were found to be in the minutes. It is the opinion of your auditor that much of this arose out of carelessness on the part of delegates who do not see that their registrations are completed. Some of it is also due to confusion within these two committees themselves. This

confusion seems to center in the "rush" periods. While we cannot certify that all funds paid by delegations at the Dallas Session found their way into the reports of responsible officers, we are of the opinion that, in the main, they did.

For future guidance of these committees, we recommend the following procedure:

That delegations would go first to the Enrollment Committee. There they would file lists of their delegations and such other data as may be required by the Convention. The Enrollment Committee would accept the rosters, etc. from the delegation, issue to the delegation a card perforated into three sections, one section the Enrollment Committee would retain, the other two sections of the card would be given to the chairman of the delegation who would take it to the Finance Committee. The Finance Committee would detach that section of the card intended for its use, and accept the money indicated on the card as being due. The Enrollment Committee would have indicated on all sections of the card the total amount of money to be paid by the delegation. All three sections of this card would bear identical numbers, but would have printed on each section its disposition. The cards would be printed with the numbers already on them. All cards would have to be accounted for by the Enrollment Committee. At the end of each day the section of the cards retained by the Enrollment Committee would be arranged in numerical order by that committee. The Finance Committee would also arrange its sections of the cards which it had accepted along with the money in numerical order. It would then add up all of the cards it had, and compare this total with the actual money which it had on hand, or had deposited. These should agree. After the Finance Committee had satisfied itself that its own records agreed with its money, it would then call on the Enrollment Committee to determine if its total agreed with card total as shown by the Enrollment Committee. If these totals agreed, it could be assumed the finances are in order. If they did not, then a member of each committee should compare the cards—they would already be in numerical order. If the Enrollment Committee had in its file a card, the counter part to which the Finance Committee did not have, this would indicate that the delegation whose name that card bore had not yet reported to the Finance Committee. That card would be drawn and attached to the report of that delegation and placed in a separate place: This process would be repeated throughout the session of the Convention. If, at the close of the Convention session there are still some cards which could not be attached, the delegations involved would be contacted and furnished the facts. Under this method, badges, etc. would be issued by the Finance Committee where registration would be completed. The Finance Committee would issue receipt and stamp delegation's section of card "Paid." Enrollment Committee and Finance Committee must be in the same room. Enrollment Committee at entrance and Finance Committee at exit in straight row.

Under this plan, the Secretary of the Convention would be chairman of the Enrollment Committee and the Treasurer of the Convention would be chairman of the Finance Committee.

The responsibility is placed in order squarely on:

(a) Chairman of delegations
(b) Enrollment Committee
(c) Finance Committee

The Baptist Missionary Training School

The books and records of this unit were submitted to us for examination. All funds found to have been received by the School were fully accounted for.

We are of the opinion that the business manager is fully competent to handle and direct the financial affairs of the School.

During the fiscal year closed June 30, 1945, the business manager spent much time from the School raising funds for its support. In spite of her often absence the financial affairs of the School were found to be well ordered. There were improvements in the accounting system which needed to be made. Your auditor has discussed these changes with the business manager and the Chairman of the Board of Directors of the School. We are assured that these improvements will be made immediately. We are convinced that both the business manager and the Chairman of the Board of Directors are fully competent to make the improvements suggested.

Notwithstanding the above, we are of the opinion that the business affairs of the School are exceptionally well administered.

The Convention Proper

Other Matters

The principal asset of the Convention Proper is the Morris Memorial Building at 4th Ave. and Cedar St., Nashville, Tennessee. We have not depreciated this building for the fiscal period closed June 30, 1945, for the reason that there were considerable improvements made to the building in 1944. These improvements were not capitalized by us (i. e., they were not added to the building asset). In our opinion, the depreciation for 1944, and 1945, is more than offset by these improvements.

While there are still outstanding Refunding Debentures, 5's '44 in the amount of $38,450.00, we are of the opinion that many, if not a majority, of these bonds, are held by boards and departments of this Convention. If this should prove to be the case, such debentures would not constitute liabilities to the Convention as a whole when its consolidated position is considered.

The Board of Directors of the Convention is reminded that the $126,000.00 Second Mortgage Bonds, carried by us as liability and asset in the consolidated balance sheet, are held by subsidiary corporations. As such they do not constitute a true liability (or asset) to the Convention as a whole. These bonds have never been cancelled. They are at present pledged as collateral security on the $40,000.00 (balance of loan secured for the liquidation of the Deb. 5's '44). We are advised by the Convention's Counsel (attorney), that should these bonds fall into the hands of the Convention (parent body), they would be legally considered cancelled, and no longer suitable to be used by any Board or subsidiary as collateral security for loans. For this reason, we recommend that these Second Mortgage Bonds be left in the hands of the Sunday School Publishing Board (or some other subordinate unit). If new financing of considerable magnitude should be required, these same bonds would make excellent collateral, thus saving expensive legal investigations.

Although, we have already said, we say again for emphasis, while we have included in the consolidated balance sheet the $40,00.00 referred to in the paragraph next above, during the time that this audit was under way, and before it was concluded, this debt had been reduced to $20,000.00.

The 1944 audit showed a current asset position for the Convention as a whole of $226,139.73, and total current liabilities (debt) at that time of $71,-[illegible]9. At June 30, 1945 the total current assets (net of inter group obligations) amounted to $304,494.35. The total current liabilities (net of inter group debt) amounted to only $46,674.45.

From the analysis contained in the paragraph next above it will be s
that the Convention as a whole improved its WORKING CAPITAL posit
from roughly 3:1 in 1944 to roughly 6:1 in 1945.

Many, if not most, commercial and industrial concerns, would be ju
proud of the working capital position suggested by the paragraph next ab

Your auditor appreciates the splendid cooperation afforded him and
staff in the conduct of this audit. It is hardly necessary to remind you
yours is not only the largest Negro religious body in the world, it is
of the largest Negro business concerns as well.

REPORT OF CHAPLAINS COMMITTEE

Brother President and Members of the Convention:

As chairman of the Ecclesiastical Committee of the National Baptist Convention, I am glad to submit my annual report on the chaplaincy of our denomination.

Since our last session, we have examined and given ecclesiastical endorsement to over nine men who have made applications and have come up to the requirements of the regular Army. Of that number, two had been appointed up to July 31, 1945.

Our quota for 1945 is 105 plus 35 per cent, and the last report we received from the Chaplain's Office on August 11, 1945, showed that we lacked 43 of complying with the total amount. There have been appointed out of all the Negro denominations 289, and they are still urging the denominations to encourage young men to enter the chaplaincy.

I have just had a call from the General Commission on Army and Navy Chaplains asking me to urge our denomination in this Convention session to put on a great effort to fill our quota this year, and I hereby appeal to the pastors of our Convention, those who are of the proper age for the chaplaincy, to take under consideration the great contribution they will be making when they are preaching the Gospel to men in our Armed Forces. Also take under consideration further that many of the chaplains have been in the Army for the past three years and would like to return home and be released, but they cannot be released unless we can find other young men to take their places. If they have made the sacrifice to go out and risk their lives during combat duties, we ought to be able to influence enough men in peace-time to be willing to enter the Army as a chaplain to preach the Gospel to our men. The Colored troops want Colored preachers to preach to them, but if we fail to furnish the Colored preachers, they must have White chaplains and will either have to listen to them or go without a chaplain. So, my brethren, consider the situation that we face because we are going to need chaplains for a long time.

The Navy Department sent in a request to me for two Baptist ministers, and I sent out a notice to quite a number of our state leaders with the qualifications, asking them to assist me in getting two Baptist ministers for the Navy. I regret to say that we have not been able to get those two up to this time. However, that shows we are making progress with the Navy and that the chaplain appointed some time ago must have given satisfaction and encouraged the continued increase of chaplains in the Navy.

I have sent out a number of letters and some literature to our chaplains, who have kept me informed as to their address, and they have in turn answered them with encouraging letters and reports. A number of the chaplains have continued to send me their weekly programs that they put over for them. They have also offered a number of suggestions regarding the denomination's getting out certain literature for our own chaplains.

We have a new chief of chaplains in the Army. Chief of Chaplains, William R. Arnold, has been retired and Chaplain Luther D. Miller has been appointed. He is a Protestant. Our commission on Army and Navy Chaplains was very anxious that our next chief of chaplains would be a Protestant and we endeavored to work to that end. Chief Chaplains Miller has kept us posted from his office regarding the changes of chaplains. The following chaplains have received promotions from First Lieutenant to Captain: Theodore R. Smith, Lorenzo A. Alexander, James H. Smith, Julius T. Brown, Otis J. Wynne, Robert Crawford, James D. Morris, Sanford N. Peak, Joseph H. Harrington, Douglass H. Hall, James E. Coby, Robert S. Anderson, Drue C. Deming and Guy D. Outlaw.

I trust that some time during this fall, I will be able to see some of our chaplains who are in the Pacific and South Pacific theatres of war. The Government asked the Fraternal Council of Negro Churches to select a man to carry good will to our chaplains and men in the Armed Forces. I was selected on May 31, 1945, and a tentative date was set for around August 15, 1945, for my going. But, after I had taken inoculations for a month against certain diseases in the Pacific and South Pacific, the chief or Naval Operations of the Navy somehow got frightened about my age and asked that a younger man than I would be selected to go; that he felt a man of my age would not be able to endure it. And they were right when it comes to the ordinary 75 year old man. But, through the grace of God, he has made me an extra 75 year old man, and I would not acquiesce in it because I had received a certificate from the Navy Dispensary that I was physically fit for overseas duties and I asked for further physical examination before the final word was taken.

On August 20, 1945, I received a letter from Mr. F. J. Horne, Administrative Navy Vice Chief of Naval Operations to whom my letter from the Chief of Chaplains of the Navy had been referred for answer and he stated in the letter that the "Navy Department regrets that it is not in position to alter the recommendation they had made regarding my going." I still did not give down and I visited his office on August 29, 1945. When I walked into his office, he had changed his mind and said "I have decided that if you desire to go, to let you go on." Hence, I have a letter stating that I will go and a tentative date has been set now for around the 15th of September; between that time and the first of October. So I trust that I shall be able to report another year, if it is God's will, something about the activities of our chaplains in the theatres of war.

When we remember that our membership as a denomination is four million we must not forget the great responsibility that number carries with it in having the Gospel preached to the men in our Armed Forces. The other denominations have said that 65 per cent of the Armed Forces is of Baptist belief. Hence, because of these different agencies that have been formed for the benefit of our Service men. we must share our responsibility like other denominations.

Our National Council of the Service Men's Christian League has been a great help to men in the Service. Our Convention has paid its quota each year to this league, however, we still owe our quota for the General Commission on Army and Navy Chaplains. As long as these organizations are in operation we must do our bit to keep up the good name of our great Convention.

REPORT OF THE ATTORNEY

(Dallas, Texas, September, 1944)

To the President, Officers and Members of the National Baptist Convention of the United States of America, Incorporated:

Greetings:

I want first to thank you for the honor done me by my designation as attorney for the great National Baptist Convention of the United States of America, Incorporated, the most representative religious body of Black Folk in these United States. In the second place, I desire to assure you that while acting as your legal adviser and protector of your legal interests you shall have the best skill, talent, ability, fidelity and duration which I am capable.

The legal interests of this great aggregation of four million Negro Baptists are many and varied, and their proper attention shall require not only considerable legal skill but also an equal degree of diligence and industry in the proper handling of your affairs. During the brief months since my designation as your attorney, I have not been able to explore in every detail all of the intricacies of your affairs but have learned enough about them to enable me safely to advise you relative to the important questions which may at any time rise relative to them. If I shall be privileged to serve you any considerable length of time, I shall be most intimately acquainted with every phase of your operations, and consequently shall be in position to advise you with that degree of certainty which only the utmost familiarity with your affairs will permit, and make possible.

It is quite natural that in this initial report from your attorney you would expect from him such information as shall acquaint you with the present status of your title to your properties and the exact legal relationship existing between the parent body, unincorporated boards and auxiliaries, as well as such other information as might be needful and proper for you to be expected to be advised upon.

Before proceeding with the consideration of the matters just mentioned, however, I desire to make mention of and reference to the laws of the State of Tennessee affecting organizations such as yours.

There are very few States in the Union which regulate organizations of this kind so fully and completely as do the laws of Tennessee. Following quite unfortunate experiences which both you and similar bodies have had with subordinate entities of the parent organization, the State of Tennessee enacted quite a series of laws governing these matters and in so doing has put into effective force and operation the most comprehensive supervisory regulations to be found anywhere else in this country. Broad powers were given to subordinate boards and auxiliaries and unless parent bodies are constantly on guard, it is quite possible for the tail to wag the head. That makes it quite necessary that the relationships between the parent body and its subordinate parts shall be definitely and specifically stated. As will be shown in this report, it has been noted that in the corporate powers granted to certain of your auxiliaries it is quite possible for embarrassing situations to arise which might gravely affect the legal integrity of the parent body itself.

Status of Your Properties

It is quite natural that the one matter which would be uppermost in your thinking should be that relative to how your property interests stand. With the time at our disposal, it has not been possible personally to examine the legal status of the title to piece of property owned by the Convention, but we have most thoroughly examined and looked into the title to the most valuable of all your properties; namely, the Publishing House and the B. Y. P. U. Board, both at Nashville, Tennessee, and herewith make a report on the same.

Publishing House Property—Nashville

We have examined the title to the Publishing House property situated on the corner of Fourth Avenue and Cedar Street, at Nashville, Tennessee, going back many years prior to your purchase of the same in 1921. Our investigation discloses that the legal and equitable title vests absolutely in the National Baptist Convention of the United States of America, Incorporated, and that there is not a single mortgage, lien or other incumbrance against it. While the Convention has some outstanding bonds which must ultimately be liquidated, those bonds do not constitute a lien against any of your property, your credit being so high that those holding such bonds were content to rely upon your written but unsecured promise to pay.

B. Y. P. U. Board Property

The title to the property occupied by the B. Y. P. U. Board, at 409 G... Street, Nashville, Tennessee, originally held by that Board, has long sin... been transferred to the Convention itself and there are at present no lie... or incumbrances of any kind against that property and the title vested a... solutely in the Convention.

Foreign and Home Mission Properties

We have not gone to Philadelphia and Chicago for the purpose of e... amining the title to the property held in those two cities. During the co... ing year, if we are so privileged to serve you further, we shall examine s... titles as thoroughly as we have examined the Nashville properties owned... you. You will recall, however, that in the last annual report made to y... by the late Honorable William H. Haynes, Attorney for this Convention, ... Cleveland, Ohio, 1941, he stated that the title to the Philadelphia and C... cago properties had been placed in the Convention.

We do not for a single moment doubt the truth and accuracy of that r... port, but, naturally one wishes to have direct personal knowledge of t... facts to which he gives verification on his own responsibility.

We may therefore, conclude that all properties owned by the Convent... are vested in the Convention and we so conclude, with the reservations t... we shall desire to satisfy ourselves personally as to the last two parcels... property above referred to.

Charters of Parent and Subsidiary Bodies of the National Baptist Con... vention of the United States of America, Incorporated

Before looking into the status of the charters held by the parent body a... its subsidiaries, it was deemed well and necessary that the laws of the St... of Tennessee governing such corporations should be examined, apprais... analyzed and applied to those now under study and investigation.

As stated above, corporations such as yours are comprehensively regula... by Tennessee, and it shall be necessary that counsel for your organizati... shall keep himself posted at all times upon the interpretation of such l... by the Supreme Court of Tennessee so that appropriate changes and mod... cations might be made when necessary either for strict compliance with t... laws governing your existence or for the better protection of your c... porate interests. Such investigations disclosed the necessity for certain ... tion being considered if not taken by you at this time.

Charter of National Baptist Convention

The National Baptist Convention of the United States was incorpor... under the laws of the District of Columbia on May 17, 1915. That ch... is of perpetual duration. The powers therein conferred are full of c... prehensive and sufficiently broad to enable it adequately to control ... regulate every subsidiary created by it.

The four million Negro Baptists of the nation, overwhelmingly repres... in this Convention, constitute the largest and perhaps the most influe... group of Negro Christians in America, if not the world. Consequently, ... owe it to the twelve million Negroes of this nation to speak in cl... tones for the basic citizenship rights of America's underprivileged tenth...

The basic fundamental citizenship rights of Negroes, and upon which ... most others most largely depend for vitality and realization, is the right ... suffrage.

At this very moment in the Southland some of us are putting forth Her... culean efforts to break down the iniquitous white Primary which has been ... judicially denounced by the Supreme Court of the United States.

The late arrival of your attorney to the Convention was due to the fact ... that on Wednesday of this week, he was pressing this very matter at the ... halls of Georgia. And we shall win Georgia and the rest of the white ... primary states, including the State of South Carolina, whose great citizen, ... Secretary of State, is now shedding crocodile tears about Democracy ... Bulgaria, while he continues to be the beneficiary of the rotten borough ... system in his own state which holds fifty per cent of its citizens in social, ... economic and political thraldom.

The foregoing observations are the preface for the recommendation that ... I now make for the consideration of and adoption by this Convention; ... namely, that this Convention should go on record in the strongest and most ... positive manner in protesting against the continued, flagrant denial of the ... right of suffrage to five million Negroes by the iniquitous, hypocritical, ... judicially denounced white Primary system by which American citizens who, ... along with the rest of their fellows, give their substance and their lives ... for their country, but are totally denied a voice in their government. ... Such a message should be sent to the President of these United States, to ... responsible officials on the part, responsible for this outrage against ... loyal citizens, and to the nation. Furthermore, a special, well-chosen com... mittee should be appointed by this Convention clothed with authority to ... speak for this Convention and take such steps as shall be deemed necessary ... appropriate to implement and carry into effect the spirit and intent of these ... recommendations.

A. T. WALDEN,
Attorney for National Baptist Convention, U. S. A., Inc.

Dallas, Texas,
September, 1944

REPORT OF THE ATTORNEY

(Detroit, Michigan, September, 1945)

... President, Officers and Members of the National Baptist Convention, ... S. A., Incorporated:

A kindly Providence has graciously permitted us to assemble again in ... other grand convocation of the great National Baptist Convention, U. S. A., ... corporated.

I am grateful for this opportunity to make to you, this, my second annual ... port, as the custodian of your legal affairs.

Since last we met, new forces and ideas have grasped the social con... science of mankind, and a social, political and economic revolution is in the ... making before our very eyes. This age-old world has tried physical force, ... scientific knowledge, economic power and selfish greed and pelf, but is ... sadly discovering that none of these nor any combination of them alone ... can provide the panacea for the ills of mankind nor a solution for the prob... lems of men living together in God's world. While the hands, the minds ... and heads of men have developed into mighty giants at the aeroplane speed, ... souls of men have grouped along at an ox-cart pace, greatly outdistanced ... by the secular things of this twentieth century age. Only a return to the ... reference to the principles of the Author of your faith can ward off the ... decle of our present day civilization.

Now, I imagine you have already begun to say to yourself, What plac
have these observations in a report of an attorney to this Convention'
Briefly, my retort is that law is the order of the universe, its bed-rock prin
ciples flowing directly from thundering Mount Sinai and copied verbati
from the precepts engraved in the tablets of stone fashioned by the hand o
Moses under the divine inspiration of God himself.

Therefore, even as your attorney, I deem it not inappropriate to mak
reference to the basic principles of your faith and to note that if the leg
affairs of these four million Negro Baptists are properly attended to, the
custodian must be animated and dominated by the highest ideals of the fai
which was handed down by the patriarchs of old.

During the past year, I have had considerable additional opportunity t
more thoroughly familiarize myself with the legal aspects of the busine
enterprises as conducted by and through your various subsidiaries.

At the 1944 session of our Convention, held at Dallas, Texas, I made a r
port to you as your attorney in which there was suggested the necessit
for additional safeguards being thrown around the management and co
trol of your properties and assets, particularly those managed and operat
by your subsidiary boards and other bodies or organizations.

After accepting and considering that report, this Convention directed
attorney to prepare for its consideration, or for that of its Board of D
rectors, such additional rules, regulations or laws as might deem requi
and adequate to accomplish the above designated objectives.

Accordingly, therefore, I have prepared and am submitting herewith
your consideration, certain resolutions which I believe will to a measura
degree afford the safeguards needed in the premises.

I do not desire to be understood as saying these are all that are need
The ramifications of your affairs are so manifold, involving many boa
with varying objectives and powers and governed by the laws of differ
states, that it would be presumptuous on my part to claim that all of
desired objectives could be accomplished within the brief period dur
which I have had the official responsibility for looking after your legal
fairs. Further study shall be required until such time the task will h
been done in the most comprehensive, complete and painstaking manner

Before proceeding directly with the matter in hand, I think it
propriate to observe that these recommendations are not at all predica
upon the hypothesis that any of the present boards of directors of your
ious subsidiaries would be unfaithful to the parent body. But, as a
ter of sound business and prudent legal judgment the time to take pre
tions is before something happens rather than have to wrestle with h
headaches after some less loyal, less faithful and more recreant subsid
shall have usurped authority not legally or morally delegated to it by
orator.

As stated to you in my report last year, the laws of Tennessee, u
which your principal subsidiaries are incorporated, give very broad po
to corporations operating for the general welfare and not profit. How
these laws specifically give the parent body power and authority to reg
their subsidiaries.

The powers of such corporations are defined in Section 4148 (5) of
Code of Tennessee, in part, as follows:

"... to make, by and through its directors, all by-laws and regulations necessary and deemed expedient for the management of its corporate affairs, and not inconsistent with the laws of the United States or the State of Tennessee, and not contrary to the Constitution, rules and regulations of the church or denomination with which it is affiliated and by which it is controlled.

From the foregoing, it readily appears that the parent body has ample authority to regulate its subsidiaries. In the absence of such regulation, the subsidiary is clothed by law with full authority in the premises, including the power and authority to dispose of its assets, disband and surrender its franchise to the state. Accordingly, therefore, unless the parent body adequately supervises and controls its subsidiaries, it will have nobody but itself to blame in the event its creature shall at any time give it trouble.

I submit for your consideration the following resolutions:

The following motion was duly made, recorded, and unanimously adopted:

"Whereas, it is deemed necessary that further safeguards be adopted for the protection and preservation of the properties and assets of the National Baptist Convention, U. S. A., Inc., and those of its subordinate boards, bodies and organizations,

Therefore, Be It Resolved:

I. That except as herein below noted, qualified and excepted, no board or any other body or organization (whether incorporated or unincorporated) created, established, authorized, maintained (in whole or in part) or controlled by the National Baptist Convention, U. S. A., Incorporated, shall sell, rent, lease, mortgage or encumber any property owned by such board, body or organization without the prior consent and authorization of the said Convention or its Board of Directors, in writing.

II. That the foregoing Resolution (I) shall not be applicable to the sale of Sunday school and BYPU literature, books, pamphlets, magazines or other literature printed, published, produced or distributed by the Sunday School Publishing Board or the BYPU Publishing Board or by any other board or subordinate body or organization of the National Baptist Convention, U. S. A., Incorporated.

III. That no board, body or other organization (incorporated or unincorporated) created, established, authorized, maintained (in whole or in part) or controlled by the National Baptist Convention, U. S. A., Inc., shall purchase any real property without the prior consent and authorization of the said Convention or its Board of Directors, in writing.

IV. That the charter of no subsidiary of the National Baptist Convention, U. S. A., Inc., shall be amended without the prior consent and authorization of said Convention or its Board of Directors, in writing.

V. That the by-laws of every board, body and organization working under the jurisdiction and auspices of the National Baptist Convention, U. S. A., Incorporated, shall be amended by the Board of Directors thereof, so as to incorporate in said by-laws the substance of Resolutions, I, II, III and IV, and that the attorney for the National Baptist Convention, U. S. A., Incorporated, be, and he is, hereby directed to prepare for such boards, bodies and organizations appropriate resolutions to be adopted by the Board of Directors of the same for the purpose of carrying into effect said Resolutions, aforesaid, and in making them an integral part of the by-laws of such boards, bodies and organization.

VI. That the attorney for the National Baptist Convention, U. S. A., h
be, and he is, hereby directed to examine the constitution and by-laws of
subordinate boards, bodies and organization of the said Convention w
the view of making to the said Convention or its Board of Directors as so
as possible, recommendations for such revisions and amendments ther
and thereto as she shall deem necessary, proper and appropriate for the c
servation of the best interests of the National Baptist Convention, U. S.
Incorporated.

VII. That a copy of these resolutions shall be forwarded to the chairm
and secretaries of all boards and bodies affiliated with or working under
jurisdiction and auspices of the National Baptist Convention, U. S. A., I
and affected by the foregoing Resolutions I to VI, both inclusive."

If this Convention shall adopt the foregoing Resolutions which have b
approved by its Board of Directors at its Semi-annual meeting held at
lanta, Georgia, February 14-15, of this year, your attorney will proceed
implement them thereby throwing around the subsidiaries of this Conv
tion some of the minimum safeguards deemed requisite for the adequate c
trol and supervision by the parent body.

In my first report to you I covered somewhat thoroughly and in detail
legal status of two of your principal subsidiaries, named the Sunday Sch
Publishing Board and the B. Y. P. U. Board at Nashville, Tenn. Shou
be privileged to serve you further, an equally exhaustive investigation
be made into the legal aspects of all your other subsidiaries in so far as t
relation to the parent body is concerned, and report on same will be mad
you.

Employment Contracts

Contracts for the corresponding secretaries of all Boards, where rea
salaries are paid will be prepared for the next year after those positions
filled and compensation fixed for the same.

Permit for Detroit Meeting

At the request of your President, Dr. D. V. Jemison, I prepared and f
warded to Senators Bankhead and Hill, and Congressman Sam Hobbs,
Alabama; Congressmen William L. Dawson of Illinois, and A. Clayton P
ell of New York, the following telegrams:

The Office of Defense Transportation, Frank Perrin, Executive Se
retary, has denied to NATIONAL BAPTIST CONVENTION, U. S. A., IN
to hold its annual meeting at Detroit, Michigan, September 5 to 9, 19
as well as use of Olympic Building in that city.

The very life of that Convention, representing more than four milli
Negro Baptists, is absolutely dependent upon its annual meeting whe
funds are collected to support the denominational objectives. Failure
meet will jeopardize the very existence of its educational institutio
theological seminaries, orphan homes and missionaries on home a
foreign fields.

The ban has been lifted on horse races which draw many times mo
people than will attend this religious meeting.

Please use your good offices and influence toward raising the b
against this Convention and in behalf of our getting use of Olymp
Building in Detroit for this meeting.

D. V. JEMISON,

President, National Baptist Convention, U. S. A., Inc.,
1605 Lapsley Street, Selma, Ala.

Likewise, telegrams were sent to Honorable Marshall Shepard, Drs. Boone,
alby and Ross of Detroit, requesting them to contact the Michigan Senators
d the Congressman from Detroit with the view of having them use their
fluence towards the same objective. Dr. Jemison has no doubt already
ly reported to you on this matter.

Recommendations

I come now to a matter which I mention and approach with considerable
pulation. I know it may precipitate heated debates and differences of
inion, even as to the propriety of my even mentioning the same, but, for
sons herein-after shown, I feel justified in presenting this matter for
r calm and dispassionate consideration between now and the next Con-
ntion.

I feel that individual churches have some obligation to the denomination
the extent that they, though sovereign in themselves, shall conduct their
irs in such manner as not to cast reflection upon the denomination and
reciate it in the eyes of the world and other co-religionists.

he matter which I have in mind is the unseeming, unbecoming and un-
ristian conduct and practices resorted to when differences arise between
or and people involving the question of the continuation of his pas-
ate. Internal confusion resulting in white heat, boisterous conduct,
sical combats and commotions which almost shake the foundations of
church in a particular community. Too often neither pastor nor people
illing to abide by the honest expression of the will of a majority of the
rch membership.

My observation of and experience in church litigation overwhelm me with
conviction of the necessity of the denomination doing something about it.
cannot bear the reproach cast upon the denomination by the divisions
n occuring in many Baptist churches. During the past two and a
years, I was counsel for one of the parties of a church dispute as to
ether the then present pastor's services were any longer desired. In
e court cases involving this question in the same church, I appeared in
ten times, notwithstanding the fact that the church had voted twice
the same question, my client having won both before his church and in
court, a new action was instigated because a minority would not abide
the vote of the majority. Only Wednesday of this week, I argued by
in the Supreme Court of Georgia in opposition to the effort made to
nuvent the repeatedly expressed will of the majority of the church in
stion. The last thing that one of our Superior Court judges (before
om I had tried this church case three or four times) said to me the
r day when I secured from him leave of absence from court that I
ht attend this Convention was, "Walden, for heaven's sake, try to get
National body of Baptists lay down some clear and distinct rules for the
rnment of local churches."

ow, I know it will be said that a Baptist Church is sovereign and takes
rs from none but the majority of its membership. It is a pure de-
racy. But I would challenge the right of any Baptist Church to en-
er the prestige and lower the Christian dignity of the denomination as
ate. That is democracy running wild and in which the claims of God
nd no place nor recognition whatsover.

It ought to be possible for this great denomination, through a well-chose committee of its best scholars, to draw up a brief, simple statement of th rules, regulations and church discipline by which each constituent membe of churches of this Convention shall agree to be governed and bound in th conduct of their internal affairs. Such obligations, of course, could no have the force and effect of law because this Convention is without authorit to make laws for local churches, but such an enactment would undoubtedl have great persuasive and moral influence and most likely all of us woul be pleasantly surprised to note over the years the increasing number o our churches which would actually approve of and be governed by suc needful enactments.

I concur in recommending for your consideration the following recom mendation from the report of your Auditor, Mr. J. B. Blayton:

The Board of Directors the Convention is reminded that $126,000.00 Se ond Mortgage Bonds, carried by us as liability and asset in the consolidat balance sheet, are held by subsidiary corporations. As such they do not co stitute a true liability (or asset) to the Convention as a whole. These bon have never been cancelled. They are at present pledged as collateral s curity on the $40,000.00 (balance of loan secured for the liquidation of th December 5, 1944). We are advised by the Convention's Counsel (attorney that should these bonds fall into the hands of the Convention (parent body they would be legally considered cancelled, and no longer suitable to b used by any board or subsidiary as collateral security for loans. For th reason, we recommend that these Second Mortgage Bonds be left in t hands of the Sunday School Publishing Board (or some other subordina unit). If new financing of considerable magnitude should be required, the same bonds would make excellent collateral, thus saving expensive legal i vestigations.

Investment counsel is exceedingly expensive.

Respectfully submitted,
A. T. WALDEN,

Attorney for National Baptist Convention, U. S. A., Inc.

Forty-sixth Annual Report, 1945

NATIONAL B. T. U. BOARD

E. W. D. ISAAC, Secretary

Detroit, Michigan, September, 1945

Your Board is pleased to offer the Forty-sixth Annual Report of its stewardship in promotion of work in the interest of training in church membership. Gains for the year, while not spectacular, have been steady and permanent.

We are grateful to God for his blessing during the past year. We are also grateful for the increasing opportunities for service in the demands which are made on this Board. While serving the many individual churches during the past year, we have been given the privilege of participating in many conferences, associations, conventions, and other general meetings which have increased our opportunities as well as our responsibilities.

Never has the life of our constituency been so disturbed and confused. As in every crisis or conflict there are faint-hearted, as well as the resolute and courageous. The words priority, duration, draft and ration have developed a sinister meaning to our people, but in and through it all, there are still those who definitely hear that "Still Small Voice," as it says, "Be still and know that I am God." We are determined to continue to "go forward," for we hear anew our Lord's command "Go ye therefore, and teach all nations, baptizing them in the name of the Father, and of the Son, and of the Holy Ghost: teaching them to observe all things whatsoever I have commanded you: and, lo, I am with you alway, even unto the end of the world." Again we hear him say, "As the Father hath sent me, even so send I you."

The work of this Board is constantly increasing. Its activities are thoroughly systematized; its working force well organized. There is thoroughness in efficiency in production and economy in operation. Your Board has also substantiated and justified the claim that it is the training agency of the church. It has brought pastors and religious leaders to a recognition of the fact that there must be trained workers in every church, if the church would hold its place in the economy of religious endeavor.

Its Distinctiveness

The work of the Baptist Training Union is distinctive as shown by its object, which is:

1st—To secure the increased spirituality of young Christians.
2nd—To train them in essential church activities.
3rd—To edify (build them up) in Scripture knowledge.
4th—To instruct them in Baptist doctrines and history.
5th—To enlist them in all forms of missionary endeavor.

We recognize and appreciate the distinctive character of the work that we are doing. We are training for service with the hope of reflecting the strength, the grandeur and the glory of the churches.

One of our greatest spiritual needs today is love for the church and loyalty to its worship and its ideals. The church is beyond all question the truest and best friend of mankind; it safeguards man with a guiding hand;

it inspires good fellowship; it promotes friendliness and love, and gives gifts which gold cannot buy nor kings take away. The church is the on great organization that stands for the highest and best in our scheme o life. It bears the torch of the culture of correct living, and of spiritua regeneration. The church must lead in all the great drama of human his tory, and in all the great reforms of the world. For that essential, inevitabl task its teachers, leaders, and supervisors must be trained for the prosecu tion of its work.

The Training Camp

The B. Y. P. U. and B. A. U. Unions make up the TRAINING CAMP of th church. The peculiar task of the church is to make disciples for its Founde to evangelize the world. Authoritative warrant for this particular work o evangelization is found in the command of the Lord commonly called th GREAT COMMISSION. The church is to see to it that the gospel is preach to men with such persuasion and power that they will accept it and becom disciples.

Having been discipled, they are to be baptized. In the light of the hi tory of the early church, recorded in the Book of Acts, this involves n merely their personal submission to the ordinance of baptism, but their o derly gathering together with their baptized fellow-disciples into the fe lowship of an organized body. Thus discipled and baptized, they are to taught, trained, disciplined, and developed. The divine purpose is not fu filled when men are brought to Christ. They must be built and made com plete in him. Often, interest in a given person slackens when he has be brought to confess Christ. The average church and the average Christi worker seem more concerned to get men saved, than to get them qualifi for service.

As a result of this one-sided emphasis many of those who are hailed converts in the revivals of the previous year are never heard from after time of their surrender. As another consequence, our churches are full spiritual babies, undeveloped Christians, unintelligent believers, untrain and unskillful disciples. There is life but it is feeble. There is faith it is weak. There is hope but it is not well grounded. Not less persisten and urgently should the invitation be given to come to our Saviour, more earnestly and intelligently should the work of building up the belie in Christ, the training of the life in Christian graces and service be pro cuted by the church.

Spiritual Development

Another phase of our work is the systematic development of the spiritu life of our members. There is still the lack of discrimination betwe spiritual growth and weird hallucination. Wild excitement and frenzi emotion are too often regarded as appropriate, essential and conclusive e dence of advancement in the things of the Spirit. Not so. The spirit is entity that dwells within. Outward demonstrations mean very little unl they are prompted by this indwelling Spirit.

The indwelling of God the Holy Spirit is the common mark of all b lievers in Christ. It is the Shepherd's mark of the flock of the Lord sus distinguishing them from the rest of the world. It is the goldsmit stamp on the genuine sons of God, which separates them from the dross moss of false professions. It is the King's own seal on those who are peculiar people proving them to be his own property. It is the earnest wh the Master gives to his believing disciples, while they are in the body, a pledge of the full redemption yet to come on the resurrection morning. Spirit itself beareth witness with our spirit, that we are the children of G (Rom. 8:16). Moreover the Spirit animates us with the characteristic tem and purpose of a Christian. "For as many as are led by the Spirit of G they are the sons of God" (Rom. 8:14). Such relations imply also

ethical fruits of regeneration, love to the disciples of Christ, and insight into spiritual things.

A sound, sensible theology justifies the belief that like nature the Spirit has its harvest and that this harvest provides the most conclusive, most satisfactory evidences of increasing spirituality. The harvest of the Spirit is love, joy, peace, good temper; kindness, generosity, fidelity, gentleness, self-control—there is no law against those who practice such things. Constant, steady, symmetrical growth in all these ethical fruits of regeneration is our interpretation of the term "increased spirituality." Such progress in religious life is what the Apostle Paul was pleased to call "growing in grace."

Promoting Bible Study

A sure and certain means of obtaining spiritual growth, edification, a building up in the Scriptures is devout, reverent systematic Bible study. We contend, therefore, that "edification in Scripture knowledge" is highly essential. The church has neglected one of its most important tasks when it fails to provide for systematic reading and study of the Bible. To know the Bible means something more than a mere reading of its text. It means thoughtful consideration of its backgrounds; the purpose and means of its origin; its great characters as seen against the surroundings of their own times; its wonderful bits of literature in poetry or in prose; its great messages of stirring challenge; and above all, its record of the greatest life.

We may not know just HOW divine inspiration was given to the men who wrote the Bible; but we do know WHY God gave us the Bible: "All scripture is given by inspiration of God and is profitable for doctrine, for reproof, for correction, for instruction in righteousness; that the man of God may be perfect, thoroughly furnished unto all good works" (2 Tim. 3:16, 17).

Baptists believe that every person on earth should possess, read, understand, and obey the Word of God. We believe that the Bible faithfully followed will lead to Christ, to Christian living, and to eternal life. Believing this, we shall never be satisfied until we have every member of the Baptist church enlisted as a Daily Bible Reader.

Preservation of Baptist Doctrines

There is no more important duty laid upon us than that of directing young people in their efforts to obtain a passable knowledge of the doctrines and history of their great denomination.

The tendency to compromise or to sacrifice the great, vital, fundamental doctrines which distinguish Baptists from other people is too great. With us there are **Beliefs That Matter**, fundamental doctrines worthy of inculcation and preservation.

The church is organized for the maintenance of the worship, the doctrines, the ordinances and the disciple of the gospel. In every age of the world Baptists have contended earnestly that the Bible is he law of the church, that the church is the spiritual body; that immersion is essential to baptism; that believers in Christ are fit subjects for baptism; that the baptism of infants is unscriptural; that according to Scriptural order, persons must come first to Christ, and then to the church and its ordinances.

What we really need is a restatement of the sounder doctrines of centuries ago—a more diligent inquiry for the old paths and a stronger determination to walk therein. The man or woman who boasts of being either a Christian or a Baptist must be able to give sane, sensible, convincing

reasons for his or her claim. They must be prepared to differentiate b
tween the doctrines of their own denomination and the numberless cul
ond creeds which are forming daily and challenging study and comparison.

In order to meet this challenge the young people in Baptist churches mu
be given systematic, thorough instruction in Baptist doctrines and history.

A Missionary Agency

The Baptist Training Union is a distinctive missionary agency. We pl
large emphasis on the study of missions. Interesting because of variety, f
cinating because of its adventures, thrilling by reason of the marvel of
expanding influence, the study of missions is a worthy companion to
study of the Bible.

World-wide missions is the only view that can be taken of the sche
of Christian missions as it is unfolded in the New Testament. For t
purpose of developing this idea we form Mission Study Courses, sug
available material and where to find information along these lines. If
study of missions is given proper emphasis in the church program we m
reasonably expect the following results. A more intelligent church, a wi
recogniton of the principle of stewardship, more missionary recruits,
expanding church.

Social Aspects

The Christian man or woman must be exemplary in his or her daily
and conduct. The believer must, of necessity, be an example to other p
ple. This emphasizes the necessity for cultural processes in the deve
ment of the social life. The Training Union has its place for fellows
in the church program. No man liveth completely by himself. Life, to
whole, complete, well rounded must be a thing of fellowship with othe

The youth of our churches crave fellowship, they demand fellows
and in one way or another, some place or other, they will find fell
ship. The important question before the church is, where and how s
its youth find that fellowship? Shall it be within the circle of the chur
influence, shelter and care or outside, in the midst of commercialized am
ments and careless attitudes?

The church cannot afford to be careless or slipshod in its method
meeting this natural demand of its young people for fellowship. In
particular connection it should have a planned recreational program. H
hazard impromptu things have some value, but the thoughtful, carefu
planned out program is the only thing that works, holds and develops yo
in the long run.

In this connection our work is educational. We suggest and recomm
the study of such books, pamphlets, tracts and other literature as are h
ful to the proper development of this phase of the work. Such books
literature as contain formula for social amusements, bright ideas for en
taining and recreation in such manner as to preserve the sanctity, p
beauty and grandeur of the holy religion which the young profess.

General Objectives

The general objectives of the National B. T. U. Board are as follows:

1. To establish the Baptist Training Union more thoroughly in the l
ing of our people as the church program for training all church' mem
and as an essential element in the Christian educational program of e
Baptist church.

2. To make substantial progress in the enlistment of all our people in all
ur church and denominational life through a permanently effective means of
nlistment; namely, the training process.

3. To present God's challenge to our young Christians to meet the de-
ands of the new day with a complete dedication of their lives to the Master
n any life calling into which he might direct them, and to be ready at all
mes to respond to his call to preach the gospel at home or in the uttermost
art of the earth, or to enter any other field of Christian service as a voca-
on.

4. To fortify our people with the truth and to equip them better through
hristian training to meet the issues—social, racial, economic, political, and
eligious—of the complex age in which we live.

Everywhere the vision has been enlarged as to Training Union work. Our
eople no longer look upon the Training Union as a small, simple affair for
few young people. The vision has now been enlarged to include the last
ember of every church.

Our people have given serious thought and purposeful study how best to
rry on this work. Many of our best people have studied the work and
e now capable leaders in their churches and associations, seeking to reach
ery church with the best they have.

Progress Being Made

We are proud of our record. Progress is being made each year, yet there
much to be accomplished if we are to realize our objectives.

Many of our district associations are organizing on the Congress Plan,
ving study courses during all of their meetings.

Organization and Enlistment

There are powers undiscovered and undeveloped in every church member-
p. There are reserves of faith, love and service that have hardly been
ched and used.

Every available prospect should be enlisted in the Baptist Training Union.
s can be realized only when an organization has been set up sufficiently
ge to care for all of the constituency. The number enlisted and trained
determined by the size of the organization fostered in the local church.

The Isaac Foundation

We are endeavoring to build up the Isaac Foundation Fund for educa-
al and extension purposes. We were able to give a HUNDRED-DOLLAR
00.00) SCHOLARSHIP this year. This went to William Claiborne, a
dent at Morehouse. It is our plan to have each Training Union give at
t Five Dollars per year. Founder's Day has become a permanent in-
ution in our Baptist churches. 5,000 Training Unions giving us $5.00 a
r would give us a substantial sum to be used in giving scholarships to
rthy young men and women of our National Baptist Convention, unable
e to college because of financial conditions, in our best denominational
ools. We hope to be able to give at least part scholarship this fall to
e young man in the National Baptist Theological Seminary, some young
man in the National Training School at Nashville, Tenn.

Soul-winning

Above all else members of the Baptist Training Union should cultivate a passion for souls. Leading the lost to the Saviour is the Christian's first duty and highest employment. Every member of the Training Union should share in this great joy knowing that it is the only way to grow strong in the Christian life. Exercise is essential to develop strength, and this work is God appointed exercise.

Today we face a new beginning. Another year has dawned with all of its glorious prospects and challenging opportunities. The past with its seeming failures and successes is now history. The record has been made. We turn from it with many regrets that we were not able to accomplish more in the service of the Lord. But all that we have accomplished, all we have experienced, all that we have planned for, prayed for and hoped for, are but a foretaste and a sure token of the greater things, the more glorious things, the more challenging things that confront us now and in the years to come.

Mr. President, Officers, and Members of the National Baptist Conv
United States of America, Incorporated:

As a fiscal officer of the National Baptist Convention, U. S. A., Incorpo
and Corresponding Secretary of the Foreign Mission Board, the time ha
for us to present the Sixty-fifth Annual Report of the said board.

The Board wishes to record its gratitude to God and thanks to the B
brotherhood for the unstinted confidence imposed and support given,
we have sought to safeguard both jealously and zealously at all tim
We are very happy to say that the Lord has not withheld His favo
us. In some respects His blessings seem to have been special and u
The darker the situation we have faced, the brighter has shone the
Presence. The heavier the burdens, the greater has been afforded the
to carry them; and the more difficult and complex the problems beca
more instant has been the divine wisdom given to make their sol
marvel of reality. All this leaves no doubt that but for the help of G
special way, many things could not have been done.

Indeed, this has been a year unusual in many ways. We have, lik
ham of old, had to walk and work by faith, without any precedent b
to go. Yet, in all the ways we have followed, not knowing where
would lead, but only following the beckoning hand of faith and dut
trust of faith and committal of devotion have justified that course
verifying results. For every plan undertaken on the basis and belie
divine necessity of missions has secured the divine help of fulfillm
from many directions our efforts have been crowned with success.
this assures and confirms us beyond question in the belief that we
ceeding in the direction of the right goal, the ultimate and final,
evangelization of the whole world and the golden hour when all end
earth shall have heard God's message of salvation through His So
last nation, tribe, tongue and man. To this end we are pleased to rep
a larger number of pastors, churches and workers than heretofore
hind this program. It is through their prayers, faith, works and gi
liberal way that we have been able, not only to carry on but in a m
ter and bigger way.

Therefore, it is a real pleasure to record the following achieve
the past fiscal year.

1. We have continued the policy of paying our workers and budg
months in advance on the foreign fields.

2. Because of the high cost of living, we have increased the s
workers and also the budgets of running expenses at all stations.

3. We have added twenty-seven new teachers and workers to
because of the growth of the work.

4. Four new, permanent buildings have been finished, of hard
stone, rock and brick—one each at Bassa, Monrovia, Bendoo and t
Brown Memorial Mission, respectively.

5. We have bought a school site in the Bahama Islands.

6. We have increased our annual budget in the Bahamas from
$10,000.00.

7. The Carrie V. Dyer Memorial Hospital has been reorgani
ernized and co-ordinated with the National Health Program, with
layout of $8,000.00.

We have initiated a ten-year building and expansion program.

We returned one missionary home for rest, in the person of Mrs. Mattie Davis.

We attended the annual meeting of the Foreign Missions Conference of th America in January, at Toronto, Canada, and have kept up active ns throughout the year because of its missionary significance.

We gave $825.00 to the Chinese Missionary Relief Committee.

We have taken care of our financial responsibilities to world missions t the Foreign Missions Conference of North America.

By recommendation and order of the Executive Board of the National Convention we gave $1,000.00 to our storm-stricken brethren in the ndies Islands.

We made a special trip to the Bahamas, last February, in the interest work there.

We have made an emergency trip of about three months to Liberia er parts of Africa.

We have sought to keep the denomination's prestige and dignity in- as the medium of expression in foreign missions in our contacts her missionary agencies and authorities of governments.

Our last Christmas Drive was the greatest in our history. An amount at above $50,000.00 came in at that time.

Our contributions for the year reached an all-time highwater mark.

Our budgeted outlay for missions also reached a new all-time high- mark, totaling nearly $100,000.00.

We have so reduced the overhead expense in raising money by im- methods of collecting, as well as through liberal increase of dona- nt 85 cents of each dollar is either spent for missions or reserved ions in the future expansion program.

Through The Mission Herald, tracts; pamphlets and correspondence, sought to make our office a source of intelligent and reliable mis- information for our pastors and churches.

In all things and at all times we have sought to work in the framework of the National Baptist Convention.

We have sought, and still seek, to lead the churches of our Convention reater consciousness of their priviliges and responsibilities in world . To that end we must become more all-out in conviction, action ng. Baptists must realize that so far we have only played around low waters of the bank and yet have to launch out into the deep alities of missions. Our giving, to the present, has not been our only our crumbs and 'leavings.' But the demand now is that we shallow waters of the bank and venture out into the deep for the and new revelations of God.

During the last fiscal year we edited and published a textbook on entitled "Negro Baptists and Foreign Missions." The reading and

study of this book, we are sure, will help the most humble Christian t
better understanding of the background and operations of missions.

25. Finally, a 32-page report of my trip to Africa has been published.
was done so that pastors and members may travel by air in commercial
Army transport planes with the Secretary more than 19,000 miles, over
through many countries of South America, cross desert wastes, bea
islands, wide oceans stretches, view Gold Coast, French Ivory Coast
Sierre Leone, West Africa. The pause for two months in Liberia, have
ferences with the President and Government high officials, inspect our
pital, schools, stations and farms. But do not stop until you go out int
jungle bush of the interior and meet, talk with and preach to the chief
natives in their raw and natural customs, hoary with the centuries o
liquity, and see the light of hope beam on their faces as the Gospel sto
salvation is told them. That report is now available at the booth. We
you to get one and be inspired by the challenge to a more completely
effort for Africa's redemption.

Now we take pleasure in presenting the 65th annual Financial Repo
your consideration and, we hope, your joyous approval, as found on p
20 and 21. Such is the report submitted and attested by a public ce
accountant.

And now, as we go from you, we would like to have power to bur
stamp upon the consciousness of your souls the vision and zeal of Isa
found in Isaiah 62:1, in letters of fiery gold that spell out into words
termined action to plant the Cross, the banner of Christianity, on th
outposts of the empire of heathenism, and demand in the name of Chri
Generalissimo, unconditional surrender in admission of ignominous
of the last vestige of Satanic power:

"For Zion's sake I will not hold my peace, and for Jerusalem's sake
not rest until the unrighteousness thereof go forth as brightness and
vation thereof as a lamp that burneth."

Here is a soul that is enrapt and captured for all-out, voluntary serv
God and the cause of the church. Isaiah's vision of the consuming gr
and mission of the church was crystal clear. It was a world vision an
sion. The church must not stop in Israel, stack arms and pitch tent
rael, blessed to bless, saved to save—under the spell of the vision an
sion of the church—Israel's duty is equally plain, and is met by deter
resolution to know no limits but a finished task of engulfing the Gentile
in the glory and salvation of the church.

On the same mission Christ committed and sent His church. To thi
mitment the church is bound with cords of unbreakable and eter
sponsibilities. It will prove either her crown of glory and joy or th
or death, not to be released.

The salvation of the world is in the hands of the church. The
needs a full rebirth of this conviction. The world's hope and salvati
vided from Christ, is not in schools and education, not in legislatio
not in economic setups, not in marching and conquering armies, nor
conferences, treaties, super-world organizations and world policies.
tion of men—all men and nations—is only God, offered the world
Christ. This the church must make her major business until the end
the earth have heard and know it. She must not hold her peace u
righteousness go forth as brightness, and must not rest until her s
burn and shine as an incandescent light lifted to the highest deg
studded with the omnipotence of God.

In this mission the church is not sent alone or empty-handed. Jesus says
will be with you." That is good and unfailing companionship. "All
wer is in my hand"—success assured and underwritten with divine plenti-

Reports of Various Stations in Africa and the Bahamas Islands

Because the Secretary has paid visits to various foreign fields during the
r, he is herewith making personal reports from certain stations.

Carrie V. Dyer Memorial Hospital

The Carrie V. Dyer Memorial Hospital, at Monrovia, has had the full-
and busiest year of its existence. Every bed in the institution is con-
tly taken by civilians and soldiers, colored and white. Thousands of out-
ents have come for treatment and the maternity department has had an
rage of from six to eight deliveries per week. The nurses' home has
n completed and an annex added to the main building. Other improve-
ts have also been made. There is a staff of 21 nurses and helpers, and
hospital has been reorganized with a board of managers and co-ordinated
h the National Health program. Through the U. S. A. Health Mission a
ey has been made, looking towards another building to meet future needs.

rs. M. E. Dennis, wife of the Honorable William E. Dennis, Secretary of
Treasury of the Republic of Liberia, is now in this country for four
ths' rest.

Suehn Industrial Mission

Suehn is so crowded that many seeking entrance regretfully must be
ed away, which fact makes early expansion an urgent necessity. The
ol and its church alone have had more than 200 converts this year,
it ministers to five outside stations or churches.

ehn now has a staff of teachers and helpers numbering 32, with a
department recently organized and a rubber plantation of 100 acres.
ermanent building program has been planned and work will begin as
as material can be assembled. Mrs. Mattie Mae Davis, the hard work-
and beloved principal is now on furlough in this country for a year.

Bible Industrial Academy

The Bible Industrial Academy, at Fortsville, Grand Bassa County, has
ed many souls for the Lord. The mission has 158 students and eight
hers and workers, with some other native help. A new boys' dormitory
completed during the year.

e station is a real Christian light in an otherwise dark and needy sec-
of Liberia. Miss Priscilla A. Bryan has been its faithful head for more
twenty years.

Bendoo Industrial Mission

Bendoo, in Cape Mount County, North Liberia, has made splendid
es since the return of Rev. and Mrs. J. S. Cyrus. They preach and teach
fully, and with success. The results have been some converts and 60
nts in school. Also, they are developing a farm, livestock, and a
anent two-story, rock building is nearing completion. This building
provide a chapel, classrooms and living quarters and has a veranda
pletely around it. It is the first unit of Bendoo's expansion program of
and lasting structures.

In Nigeria, Rev. Samuel Martin reports much progress, as also do Dr. Malekebu, at Providence Industrial Mission, in Nyasaland, East Africa, Rev. J. S. Mahlangu, at W. W. Brown Memorial Mission, in South A some of whose letters follow:

ear Dr. Adams:

eceived your air mail letter dated December 28, last, with thanks.

hen opening our school for the present term we had started the two rooms and, to my surprise, parents brought their children by hundreds, ey had already heard that we were being helped by the Metropolitan st Church, in New York, to erect many more classrooms. It was to have to turn down these children with their parents in tears.

my first letter I said we would need $300.00. After the school inspector to see the progress of the new classrooms, he told us that the Educa- Department did not want us to have cement floors, but flooring boards. hen made inquiries for flooring boards, to complete the class rooms and that we would need another 60 pounds. Again the inspector said, ac- g to new regulations all town school class rooms should be 25x22½ ft., d of 25x20 feet—and that is another big expense. The cost of these class- s—bricks, builder or contractor, and complete building material—has far beyond $1,600.00. I fear I shall have to cable you for more money to lete this good work. We are using good class burnt bricks, all new ng material, and a first-class bricklayer. We are completing the walls th class rooms this week, and before the end of the month the class s should be handed over to us, complete, by the builder. As soon as ay get help to pay off our debt and have enough over, we will start to p two more class rooms, size 25x22½ feet, according to the new regula-

ave secured two additional helpers with the extra money you sent. soon as we receive the pictures of the late beloved Dr. W. W. Brown, urch and the present pastor, who is his own son, we shall have a big e and unveil our name board—"Dr. W. W. Brown Memorial Mission" also show our members his likeness and that of the present pastor and urch building.

most heartily thank the church for the $1,600 extra sent for building ses thus far. I also wish to thank you most sincerely for the Bible oncordance.

I am,

Your humble servant,

J. S. MAHALNGU.

REPORT OF THE HOME MISSION BOARD

Detroit, Michigan, September, 1945

Mr. President, Members of the National Baptist Convention, Incorporated:

I come before you at this time to give a report of our stewardship in connection with the Department of Home Missions and Evangelism for the year closing June 30, 1945.

We come boldly and with a feeling of pride far beyond that of any other year during this administration, for the Lord has blessed us with many friends who have supported the cause of missions on the immediate field so that our work has grown by leaps and bounds and we have been able to accomplish in deed and in truth many things which heretofore were only a dream and yet we fully realize that we have hardly scratched the surface in view of the great challenge that the Home Missions field presents America, our Convention, and our Board today.

Our major emphasis this year has been what for many years was our pet theme, "Church Extension on the Western Front." At one time we were fairly well underway with this program but other burdens were heaped upon a lean department causing us to halt, thereby making it appear that there was not much being accomplished along any particular line. We have concentrated this year on the Western Front not because we were unmindful of duty to other sections of our commonwealth but because ever since have we learned to do the definite thing as we go and that disseminating the spirit of Christ over the world or such a segment of it as America cannot be done overnight it is a process of gradual and logical steps.

We have not been in a financial condition to do Home Missions as we know it and as it should be done and as Home Missionary Departments of other Conventions are doing because of the limited funds on which we have to operate. It is pleasing indeed to note though that men everywhere are beginning to see that Home Missions is the ringing challenge of the age. They are beginning to see that a man's first and most imperative duty is to one that lies nearest him. They are awaking to the sense of their Home Missions duty and are lending themselves to the promotion of a program of Home Missions that is calculated to influence the entire structure of continental America. "Do good unto all men especially those of the household of faith." "A man who does not take care of his own home is worse than an infidel." We are not infidels but we are definitely interested in those of the household of faith, those with whom we are immediately in contact and those that have need of such as we have.

Evangelism

I think I am safe in saying that history records no time more sadly in need of real Evangelism than the present. War always creates a disturbance and an undesirable moral and spiritual condition. We are beginning now to feel more and more the effect of the war. The aftermath is going to thicken. Sin will be in evidence. The church must take its place in an effort to insinuate the spirit of Christ not only into those returning from foreign

shores, who have become hardened to moral issues and life by reason of exposure, but also to those who were left on these fields, who have prospered financially while others bled and died, and whose much money has caused them to turn a deaf ear to the church of the living God. It is the opportunity of the church through Home Missionary efforts to take hold of the wandering boy and the straggling girl who are breaking down the street corners during the mid hours of the night and the wee hours of the morning making the cities and towns unsafe for decent people to walk the streets or even abide in their homes. If you want to learn something in this regard pass a corner where the youth is congregated and you will hear language that will shock the host of hell, bursting from the youth who have come from reputable and Christian homes. The spirit of Christ must be shot thru the masses for as an aftermath of war there is a chip on everybody's shoulder. The war may be ended but peace is not declared, and there will be no peace except that which is found by accepting the Son of Man in his fullness. "Peace I leave with you, My peace I give unto you; not as this world giveth, give I unto you." There will be no peace until the entire being of men and women, boys and girls is saturated with the spirit of Him who died that we might have peace both here and hereafter. This is our day, the day of Home Missions. The day every man should rise up and in the fullness of his might do the first things first.

Our Department of Evangelism has been functioning more individually than collectively. It has been our effort across the years to conduct a Campaign of Evangelism. We have been agitating and agitating such a procedure but not until now has it seemed so possible. Looking out for tremblings of the times and sensing the need of old time Evagelism and old time preaching, old time singing, old time praying, and old time living, we have started out on what we hope to be the most extensive and effective Campaign on Evangelism that the country has ever waged. We have a Commission on Evangelism endorsed by the President to promote this Campaign and we are presenting them individually and collectively here this evening. It is our hope that every minister will leave the Convention with a dogged determination to carry on in cooperation with the Home Missions Board, beginning the first Sunday in December for a period of five years. The Commission as endorsed by the President is as follows: Dr. G. W. Robinson, Iowa; M. C. Cleveland, Alabama; E. W. Perry, Oklahoma; E. L. Harrison, Washington, D. C.; L. A. Pinkston, Georgia; James H. Brown, Illinois; A. W. Ross, California and Roy Love, Tennessee. We have appointed Dr. E. L. Harrison of Washington, D. C. as Chairman. Other additions to the Commission will be made.

It is our reasonable hope and our belief that the National Baptist Convention through the above mentioned Commission and Home Missions Board will be able to make itself felt as never before in the field of Evangelism.

The Western Front

As has been stated our emphasis this year has been on the Western Front. We are presenting tonight some of the workers with whom we have been associated and whom we have helped in the states of California, Wyoming, Arizona, New Mexico and Iowa.

California

In this state the Board has recently begun a scheme of cooperation with the California State Convention, as presided over by Dr. A. W. Ross of Los Angeles who most recently succeeded Dr. T. M. Davis of San Jose. An appropriation in the amount of $900.00 per year has been allocated to them and the payments are being regularly made by the Home Missions Board.

The Western Baptist Convention of California presided over by Dr. C. H. Hampton of San Diego has been contacted by the secretary in person and offered help for their missionary enterprise. But as yet, they have not been able to settle on the direction in which the Board's appropriation should go. We expect to reach some agreement at this meeting. The offer to that Convention was $600.00 per year.

Arizona

In the state of Arizona the Board has done its greatest piece of missionary work. We have property holding the deeds to same in the name of the Home Board at Nogales, Arizona. We are now completing the church about which we have talked and written much. It was our hope to present a picture of the completed structure at this session, but due to labor and material shortage we have been able to get just so far. The roof is now the only thing lacking in the completion of the structure itself. Of course it must be equipped. We are loud in our praise of Mrs. Tena Belle Clark, our missionary there who has not let one opportunity slip for impressing the people of Arizona with the need of a church structure and organization in Nogales and impressing them further with the fact of the help that the Home Missions Board has been to that community. Our minister there is the Rev. N. P. Wilson whom we have employed to give full time for the time being. The Reverend A. C. Kendricks, President of the state work has been the Board's contact man during the construction period of the Nogales church.

New Mexico

This is a state in which we have experienced difficulty and embarrassment in our effort to work with the men and for the Baptists. Our Commission met in the parsonage of the Reverend J. S. Patten, of Albuquerque with a similar commission of the state of New Mexico at the suggestion of Reverend O. F. Dickson, President. A conditional allocation was made. Some of the men have come up to the minor requirements, some have not. The opportunity there is great; the needs are great. We are in a position to meet the challenge of New Mexico if we can get the cooperation of the brotherhood of that state.

Wyoming

The Reverend W. I. Monroe of Cheyenne for sometime was on the payroll of the Board for a supplement, but as economic conditions improved the condition of Brother Monroe automatically improved, hence the appropriation to him was retired in favor of the church and minister of Laramie. Rev. John I. T. Pree, is our full time minister at Laramie. We sent him from the East. He organized the church and has it in fair shape. We are treating now with three contractors to build a structure at a cost of about $3000.00.

Iowa

Te Board was splendidly represented in the state of Iowa by Chairman Reverend George W. Robinson who also is moderator of the Iowa, S. Dakota, Nebraska, and Minnesota Association. The oldest church in the state is Keokuk. The Board is helping to keep the doors of that church open by paying half of the pastor's salary.

The West always has been and for some time to come will be a difficult problem to solve. In normal times there is not enough industry to attract hordes of people. With few exceptions as to places, those who are there are old settlers. In most instances they have been without any regular Christian movement so long that interest in church life is exceedingly low, but not

beyond the point of redemption. This spirit of indifference together with the fewness in number presents a problem in getting the gospel with decent regularity across to such desolate reaches.

First the minister with the best and most disciplined mind is not anxious to go there. He feels that he is qualified spiritually and mentally for a larger and more productive field. If one finally decides to go, ordinarily it is because he has nothing else to do or his health is poor and he goes for physical rehabilitation. As soon as his personal condition is improved he is ready to come back to what he terms "civilization." Not only are we in need of ministers for the West but honest-to-goodness women missionaries.

Now there are some well prepared ministers and qualified women missionaries who are quite ready to go and ready to sacrifice the pleasant contacts as enjoyed in these parts but like everybody else they must be assured of a good salary and who can blame them for they have their families to keep and besides that, who wants to work for the actual cost of operation or living? Everybody wants to make enough whether it is in the mill, on the farm or in the church—he wants to make enough to honorably discharge his obligations and then lay aside a few pennies against the rainy day. No prepared man or woman relishes giving his life out on the plains, in the desert and mountains of the west, making a sacrifice of money and friends and modern conveniences and then looking back across the Rockies at his brethren in the East and South rolling in luxuries. Every man in the Western section if he is serving well, if he is making fine contacts with the other group, if he is building churches, building communities, I say, every man engaged in this sort of religious activity in such a place should be getting at least $150.00 per month plus traveling expenses.

I am mindful of our obligation to the rurals, the need of city missionaries, the need of Christian centers and day nurseries, and the need of general Evangelism. I have mentioned these things to bring to your attention the importance of Home Missions and the imperativeness of fixing the board in your budgets for a substantial appropriation made not annually only, but throughout the year. If this is done and the Department can have the blessing of administration emphasis, then under God it shall be able to handle to the constituency of the National Baptist Convention, to the world and to God a Department of Home Missions and Evangelism of which all can have occasion to feel proud.

THE WORK OF THE YEAR

The Sunday School Publishing Board continues to perform its task, and the responsibilities with which it is charged:

FIRST: Of the getting out and distribution of the Sunday School Literature, religious publications, and standard song books for our great Denominational constituency.

SECOND: Of sponsoring, directing and projecting the program of Religious Education of our National Baptist Convention.

THIRD: It has been imperative over the years that the Sunday School Publishing Board sponsor and finance the efforts in raising funds necessary to meet payments on obligations of the National Baptist Convention, which we have been carrying as a contingent liability.

The redemption of the Bonds, or Refunding Notes, National Baptist Convention, U. S. A., Series of 1934, which matured April 2, 1944, continues the task and responsibility this year.

The Publishing Board, however, notwithstanding this additional burdensome responsibility, has carried on its regular routine work in the publication of our Sunday school literature, supplies, etc., to the satisfaction of our patrons as shown by the constant increase in our patronage and receipts.

At the same time, attention has been given to the projection and development of our Christian Education Department and its work.

Our policy and determination has been to maintain the Standard of Excellence in our religious publication, that we might keep pace with other religious publishers, Sunday school leaders and workers, and maintain front rank recognition and respect among all the leading Sunday school organizations, and aggressive forces.

In addition, the Publishing Board has given cooperation and support to other activities of the National Baptist Convention as follows:

(a) In the paying of the salaries of teachers and workers at the American Baptist Theological Seminary.

(b) In the operation (both expense and salaries) of the National Baptist Missionary Training School at Nashville.

(c) In the redemption of the Bonds, or Refunding Notes, National Baptist Convention, U. S. A., (1934 Series), which matured April 2, 1944.

(d) Salaries, materials and labor in publishing the National Baptist Voice.

(e) In the needed repairs of the National Baptist Missionary Training School buildings, on the campus, at Nashville, Tenn.

There are always some loyal, interested and sympathetic donors, who realize that the Sunday School Publishing Board needs assistance in the carrying on its work, especially its work of Religious Education and Missions.

The Sunday School Publishing Board makes, regularly, donations of Sunday School literature, religious publications and tracts, song books etc., to prison, jails, detention homes, charitable and benevolent institutions, public libraries, and mission stations in Africa and Islands of the Sea, that are connected with our Foreign Mission Board, etc. These donors thereby share with us the joy and the blessing that is ours, in thus contributing our part in the carrying out of our Lord's Great Commission, "Go Ye, therefore, and teach all nations; teaching them to observe all things whatsoever I have commanded you: and, lo, I am with you alway, even unto the end of the world."

OUR WORK FOR THE NEXT YEAR

In addition to performing our routine tasks next year, and the closing up of the redemption of the Bonds or Refunding Notes, 1934 Series, we must now enlarge our facilities for the expansion, development and projection of the work and program of our Christian Education Department, and bring to bear all the many inroads, both without and within, that are being made on us by other groups, and which are rapidly distracting the loyalty and support of our constituency from us. It is also imperative that we do this NOW, to keep pace with other denominations, even our own group, who are rapidly forging to the front in their program of Christian Education.

To this end, therefore, the Sunday School Publishing Board solicits your full and hearty cooperation in every way, especially by patronage and support of our program of Christian Education, that we may be of larger helpfulness in carrying forward the tasks assigned us, for the progress and advancement of the Master's Kingdom.

Respectfully submitted,

It is quite gratifying to bring to you my First Annual Report as responding Secretary of the Benefit Board of the National Baptist Conven U. S. A., Incorporated. Being my first year to serve in this capacity, it been a tremendous task getting acquainted with the work and the bro hood of the Nation, and getting them acquainted with me. This has be year of financial prosperity, but the Board has not received its share though we have not received adequate support for the Board, we hav our sail for the goal. The dreams of our fathers must be realized, and t ambitions must be brought to pass. Napoleon said, while engaged mighty military struggle, "There are no Alps." If Napoleon saw no Alp he struggled against his common foe in the field of militarism, we sh see none to hinder us from reaching our goal of life. The National Ba Benefit Board is destined to bring sunshine, happiness and economic sec to the retired ministers and Christian workers at old age.

How To Do It

First, we must understand the mission of the Christian Church. T can be no worth while achievements in the life of any institution wit an understanding of its mission. Great ideals are of no avail without s where to dwell. Standards of life must dwell in human souls and be secuted in human conduct. We also accept the challenge to give the there is in us, when immortal ideals are at stake. The brotherhood, sisterhood of this Convention should reverently cherish the National Be Board, if for no more than for what it stands. We should be able to re the importance of an organization which stands for the high principles of And, for that, that will be a benediction to the aged and retired ministers Christian workers. The ministers and churches of the Convention sh make substantial monthly contributions to the Board for its maintena The National Baptist Benefit Board can be made the greatest ministe foundation in all America if we give to it our proper support. It also faith to help us realize and maintain an organization that will be a ben tion to the Christian ministry. Faith is a mighty factor in helping Christian Church build a new America and a new world. We need a that shall not shrink though pressed by every foe! The Post War W will make greater demands on Christianity than in any age in all humans tory. But, if we have faith in Jesus Christ, we shall be more than querors. It will also take moral and spiritual fortitude to overcom morrow's crisis in the Post War World. However trying the crisis ma the Christian ministry must survive and carry on. It must be done! T are many scars in the heart of individuals and nations caused by war, will take many years to heal. And the fires of hate that burn more freely in any age, will be the task of the Christian ministry to quench and a human life to a living level. But the ministry will not be able to m great task, without adequate support and economic security.

Our State Representatives

The National Benefit Board has representatives in every State in the Union ose duty it is to keep in touch with the executive secretary, and make re- its each consecutive month, whether they have money or not. But this not been done. Said representatives have failed to make their reports as had anticipated. We cannot continue such looseness in business, and ld, and maintain an organization that will gratify the dreams and am- ons of our fathers. Today's world calls for and demands business execu- s in every field of human endeavor, whether religious or secular, men t be men to cope with the challenge of this age. The Benefit Board of the ional Baptist Convention, U. S. A., Incorporated, must rise to a realm of ness, and prove its ingenuity to thrive and carry on in perilous days.

Our Christian Church and Industry

he Christian Church is not an enterprise of industry, and, therefore, has set economic program, but is strictly religious. The ministry of the Chris- Church must rely on God and his congregation for livelihood, but if his gregation is not economically secure, his support is inadequate. If such mustances prevail through his entire ministerial career, at the end he inevitably experience an embarrassing crisis. But, if he takes a portion is small salary, with a small donation from his Church each month in year, and contribute same to the National Baptist Benefit Board, he, at will receive at old age fifty per cent of his original salary. Not only this apply to the minister of small income, it also applies to any minister lever his salary may be. The purpose of the National Baptist Benefit rd is to help the Christian ministry prepare for a rainy day. All highly industries look out for their employees, by having them to take out an rance policy, and also social security. This is done so that, when they retired they will not have to suffer. Let us Christian workers and min- rs of the Christian Church arise like men of courage and conviction and ver the challenge of the age, by building a foundation for ministerial nomic security, to contribute to our happiness when we lose our physical vities!

The hour is come to you and me,
To stand our ground like men,
When the tasks get hard, and the load bears down,
Don't fret and frown, but grin.

Men, men of the hour, listen to me,
Our life is but a span;
Today we should not hesitate to find our place to serve
But to do the task that lies before,
We must God's law, observe.

Mr. James E. Gayle, Executive Secretary
National Baptist Layman's Movement
Detroit, Michigan.

My dear Brethren:

Please find herewith a report of the work in Christian Education done in ... classes at the meeting of the National Baptist Layman's League at the New Light Baptist Church, Detroit, Michigan, September 5-8, 1945.

After viewing carefully our work for the week, we have found that the courses must be declared successful. We did work under some handicap due to the fact that one instructor who was slated to teach was not present and that the time of some of the other instructors was utilized on important business of the Parent Body. Nevertheless our work was a success.

Three study courses were offered this year. Course 111a, "My Community and the Christian Ideal," was taught by Dr. R. C. Woods; Course 122a, "Christian Stewardship," was taught by Dr. Roscoe M. Mitchell, and Course 413a, "Men's Work in the Local Church" was taught by Mr. James E. Gayle.

A total of 84 persons completed requirements of the Courses and received course cards certifying completion of these courses. The interest in the educational work done in the Convention was shown in the way that the men responded to their classes and to their leaders. Here they had opportunity to express themselves, to exchange ideas and participate equally in the work. They seemed to get a great deal from it. This is a very good sign for the future of the denomination, for men are being led to think seriously of what constitutes a good church program and whether their church measures up to the highest standards.

Much credit should be given to the officers of the Convention, particularly to the President and the Executive Secretary for the effort that they have constantly put forth to insure complete success for these courses. We hope that at the meeting next year some of the men will have been able to qualify for a Certificate of Progress through our Publishing Board and the International Council of Religious Education.

Very sincerely yours,

CHARLES L. DINKINS
Secretary Christian Education

ANNUAL REPORT OF THE SOCIAL SERVICE COMMISSION OF THE NATIONAL BAPTIST CONVENTION, AT DETROIT, MICHIGAN, SEPTEMBER 8, 1945

Mr. President and Delegates of the National Baptist Convention:

I am glad for the privilege to appear today before you, to make a report of the work that faces us as one of Ameriga's great church or Christian bodies.

It is now twelve years since this Commission was created by the vision and courage of the late Dr. L. K. Williams.

Every movement must have a basic philosophy or it comes to an end by death or by elimination because certain causes for which it exists or no longer exists. This philosophy must at all times carry the basic threats of color and meaning of the personality or idealism of the people or the movement which it tends to aid or defend. For a great many years, we had to report merely the conditions of our people, socially and economically, for we had neither means, equipment, nor technique which we could throw into action for any definite objectives which would arrest attention and support of our Baptist brotherhood as a national body. This was due to three natural causes:

1. The Negro Church as such had never entered the field of Social Service in its highest sense. Her early ministers had been trained in theology before the age of the social gospel, and had emphasized evangelization as the sole cure of all the world's ills. This is indeed a good gospel. But this message only reached the oppressed. The oppressor never heard the evangelist nor was he changed by reasons of the fact that Negro churches grew in numbers and fact, in spite of poor wages, poor streets, poor education, poor health and increased crime. This deplorable situation is one of the great evils of a segregated Christianity and the resultant second class citizenship which too many of us are willing to accept.

2. In the second place, American operative law is so diverse sectionally that a Social Service Commission on a national scale found indifferent lead

ers to strict progressive methods and truth because many of them were
are tools for the very whites who govern and oppress minority groups, eit
directly or indirectly; either legally or by custom illegally. We have fo
this type of leader in pulpits, colleges, politics, and social work, and lea
in the underworld.

3. In the third place, the Negro church in the early days, and up to
last two decades, had an precedence in white Protestantism to follow,
Social Service. For while Protestantism has been so blind that it had rat
create Bureaus of Charity and Social Centers for the distribution of bread,
time of stress, than to insist from its pulpits and official staffs, that men w
look upon suffering, poor wages, squalor brought about by ignorance a
denial of opportunity, were not Christian merely because they gave to chari
and worshipped behind stained glasses and gave to foreign missions, wh
at home the people perish.

In the light of these facts, this Commission set out in 1940 and 1941
find a common denominator which could be used in the solution of soc
problems in every section of the country which would offer a formula a
technique to obtain a definite end throughout the country and the world,
far as Negroes are concerned. It was in that period of our American cri
when movements were growing up like mushrooms over-night, literal
hundreds of movements, in cities, counties, towns: among all classes of p
ple. It was the idea of the chairman of your Commission that we appro
the problems, under the light of the Cross and with the appeal always to
while Christians who are morally committed to a brotherhood in Chr
which has never been put into practice in the American Church. It was
John Wesley A. M. E. Zion Church at Washington, on the occasion of th
matter of the Fraternal Council of Negro Churches, that your chairman help
to write a list of Negro needs to be presented to President Roosevelt. O
that Committee that called at the White House were the following men: Dr
W. H. Jernagin, Dr. Charles Wesley, Bishop R. R. Wright, Dr. Medford,
the Foreign Mission Board of the A. M. E. Zion Church, and the Chairman
this Commission. For the first time the Negro churchmen realized the pos
bility of their combined strength. But the greatest of that strength is in t
Baptist Church.

II.

In 1942, we issued a little Bulletin with six paragraphs, which, if follow
through would revolutionize much of the poor thinking and poor conditions
the Negroes in the country. In 1942, we issued a scholarly thesis by the h
authority on the African Mandates, in the race. This pamphlet we sent
one hundred leaders of our denomination as an instrument of informati
worthy of consideration, because of its relationship to the work of
Foreign Mission Board.

By 1942 and 1943, we had sold our methods to the Bishop Council of t
A. M. E. Church and they have given Bishop Wright the green light to p
ceed with a study and program which will emerge as the best piece of wo
in Social Service which any Negro church has, up to this date, accomplish

By 1942, the approach to the problems as presented by our Commissi
had been accepted with praise by both Southern and Northern Baptists a
invitations began pouring in from all quarters of the country for speakers
present the "Plight of the Negro" to churches, associations, and conferenc
The Northern Baptist Convention sent out circular letters through the ter
tory to open doors to Negro Baptists to tell our story. The Southern Bapti
wrote into their Convention records the most forthright and open statem
on the rights of Negroes, at their annual session in Atlanta, that had b
made since the Civil War. The Northern Baptists created a department
work in the whole area and Dr. Cloward in their National Headquarters
New York, placed in his office a Negro girl as the secretary and stenograp
for that department. In 1943, as Chairman of this Commission, I sought

eived cooperation from dozens of white ministers, conferences, and unions
various parts of the country, among them being on appearances at Charles-
, West Virginia; Cleveland, Ohio; Newton, Massachusetts; Boston and
lden, Massachusetts. In 1944, it was my fortune to address women's
anizations at Ocean Park, Maine; Brooklyn, New York, and the Interracial
um operated by the State Baptist Convention of Rhode Island.

To Dr. C. C. Adams of the Foreign Mission Board, I wish to pay a thanks-
ing tribute, for the support which he has led his Board to give in these
e years. But for this, often the matter of travel would have been wholly
urden to be borne personally.

III.

What is the problem? Why do we need this work? On the surface, it is a
e chance to organize a new movement for an immediate cause. Negroes
out of jobs; they are treated unfairly, they commit a crime that is minor
l are given a major sentence of many years. War comes and certain plants
ll not employ us. Small groups of Negroes overnight, organize national
vements to fight, contend and present problems that are immediate to the
ss, to mass meetings, and they organize to collect funds, funds with which
y are going to turn the world upside down. Where do these funds come
m? From many walks in life, but, largely from Negro Baptist Churches.
ptists are often gullible, but not always wise. We delegate our power
l influence to unwise and often unchristian men. Basically we are at
ord's point with a philosophy which is inseparably tied to the altar of
Christian church.

This philosophy dims the effect of the Cross in every area of American life.
s a deep rooted negativeness, instilled in the blood stream of people so
urally that one hardly feels its effect, until one begins to notice shortages,
personality, dinner pail, house rents and blighted lives. Then, there arises
bitterness which must come. We begin to watch the result, in poverty,
me, prostitution, and death. We then start at politics and a thousand
mulas that have never won, because we attempt to treat an immediate
ation without considering the philosophy and background which brought
condition. This business of discrimination is a child of the Christian
urch and not a child of the Democratic or Republican Party. And, only
Christian Church can permanently correct the evils that make our lot
d as a minority group in this country.

1940, at Birmingham, I presented a thesis which was approved by this
vention, committed to the proposition that we would put the social
ation on the doorsteps of the American Church. The gist of it was sent
the Christian Century for publication. The editor threw it overboard.
two years afterwards, this magazine came out with several articles con-
ing the heart of our philosophy and technique of approach. Since we
ted lecturing, and talking, and publishing a little handbill here and
re, every church body with headquarters in the City of New York, has
nized their Social Service Department to include some definite action on
problem confronting the American Negro.

1945, in cooperation with the Committee on Social Action of the Northern
ist Convention, we issued a Primer on Race which approaches the race
tion in the light of the Cross. It is an effective intelligent little booklet,
ared by Dr. William Mather, Franklin College. The cost of the cuts
printing would be prohibitive for us on account of lack of funds.

1941 and 1945, I met with the Social Action Secretaries of various white
ch bodies of America, and urged upon them to include in their monthly
odicals, instruction along lines of fair play to Colored people.

IV.

Why do we relate these incidents? Because we wish to call attention to the fact that the church is the most effective institution in American life and to show that we are not using our influence as churchmen to face up to the problems of our people. We leave too much social action and interest to politics. We forget to see and emphasize that politicians are elected by church folk and that the greatest number of oppressors, and opponents of Negroes in every phase of American life are churchmen.

Labor

We stand now at the threshold of unemployment. While we made gains during the war, discrimination is already at hand, and is destined to grow worse in the Period of Reconversion. The Baptist Church should have been propagating a program of Race Relation, in all Southern and Northern Churches, through outstanding laymen and ministers. There is no reason in the world why the Negro Church should not take the lead in an effort to Christianize the relationship between Capital and Labor. Since the Negro is religious, and 90 per cent of laborers in this country, and since our capitalists, R. R. magnets, engineers, firemen, bankers, industrialists, and so forth are largely Christian, why could not our Church support and organize a long term educational program, to attack our problems at their source and advance toward the Christian heart of American whites?

The Catholic Church has a long term program to propagate their faith. A program among American Negroes. This is being done under the National Catholic Welfare Conference. Its approach is first education, and second social welfare for the Negro. At Washington, this year, when the heat for the F. E. P. C. were on in the Senate, there appeared Catholics in defense of that bill from New York, Washington, Detroit. We must, as a Denomination, prove to our people that we are interested in their bodies as well as their souls. We must admit that even religion thrives best when living climate, and opportunity are best for the people.

The Whole Field of Social Service

Most of our churches are now out of debt. What are we going to do in the debt free churches? Can you not see that we should make an effort to help the people to live better, to get better things, better homes, better jobs? Then our first line of defense for the several years past was to protect jobs for black men, laborers, skilled and unskilled, white collar workers in government jobs, war plants, and so forth. Our job has been so acute on the side of protest that we have almost forgotten that we Negroes ourselves owe a duty. We owe a duty of cooperation to our railroad firemen, our school teachers, our colleges, our pullman porters, our domestic workers, our students in colleges, North and South, our aged ministers. We owe a duty to our nation to try to Christianize it in all areas.

In 1941, when the Japs attacked Pearl Harbor, you must not forget that in a short period of fifty years, the Japs and other Asiatics numbering 2[illegible] in America, had massed a fortune of $3,000,000,000 in American wealth. Compare that with the fact that 13,000,000 Negroes who have been in America years had by 1941, massed a fortune of exactly the same amount as Asia, $3,000,000,000 in American wealth. The difference is a difference in discrimination in all America against the Negro, in all areas of life. The economic, industrial, and religious discrimination in America, tells effectively and negatively in all Negro life. In the field of education alone, we are 245,000 college graduates short of our need in America each year. We graduate 5,000 young men and women from all American colleges per year. We need 250,000 per year. The bulk of our population is still in the areas where wages are lowest, life is hardest, discrimination is greatest, pos-

sibility is poorest, schools are lowest, and leadership in social advancement is intimidated the most, and therefore the poorest.

Then the Christian approach of taking our plight right into the heart of the white preacher, white Christian laymen and laying it at the door of the Christian church, North and South, is the surest way of relieving the pressure. Our social plight of poor wages, hard living, poor schools and poor leadership, is largely responsible for delinquency in the whole field of Social Service needs.

The war proved that Mississippi had the greatest percentage of illiterate draftees to enter the Army, many were rejected on that account. Most of these draftees were Negroes, who by the state had been denied equal opportunity. The war proved that the greatest rejection of G. I.'s, came from the South, the poorest health, because the poorest provision for health. This, also found the Negroes' per cent highest in disease and poor health, due to lack of medical care. We know that far too many Negro mothers die of childbirth than whites, due to poor hospitalization for Negro mothers.

And so my friends, the whole range of social problems of the Negro is before you; namely, discrimination, divorce, crime, disease, race relation, labor-capital, pillars of peace, and Four Freedoms, cooperation with white bodies. Shall we be indifferent? Or, shall we be radical, protesting with no Christian technique? We know, now, that by arms, firebrands, big talk, we cannot win. We have no money, no guns, nor political power but we have the sword of the Spirit, and the breastplate of a righteous cause. Then, under God, and in the light of the Cross, let us approach the worse caste system in the western world, the color line in America, with the most awaking and challenging program, "The Way of the Christ."

Honored President, Dr. D. V. Jemison, Dr. Calvin Perkins, Chairman, Officers and Messengers, Ladies and Gentlemen:

"Grace, mercy and truth be unto you" as we assemble today in this great industrial city of Detroit, Michigan. Here, the hum of industry speaks to the world, and Detroit takes its place in the front ranks of the great cities of the U. S. A.

We are to state in submitting our report that it comes to you in a dual form having given the last 3 months of our time entirely to the Educational Drive of the American Baptist Theological Seminary at Nashville, launched by President Ralph W. Riley and endorsed by our National Baptist Convention.

At the National Sunday School and B. T. U. Congress, the Board of Education in joint session with the Seminary Committee voted to unite forces for the Financial Campaign, Two Hundred and Forty-two Thousand Dollars by the last of 1946. Upon suggestion of Chairman Perkins, President Riley, Corresponding Secretary, E. Arlington Wilson, were appointed to map out the program of plans, etc., for raising said finance.

We are happy to give you an account of our stewardship of money collected from various sources coming directly from the Corresponding Secretary.

Suggested Resolution

"WHEREAS, the Christian Church from its incipiency has firmly promulgated the principles of its founder, Jesus Christ, that whatsoever ye would that men should do unto you do ye even so unto them; and

"WHEREAS, the present upturn state of society which has plunged the world into the most cruel and destructive war in human history is directly traceable to the ignoring of the principles of Christianity; and

"WHEREAS, there is unmistakable evidence that the battle of peace now rages in what happens in the minds of our major and minor statesmen who present are torn by doubt, uncertainty and skepticism; and

"WHEREAS, a program for lasting peace may be decisively shaped by the developments at the coming San Francisco Conference and the climax of hope created by the meeting; and

"WHEREAS, any plan for the future peace of the world that does not include race relationships as a major consideration is not only lacking in realism, but doomed to flat failure from the beginning; and

"WHEREAS, unless the broad spirit of Christianity, which is predicated upon the common Fatherhood of God and the brotherhood of mankind prevails, there can be no peace; and

"WHEREAS, leadership and direction for such a task can only be provided by the Christian Church, an institution which is spiritually motivated for a high purpose; therefore be it

"RESOLVED, by the United Council of Church Women of America, in conference assembled at Washington, D. C., that delegates composing the San Francisco Conference be urged to adopt plans to make effective the creation of a special department within the framework of the United Nations' program for permanent peace, whose sole duty would be specifically and exclusively to work toward the elimination of racial and religious discrimination wherever it is found."

Board Meetings Continued

Detroit, Michigan, September 8, 194

The Board of Directors of the Woman's Convention, Auxiliary to the N
tional Baptist Convention, Incorporated, was duly called into executive se
sion by President, Mrs. S. Willie Layten, at 8:30 p. m., and was opened
Vice-President, Mrs. V. T. Hill, who led in repeating the 23rd Psalm and
Lord's Prayer in unison, after which the President announced the meeti
duly opened as soon as visitors had excused themselves from the room.
B. Jones was asked to take the proceedings as Secretary Penick was qu
busy with the Executive Committee work. President Layten then brought
the attention of the Board the recommendations in her annual message whi
were not printed in the booklet, but had been read and referred to
proper committee; which recommendations were in the hands of Secret
Penick, and she desired that the Board would make disposition of same; o
item pertained to the untiring efforts of First Vice-President Mapp who w
selected as Chairman of the Financial Set-up, and who had expended her o
personal funds to carry on the work of the Woman's Convention, thus
creasing its funds almost tenfold; and her recommendation asked that
special donation be allowed Vice-President Mapp, aside from her regu
office expense, therefore a motion unanimously prevailed that the Woma
Convention would refund Vice-President Mapp's personal money that
had spent in attending to the affairs of the Woman's Convention and
the Covention would give her a special compensation of Five Hundred Dol
for special service rendered as chairman of financial set-up. President
gave in total substance the contents of her recommendations, and by mot
the recommendations were adopted by the Board.

Afterward, the president expressed her appreciation for such whole-hearted
oval of her coworkers.
At this time, Chairman Robinson of Finance Committee reported that $46,-
38 had been received through her committee during this session but that
re were other reports to come in. A motion was carried to receive the
rial report of the Finance Committee.
A motion then prevailed that we donate President Layten a special com-
sation of Five Hundred Dollars aside from her regular office allowance.
A motion was carried donating Second Vice-President Hill a special com-
sation of Two Hundred Fifty Dollars aside from her regular official al-
ance.
The National Director of Young People's Department, Mrs. Etta Versa
e, claimed our attention to give some of the high points of the young
ple's session just closing which report showed many advanced ideals ac-
plished. She also made particular mention of the fine work done in the
redited courses as offered by Dean Dinkins. Vice-President Hill in very
ice words responded to Mrs. Frye on behalf of the Woman's Convention.
By motion, the report was adopted.
President Layten then submitted the following resolution:
WHEREAS, the charter of the National Baptist Missionary Training School
vides that its Board of Directors shall consist of not less than five (5) nor
re than fifty (50) members, two-thirds of whom shall be elected by the
man's Convention, Auxiliary to the National Baptist Convention, U. S. A.,
corporated, and one-third by the National Baptist Convention, U. S. A.,
corporated, and
WHEREAS, the present numerical strength of the Board of Directors of
d school is forty-two (42), and
WHEREAS, the said Board of Directors deems it desirable and advantageous
at the number of said Directors be increased from forty-two (42) to forty-
ht (48), therefore,
BE IT RESOLVED by the Woman's Convention, Auxiliary to the National
ptist Convention, U. S. A., Incorporated, in regular annual Convention as-
bled at Detroit, Michigan, September 5th to 9th, 1945, 1st that the Board
Directors of the National Baptist Missionary Training School, the Na-
nal Baptist Convention, U. S. A., Incorporated, concurring, be and is here-
authorized to increase the number of the members of its Board of Direc-
s from forty-two (42) to forty-eight (48) the composition thereof to be in
formity with the provisions of its said charter. 2nd, That the president
this Convention be and is hereby authorized to appoint the requisite
portion of said increased membership as provided in the charter of said
ool.
The above resolutions were upon motion duly made and seconded unani-
sly adopted by the Board of Directors in Detroit, Michigan, this Septem-
8th, 1945.
Many questions pertaining to the perpetuation of members on the Board
Directors of the Training School were satisfactorily answered by President
ten. The Woman's Board took recess until Sunday, September 9th, at
d of the president—when we would reassemble to finish the work of the
rd for this annual session.

SUNDAY Afternoon

September 9, 1945

(Assembly Room of the S. S. Department, Mt. Zion Church)

Continued Session of Board of Directors.

The session was called to order by President Layten at the appointed hour.
There was a large assembly of visitors and members present, President Lay-
n had Secretary Penick to declare the personnel of the members of the
rd of Directors, after which those who were not members dismissed them-

selves. In the selection of officers for the Woman's Convention for the nex Conventional year, Treasurer Mary V. Parrish was elected Treasurer Emeri tus, and given a donation of $200 above her actual expense to the Conventio for 1945, and her expense and a donation each year as long as she is able t attend the National Woman's Convention, and Treasurer Parrish being s absorbed in the work of the Woman's Convention expressed her loathsom ness to relinquish her activities with the Woman's Convention but the Boar understanding the spirit of her attitude with full sympathy, reassured he that she would ever sustain the highest regards from the Woman's Conve tion.

At this time President Layten asked Attorney Rush the legal procedur for the transfer of funds of the Woman's Convention from the Bank Louisville, Kentucky, to the banks of the home city of the newly electe treasurer, who advised a resolution of clarification and authority to b drafted by the secretary of the Woman's Convention countersigned by th president of the Woman's Convention to be given to a special committee in cluding Treasurer Emeritus Parrish, Vice-President Mapp, newly electe Treasurer Mrs. Gibbs, and whoever else that President Layten might sug gest who would go to Louisville, Kentucky, and have the funds legall transferred from Louisville to Montgomery, Alabama.

President Layten also ruled that Treasurer Gibbs and Vice-President Mapp who were solely responsible for the holding of the funds of the Woman's Convention, respectively, would be bonded, not for mistrust but only as a matter of business in the event anything might naturally happen to them the which attitude was graciously received by both Treasurer Gibbs and Chairman Mapp.

Treasurer Gibbs then expressed her knowledge of the enormity of the task assigned her, but pledged to do her best to bring dignity to the office and thus not allowing any remorse for having been selected Treasurer of the Woman's Convention. She asked also that she might be permitted to pur chase such facilities and apparatus as might be needed for the treasurer's office to help expedite the enormous amount of work to be done through her office.

By motion of Secretary Penick, seconded by many, the Board ordered that Treasurer Gibbs be permitted to ascertain the needed equipment for accurate bookkeeping, etc.

One, Mrs. Birda Owens of Mississippi, made a persistent appeal to Presi dent Layten for an appropriation for her blind sister who she claims re sides in Osceola, Arkansas, which matter was brought to the attention of the Board for disposition. After discussion pro and con, it was carried by motion that a special offering would be taken for the blind sister at the close of the evening session of the Convention.

By order of President Layten all other urgent transactions that might need immediate attention were referred to the Board.

A motion prevailed that the Board would adjourn subject to the call of the President of the Convention.

PROCEEDINGS

Wednesday, September 5, 1945

The Young People's Department of the Woman's Convention, Auxiliary to the National Baptist Convention, Inc., held its first meeting of the 20th Annual Session at the Mt. Zion Baptist Church, corner Mack and Chene, Detroit, Michigan.

Miss Ivy Parks, National President, presided over the 10:30 a. m. session. The meditation hymn was "What a Friend We Have in Jesus." After the call for silence, the hymn, "Leaning on the Everlasting Arms," was sung, followed with prayer by Miss Anita Dotson of Illinois. "Sweet Hour of Prayer" was played softly during the prayer, and sung afterward by the congregation. We all stood while singing "Living for Jesus." The devotions were conducted by Misses Geraline Smith of Mississippi, and Anita Dotson of Illinois. Mrs. Edith Preston of Pennsylvania conducted the musical numbers.

The national officers were then called to the platform by the president, Miss Parks. Mrs. Etta Versa Frye, National Director, was then presented. "This year we are all serving in new capacities. We are new but we have learned that God is equal and able to help us along," said Mrs. Frye in her introductory remarks. The theme for our session this year is "We are Able." The theme hymn is "Are Ye Able, said the Master." Time was allowed to present and familiarize the department with the theme song.

Mrs. Edith Weston conducted the singing. Each person was asked to retain a copy of the hymn.

Mrs. Frye then presented the Western Director, Miss Primrose Funches; the Eastern Director, Mrs. Bertha C. Winston; and the Southern Director, Mrs. Corenne Watts. These persons represent the administrative officers of our department. Miss Funches assists with the finance; Mrs. Watts assists with the newly installed project in visual education. There is to be a visual aid display in the church. All are requested to observe it. Mrs. Winston will assist with the anniversary program plans.

Mrs. Frye announced that sadness had come to one of our members, Mrs. Antoinette Matthews.

State Directors were then presented. There were 19 present. District directors were then presented, and next, local officers were presented. The delegates were asked to remain for 30 minutes after dismissal to be seated by states properly.

Miss Funches announced that no finance would be collected on the church floor, but in committee rooms. Miss Funches stated she hoped

to have permanent chairmen of committees so that each chairman would know what her duties would be in advance. This year the financial goal is $20,000. Instructions were given to the Finance Committee concerning their procedure. Instructions were given to state, district, and local representatives concerning their enrollment fees. Then followed the appointment of committee chairman who were each allowed two secretaries.

Tonight there will be the unveiling of the memorial picture of Mrs. Craig, our late National Director. Each person is asked to contribute $3.00, and their name will be inscribed on the scroll when it is hung in the Hall of Fame.

Delegates' enrollment fee will be $2.00, and this will entitle them to a badge and program. Those who enroll are requested to fill out the blanks correctly so that they may receive the bulletins which will be sent out during the year.

The program will be held this afternoon with the Woman's Convention.

The persons in the pageant are requested to remain after services for organization.

The noonday worship service was conducted by Missess Lillian Hueston, Mo., and Margaret Goodnight, Indiana. The service proceeded as follows:

Opening Hymn, "Are Ye Able, Said the Master."

Prayer and then discussion of the theme followed by the selection, "Only Believe."

The speaker for the service, Rev. E. L. Harrison, Washington, D. C., spoke from the theme, "Are Ye Able?"

He made the following remarks: "Disorganized people are never able to accomplish anything. No person ever escapes the capacity to believe. One may have faith in a purpose, idea or cause, in an image or material drug or in one's personalities. We have more faith than we realize. We mistake the case when we urge one to have faith because it is always there. One may lose faith in a wife, husband, church, or God, but all of us believe in something. Man has to believe whether he wants to or not. Faith gives one the power to attack and win in the great struggles of life. Faith well used obtains victory over the world. When positive faith dies then negative faith takes over. Many try to dodge the fundamental facts.

"Are Ye Able?" Can you solve the problems of life which face you today? May you be able to answer, Yes, Lord, we are able because we believe and all things are possible to him that believes."

Prayer by Rev. Harrison.

Selection, "Only Believe."

Benediction.

Evening Session

Wednesday, September 5, 1945

The Young People's Department of the Woman's Convention, Auxiliary to the National Baptist Convention, Inc., opened the evening session with the singing of "Draw Me Nearer." Mrs. Jessie Riggins, Ind., was counselor for the following girls who conducted the devotional service: Virginia Jager, Edith Campbell. The service was as follows:

Opening Hymn, "Are Ye Able, Said the Master?"
Scripture.
Selection, "Jesus Calls Us."
Prayer.
Hymn, "Let It Breathe on Me."
Poem.

Miss Sarah Columbus presided during the evening session.

Mrs. M. M. Davis, who has spent about twenty years in Africa, was presented as guest speaker. In her discussion she challenged the young people to enter missionary fields. The day is changing, missionaries don't carry long faces anymore. She requested that we, as young people, get together and sponsor a program to help the African people. This can be our foreign mission program.

There was then allowed a ten minute open forum question period. The discussion was very much alive.

Music by the Anniversary Chorus.

Miss N. H. Burroughs, Corresponding Secretary of the Woman's Convention, was presented to make remarks before the unveiling of the picture of Mrs. L. L. Craig. Miss Burroughs wants us to have a National Camp for young people. "I want you to dedicate your lives to fields of service," she said. We who are going to school have the greatest opportunity of any race on earth. Too many Negroes are going to waste. We are to have the faith and the courage and carry on. The future corresponding secretary is going to have a grand and glorious time.

Miss Burroughs then unveiled the picture of our beloved National Director, Mrs. Lethia L. Craig, who gave so much in His service for the young people.

The Eastern Director, Mrs. Bertha C. Winston, was presented to introduce the guests attending this session.

The Young People's Department of the Woman's Convention, Auxiliary to the National Baptist Convention, opened at 10:15 a. m., with the Junior Matrons in charge, Mrs. Grace Hooper, President, presided. All officers were asked to come to the platform.

The praise service was conducted by Mrs. Blanche Wade, Miss., and Mrs. V. B. Floyd, Florida, was counselor.

The minutes of the Wednesday session were read by the secretary of the Red Circle, Dorothy Meekins, Md., and were approved with necessary corrections.

Selection, "Lord, I Want to Be a Christian."

Discussion—"Gearing War Torn Homes for Peacetime Christian Living."

The topic was opened by Mrs. Edyth Weston, Pa., who was chairman. Mrs. Weston presented Mrs. E. B. McGowan, Miss., who discussed "The Home"; Mrs. Bernice McKay, Washington, D. C., who discussed "The Church and Its Part"; Mrs. Henrietta Bearfield, Washington, D. C., who discussed "The Community." At the close of the discussion the following summary was given: The Church, the Home and the Community are the greatest elements for the lasting peace of the world.

Directress Frye commended the young women on the discussion and praised them for serving so beautifully.

The participants of the pageant were asked to remain after the session for rehearsal. The past officers of the Young People's Department were asked to meet in order to organize a Junior Officers' Council. This council will be presented to the Woman's Department on Friday evening, as an important feature on our 20th anniversary.

Mrs. B. C. Winston, Eastern Director of Baltimore, Md., made announcements.

Mrs. Hooper presented the counselor of the worship period, Mrs C. C. Scott, Virginia. The audience beautifully answered the challenge of the theme song as they sang "Are Ye Able," Miss N. Jackson, Washington, D. C., read the Scripture, and Miss Meekins offered a fervent prayer and very softly all sang "Only Believe."

Rev. Harrison, Washington, D. C., was presented to discuss the theme, "We Are Able, Because We Are Willing." Rev. Harrison stated that will power is a necessity for our accomplishments. He summarized the meditation with this thought: We can be what we will if we give Jesus a chance to take a voyage through us. He closed with a prayer.

Mrs. Hooper led the singing of "Are Ye Able, Said the Master." The morning session was adjourned to be resumed in joint session with the Woman's Convention at the Mt. Zion Baptist Church to hear the annual address of Mrs. S. W. Layten and the annual report of Miss Nannie H. Burroughs.

The chairman discussed the importance of service so beautifully until all who heard it thought in terms of the part of young people to serve this present age which is a calling that must be fulfilled.

Mrs. Hooper presented the program of the evening which opened with a selection by the Convention chorus under the direction of Mrs. Grace E. Burt, Washington, D. C. The chorus beautifully sang "Thy Way, O Lord." Mrs. Hesiben of Indiana sang "The Unclouded Day." A very beautiful Chinese story was told by Mrs. Helen Crowell of New York. Mrs. Georgia Jackson, sponsor of the "State Queen's Review Rally," came forth to present the State Queens for the pageant. The chorus sang "Leaning on the Everlasting Arms." Mrs. Clark and Mrs. Barbour took the offering. Prayer was offered by Rev. Williams, the pastor. Each State Queen marched in with her attendants.

Directress Frye congratulated the queens for their reports. She then presented the state directors, and Mrs. Jessie Riggins, Ind., who was the winning director. FRIDAY—Morning Session

Friday, September 7, 1945

The third day of the 20th annual meeting of the Young People's Department of the Woman's Convention, Auxiliary to the National Baptist Convention, Inc., was held at the Mt. Zion Baptist Church, Rev. J. S. Williams, Pastor, Mack and Chene Streets, Detroit, Mich.

The session was called to order by Mrs. Jimmie Frazier of Michigan, Second Vice President, Junior Matrons. "Are Ye Able, Said the Master," our theme song, was the opening hymn. The praise service was led by Miss Larcenia Washington, Mississippi, and Mrs. Grace Burt, Washington, D. C.

The order of the service was as follows: Hymn, Scripture, and prayer followed by the singing of "Love Divine."

Mrs. Frazier then requested all Junior Matron officers to sit on the platform.

The minutes of Thursday, September 6, were read by the Junior Matron's recording secretary, Mrs. Emma McGowan of Mississippi. After the necessary corrections were made, the minutes were approved, after which we were entertained with a solo.

Business for that session included a request from Mrs. Frye that all directors and young people cooperate to their fullest for today we carry a heavy schedule. The time element is to be all important, promptness will be stressed.

We are to begin the session promptly at 2 p. m. At 2:45, the conference period; 3:45 to 4:15, the planning period. The planning period will be used to rehearse for the pageant to be held with the Woman's session. Dismissal will be at 4:15 p. m.

With no further business there was music, "Count on Me."

The topic for discussion and open forum was "The Role of Youth in the Reconversion Period. The participants were: Miss Doris C. Wilson, D. C., Chairman; Miss Pearl Hutchins, Alabama; Miss Helen Leatherwood, Illinois; and Miss Helen Sledge, Arkansas. Some thoughts from the discussion were: Only out of education can come educated leaders who can guide and lead the race in the world. Youth must set a standard in educational leadership. When Christ returns to the earth, he must find youth. The youth in the reconversion period must work. Youth must be kindled on the right kind of zeal. Youth is on the march and will do so to the wonderful peace.

Miss Sarah Hill, Michigan, gave a blackboard demonstration entitled the "Little and the Big End of the Horn Taken From the Maximum." If you want to come out at the little end.

The demonstration also showed that if you go in at the big end, you come out at the little end of the horn all shriveled and worn.

Announcements—Mrs. J. L. Frazier, presiding officers. Miss Funches requested that every one enroll. All officers, young people and states are to enroll. Subscriptions for the Voice, Star of Hope, and the Worker were also urged.

The broadcast from station W. J. L. B. from our young people's headquarters at New Baptist Church to be heard at 10:30 p. m. was also announced.

Mrs. Ross D. Brown and Mr. J. Edgar Brown were each allowed three minutes to introduce vital issues to us. Mrs. Brown introduced a book about the Negro written by her husband, and Mr. Brown urged us to sign a petition to our government protesting the arrest and treatment of our Colored soldiers.

Solo—Miss Augusta Vance, Ohio.

Mrs. Alva Holmes, Washington, D. C., was counselor for the worship service which was conducted by Miss Tiny Kelen, Alabama, and Miss Elenora Cole, Ohio.

Selection, "Are Ye Able, Said the Master."

Scripture by Miss Cole.

Prayer by Miss Kelen.

The theme was discussed by Rev. E. L. Harrison, D. C., subject, "We Are Able Because of Our Resources," from which we draw our strength and power. "I can do all things through Christ who strengthens me." When our nervous strength is exhausted we fly off the handle and lose control, but to lose spiritual control is more chronical than this. Listening to sermons wears him out. He can't reach the ideals set forth, and he says, "O, what's the use." If you are not able do you know where your resources are? Our power is meted out to us day by day. In the spiritual sense we must have certain vitamins or we will die.

Because I believe and all things are possible to him that believeth and know where my resources are, I can do all things through Christ which strengtheneth me.

Prayer.

Song, "Only Believe."

Expression of appreciation to Rev. Harrison by Miss Kelen, followed by a consecration offering for missions and education. Announcements and benediction.

Afternoon

Friday, September 7, 1945

The afternoon session was opened with the congregation singing followed by sentence prayers and a musical selection. There was praise of the Convention session from the adults.

Mrs. Barbour of Michigan was then in charge of the program. The program was opened with singing "Jesus Loves Me," followed by "Are Ye Able, Said the Master," silent meditations and prayer.

Miss Lucille Coswell of Mississippi, rendered a solo, "He Knows How Much You Can Bear." The Sunbeam Band of Michigan rendered a skit entitled "Redeemer's Robe."

"I Am so Glad That Jesus Loves Me" was sung at the end of the skit. A grand march and contest followed. Macedonia Baptist Church won first prize and Corinth Baptist Church won second prize. The total raised was $122.50; $8 was used for prizes leaving $114.50, balance. Then the prizes were presented.

Mrs. Barbour, Mrs. Felton, Mrs. Foster, were commended upon the success of their work.

We were then assembled into a conference and for rehearsal for the pageant.

SATURDAY—Morning Session

September 8, 1945

The Young People's Department opened its session at 10:15 a. m., with Miss Ivy Parks, President of the Red Circle, presiding. "Lift Him Up" was sung followed by Scripture, then the singing of "Yield Not to Temptation." Prayer by Mrs. Velma Edmonds, Illinois, then a poem followed by the song, "Are Ye Able."

After the singing of "Leaning on the Everlasting Arms," Miss Parks presented Rev. Charles L. Dinkins, Director of Christian Edu-

cation, who invited the teaching faculty to the platform. There was an enrollment of 182 in the courses offered.

Mrs. Orlean Davis and Miss Julia Foreman were presented by Rev. Dinkins. They expressed themselves as to how happy they were to have been able to serve in the capacity of teachers in the department. Certificates were then awarded to those who had completed the required work in the courses for credit.

Miss Foreman was presented a token from her class Mrs. Zee A. Barron presented a token to Dr. Dinkins from the Young People's Department for his services.

Dr. Dinkins said that he remains in Nashville for two reasons: First, to serve the vast area of young people of America, and second, to prove to the senior leaders that young people will serve if they are given a chance.

Mrs. Frye came forth to set the house in order for the election, giving instructions and proceedings concerning the election of Junior Matron officers. The president is the only officer who has a four year training period, all other officers are to be elected every two years. Mrs. Frye asked that the officers be elected from the various states rather than a set locality. This would spread the work nationally.

The presiding officer, Miss Ivy Parks, asked for the present officers of the Junior Matrons to be read. Mrs. B. C. Winston served as counselor during the election of officers.

The following officers were elected:

President, Mrs. Jimmie L. Frazier, Michigan

ANNUAL ADDRESS

OF

MRS. S. W. LAYTEN, President

WOMAN'S CONVENTION, AUXILIARY TO THE

NATIONAL BAPTIST CONVENTION, INC.

It seems but yesterday since we assembled in Dallas, Texas (in many regards our greatest meeting), and after many apprehensions, doubts, and limitations, we find ourselves assembled here today by the grace of God in Detroit. May we consecrate ourselves anew to His cause.

Time is often said to 'fly,' but it is not so much the time that flies as it is what wastes it, and wasted time is worse than no time at all. "Hours have wings," and fly up to the Author of Time and carry news of our usage. All our prayers cannot entreat one of them either to return or slacken its pace. The misspents of every minute are a new record against us in heaven. If we really thought thus, we should dismiss them with better reports and not suffer them to fly away empty or laden with dangerous intelligence. How happy is it when these minutes carry up not only the message, but the fruits of good, and stay with the Ancient of Days to speak for us before His glorious throne.

Time indeed is a sacred gift, and each day is a little life. Let us study to know the real value of time. Watch, seize and enjoy every minute, as time is life itself. As I look back over the past years, I regret that my time has not been more profitably used. God help us to use future time more profitably in the new period upon which we are entering.

A Partial Report of My Time for 1944-45

February—Attended the Mid-Winter Board Meeting, which convened in Atlanta, Georgia. The meeting was well attended. The report of the Finance Committee, including the work of the school, was highly commended. Plans and provisions for necessary reports and for operating the school were presented and approved. The Board decided to hold its annual meeting in Nashville in May, at the time of the school closing. (For further information, see the Minutes of the Woman's Convention).

May 26-29—The annual meetings of the Trustees of the Baptist Missionary Training School and the Executive Board of the Woman's Convention were held in Nashville at the Training School. The Trustee meeting gave us reports of the forward movements made in the school during the year. The improved appearance of the school, the cleaning up of the campus, and the refurnishing, etc., stood out in bold relief. If you do not believe me, just ask Sister McGowan, Cornelia Pius, Maggie Arther, Augusta Shaw, Sallie Wade, Cora Haynes and others who spoke in most glowing terms of our accomplishments. We cannot too highly commend Vice President Mapp for her labors.

As has been referred to, Mrs. Brockway's reports on furnishing, supplies donated by the several states, was most gratifying. Reports in a more definite way, I know, will come to you from the business manager and chairman

of Committee on Supplies. All I can say is, we have a great force of wor
ers, which indicates that we will be able to develop the Missionary Bapti
Training School according to the high ideals of Negro Baptist women, a

Women coming from the Western coast, the South, the East and the Nor
showed their interest in the work of the Convention and the planning of
program so much needed at the present time.

As our theme indicates—"Christian Women in the Re-conversion Period
may we take fresh courage and go ahead. The women of the National Baptis
Convention are indeed a great host, and they are going to give service to th
world through their sacrifices and efforts through the Convention for its ob
jectives.

June 27—Attended the reception of Dr. C. C. Adams, upon his return fro
Africa. I will not attempt to comment on his report. His report was thrillin
and inspiring. Read his report for yourself, and you will see how many ne
avenues are opening for the Woman's Convention to enter in supporting th
cause of Foreign Missions.

Missions

According to our Constitution, the working out of the Woman's Conventio
program must be done under the following:

Home Missions
Foreign Missions
Education

That missions should be a vital factor in a church (a convention is but
union or federation of churches) program, is well attested scripturally. Th
last words recorded by Matthew as constituting our Lord's final intervie
with His disciples, are very definite on this point. They are, "Go ye, there
fore, and make disciples of all the nations, baptizing them into the name o
the Father and of the Son and of the Holy Spirit, teaching them to observ
all things whatsoever I command you." It certainly makes it clear tha
Jesus Himself imposed upon the disciples and those coming after them th
task of missionary propaganda.

Home Missions

To me, it seems that whatever we do in our churches or convention wor
as laborers for Christ to improve our homes, our communities, our nation
would be classed as home missionary endeavor. All of our committees, ex
cept Foreign Missions and Finance, would come under Home Missions, Edu
cation and Home Missions interlocking. Follow my line of argument, ques
tion it, and then decide if I am correct. The committee we call Home Mis
sions is an effort of the Woman's Convention to aid the Home Missions Com
mittee of N. B. C. in its prescribed program, and we send to it all money
coming to us so appropriated.

The Committee on New Bodies—Its work is to increase the numerica
strength of the Convention by contacting organizations not heretofore af
filiated with us, and to inspire them to join with us in working in the Lord's
vineyard. Send them a list of your churches.

The Ministers' Wives is a most important department. Their membership
should be rapidly increased in our organization. They are expected to be

aders and instructors. They should be educated or informed in the general
urch and policies of our denomination, and the special phases of the Wom-
ns Convention program. They constitute a special and peculiar leadership.
They should be spiritual-minded, lovable, exemplary, and worthy of emu-
lation, and well informed; helpers of their husbands and informed and
sympathetic with women's problems, especially problems of young women.

District Conventions—This is a great working committee, and has proven
itself a substantial aid in financial support. Its purpose is to help us know
ourselves by finding new Baptist associations, registering them, and thus
augmenting our denominational, spiritual and social usefulness. I cannot too
highly commend its accomplishments.

Deacons' Wives—A new group that can prove of great value by acquainting
their deacon husbands with the program of the Woman's Convention and its
conformity with Baptist usages. They can overcome a lot of prejudice among
those who sometimes think our missionary appeals are only another way of
reaching their pocketbooks, and then cherish all prejudices against all that
refers to home and foreign mission activities.

Child Welfare—"Know ye not that your bodies are the temples of God."
This department's aim is to teach us the sacred purposes and prescription of
health for our physical bodies, instruction in pre-natal as well as in post-
natal care matters. The basis of all future good in post-war planning must
be the result of this department's efforts. It is fundamental. "I love these
little people; and it is not a slight thing, when they who are so fresh from
God love us."

Enrollment Committee—This provides another bit of education—the keep
ing of correct records of all organizations registering with our Convention,
recording names, the state, district, city and church, name of the pastor, the
delegates' names bearing credentials, directing the delegates to Finance
Committee, where its money is to be turned in. This is a training for new
delegates and demonstrates a good system to be used in all states.

Finance Committee—"Our participation in Missions measures our efficiency."
Where your treasure is, there will your heart be also. This committee will
receive your representation fee, give you a receipt for the same. **Please re-
port to these two committees when you first arrive.**

Young People's Department—The special purpose of this department is the
training of young people for service in the church. Their slogan is, "We
study that we may serve and expectantly yearn to do." Such a department,
if properly directed, can play a vital part in training young Christians for
world service, post-war conversion in the Master's vineyard, and it has the
power to move them if brought effectively to their attention in all its thrilling
romance and challenge.

Memorial—Gives the opportunity to record the names and deeds of the saints
who have gone on before and who made it possible for this organization to
exist. We must keep faith with the noble characters who have gone on, or
we will disappoint those who follow us.

Citizenship—This is a sacred privilege not long ago conferred upon the
race American women. I hope this department will impress Christian colored
women, especially us Baptist women, to register and vote. Vote into office
women and men who will give us a Christian and good government. Use
your ballots to secure for our race equal and unabridged citizenship.

State Directors—The chairman of this group has labored to keep its place
secure. State directors can be most helpful in many instances to State prest-

dents, and under direction of State Presidents, may travel or in other ways forward the Woman's Auxiliary program in their states. Let us encourage women who want to serve.

Music Committee—"Music hath charms." "Let everything that hath breath praise the Lord." Ps. 150. Music has a place in worship, and the duty of this committee is educational to help us appropriate this special power in the most edifying way.

Rummage Committee—is a subdivision of Foreign Mission. It teaches us to be thrifty and to cast nothing away that can be used. Our hospital in Liberia was largely built up by the proceeds from rummage sales in America, directed by the chairmen of this department.

Supplies, etc.—Another division of Foreign Missions which, like others of our committees, sprang from lowly life. One of the saints gone home used to collect vaseline, salts and castor oil to be shipped to Africa. This effort gradually grew and improved in method, and then merged with the gift table, and later came under the present directorship, which plans the raising of funds from gifts and special programs, and is proving possibly the largest help to the Foreign Missions Committee.

Recommendations Secures any special suggestions that may be presented by members seeking to help in plans and programs. This committee must be alert to see that no recommendations which are unconstitutional are presented in Convention programs.

Seminary and School Committees are young, but are to work for the increased financial support of the institution for which they are named.

Business and Professional Women's Committee—There are business interests and professional persons which must be encouraged and sponsored by the Convention. Many, many trained young women who specialize desire to serve. State presidents should be alert in turning such young women over to this committee.

B. T. U.—Dr. Isaac has not given us his plan as yet, but we stand ready to be called.

Publishing House—What I have just said about the business and professions of the Woman's Convention is also true of the parent body. There are many business and professional interests involved. That we have a great business department is the pride of our denomination. It has given birth to several progressive departments of the National Baptist Convention, has come to their rescue in times of distress, purchased a great building, well-furnished and equipped; this accomplished because behind all this is a business genius and far-seeing eye. This department wisely took advantage of old Roger Williams University, procured it and adjacent grounds, and we have there now the beginning of a great institution for the education and training of young ministers of our denomination, and also a Missionary Training School for young women. It is superfluous to dwell upon the need of trained Christian women, when the age demands it. Our responsibility is to fall in line.

The National Baptist Convention asked us to assume responsibility of the school, and we most cheerfully responded. We hope to press forward. Are we doing well? Ask the trustees of the school and the Executive Board who met at Nashville, May 26-29. What we saw is most unbelievable. The building was necessarily furnished, many things coming through gifts of Mrs. M. J. Brockway, Chairman of Supplies. The President's home repaired and attractively furnished (personal gifts of Mrs. J. C. Mapp). The perfect clean-

ness and order of the school exceeded expectations. The Fire Department, one of the executive committees of the city of Nashville, went on a tour of investigation and visited our school. They said it was the cleanest institution that had been found in the city of Nashville. The President, Dean and teaching staff of this school are all at work in a most self-sacrificing way—overtime hours not complained of—Mrs. Mapp jumping trains at all times to meet engagements, wherever a dollar could be secured to provide for the wants of the school. (She is heart and soul for the school students with a marvelous spirit of appreciation and faith—all working together. Women of this Convention, this is your work. The age demands your service and support. Let it be said and done to the credit of Negro Baptist women of this Convention that we can and will build this temple of religious educational training, and dedicate it to our great Master, and join hands with Him in making this world a better place in which to live and serve Him. Send us good, seriously-minded students, and support them while there.

Foreign Missions

Not only are church people as a whole changing their attitude toward the whole subject of Missions and changing their attitude toward the task or objectives of Missions, but the missionaries themselves are changing their attitude toward their methods of working to achieve their ends. They see the scope of missionary effort expanding from a simple evangelistic appeal to complicated system of training native leadership for an extensive Christian conquest.

One of the recognized tasks, as well as one of the outstanding achievements of missions, is the educational institutions, training for the future leaders at home, in Africa, in the islands of the sea, and equipping native groups for the work of evangelism among their own people.

I hope every woman of this meeting will secure a copy of Dr. Adams' booklet reporting his recent visit to Africa. It is one of the most thrilling stories of our work in Liberia, and also one of the strongest urges to carry out our Lord's commission. I am submitting the plans of the Foreign Mission Board and comments from Dr. Adams. Read for yourself, and let us review our efforts:

$200,000.00 Budget for the Fiscal Year—July 1, 1945 to June 30, 1946

a.	Overhauls	$20,000 00
b.	African Missionary Operations	50,000 00
c.	Missionaries' Travel from and to Africa	5,000 00
d.	Emergency Fund	10,000 00
e.	Buildings: at Suehn, Bassa, Bendoo, W. W. Brown Memorial Mission, East Africa, Nigeria and Hospitals	30,000 00
f.	Survey, Plans and Assembly of Materials	15,000 00
g.	Equipments	12,000 00
h.	A Station Wagon and Pick-up Truck	4,500 00
i.	Food, Clothing and Medicines	5,000 00
j.	Bahama Islands Building and Work	10,000 00
k.	British Guiana	3,000 00
l.	Reserve on the 10-Year Building Program	36,500 00
	TOTAL	$200,000 00

We made the trip to Liberia to map and plan our work over a long-term period. What we sought to do we feel that we accomplished. To have done less would have rendered such a trip useless. The budget outlined above is a prime necessity to meet a ten-year expansion program in all our fields. If we can get $200,000.00 annually, the reserve will place our resources in a condition where less will be required to be raised each year thereafter, as sufficient money will be on hand to continue the building program for the last five years of the ten-year period.

At the end of the ten years, Suchn, with her farm and rubber pla[nt]s should be self-supporting. Allowance has been made in this budget f[or] work in South Africa, West Africa, East Africa and Nigeria, West Afric[a], expansion of whose programs is now in progress; but for a broader [and] standing and details, we plan a trip to these sections as soon as possi[ble] after the conclusion of the war."

Education

Perhaps the first duty of this committee will be to create a wider cir[cle] of interest in Missions within the churches of our denomination through t[he] Education Committee of the Woman's Convention (to be carried out in [the] local missionary societies), training and using members of our National Co[m]mittee to organize Education Committees in their respective states, and th[en] give them a simple plan so that whatever is done in one state may be worke[d] in all and will dovetail in the work of the Home and Foreign Missions pr[o]grams. I think the Education Committee could with profit have conferenc[es] with heads of these departments. The training of the State Education Co[m]mittees might be accomplished through planned institutes, also endeavor [to] secure the teaching of courses in Missions in all of our schools.

Our Theme—"Christian Women in the New Conversion Period."

Finale—including some thoughts of others worth considering under o[ur] theme.

I Am for Peace—But Study Carefully

Public Hearings on "Peacetime Military Training for Young Men," I unde[r]stand, have now been concluded before the Woodrum Committee on Po[st]war Military Policy and the findings of this committee are favorable.

My reasons for favoring such legislation are as follows:

1. If we as a nation, are to maintain peace through our leadersh[ip] if we are to help police Germany and Japan, we must have armed stren[gth] behind our opinions and this would require our having available at all ti[mes] a trained reserve for our armed forces, to be used when and if necessary.

2. Discipline is necessary for the youth of our country, to teach them h[ow] to accept and utilize our much-vaunted "Four Freedoms" and so, a yea[r] military training with the attendant discipline and physical build up sho[uld] be very beneficial to our young men at that psychological time in their li[ves] when, in most cases, they will have completed their academic education a[nd] are about to assume responsibilities.

3. For many young men ("of our race"), less favored by Providence, [a] year's military training would take them off the streets of our cities a[nd] should certainly help to inculcate in them more objective principles li[fe] they otherwise would be likely to attain.

It should be recognized by the public that there is a vast difference b[e]tween Universal Military Training and Compulsory Military Service. [The] choices for Universal Military Training would not serve as part of [the] regular armed forces; they would not be subject to further compulso[ry] military training; they would not be subject to call for war by our Executi[ve] Branch of Government.

They would, however, be subject to call for war only by Congress. (Copy from "Philadelphia Inquirer")

Negro Women in War Work

In war work there are more than 2,000,000 Negro women performing to-

Some are engaged in jobs calling for specialized skill. Others hold respon[si]ble executive positions. Negro women are working in shipyards, in air[craft] plants, in steel mills and foundries.

They are working on transportation lines, in essential civilian industries, and serving in the armd forces.

At the Brooklyn Navy Yard, in 1942, a Negro girl received the highest [rat]ing of any of the 6000 women who took the Civil Service examination for [Navy] Yard jobs. She rated a grade of 99.

New York's first woman streetcar operator was a Negro woman.

For further information, write for booklet entitled, "Negro Women War [Wo]rkers," recently issued by the Women's Bureau of the United States De[part]ment of Labor, Washington, D. C.

The heads of five nations have signed a plea to their several countries to [make] religious instruction a part of the education of children and young [peo]ple in order to secure lasting peace.

Speaking of the structure of the world organization now in the making, the [hea]ds of the nations said, "It must rest upon the solid foundations of strong [mo]ral and spiritual character in the life of all peoples everywhere. The [wo]rld must look to the church to lay these foundations." Women largely [con]stitute church membership.

The document which has been released by the World's Sunday School As[so]ciation was signed by President Harry S. Truman, King George VI, General[is]simo Chiang Kai-shek, King Gustave and, Queen Wilhelmina.

"The re-education of church members is one of the most urgent tasks fac[ing] Protestantism in this country." "One of the hopeful trends in the church [to]day is the new emphasis upon the place of the intellect in her life. Our [chi]ldren and our converts have been inadequately instructed. This has been [tru]e too often of our ministers as well as for our laymen. We must see that [we] have an inside job of educating our own members—young and old. Our [com]mon lack of instruction for the average church member has been a [sca]ndal"—is the judgment of Bishop James C. Baker, of the Los Angeles area [of] the Methodist Church.

The June Church Woman says, that "American women are the most com[fort]able, most highly educated, most privileged women in the world." Then [our] individual responsibilities are the greatest. We should become so [thank]ful for our American comfort and privileges, that we cannot resist [wan]ting to share every privilege and every comfort with every woman in [our] country and the world. Christian women should spend much time in [se]cret with God.

"Thank God," we say, "the war is over at last." The guns are still. Bombs [plu]nge no longer on their mission of death. Mothers, wives, and sweethearts [can] breathe with unfettered hearts. Our loved ones will be coming home. [The] enemy has been crushed. To Almighty God, for this blessed peace re[stor]ed to a war torn world, a grateful people offer devout thanksgiving and [for] peace with victory, let us thank the All-Merciful God.

To our Christian youth is charged today the great responsibility of sup
ing the necessary answers for tomorrow's future. As was said to them a
recent meeting, "as the world embarks on a new era which may decide
course of civilization fraught with dangerous opportunity and solemn
ligations, for it is the beginning of our test of world leadership and the
swers for tomorrow can be found in the lines of those who have looked
yond the war clouds—largely the youth of the Christian Church, rather
their elders."

RECOMMENDATIONS OF THE PRESIDENT

I recommend that the Committee on Training School and Seminary
pointed by the Woman's Convention shall more seriously consider the
work (purpose), and organize a committee in each respective state direc
by the woman that they nominate at the National, and

I recommend that these make a plan that will reach each local chur
and missionary society, and present to them the needs of the Training Sch
so that contributions for this institution may come in money. Said co
mittees can have a special box for collection just as the foreign miss
does in the Monthly Regulars.

I recommend that each state and community keep in mind the wo
among migrants of every respective state.

I recommend that each committee and department become more alert a
alive to their special work, and that they become better informed about so
agencies, etc., and cooperate with them to develop a high standard of
cellence in their committee.

I recommend that the many services rendered by Vice-President Mapp
the success of the Convention and its program without compensation shall
approved, and that we recompense her by showing our appreciation in
donation for her services.

I also recommend that as the states are able, they will approve and appo
women to carry out the work of our several committees and these committ
be organized in such a way that we can reach women and train them in
objectives and program of the Woman's Convention.

REPORT—NINETEEN HUNDRED FORTY-FIVE!

Detroit—City of miracles in power and transportation—we are inexpress-
happy to greet you in this year of our Lord, Nineteen Hundred Forty-five
e greatest year in world history, since Jesus Christ arose from the dead.
day, the curtain is closing slowly on the darkest chapter mankind has
written—a chapter written in the blood of every race on the planet. It
America, alone, two hundred fifty thousand men and three hundred
BOX dollars, and an army of maimed and crippled and blind, and broken
ks and broken hearts. It laid the heavy burden of taxes upon unborn
erations. It sowed seeds of hate and brutality that will spring up and
fruit far more bitter and far more deadly than wormwood and gall. The
hope for a world prostrated by greed and hate is the religion of Jesus

e old order of race superiority passed this year. When the curtain
on THE WORLD OF TOMORROW, the Christian Church must take the
r of the stage, in the name of Christ; in the name of a common hu-
ity; and in the name of a common brotherhood and preach the gospel
which we shall build a new and a truly Christian society. Christianity
a tremendous—a staggering job on her hands. Her fight is just begun in
rica, and throughout the world.

ristianity must fight for the FIFTH FREEDOM—FREEDOM OF RACE.
t absolute freedom for all races, the four freedoms are nothing but
made sounding brass and tinkling cymbals.

so we come as Christians to this day in world history—a day of su-
opportunity and challenge. A merciful, long-suffering God is giving
tians their second chance to build His Kingdom on this earth, on love
stice.

Christian Church faces a world of greed and hate and injustice. It
therefore, do more than save souls. It must create a world fit for
souls to live in. It is almost impossible to stay saved in a world such as
one we have just FINISHED. Yes, FINISHED—except Africa and India.

that still sit in darkness, pleading with white men to "let my people g
These two great countries are only saved for exploitation.

The stench of ignorance, segregation, injustice and race prejudice ma
us hold our nostrils in Christian America as we pray the Lord's Prayer
repeat the Golden Rule.

Democracies are not built out of second class citizens or on dual educatio
economic and social standards. We are "all out" for justice, jobs and Je
or we are "all in" for Sherman's definition of war.

There is no justice unless it is for all.

It has been well said that justice gained for one is not a gain unless it
for all. Only as the standards of life of the many are raised, can the stand
of life of any be maintained. Only as all men are free, can any man's f
does he secure."

Oh God,

"Thy love divine hath led us in the past,
In this free land by Thee our lot is cast;
Be Thou our ruler, guardian, guide and stay,
Thy word our law. Thy paths our chosen way."

We Salute the Young People of the Convention

Today, the Young People's Department is full grown and going str
Twenty years have passed since we gave them the "Go" and "Grow" s
at our National meeting in Baltimore, Maryland, September, 1925. Under
direction of the late Lelhia L. Craig and her two capable associate direct
the Young People's Department grew.

On this their twentieth birthday, they are waxing strong, efficient and
fective. This Department represents the development of a quality of wom
hood of which we are profoundly proud. There are fine minds and g
souls among them. They have grown rapidly—from timid, shy girls to lea
ers and leaders in their states.

Today, we salute and felicitate them as they enter upon a year fra
with great challenges and great opportunities. It is our prayer that
the youth of the whole world, they may look forward with hope and upw
with courage. Remember, Young People,

"Humanity, with all its fears,
With all its hope of future years,
Is hanging breathless on thy fate.
. . . . . .
Our hearts, our hopes, our fears, our tears
Our faith triumphant o'er our fears,
Are all with thee, are ALL with thee."

Study Classes Attract Progressive Women

It was in Memphis, Tennessee, September, 1942, that the Mission St
Class—that had been conducted by Mrs. Maud J. Brockway—got a brand n
lease on life.

We enrolled 1,119 women at Memphis, and for the past three years,
adult classes have enrolled an average of Nine Hundred women each y
It is a glorious sight to see Missionary women stepping lively early in
morning to get to their classes. Mrs. Brockway is realizing the desire of
heart.

This year, we award the three year attendance certificates. Letters of
preciation, for this forward movement, in training for Christian serv
come in our office from women in every state.

The Negro Church woman has never before had a down to earth program
nstruction and guidance in methods and technique in handling and de-
ping her little Missionary Society. These women have a keen sense of
alue of what they are getting. Many of the States have introduced early
ming study classes. They are following our example.

We must do good work and set a noteworthy example, because of this very
. Our leadership, throughout the country, must prepare itself to teach
people the way of life and teach them as one having authority.

People—Points and Pegs

The Foreign Mission Board of the National Baptist Convention, Inc., Dr. C.
Adonis, Secretary, is gearing for the greatest adventure in its history.
The Secretary has been to Africa to study conditions and needs in the light
AFRICA'S TOMORROW. The Board has accepted the challenge to "al-
empt great things for God" in Africa.
Its first need is for consecrated, ingenious, industrious, farsighted states-
en, teachers, evangelists and preachers, who have definite orders from
d to give themselves to Foreign service. Misfits and failures, at home,
uld not be "wished off" on Africa, or any of our outposts. We need re-
lt getters, career men and women, who know God, love people and who
ow how and are not afraid to work.
The American Negro has a new chance to prove what he can do with a
ogram that calls for the highest quality of service. The Mission field is a
place to dump persons who are unprepared. Unprepared leaders come
gh in the end because they ruin the field and wreck the Board. Ignorance,
ywhere is expensive.
The time has come when the Board should insist that candidates for the
eld have the necessary Background, plus one year of finishing touches in
ecial schools selected by the Board. The gifts to Foreign Mission are a
ered trust, and they should bring rich returns.

"Fields are white and harvest waiting,
Who will bear the sheaves away?"

This year death removed Mrs. F. W. Armstrong, President of Woman's Mis-
nary Union, Southern Baptist Convention. Mrs. Armstrong was one of
e truly great Christian women of our times. Her keen mind, gracious
nner and devotion to the cause of Jesus Christ made her a tower of
ength in the new program of Christian cooperation among Southern Bap-
ts, and in the Federal Council of the Churches of Christ in America.
Mrs. George R. Martin, of Virginia, has been elected president of Woman's
ssionary Union. Like her predecessor, the new president is a woman of
rked ability and clear vision. She has always worked for better under-
nding, cooperation and good will between the races. For that reason,
ginia leads in a definite program of cooperation.

An Explanation That Doesn't Satisfy

The shortage of help has worked a terrific hardship on the Corresponding
ecretary. It is useless to try to explain. We have done more than our best
d to the faithful few, of our office staff, we shall be everlastingly grateful.
ght and day, late and early; we have plugged away, while mail piled high
d complaints poured in. FAITHFUL! is the only word that can faintly de-
ribe the service. If you can do any better, plase come on. God grant that it
ill not always be thus. Thousands of women look to us for instruction.

Missionary Societies Growing

The "Worker" is the cause of the unparalleled growth of hundreds of Missionary Societies throughout the country. The women are enlightened and do their work with greater intelligence and enthusiasm. Information begets interest. Such growth is a direct aid to the entire Church.

The Corresponding Secretary writes all of the material for the "Worker" —not because she wants to, but because she has not been able to find another one who wants to write.

We had to issue the third edition of the guide, "HOW," and another edition of "MAKING YOUR COMMUNITY CHRISTIAN" comes from press October Tenth.

Charts and study books and record and song books are in demand, daily. A few years ago, we had only topic cards and pledge chart for our Societies. Today, we have practically everything they need, to build a Model Missionary Society. It is our hope that we shall find time and secretarial help to produce a new book in 1946.

Institutes and Study Classes

Institutes for Christian workers are being held in nearly every southern state. Woman's Missionary Union, Southern Baptist Convention, is cooperating heartily with the presidents of our State Conventions. This year, because of limitations in travel, the institutes were held in several strategic towns and cities, in each state.

This plan, born of necessity, makes it possible to reach more women. Take the school to the people, when the people cannot come to the school. We shall always need institutes, and our concern now is to produce teachers for them and one good study book.

We must still keep before us the need of our long talked of Summer School of Missions, and some of us still have the vision of a summer camp for our Young People. Just why it takes us so long to go forward with certain things is a sixty-four dollar question. We talk too much about where we stand on certain questions.

"The great thing in this world is, not so much where we stand, as in what direction we are moving." "FORWARD with Christ" should be every leaders slogan. It is impossible to do this unless we study. The people are hungry. We must produce material and programs with which to feed them.

Juvenile Delinquency

The trite phrase—
"These Young People," Has Become a National Alibi

The blame for misconduct should be placed at the door of the person or persons who are responsible, and not upon children. The term Juvenile Delinquency is a misnomer.

Children are not to blame for willful misdeeds, bad conduct and failure of duty. That's what delinquency means. These acts had an early beginning in the home or in ways that parents knew about. Parents are to blame. Only should hold them responsible. They are the delinquents. There are four classes of delinquent parents:

1. The lazy.
2. Those who shirk responsibilities.
3. The indulgent.
4. The socially sinful—who set bad examples.

The greatest social need of today is the need for decent, responsible parents. Now that the war is over, mothers of little children should first do their first duty, and that duty is to learn how to rear children and stay at home long enough to do a good job. Women, who work out all day and run in late at night, cannot rear children.

This is the most neglected generation that ever lived, because they have parental renegades for parents. Rearing children is a divine responsibility. It is a full time job, it is the greatest business in the world. How to make a success of life of the art should be taught in SPECIAL SCHOOLS FOR PARENTS. Otherwise, we shall see no end to juvenile misconduct, crime and waste. Negro children are the worse off of all.

A race that is as far behind economically and socially, as the Negro, will never catch up unless it regards its offspring as its most valuable resource. The gold mine is in our Youth. It has to be cultivated.

Parents who neglect their children are social and spiritual criminals. Every church should organize a "Parents Council" and meet monthly for frank discussion and constructive advice.

What Our Churches Can Do for Their Young People

If Negro young people take to Christian service and ally themselves with the Church, it is because of their pure unadulterd love for God, and not because we have made the Christian religion and the everyday program of the Church attractive.

The Church is now out front talking about "TOMORROW'S WORLD." What are its young people? If the Church is to have a "TOMORROW" there must be young people, active in its service, TODAY. The test of the vitality of any Church is whether it draws young people as active participants in its work.

The reason we are not attracting and holding young people is because we will not give them a regular place in the regular program that is their very own. There is too much unnecessary separation and special programs instead of careful, thoughtful planning together—working together and sharing together.

Believe it or not, there are few young people who cannot be captured for Christ. Senior Christians must make their Church services and their everyday living square with the teachings of Jesus, and we must know how to interpret and relate those teachings to THE PROBLEMS OF TODAY. It is impossible to challenge anybody with "nothing."

Many Churches do not know how to hold young people. Call it strategy, call it anything, but the Church must learn how to attract young people and make their faith vital.

Churches in the same areas should combine and establish and maintain an efficient social ministry to the Youth of the area. Such a Christian center would offer supervised recreation, personal counseling, employment service, weekday religious instruction, community discussion groups and social education classes.

If churches are too shortsighted, self-sufficient, self-contained and selfish to engage in a united ministry of that kind, they are too indifferent and unchristian to be trusted with God's lambs. The whole community is affected by what young people are thinking and doing, TODAY.

It is the business of the Church to help them think clearly and go straight. Yes straight to God—and not to the devil.

Five Great Movements

The only reason that we have slums is because we have people with slum minds. Those who exploit the poor by ownership of houses in undesirable congested areas have slum minds and the people who like to live in squalor are like minded.

1. SLUMS must be wiped out. They are a menace to health; they are good breeding places for crime; they are social millstones; they are children's worse enemy. There is enough land to give every man, woman and child a good street to live on and a decent house to live in.

2. THE FARM TENANT SYSTEM of the South must go. It is a blind alley occupation, if ever there was one. It is a millstone about the neck of poor whites and Negroes. It means perpetual ignorance and poverty. It is undemocratic and unchristian in all of its principles and polices. Why should people live without hope and home in the richest country on the globe. It is simply because Christians do not care.

3. HOUSING. Too many Negroes are piling up in cities like Detroit, Chicago, Washington, New York, Los Angeles. The housing problem is more serious and exploitation is rife.

The American housing pattern will soon reveal that Negroes live in ghettoes. It makes no difference whether the houses are in areas from which whites have fled or in new developments in which Negroes are piled up in "Concentration pounds." The Negro is being set apart from all other citizens, and he is paying dearly for it. Only one thing can be done to stop this definite movement.

The Negro must make his community just as attractive as industry and pride can make it. We have the reputation of running communities down. It is a bad record and nobody can change it except the Negro himself. He can do it.

Negroes must learn trades; they must work with their hands; they must stand on their own two feet; they must buy farms and homes, and go on about the business of becoming first-class citizens. Too many Negroes think that color is their only handicap. The lack of courage and character are the only handicaps to any race. Color is incidental.

The Negro has too much

Unfinished Business

to waste any time thinking about his color.

Civilization is a matter of standards. Poor though we be, we can be clean in living and circumspect in conduct. The Church must get into this community improvement movement and stay in it until we wipe out every excuse for segregation.

EDUCATION. America's dual education system does violence to all the ideals of a democracy. The day must come when there shall be no difference between the QUANTITY and QUALITY of public education provided for Negroes and whites.

The time is here when Negroes must learn useful trades, acquire skill and work wherever they can make a living and make a life. The day for makeshifts and jobs has passed. The lessons from this war, and the implications of what we expect are many, and we must turn these to account without delay.

Nobody is going to make jobs for us—nobody is going to tolerate incompetence. The Negro will have to develop all of his initiative and resourcefulness in order to overcome the relentless competition that they will face from now on.

Negroes must stop looking to the Lord or to white people to do for them what they can do for themselves. Race progress is not retarded so much because of what white people DO TO US as because of WHAT WE DO NOT DO for ourselves.

Industry must set its mind in order. Discrimination in employment on account of race and color spells nothing but trouble and expense for the entire nation. Men are not going to fight for freedom from want and then go back to raking leaves on the WPA, even if Americans are senseless enough to set up that national liability again.

Tomorrow, the Nation must give work to every able-bodied man and woman in the United States, and Negroes must demand their right to work with other men. They will not go back to the demoralizing scheme of "relief from work."

COOPERATIVES. The Cooperative movement in Europe and America will be revived because it is a significant movement for frugal people with initiative and a flare for attending to their own business. It is our hope that Negroes will join this democratic world movement because it is going to have a large place in the world of tomorrow. Study it. There is enough to it to establish the going of poor people who learn how to pool and pull—TOGETHER.

A Prince in Israel Has Fallen

Dr. Walter H. Brooks went to heaven, July 6, 1945. No man in this nation ever lived so long, in active Christian service and wrought and wrote so well in so many fields.

It was Walter H. Brooks' trenchant pen and ringing voice that actually started Negro Baptists in the Sunday School publishing business. He thought, wrote, spoke and moved men to action. The lengthening shadow of his vision stands today—a living memorial at Fourth and Cedar Streets, Nashville, Tennessee.

Dr. Brooks was born a slave in Richmond, Virginia, and died a prince in the hearts of his countrymen. He was the most illustrious alumnus of Lincoln University; the pastor of the Nineteenth Street Baptist Church for sixty-three unbroken years.

At his funeral, pastors of white churches took delight in referring to him as the pastor of all the Protestant churches of the District of Columbia. Ten thousand people passed his bier in tribute. **The Evening Star**, the Capital City's greatest daily, paid high editorial tribute to him.

Walter H. Brooks was truly a Christian statesman, his character was unimpeachable, his mind was an empire; his spirit was divine; his interest in human welfare were global—and without race distinction; his devotion was unselfish; his personality was magnetic; his ministry was unsurpassed; his grace was like that of his Master.

He was profoundly interested in world events to the very last hour. He crowned his long and brilliant career with a book of poems—"The Pastor's Voice"—a perfect picture of the soul of the man. Dr. Carter G. Woodson, the historian and scholar, wrote Dr. Brooks' biography, as the introduction to the book. It is a romance in American life that covers nearly a century and

surpasses Dr. Booker T. Washington's "Up From Slavery." He gives h
reaction to the world's greatest handicap—color prejudice, in these immort
lines:

I'm not ashamed of what I am,
The spirit is the man.
What others have attained unto,
By grace of God, I can.

. . . . . .

As a member of the Nineteenth Street Baptist Church, Dr. Brooks was
marvelous inspiration, a never failing Counsellor and a faithful supporter i
all of my major undertakings.

All through the war we talked, voted and legislated for fair employment
Negroes enjoyed only a modicum of employment, based on "Fair Practice
But there must come justice and jobs through skill and fidelity to duty. Th
Negro must make this achievement his major economic objective.

If Negroes have new ideas for new improvements and have the ability t
put them to work or in concrete form, the world will take them and pay fo
them.

America has more power (the atomic bomb), more wealth and more rac
prejudice than any nation on the earth. These spell death, unless this natio
becomes too Christian to use them to keep men in fear of her, instead of i
fear of God. If she does create fear and destroy human personality by pre
udice, she will throw away a supreme chance to be righteous and to becom
truly great. It is "not by might nor by power, but by my spirit saith th
Lord."

The nations and races of the earth must go up together or they will surel
go down together. This is the day in which the Christian Church must go
"all out in a program of spiritual and social expansion. Brotherhood and th
Kingdom is its goal.

Christians must put everything they have in this enterprise. Men of mind
and might must set the woods on fire with the message of salvation. The mes
sage that John the Baptist gave over two thousand years ago is just th
thing for this day—Repent! "Repent for the Kingdom of God is at hand."

Jesus speaks to the evangels of earth today and says, "thus it becometh
us." The fullness of time has come. We must "fulfill all righteousness"—
Justice—Jobs—and Jesus—that's the answer to all of the ills of the world
Anything less than this is only a prelude to a future war.

Every Christian in America should speak out as one man declaring "it shall
not happen again." Vengeance belongs to God.

The Christian host is here for no other purpose than to:

"Enlarge their plans and gifts
And help the Kingdom come,
In such a time as this."

. . . . . .

I suggest that you read this report carefully. It contains a number of
practical suggestions. Some of them are well worth trying in your Home, in
your Church and in your Community.

This is not just another speech, it is a plan—for action. Enlarge upon it.
Light up your life. Let no one here stand idly, saying—

"There is nothing I can do,
While the whole world is in need—
In need of YOU."

RECOMMENDATIONS

A Post-War Program for the Good of ALL RACES

1. Public School education made available and compulsory for the Youth of the entire nation.
2. Public Funds for special training in useful trades and essential occupations.
3. Improvement of home life—urban and rural.
4. Enlistment of Youth in Social and Christian Service.
5. Make public Libraries and public recreation available to all the people.
6. Abolish Poll Tax and discriminatory laws.
7. Make teaching and practicing the principles of the Christian religion, the "all out" business of the Christian Church.

To initiate and develop these objectives, each Church, organization or com-
unity should appoint a "Post-War Committee" of five or seven interested,
pable persons, who will take this opportunity as a Christian, and citizen-
p responsibility.
By working vigilantly on this seven point program we will make a world
to live in.

Philadelphia, Pa., May 16

[A]t the appointed hour and place, the Woman's Auxiliary of the Eastern [Reg]ional Meeting of the National Baptist Convention was duly called to or[der] by President, Mrs. S. Willie Layten, who invited to the platform all [the] presidents, and participants on the Welcome Program. Doxology was [en]thusiastically sung, led by acting Secretary Jones from Arkansas. The [23rd] Psalm was repeated in unison, led by Mrs. M. M. Arter of Washington, [D. C.] who also led in a very fervent prayer.

President Layten then gave the opening address of the meeting which was [very] timely and unique, after which she presented Mrs. E. P. Matthews, [Pres]ident Eastern Pennsylvania District Woman's Convention, who had [charge] of the Welcome Program which was as follows:

Opening Remarks—Mrs. E. P. Matthews.
Welcome on behalf of New England Woman's Convention—Mrs. E. B. Hol[land] of Rhode Island.

Welcome on behalf of the Young People's Department of Philadelphia—Miss [Ch]arlotte Ross, Director.
Welcome on behalf of the Missionary Society of Mutchmore Baptist Church [—M]rs. E. W. Allen.

The addresses were very fluently delivered, which were graciously re[ceived] by the delegation.

Responses—

On behalf of the Woman's Auxiliary—Mrs. W. M. Grimes of Detroit.
On behalf of the Young People's Department of the Eastern Regional—Mrs. [C.] Winston of Baltimore.

[Com]munications were read from Mrs. M. T. Sinclair, President West Virginia [Wom]an's Convention, and Mrs. Annette H. Inspirational Address, "Thy Will Be Done," based upon Revelation 21:14, ... forcefully delivered by Rev. W. M. Harvey, III, who also closed the ... song message with a prayer.

Solo, "Thy Will Be Done," Mrs. Cora Washington. Closing words of the ... worship period were given by Rev. Robinson, Pastor of Church in which we ... were assembled, exhorting us to follow the general theme of this devotional ... period, also expressing his delight of our meeting in the temple of the ... church where he pastored. At this time, Mrs. Matthews turned the gavel ... back in the hands of President Layten who spoke very commendably of the ... fine devotional period of the morning, and admonished Christian woman... hood to be on the alert in doing relief work to the wounder soldiers upon ... their return and then announced a special committee to visit the Eastern ... Regional Meeting (Brethren) and make an appeal for our Traininig School. ... The committee consisted of Mrs. M. B. Jones, Mrs. Edna Lewis, Mrs. Edna ... Morris and Mrs. E. P. Matthews. At this juncture, Mrs. E. C. Wilkerson of ... Maryland, gave a resume of the Dallas, Texas meeting, giving as high points: ... The worship or devotion periods which so impressed her to the extent that ... she would decide not to miss any of the following devotionals: The ad... dresses and annual reports of President Layten, and Corresponding Secre... tary Burroughs as keynoters; also paid a glowing tribute to the Woman's ... Auxiliary, for retaining our own President Layten through all the years ... since the organization of the Woman's National Convention. The Young ... People's Department was represented by Mrs. Etta Versa Frye, National Di... rector. It will be remembered that Mrs. Frye succeeded the late Lethia L. ... Craig who served as National Director for years. The speaker spoke of the ... adjustments that had to be made during this period, and among the high... lights was that a memorial would be established in honor of Mrs. Craig, ... which would be in the form of a scholarship. In the first venture, the young ... people realized $1800 which is to be used for religious education, and that ... the courses in this field are being outlined. Mrs. Frye urged the building of ... more young people's departments in local missionary societies, districts, ... and states, in order to have a strong national group of young people, and ... also stressed the value of visual aid. Mesdames Gregory of New Jersey; ... Chappelle of New York; and Crawley of Maryland; were introduced and ... made brief talks of interest. Mrs. Wilkerson made a strong plea for co... operation with the Young People's Department. Mrs. W. L. Ransome of Vir... ginia spoke in the interest of the Presidents' Council and Conference stress... ing some of the things which should be encouraged, such as the World's ... Day of Prayer, and the cooperation of state presidents in visiting each other

to give stimulus to our national work. Mrs. Chappelle gave an interes
review of the Atlanta Mid-winter Board, and of the inspiration as well as
formation gained thereby. The District Conventions Committee Chairm
Mrs. Mayme B. Jones spoke in the interest of the Northeastern part of
U. S. A., representing more largely in the National Woman's Auxiliary C
vention through the district organizations. The Business and Professio
Women's Commitee was represented by Mrs. Pansy Borders of New Jer
who also spoke on interracial understandings, of the objective of the
ganization, and its methods to carry out the program—one of which wa
the effect that Protestant churches should encourage business and professio
people to become interested in the program of interracial attitudes; the
program now outlined is to go to all religious groups. She urged
churches encourage the formation of interracial groups beginning w
child welfare groups. Mrs. J. P. Barbour sang "Hark the Voice of Je
Calling." Mrs. Ruth L. Bennett, Chairman Enrollment Committee, Natio
Woman's Auxiliary Convention, made a plea for enrollment of more missi
ary societies and individuals in this Regional Meeting. Mrs. M. J. Brockw
made a strong appeal for supplies to meet the needs of our National Bap
Missionary Training School, and explained in detail her plans of raising
$5,000.00 quota for Supplies and Needs Committee in the September, 19
Convention, in Detroit, and urged each state president to support schol
ship for students in the Training School—and showed how it could be d
—which appeal was followed by many supporting the suggestion. Mrs. E.
Frye also stressed the importance of having a unified course of study, a
using our denominational literature as much as possible. Mrs. Barbour
in singing "I Must Tell Jesus." The Finance Committee reported $276.
had been raised in the Woman's Department in this Regional Convention.
motion, the report was adopted. Mrs. Bennett then spoke of the need of m
sion circles in New York City and Philadelphia, two of our largest cities w
a minimum representation of less than thirty per cent, and suggested that so
plan be devised to have these two big cities more "National Baptist Conve
tion minded." The suggestion was favored by the president, who asked t
Sisters Bennett and Matthews work out a plan to arouse a greater inter
for our national work in these cities. A motion was made by Mrs. Brockw
that a vote of thanks be tendered President Layten, Mrs. Matthews, and
others who had helped to make our stay in this meeting a most pleasant o
for it is believed that the meeting served as an inspiration to some to do m
for our great denomination throughout America. "Blest Be the Tie" w
feelingly sung. Closing words by President Layten. Dr. S. D. Ross
Michigan, pronounced the benediction.

MESSAGE FROM DEAN MARSHALL A. TALLEY TO THE WOMAN'S CONVENTION, AUXILIARY TO THE NATIONAL BAPTIST CONVENTION, U. S. A., INCORPORATED

A God-Conscious World—The New Challenge of Religion

We are living in an age of a science-minded world. Everything is measured by the yardstick of science. But science has no moral essence, no divine revealing technique, no spiritual dynamic or dominant social corrective. Hence, our science-mindedness has led us into great rational and material heights of marvelous, material and factual experiences without introducing us to God. Science introduces us to nature; finds her marvelous potentials; reveals her vast fountains of energy and systems of laws. Science organizes these energies, uncovers nature's vast stores of wealth and other innumerable resources for human utility and control.

Science has put steam in our engines, wings upon our aeroplanes, speaking power in our radios to make inanimate things act like human beings. Science cannot reveal God. The Psalmist in nature meditations, found that "The heavens declare the glory of God and the firmament showeth his handiwork." Truly nature does declare God's glory and reveal the mysteries of his handiwork, but not God. The material unincarnated with the divine spirit cannot reveal the immaterial, nor the finite the Eternal.

Since the realms of science are limited to the realms of the material, we should carefully observe that our advances are only material advances and that our God-consciousness, or righteous-mindedness has not kept pace with our science-mindedness. Our heads have out-run our hearts. Science class rooms have out-taught the Church. Thus, our world is materially top-heavy and morally and spiritually undertone. Therefore, our culture is in a state of crisis because our moral and spiritual resources are not able to regulate or control our material or scientific forces, machines and energies. Like the atomic bomb, such energies are savagely destructive without God-conscious control. A science-minded world is, therefore, hostile to God and to the ultimate welfare of mankind everywhere. Unless the God-consciousness of our world is at least lifted to the level of our science-consciousness, we are doomed to a new paganism and scientific savagery unheard of in history.

Jesus anticipated this great world need and crisis. Before departing from his disciples, he assigned unto them the world task of making a God-conscious world and directed them to use the greatest dynamic of all ages, the dynamic of teaching: "Teaching them to observe all things whatsoever I have commanded you." From a distracted world comes a call to the Church: "Give us a new dynamic that will control and destroy the energies of death and of evil which a science-minded world has released to the terrors of hate and war and death." In answer to this prayer the Church is challenged for a teaching process that will change the minds of men to think in terms of life and peace for all mankind and not in terms of death.

For 25 years the women of this Convention prayed that the thousands of Christian women who come to this Convention could be trained in the ordinary endeavors of home and church work in order that they may return to their respective churches and lift up a standard for the people. Thank God, that the prayers of these dear women are being answered. Today women by the hundreds are rushing to classes at seven o'clock each morning to get inspiration and information to return to their respective churches, to lift up new standards for the people. It is impossible to relate how far-reaching will be this power in the life of the denomination. This new advance in the Woman's Auxiliary of the National Baptist Convention is an all-out endeavor to win millions of souls to Jesus and to service in his kingdom. It is a mighty and an unprecedented crusade to give Jesus a righteous-minded world. We solicit the cooperation of every Christian woman in the land to let her support be felt in facing this challenge.

REPORT OF MR. CHARLES L. DINKINS

Detroit, Michigan, New Mt. Zion Baptist Church
September 8, 1945

Mrs. S. W. Layten, President
Mrs. J. C. Mapp, Chairman
The Educational Commission, Woman's Convention
Detroit, Michigan

Dear Christian Friends:

Please find herewith a report of the work in Christian Education done in classes at the meeting of the Young People's Convention at the New Mt. Zion Baptist Church, Detroit, Michigan, September 5-8, 1945.

After viewing carefully our work for the week, we have found that the courses must be declared successful in every respect. A very competent staff of persons has served faithfully during the week.

After our meeting at Dallas last year, it was thought advisable to separate the young people from their leaders in the study courses. Last year there was some misunderstanding about the attendance at the meetings, and plans for classes to be offered were based on the thought that only young people would attend. After seeing the large number of youth leaders in attendance we decided to offer classes especially for them this year. This innovation into our planning has proven most successful.

Six study courses were offered this year, distributed as follows:

For Young People:

Course 110a Personal Religious Living
taught by Miss Orlean Davis
Course 130a The Meaning of Church Membership
taught by Mrs. Blanche Carter
Course 142a Planning and Leading Group Worship.
taught by Miss Julia Foreman
Course 316a Christian Youth Building a New World
taught by Mrs. Henrietta Bearfield

For Leaders of Young People:

Course 310a Understanding Youth
taught by Mrs. Luella Mixson
Course 313a Planning a Young People's Society Program
taught by Mrs. Edna B. Bronson

Our administrative staff was headed by Mrs. Maude B. Holt, with Miss Juanita Nash and Miss Mary Lee Miller as assistants.

One hundred eighty-two (182) persons enrolled for the work, and enrolled in classes distributed as follows:

Course 110a-33
Course 130a-11
Course 142a-44
Course 310a-26
Course 313a-32
Course 316a-36

The interest in the educational work of the Convention is manifested in the way that the young people and their leaders respond to the classes. Persons were ready to enroll when the registration started Wednesday morning. A large number were present in classes when they began at 7:30 in the morning.

A financial report for the Education Department is attached on a separate sheet. A total of $91.00 was collected in enrollment fees.

Much credit should be given to Mrs. J. C. Mapp, Chairman of the Educational Commission, which is responsible for these courses in the Woman's Convention, and to Mrs. Etta Vera Frye, National Director of Young People, for their untiring efforts to make these classes successful. It has been a pleasure to work with these persons during these two years, and we are looking forward to another fine relationship next year.

A new day lies ahead for denomination. Through the study classes as we have had here and elsewhere, leaders are being trained for efficient church work. The results will be felt throughout our work. May the Educational Commission continue the fine work that it has begun, and may it encourage State and District Conventions to adopt study periods as a regular part of their annual programs.

Respectfully submitted,

CHARLES L. DINKINS, Director of Courses

NOTE: Many courtesies of various kinds were extended to delegates and visitors during the annual session by the state, city, groups and individuals, all of which were appreciated by the Convention.

NOTE: If there be omissions or errors in any part of the records of the Detroit Session of the Woman's Convention, it is or they are unintentional and are due to the fact that the almost sudden demise of Mrs. J. C. Mapp, Chairman of the Finance Set-Up, prevented from finishing her report and same had to be made from records found in, on or around her desk.

Reports from the Music Committee, Enrollment Committee and Historian were unavailable, because same were not turned in to the Chairman.
