*Call for a National Convention of Colored Baptists

Dear Brethren: April 5, 1886, an open letter to the Baptist clergy and laymen was issued by Rev. Wm. J. Simmons, an American Baptist, asking if we should have a National Convention to discuss questions of interest to our beloved denomination. At that time the following reasons were given:

1. To promote personal piety, sociability, and a better knowledge of each other.

2. To be able to have an understanding as to the great ends to be reached by the denomination.

3. To encourage our literary men and women, and promote the interests of Baptist literature.

4. To discuss questions pertaining especially to the religious, educational, industrial, and social interests of our people.

5. To give an opportunity for the best thinkers and writers to be heard.

6. That, united, we may be more powerful for good and strengthen our pride in the denomination.

Having been solicited to write the Call by many whose names and endorsements are hereunto affixed, the Call is hereby made by their advice and solicitations for said convention to meet in St. Louis, Mo., August 25, 1886, 10 o'clock a. m., in the First Baptist Church, and the pastor thereof is hereby requested to serve as a Committee of Arrangements, with power to select his associates.

Wm. H. Steward, Louisville, Ky., and Rev. R. H. Cole, 2609 Goode Avenue, St. Louis, are hereby requested to serve as a Committee on Transportation.

WM. J. SIMMONS.

The chronological report in our National Baptist Minutes is hereby corrected, viz.: The parties as they appear below were officers of the Foreign Mission or National Educational Conventions, as were their predecessors. Said conventions merged into the National Baptist Convention in 1886 or met co-jointly with it, or otherwise.

GREETINGS:

We are assembled here today in our Twenty-eighth Annual Session our effort to carry on, we realize that our great church has greater poten power than any other single agency. We are members of a great and po ful fellowship with the laity constituting more than 99% of the church m bership. The laity provides the church with its most natural and gre channels through which it can make the claims of the gospel known to

Viewing the work of the church as both personal and social, men coming to realize that the church cannot perform to the great task that s it until it has faced the task of enlisting the men.

The very nature of the life that we live demands organization, and realize that the only effective way to achieve desired outcomes is thr well planned organization, hence the Laymen's Movement is stressing bringing together the Baptist man power of the church and channelling through meaningful and purposeful laymen leagues throughout the com in an effort to inspire men to support the total program of the church, l community, denominational and world-wide.

The response on the part of the men has been most gratifying; ind from the many newly formed leagues; the constant requests for informa on the part of ministers and laymen on how to organize.

The sustained growth of our national organization gives us hope for future.

We have attended a number of district and state meetings, and we are called upon by the men of the nation to come to them in the interest of the National Laymen's Movement. We were selected as an accredited delegate to the Constituting Convention forming the National Council of Churches at Cleveland, Ohio, November 1950, by the United Stewardship Council of which we are members.

The National Laymen's Day program was observed on the third Sunday in June this year. The day is growing in popularity each year.

In order to foster and encourage the rapid growth and development of the National Baptist Laymen's Movement of this denomination of America, we deem it necessary to endorse a national journal as an official organ of the laymen's work and activities. Therefore be it

Resolved, that we endorse such a paper to be known as "The National Baptist Layman" for one year.

The journal shall function through an editor and staff with regular staff meetings. Its policy is to promote the ideals of Christian education, and to acquaint men with their Christian responsibilities and loyalty to the church.

The ownership of the journal shall be vested in John H. Sears of Cleveland, Ohio.

It will be against the policy of the paper to indulge in controversial denominational issues, and if it should carry advertisements they must not be of an offensive nature and contrary to Christian thinking and practice.

As far as the National Baptist Laymen's Movement is concerned, there will be no financial obligation in the organization for the paper, and the Laymen's Movement will not be responsible for any of the paper's debts.

Mr. John H. Sears will assume all financial obligations of the paper.

### SATURDAY—Morning Session

Other Regional Directors submitted reports as follows: Frank L. Snyder, Joseph Hackett, S. H. Fowler, Sr., Jno. H. Johnson, P. B. Stewart, J. C. Moses, Elmore Baker. These reports were approved.

The report of the Finance Committee was submitted and adopted. (See Report.)

### Report of E. L. Thompson, Director of Region No. 2

Mrs. President, Officers and Friends:

Again we come to another milestone in the history of the laymen's Convention. Many things have transpired since our meeting in Philadelphia, one year ago, and we have come here to this session to give an account of our stewardship. Whether we have been just in our dealing, only God knows. I am proud to be able to report that I have organized a League in Trinity Baptist Church, Pontiac, Michigan, with 33 members, and one at New Bethel Baptist Church with 24 members. Both these churches are building, but they promised to be with us 100 per cent next year. Indeed, Trinity represented with $5.00 here this year.

All this was done in Pontiac, my home town. My prayer is that this report may have its desired effect in the lives of all of us.

Yours for Christ,

E. L. THOMPSON

## HOW FINANCED

At its Annual Session held in Los Angeles, California, on September 10, [19]49, the National Baptist Convention, U. S. A., Inc., by Resolution unanimously adopted, authorized the proper officers of the Convention, and or the Sunday School Publishing Board, and or the Finance Commission of the Convention to borrow from time to time such funds as might be found necessary to repair, renovate, and equip the property, formerly known as the Solomon of Union Building, at Hot Springs, Arkansas, and recently acquired by the National Baptist Convention, U. S. A., Inc.

Since neither the National Baptist Convention, nor the Sunday School Publishing Board, had available the funds with which to carry out this order of the Convention, we again sought the assistance of Blandya, Inc., Agency Atlanta, Ga., L. B. Blayton, President, and L. D. Milton, Secretary-Treasurer, which Agency had come to our assistance previously in refinancing

We were again fortunate in getting favorable consideration, and the ... sistance of Blamiya, Inc., in negotiating a Loan and securing the finances ... begin this mammoth task.

(1) On January 31, 1950 a NOTE was executed by the proper officers ... the National Baptist Convention, U. S. At the same time a note was executed to Blamiya, Inc., of Atlanta, Ga., ... $50,000.00 payable in installments of Fifteen Thousand ($15,000.00) dol... each quarter beginning June 10, 1950. (2) On October 1, 1950, through ... intercession of President D. V. Jemison, and the Finance Commission, ... Foreign Mission Board, N. B. C., Dr. C. C. Adams, Secretary, Rev. Marsha... Shepard, Chairman, again evidenced its interest and confidence in the lea... ship of the Convention and granted a Loan of $30,000 to the Conven... payable in annual installments of $6000.00 with 4% interest.

(3) From time to time the Sunday School Publishing Board has gra... loans to assist in the financing of this project.

## REPORT OF AUDITOR

### (For Year Ending June 30, 1951)

Oklahoma City, Oklahoma, September 6, 1951

Dr. D. V. Jemison, President
NATIONAL BAPTIST CONVENTION, U. S. A., INC.
And, To the Boards, Commissions, Departments,
Officers and Messengers Assembled in Annual Session
Oklahoma City, Oklahoma

Ladies and Gentlemen:

We hand you herewith audit report of the National Baptist Convention, U. S. A., Incorporated, its Boards, Schools, Commissions, Departments, and Officers for the fiscal year ended June 30, 1951.

Our comments which follow this letter coupled with accompanying exhibits and schedules analyze the financial condition of the Convention at June 30, 1951, and its operations for the fiscal year ended on that date.

In our 1950 audit report, we called your attention to the constantly increasing burden placed on our office because of the general growth of the Convention and the rapidly expanding services which it undertakes to provide its constituency, and to the religious life of America. Probably this expansion has been more pronounced during the year just closed than during any previous like period. This was due in large measure to the close and detailed attention which we were required to give to the completion of the Sanitarium-Bath House project in Hot Springs, Arkansas, and its implication as a profitable economic unit of the Convention.

Officers and agents of the Convention and its many units have been very cooperative with us in our work. A few departments handling relatively small sums of money did not, however, submit their books and records for review.

The fiscal affairs of the Convention continue in a generally healthy condition in spite of increased costs in certain units. The drain which the development of the Hot Springs project imposed upon the revenues of some of the large units has been felt all along the line. Now, that this project will be able to carry its own load, and help with those of other units, the drain will not be as bad hereafter.

Respectfully submitted,

## COMMENTS

### Consolidated Balance Sheet

It will be seen from a study of the Consolidated Balance Sheet that the combined assets of the Convention and its instrumentalities increased by approximately $416,000.00. But, included in this increase is the recogaition of revaluation set on the machinery and equipment of the Sunday School Publishing Board of $300,000. This increase has not been reflected in the individual Balance Sheet of that Board, but has been included in the Consolidated financial statement of the Convention as a whole. Other significant items making up this growth in total assets is an amount of approximately $177,000.00 representing additional cost of renovation of the Hot Springs, Arkansas project. Actually there was a decrease in the unassigned surplus of about $33,500.00.

Particularly, the Convention's attention is called to the decrease of some $16,000.00 in the current assets of the Convention, and an increase of some $115,000.00 in its current liabilities. This, too, was caused by the strain which the Hot Springs project imposed upon the Finance Commission and the Sunday School Publishing Board.

It is recommended that the Board of Directors of the Convention, and the Finance Commission consider the advisability of an approach to the Foreign Mission Board, and perhaps to the Woman's Auxiliary Convention seeking some temporary relief from this extremely awkward working capital position. Your auditor has been advised by the Finance Commission that it will be its purpose, acting for the Convention, to seek long term financing to cover expenditures made in Hot Springs on the project. If this were done, and if the Foreign Mission Board and the Woman's Auxiliary Convention had made available their fluid assets to the Convention on a temporary basis, then those funds could be restored to the appropriate subsidiary groups. If advances or loans should be made to the Convention mentioned, the Convention's attorney, and the legal representatives of such subsidiaries should prepare proper credit instruments as they might find appropriate for the safeguarding of the entities involved.

The above recommendation is made for the reason that the subsidiaries appear to have funds which are not currently employed, except in some cases for the production of interest returns. The small interest realized at present from these investments and savings accounts could not be compared with the benefits which would flow from the fund uses herein suggested. It must also be borne in mind that should long term financing be found in amounts sufficient to achieve the results sought, considerable financing charges might result. Certainly, financing costs are usually in direct proportion to the stress under which the borrower finds itself.

It is also pointed out here, even if repeated elsewhere in this report, that the Hot Springs project is now complete and well established on a profitable basis. Thus, this unit should be able to restore to the Convention and its subsidiaries whatever funds might be found necessary to relieve the present pressure at a rather rapid rate. The project is presently under able business management.

### The Finance Commission

Since the entire Hot Springs project has to do with operations of the Finance Commission, no detail report is submitted for that unit. When all financing is completed, the auditor will file with the Board of Directors of the Convention a detailed accounting for the project. Already, a complete audit of the general contractor's accounts concerned with this project has been concluded and filed with the Finance Commission.

### Summary Profit and Loss Statement

During the year closed June 30, 1951, the Convention operated three units which could be regarded as revenue producing departments or boards. Two of these, the Sunday School Publishing Board and the Baptist Training Union Board, are corporations. The other commercial type unit is the Bath House—Sanitarium at Hot Springs, Arkansas.

The operating results of these units are set forth in an accompanying exhibit, called the Summary Profit and Loss Statement—Business Boards Only. These results are portrayed percentage-wise as follows:

| | Sunday School Publishing Board | National B. T. U. Board | National Baptist Sanitarium Bath House | 1951 Combined | 1950 Combined |
|---|---|---|---|---|---|
| Sales | 100.0% | 100.0% | 100.0% | 100.0% | 100.0% |
| Cost of Sales | 54.1% | 42.2% | —0— | 48.2% | 52.2% |
| Gross Profit | 45.9% | 57.8% | 100.0% | 51.8% | 47.8% |
| Selling Cost | 18.7% | 21.4% | 80.4% | 23.3% | 17.6% |
| | 27.2% | 36.4% | 19.6% | 28.5% | 29.2% |
| General and Administrative Cost | 18.1% | 23.1% | —0— | 17.9% | 18.0% |
| Net Operating Profit | 9.1% | 13.3% | 19.6% | 10.6% | 11.2% |
| Other Income—Net | 1.1% | ( 0.5%) | —0— | 0.5% | 0.6% |
| Net Income | 10.2% | 12.8% | 19.6% | 11.1% | 11.8% |

It will be seen from the above analysis of the sales dollar for the units that they are all producing a reasonable return on the sales volume. Certainly, these returns are good when related to the capitals exposed. In the case of the Sunday School Publishing Board, after eliminating from its net worth the amounts owed to it by the National Baptist Convention, U. S. A., Inc., and other affiliated units, the net profit of $56,268 is approximately 50% of the board's exclusive net worth. The $10,775 net income figure shown by the Baptist Training Union Board amounts to slightly more than 25 per cent of its net worth. The Bath House—Sanitarium was less than five months in operation during the fiscal period just closed. Its rate of yield is slightly more than $2,000.00 per month, on the average. At this rate, the unit will yield approximately 5 per cent on the Convention's investment. It should be borne in mind, also, that more than half of the months which the unit has operated are regarded as dull months for the type of service offered. Also, the reader is reminded that this was the first period that the Bath House—Sanitarium was operated at all; hence, its existence, and particularly, the services offered by it, were practically unknown throughout the country.

When the operating results for the fiscal year closed June 30, 1950 are compared with those of June 30, 1951, it will be seen that they are practically the same. In 1950, the overall net income amounted to 11.7 per cent of sales. In 1951, this item amounted to 11.1 per cent of net sales.

Since the Bath House sells services for the most part, it is hardly scientific to compare its results percentage-wise with the other two business units.

The operations of the Bath House—Sanitarium have been separated into three departments for accounting purposes. These are, the Bath House, the Hotel, and the Restaurant. The first two departments showed reasonable

incomes, but the restaurant operations resulted in a loss. Your auditors have been informed by the management that efforts are being made to lease the restaurant to some capable person, thus, avoiding the loss which, in our opinion, will result every year—if operated by the Convention.

**The Sunday School Publishing Board**

Costs continued high. Gross revenue rose slightly, but the net profit was approximately what it was in the fiscal year, 1949-50. The unit is efficiently managed, particularly, when considered in light of the fact that the development of the Hot Springs project drew heavily, not alone on the funds of the Sunday School Publishing Board, but as well, on the time and energies of two of its principal executives. The working capital position of this board grew progressively worse during the year just closed. This was due primarily to the fact that amounts aggregating more than its total net worth were made available to the National Baptist Convention (Finance Commission) for use in the Bath House project. Practically all of the current indebtedness of this board arose in this manner. The records of the Board are maintained in excellent condition by highly competent persons.

**The Baptist Training Union Board**

This Board continues to show good operating results. Its financial records are improving.

During the year just closed, the matter discussed in the 1950 audit pertaining to the debt owed to the Board by the Clarion Printing Company was satisfactorily cleared up. The Executive Secretary agreed to pay the Board $5,000.00 in full settlement of the item. He executed promissory notes to the Board in a manner satisfactory to its attorney.

Generally, the affairs of this board are efficiently conducted. During the year, the Secretary forwarded to the Treasurer of the Board funds as shown on the Balance Sheet. This was in obedience to a provision of the by-laws which were promulgated and adopted at the adjourned session of the Convention in Hot Springs, Arkansas. Perhaps, it would be well for the Board to re-examine that provision of the by-laws which requires the secretary to remit to the Treasurer all funds in excess of $500.00 which are not immediately necessary for the orderly functioning of the Board. Proper safeguards should be insisted upon for the handling of the Board's funds, but the Executive of the Board should not be handicapped by the Board's attempt to provide those safeguards.

**The Bath House—Sanitarium**

The renovation of the building which houses this unit has been completed at a cost of more than $550,000.00. Of this amount, $175,000 represented the price which the Convention bargained to pay for the structure as it stood before remodeling and renovation.

The building has been completely remodeled. It is now a strictly modern structure, well suited to its purposes. Its furnishings compare favorably with those found in America's leading hotels.

The contractor's records have been audited by us, but the report of that audit will be filed with the Finance Commission, thus relieving the minutes of the Convention of a very large printing burden. Much of the time of your auditor and his staff has been devoted to the Hot Springs project. This fact is well known by all members of the Finance Commission.

### Office of the Executive Secretary

Adequate records are maintained. They are accurately and neatly kept. All funds handled by this office as reflected by duplicate receipts and other evidences of collection have been fully accounted for by transfer to the Treasurer, expended by the secretary, or found to be on hand at the time of the examination.

### Office of the Treasurer

This office has accounted for all funds remitted to it by the secretary. Funds were expended upon authority of vouchers signed as provided by the regulations of the Convention. The balance in the hands of the Treasurer was verified by your auditors and found to be correct. It is recommended that the Treasurer refrain from using his personal funds to make good checks paid to the Convention by others and which are later found to be worthless.

### Office of the President

No report of the fiscal transactions of the president had been received by your auditors at the time of compiling this report. While the President does not handle large sums of money, it is your auditor's understanding that he does handle some.

### The Woman's Auxiliary Convention

The accounts of the Treasurer of this unit were audited by us. While her books are not kept in accordance with modern accounting practices, it was possible, nevertheless, to trace such funds as her records reflect. The funds of the unit are maintained in bank accounts to the credit of the unit.

No records were submitted for audit by the President of the Auxiliary.

### The National Baptist Training School

A duplicating system is maintained by the business manager of the school. It is possible, therefrom, to determine the amounts of cash received by his office. Not all payments are by check. It is our recommendation that all payments be made by check, and that small petty cash transactions be handled on the imprest system.

The accounting method employed leaves much to be desired. Probably a person expertly trained in bookkeeping procedures could greatly improve the efficiency of the office.

### The American Baptist Theological Seminary

This school is now operated on a budget. Its principal sources of funds are the Southern Baptist Convention, and the National Baptist Convention. The latter institution is far in arrears with its payment to the Seminary.

The records of the school are expertly kept by a person highly competent to perform that task. All accounts were easily reconciled. Perhaps, the managements of the National Baptist Training School and of the American Baptist Theological Seminary could work out an arrangement whereby the basic books of both institutions might be under the supervision of the present bursar of the Seminary.

### The Foreign Mission Board

The affairs of this board are efficiently managed. Its records are clear and accurate.

### The Home Mission Board

Your auditors were impressed with the sincere efforts of the Corresponding Secretary of this unit to maintain good records. The young lady who handles the books is apparently competent. The treasurer of the board performs no fiscal services which your auditors could discover.

The Board is poorly financed. Approximately half of its receipts arise out of borrowed funds. Several times as much is borrowed during the year as is repaid. The secretary states, however, that the Board actually owes only one loan of $800.00.

The Convention's attention is called to the fact that the Home Mission Board is an unincorporated unit of the Convention. Its secretary is therefore legally the agent of the Convention. It is recommended that the advisability of the separate incorporation of this board be studied. Certainly, more attention to the financial development of the board would prove helpful. Apparently the entire burden of operating the unit is left to the secretary.

### The Ministerial Benefit Board

Detailed records of transactions of this board were submitted for audit. While the board is a small one, its finances are handled in a businesslike manner.

### Boards Which Did Not Submit Records for Audit

The Educational Board, The Social Service Commission, and The Laymen's Movement. If these boards handled any funds in the name of such boards, or in the name of the Convention, Article VI, Section 3 of the Constitution and By-laws of the Convention imposes the duty upon the fiscal officers to submit their records for audit.

## EIGHTH ANNUAL REPORT

## OF

## AMERICAN BAPTIST THEOLOGICAL SEMINARY

**Ralph W. Riley, President**

September, 1951

Mr. President, Officers and Members of the Seventy-first Session of the National Baptist Convention, U. S. A., Inc., Greetings:

For one who has weathered the storm, borne the strain and stress in the services of one of the agencies of your Convention, nothing gives me greater satisfaction than to try to explain, briefly here, how I have done it, and the sorrows and pleasures I have experienced in doing it.

Today, those who serve as administrators in the various phases of our society, are in complete agreement that the increasing responsibilities which we all bear are significantly terrific, but I am sure that those who function in the areas of Christian education and in the role of the small private Christian college, find experiences somewhat different and of a greater impact than what is reasonably expected in other centers of our modern society. More and more I am becoming to realize the impact denominational work makes on the lives of those engaged in it. Herein is sacrifice supreme, one which transcends all others, because too often our lives are not only used up in the prosecution of the task at hand, but in the overall advocation and promotion of the project to an unacquainted and indifferent clergy, and a preoccupied and unconcerned lay-public as well.

### Some Challenges Which Face Us

These days which are ours in which to live are unparalleled of all historical times. Abroad, we are engaged in a war; at home, we are occupied in war industries, national debt, our backs bent under the weight of a national debt beyond our comprehension, and increased taxes are being forced upon us daily. Church membership is at an all-time high. Wages, taxes, crime are all on the increase, and there are more than 5,000 vacant churches. Despite all this seeming prosperity and physical comfort, we are rapidly losing morally such cardinal principles as honesty, integrity, truth and justice which make for stable living in our modern Christian society.

To correct this spirit of cannibalistic materialism that is stealthily seizing upon church people our country over, we shall have to have leaders in our tomorrow's churches who possess the best possible education our time can afford, together with a spirit of sacrifice without which they will not be willing to bear the hrunts which accompany living, and preaching of the truth needed at this present hour. If the moral standard of the world will ever be lifted, intelligent, unselfish, sacrificial Christians must lift it. We cannot go on as we are going unless we become more greatly concerned with our Spiritual Watchmen and the VOICES we hear each Sunday from our pulpits, the Spiritual Watchtowers of our land and country. Too long as ministers we have taken no hand and have said little, if anything, about the background and the kind of persons we place in our pulpits. It is just as dangerous, regardless of how well-educated a minister might be, for society to bless his efforts by church support if the Spirit of Christ does not permeate his preaching, as it is, or perhaps even worse, if he had not reached the elementary level in his education. Where and how are these changes to be made? It seems to me that they must begin in our local communities, and at the same time, have the support and cooperation of our whole constituency in giving guidance and direction in the matter of producing for our churches the best type of Christian leadership possible.

### Difficulties Seminary Students Face

Since 1945, when the veterans' program began, preacher veterans have found it not too difficult to remain in school. Since the G. I. program closed July 25, 1951, we find that due to lack of funds, many young men with a burning passion for preaching will not be able to study in our seminaries of the land without help. In their behalf, I call upon you to continue to help provide aid and scholarships to worthy men who are entering the ministry and have no means of seeing their educational program through to the end.

### Continued Growth

Beginning with the coming fall term, the Seminary will operate under its new curriculum which has been revised according to the standards established by the American Association of Theological Seminaries and Colleges which provides two years of college training—or four years for the B.Th. degree rather than three. The B. R. E. degree is offered on a similar plan. The Ministers' Course Certificate will only be offered to persons below the High School level, and evening classes as well as extension work are some of the programs and objectives about which we are greatly concerned. We must, in some way, see to it that those who cannot attend the Seminary will have, where they are, the benefit and blessings of the same.

### A Difficult Year Financially

Following the National Baptist Convention at Philadelphia, Pennsylvania, monies previously given to the Seminary by the Sunday School Publishing Board for the payment of current expenses, were abruptly stopped. As a result of this unexpected move, we were forced to retrench almost to embarrassment; and failure to have any reassurance of such income for the coming year, we have had to drastically reduce our teaching staff by three members.

Had it not been for the fact that the National Baptist Convention borrowed funds to make up this deficit, we would not have been able to keep the doors of the Seminary open until the closing of the School last spring. Despite these handicaps, we are going on in faith, and from funds given by the Southern Baptist Convention, partially for capital needs and operating expenses.

We are now in the process of constructing six housing units—four for students, and two for teachers. This will satisfy, in some ways, a great need the Seminary, for many years, has sustained in this connection. Each year we are gradually raising the educational standard as well as adding to our physical plant.

### Our Student Body—1950-51

The student body consists of an enrollment of 137 persons who come from 9 states, Canada, South America, Bahama Islands, District of Columbia, and Nigeria, West Africa. Of this number, two enrolled for the Bachelor of Divinity degree; 72 for the Bachelor of Theology degree; and two for the Bachelor of Religious Education degree; 46 in Correspondence Study and 15 in Evening School.

In the 27 years of the Seminary's existence 98 of its graduates are successfully employed as pastors, directors of Baptist centers, missionaries, chaplains, teachers, and in other Christian service. In Tennessee alone, 46 are pastors, and in Nashville and Davidson County, 14 churches have Seminary men as their pastors.

### Why a National Baptist Seminary

If we still believe that our denomination is distinct and our faith worth preserving, it seems to me we shall have a medium through which we may continue to perpetuate that faith, and in nothing are we better qualified than through the media of our training centers; our Christian schools, colleges, and seminaries.

In the first place, we need a Seminary to train our ministers comparable to a fitness in training offered in other schools in the country.

In the second place, we need a Seminary because we are in such dire needs in our denominational life at this point. It has been pointed out statistics showed that in 1950, there were only 243 studying for the B. D. degree in all seminaries, religious schools in the country, and that among Negro Baptists, there was an average of only 100 graduates annually with the B. D. degree. It showed further, that there were not 100 graduates (B. D.) to fill 4,000 vacant Baptist churches; and in our seminaries, there was one student to every 40 churches in the confines and among the constituency of the National Baptist Convention.

In the third place, a National Theological Seminary which will train and lift our people for the proper leadership in the community, can render a greater service and demand greater compensation for the same. It has further been pointed out that in a certain city in America, street sweepers get $3,000 annually, while the annual salary for the ministers in that city is $1,200.

Nothing can and will correct this except a trained leadership who knows how to properly organize, teach stewardship, and promote the proper system of church life in order for our recalcitrant public to gradually place the importance of the minister in the local community along with persons following other forms of avocations and professions.

### What Lies Ahead

Tomorrow we shall be faced, more and more, it appears, with a more complex and complicated civilization, one that is highly scientific and critical to the core. A world which will call upon church leaders for the best that is in all of us. Our fathers have wrought well; the gauntlet today is ours. In nothing are we better fortified for the days ahead than a ministerial leadership endowed with the fire of the Holy Spirit, a high sense of moral aptitude, a leadership which will not sacrifice the future of and the total growth and progress of our work for material advantages, who will be ready and

thoroughly prepared to lead our people in the trying days of difficulty through which we are now passing, and which are destined to test our belief in our faith for many days to come. Certainly, young heralds of Christ, these are trying days, but I call upon you, and I prayerfully urge you to get ready for the future. Yesterday is gone. Today even has passed. Tomorrow is upon us!

Ye that have faith to look with fearless eyes
Beyond the tragedy of a world at strife,

And know that out of death and night shall rise
The dawn of ampler life:

Rejoice, whatever anguish rends the heart
That God has given you the priceless dower

To live in these great times and have your part
In Freedom's crowning hour,

That ye may tell your sons who see the light
High in the heavens—Their heritage to take—

I saw the powers of darkness take their flight;
I saw the morning break.

## ANNUAL REPORT OF

## HOME MISSION BOARD, NATIONAL BAPTIST CONVENTION, INC.

### T. Theo. Lovelace, Corresponding Secretary

**Delivered at Oklahoma City, Oklahoma**

**September 9, 1951**

Mr. President and Members of the Convention assembled:

This is the 20th time that it has been my duty and privilege as well to appear before you in this role. To do so I am happy for I have the personal consciousness that during the course of these 20 years we have left no stone unturned, neither have we failed to make any effort known to us to rise measure up to the challenge presented to it. We do not come even after these 20 years, as an authority having the last word in the matter of Home Missions, but rather a servant of the Convention, willing as ever to serve even at our personal sacrifice and embarrassment if such be called for by those whom we have been delighted to serve, and with whom fellowship on the whole has been most cordial indeed.

This has been in our estimation a splendid year. I do not mean that as usual we have not experienced difficulties common to all, especially to those who occupy places of high trust and heavy responsibilities that call for personal ingenuity and maneuvering in order to decently get across the program assigned to his hands.

**President Jemison**

Much of the success of our administration must be ascribed to President Jemison who has always been encouraging because of his knowledge of the way, and he has lent every effort to us in our struggle to carry on.

**Our Board**

We are grateful also to the various state conventions that have given us board members who are interested in the promotion of missions on the domestic fields. Because of their support also our task this year has been made much easier than otherwise it would have been.

Dr. M. C. Cleveland, our Chairman, has been with us every step of the way; not only has he supported the Secretary and the program, but at some sacrifice he has kept up with us in associations, state conventions, regional conventions and even to the Isles of the Sea. We can be just as loud in our praise of other members, but time will not permit us to name and comment on them.

**Kansas**

The State of Kansas has been a project of the Board. It is not as much a missionary state as some others, but is in need nevertheless. Our missionary there in cooperation with the State of Kansas is the Rev. W. L. Shook, who with his wife has done a marvelous work in Evangelism and Church Extention. It is our hope that conditions will favor greater help from the Board so that the work in the State of Kansas can be advanced in a greater way.

**California**

We have done some work also with the Baptist State Convention of California, presided over by Dr. L. B. Moss. There is a need for missionary activity and missionary money in that section of California covered by this Convention. In order to do a creditable work, our Convention through this Board should be in position to make an outlay of a few thousands of dollars for literature, evangelism, institutes and salary supplement instead of a few hunderds as we have been able to do.

**Arizona**

Our Board gave help to the state work of Arizona whose president is Dr. L. B. Nelson of Phoenix. Upon the receipt of last check our office was advised by President Nelson that no more money be sent until we were further notified by him because they had not secured a worker. We are waiting for their recommendee.

**New Mexico**

This is a state that has been up before us all the years of our administration, and from year to year something has been done though not much. It is a fertile state and the first state in which we began making an effort to help. Dr. J. S. Patten, a Baptist pioneer, has held the flag of the National Baptist Convention high; has built a new church, and is doing a great work in kingdom building, and for our Convention.

**Howard University Chaplaincy**

The Chaplaincy on the campus of Howard University known better as the Walter H. Brooks Foundation was assigned to the Home Mission Board as one of its projects, Dr. C. H. Pearson, Pastor of the Berean Baptist Church, Washington, is our very efficient chaplain.

This has been, and is yet, about our heaviest project. It is heavy because not as yet have we learned the value of such an undertaking at an institution like Howard.

Of course, we understand that there are other centers of learning where a chaplaincy would be very helpful to our Baptist cause, but we cannot take them all in at any one time, and certainly there must be a starting point. What much better starting point could there be than Howard University? It is the biggest thing we have. Then, too, another handicap is the prevailing and erroneous idea that Howard University serves the young people of the District of Columbia and near-by communities. Why Baptist students are there from about every Southern and Western State that we have, and perhaps on a ratio of 10 to 1 with respect to the District of Columbia and the Northern States. It is embarrassing to our Baptist students from all over the South and West to be nurtured by other denominations only because of our failure to supply their needs.

At a sacrifice we have been able to keep up with our obligations respecting the chaplaincy.

Today, $500 has been paid on our Bath House quota.

### Honolulu

Some months ago, President Jemison asked our Board if we could render service to the Hawaii Islands in their church effort. Ever anxious to widen our scope and to do what the administration requested, we readily accepted this new assignment. After several weeks of delay we arranged a commission of four to go to the Island for survey of conditions that we might know better how to relieve them or help them carry on.

The Commission comprising Drs. M. C. Cleveland, Chairman; L. B. Moss, President of California Baptist State Convention; B. W. Wade, Treasurer of that Convention; and the Secretary, set sail July 29, by United Air Lines for Honolulu. After spending several days that Commission found what a glorious opportunity for extending the kingdom is given to the National Baptist Convention. It is an interracial situation that is being beautifully handled by the Southern Baptist Convention whose representatives dot the fields and whose arms were wide and hearts ungirt in the reception and cooperation given us.

Our Church there is the Mt. Zion Baptist Church which we are bringing into this Convention this year; and our pastor there is the Rev. Collins whom at our expense we have brought to this Convention that you might know, see and hear from first-hand.

### The D. T. M. M.

This is a new movement begun by the Board a year ago. Our first unit is the State of New Jersey.

"Our experience has taught us that the most successful pastor is the one whose deacons are sympathetic with his interests and have an intelligent devotion to the Cause. Lacking in these two elements of the deaconhood, the pastor might as well fold his tent and "Pass over onto the other side." This is not an effort to minimize the pastor and magnify the deacon, but rather to magnify both in their respective spheres and to show an interdependence if the Kingdom of our Master is to be promoted on local, national and foreign fields.

### Schooling the Deacon

Most of the handicaps and embarrassments and even dangers in the experience of a pastor come from officers who are unschooled in the ways of the New Teslament. Of course, there are times when some don't want to be schooled in their own ways.

### The Office—Entrenched Officer

There are times when the church is careless and allows a mouthy officer to so entrench himself in a key position that a weak pastor has to be his "little boy," and the church dances to his music while the pastor is growing in the confidence of the people sufficiently to override a deep-rooted, stiff, unschooled and wicked opposition. My brethren, these things ought not to be.

### Our Evangelistic Department

For years we have been trying to get under way our Evangelistic Department, and when I say trying I do not mean that the effort has been a pronounced and dismal failure for we have had some of the most outstanding men of our Convention as directors of this department. I take pride in mentioning the names of those who have headed it up: The late Dr. Westbrooks, Dr. C. T. Murray of Vermont Avenue Baptist Church, Washington, D. C.; Dr. William H. Harris of Missouri and Indiana; Dr. E. L. Harrison of Washington, D. C.; and now, Dr. E. W. Perry, of this city serving host at this time to our National Baptist Convention.

We are yet determined to have a Nation Wide Simultaneous Revival, and we are setting again the first Sunday in 1952 as the kick-off, and suggesting that we close the following Sunday afternoon in a huge Evangelistic Rally at a centrally located place in each community with the entire local brotherhood cooperating. For this much needed spiritual campaign we shall ask men who are acquainted with evangelistic texts and subjects.

### Suppose We Have Revival

A genuine, old-fashioned, Holy Ghost revival will do much to counteract the evils of the day, and strengthen the weak places in the church. The outstanding obligation of the church today is to sponsor a revival of old time religion, and a revival of vital godliness, and a revival of Holy Ghost power. When these are absent, men and means that the church should bring to Christ are lost.

### Sponsored by the Church for the Church

Not only do we need a revival to reach the unsaved masses, but we need it to arouse the saved masses, also; to prod our lagging spirits and to foster divine growth and life. Because of this condition our churches have become weak in the matter of winning souls, and are, therefore, a stench, offensive in the nostrils of God. With all our numbers and wealth and prestige and ceremony we are yet missing the mark of the Christian church. Too often ministers are too easily satisfied. They seem to think that the Great Commission is being executed if the salary is paid, if the finances are up to standard, if the pews are filled every Sunday, if the membership is maintained and the social standing is kept up. Ah, that's nothing unless the souls are kept up also.

What we need is the "preaching passion" of the fathers who in days bygone groaned to the very bowels for the lost in sin. Remember this Elders, water will not rise higher than its level and neither will interest and con-

cern in the pew rise any higher than the ideal and passion of the pulpit. Suppose we have Revival.

The preacher must recognize that his supreme mission is to save souls. He must have a heart "Red Hot," with a burning emotion for souls, otherwise frozen hearts will never be thawed. Jesus had this feeling. Paul's whole life throbbed with this ardor. This same fire burned in the heart of John Knox who spent nights of prayer in closet and garden, crying unto God, "Give me Scotland or I die." God gave him Scotland.

### The Lightning of Heaven and Not Cheap Fireworks

The preacher must set his people on fire, I have heard many preachers say, "She's my kindling, or, there's my fire box," speaking of some individual. The fire is not supposed to originate in the pew, but at the altar-fire. A fireless preacher produces a fireless church, if he stays there. It's getting hard to stay now, unless you have some fire. Cheap fireworks won't do, but the lightning must strike from heaven.

### Finally

Christ-ism and not criticism—

We feel that our Board has come a long way from where it was when we assumed this task. We are not ashamed of our stewardship in connection with it. We yet have abiding desire to see the field of Home Missions set on hallowed fire and burning from center to circumference and we believe that the time is not long when the hearts of men will be bubbling over with emotions for Home Missions and that money for the prosecution of the work will be forth coming from every convention, every association, every church and every department of every church.

### NATIONAL BAPTIST TRAINING UNION BOARD

### OF THE

### NATIONAL BAPTIST CONVENTION, INC.

**Fiscal Year Ending June 30, 1951**

**J. W. GAYDEN, Chairman** **E. W. D. ISAAC, Secretary**

Honored President, Officers and Fellow-workers:

Once again I appear before you as your humble servant to give an account of the stewardship you have entrusted to me during the past twelve months. Since the home going of my sainted father twenty years ago, you have honored me with an office which I hold sacred and dear, and I have tried to deport myself so as to merit your confidence. There have been obstacles to overcome, but the Board and its secretary have sought to give faithful and loyal service.

It is our desire to have all our Board members share in the activities of the Board throughout the years. The work of the Baptist Training Union Board is steadily increasing. This is indeed encouraging.

### The Object of the Baptist Training Union Board

The Training Union Board came into being to develop Christian character, to promote growth in the Christian life; then through a process of training for Christian service by actually performing the various and different elements of church and Christian work—in order to give large value to the work of the church. Then to edify in Scripture knowledge—that knowledge which will give the ability to use the Word of God, and not merely know the Word of God—in order to be doers of the word and not hearers only. To instruct in Baptist history and doctrine—to produce a self-respecting denominationalism, a belief that the things we stand for as a denomination are worth standing for, and that we would be untrue to our interpretation of the teachings of the Bible unless we did stand for them. To enlist in all forms of Christian service—missionary endeavor in Christian service, whether it be in the church at home, or in lands beyond the sea, to put in the life of every member of the church, a desire to do the work he or she is called on to do or the work he is expected to do, however hard that work may be, or however insignificant, and to do that work in the Spirit of Jesus who came to minister and not to be ministered to.

The Baptist Training Union in its program and organization, provides every opportunity for the "increased spirituality of the Christians and their enlistment in all forms of missionary endeavor." In the Group Plan of organization—with the membership of the Group sufficiently small to put definite work and personal responsibility, with one member of each committee in each Group—provision is made for every individual member, each one and all, to actively take part in the work.

I ask each and every one of you pastors and directors, presidents and officers of whatever name, individuals of whatever rank, and whatever place, are you going to be satisfied with a Christian life of laziness, indifference, half-hearted effort in the church where you hold membership? Are you going to be from this time henceforth not slothful in the business of the Lord, fervent in spirit, serving the Lord with a service so whole hearted and so faithful and so loyal that the church will be transformed as far as you are concerned—that Jesus might "present it to himself a glorious church, not having spot or wrinkle or any such thing; but that it should be holy and without blemish?"

### Our Rural Churches

We must give more attention to our country churches. All great denominations are placing great emphasis upon their rural work. Most communities have a Baptist constituency. What they lack is a Baptist program and a vision and leaders trained and consecrated to the task.

Many of our rural churches have preaching only once or twice per month, and many do not have their pastors living in the community with them. In those rural churches where the Baptist Training Union is alive, there is a missionary program, and where the Baptist Training Union is in a healthy state and is on the aggressive, there is interest in our denominational program. Your Board is planning a program to reach more rural churches in the future.

### Trained Leadership

No institution can rise higher than the altitude attained by its leaders. When they are blind, it will be blind, when they are circumscribed in their thinking and vision, it will reflect the same condition of mind and heart. All who are to lead, must know the way. True knowledge of the way comes by possessing Christ who is the way.

The leaders for our churches must be trained persons. This is an age which is especially sensitive to training. The standards for those who serve

are being raised in every sphere of activity. Certainly there must be no low standard for those who are to lead in the highest sphere of all—the program of Christ.

The leader cannot lead when he does not know. To achieve the necessary knowledge and skill he must give all diligence to present himself "approved unto God, a workman that needeth not to be ashamed, rightly dividing the word of truth."

Our churches need both the Sunday School and the Baptist Training Union:

To increase the number of Christians in service for our Lord.
To raise the standards of leadership in the church.
To provide workers for the harvest.
To prove that what they say in word is fact in deed.

When visions cease, progress stops.

The prayer of your secretary is that he may be guided by the Holy Spirit when there are great responsibilities, as well as great opportunities for service.

We are closing the past year's work, and entering upon a new year of service. There will be new experiences to face; new problems to solve; new trials to endure; new temptations to meet; new sorrows to bear; new opportunities to grasp; new tasks to perform; new blessings to enjoy.

I am fully aware of my failures, as a normal human being, but we are facing the future with new hopes, new plans, new undertakings, and new opportunities to do better the tasks that are mine.

## MINISTERIAL BENEFIT BOARD

## NATIONAL BAPTIST CONVENTION, U. S. A., INC.

Dr. D. V. Jemison, President

Dr. U. J. Robinson, Secretary

Rev. J. O. Dixon, Chairman

Rev. M. Kirby, Corresponding Secretary
422 East Ninth Street, Chattanooga, Tennessee

Mr. President, Brethren and Sisters who go to make this great National Baptist Convention, U. S. A., Inc.

One of the most important truths that should acclaim this Convention's (ministers) attention is the minister's security for tomorrow.

The questions, What provision? What security? What is being done by this convention in a big way that the ministry can rest assured for economic security for tomorrow?

When the day comes, as it surely will and must come, when these active days have passed, our voices are broken, our physical frames are wrecked?

The time is sure to come when we must retire either by choice or by force. Our wives, and widows of ministers who have gone home to be with the Lord, what security, what is being done, economically speaking, against the day of deprivation and want?

May the Lord help us to answer these questions.

## RECOMMENDATIONS ON SCOUTING TO NATIONAL BAPTIST CONVENTION, INC., FROM THE SUNDAY SCHOOL CONGRESS AND BAPTIST TRAINING UNION

Approved by N. B. C., September 6, 1951

Afternoon Session

The National Sunday School and Baptist Training Union Congress has gone on record strongly recommending that local congregations of the National Baptist Convention make use of Scouting as a part of its program of

Christian education and youth work. There is a great need in the church for a program of this kind to win, to conserve and to develop the boyhood and young manhood of our churches and the communities they are serving. In the hands of the church and under Christian leadership, Scouting is a most effective medium for conserving your youth and for reaching out into the highways and byways to bring unchurched boys into our Christian fellowship.

To promote this program, the Congress has conducted courses on Scouting at its annual session. But much more than this is needed if we are to adequately serve the million or more boys that we could reach through this program in our local churches. Boys are clamoring for the adventure of Scouting and our church will derive large dividends in leadership and manpower for the future if we embrace this opportunity.

In order that Scouting may be more effectively promoted and more widely used as a resource of the church in its youth and children's work, the Congress recommends that the National Baptist Convention, Inc., adopt the following plan of action for Scouting and appoint a National Baptist Director of Scouting to supervise execution of the plan.

### RESOLUTION

WHEREAS our boys are fighting and dying on the battlefields of Korea in an effort to arrest the advance of Communism in the world

BE IT RESOLVED, that the National Baptist Convention, representing four million (4,000,000) Christians go on record as opposing the admission of Red China as a member of the United Nations.

Adopted September 8th 1951, at 1:40 P. M.

D. V. JEMISON, President
U. J. ROBINSON, Secretary

### RESOLUTION

The National Baptist Convention, U. S. A., Inc., in this, its 71st annual session, representing the hopes, achievements and Christian ideals of the 4,000,000 Americans who constitute its membership—is not unmindful of the material needs of the 15,000,000 Negroes who make up America's largest minority group. Particularly is it concerned about the well-being of the 10,000,000 underprivileged Negroes of the South whose economic condition stands gravely in need of improvement. It believes that the members of our race can find a better way of life for themselves, and become stronger Americans, if given help in the form of greater opportunities for educational advancement and larger chances for civic participation in the various communities where they live. It believes further, that the Negro himself, must join hands with other members of his community to build for the common good. Believing thus, it gives full endorsement to the following resolution:

WHEREAS, the Booker T. Washington Birthplace Memorial, through its program of racial understanding, good will, trade and industrial training for adult Negroes below high school level, health and agricultural development, and sound Americanism, is doing a splendid job in building better Americans through its trade school activities by means of Community Service Clubs that are wholesome ventures in fundamental education, and through its Booker T. Washington Radio Good Will Hour that seeks to strengthen American ideals of Christian tolerance.

BE IT RESOLVED: That the National Baptist Convention, U. S. A., Inc., not only pledges its support to the program of the Booker T. Washington Birthplace Memorial, but also recommends that civic-minded individuals, firms, corporations or Foundations seeking ways to build a better America for all of us, give all the help possible to the Booker T. Washington Birthplace Memorial, Booker Washington Birthplace, Virginia, to further its work among the masses of Negroes in particular and Americans in general.

Adopted, September, 1951.

Signed:

President
Secretary

## REPORT OF THE SOCIAL SERVICE COMMISSION

## NATIONAL BAPTIST CONVENTION

## OKLAHOMA CITY, OKLA.

**Chairman: Sandy F. Ray**

**September 5-9, 1951**

The year 1950-1 has been a year of world-rocking social struggle and upheaval. The cry for freedom, justice, and equality echoes around the universe.

During the year, our Commission has participated in conferences on "Religion in Economic Life" in Detroit, Cincinnati, Washington, D. C., and New York. The Chairman is a member of one of the councils of the New York State Commission against discrimination. This Commission is the first to be set up in the United States, and several neighboring states have passed anti-discrimination laws based upon the experience of the New York Commission. We have had the privilege of discussing the functions and experiences of our Council in New Jersey, Massachusetts and Connecticut. Attempts have been made to pass anti-discrimination laws in several other states. Most of the proposals have been rejected, but the votes in favor of such laws have been encouraging. We would urge our leaders in all sections of the country to cultivate the friendship of liberal leaders in your communities and strengthen the arms of those who propose progressive social measures on local, state and national levels.

We served in conferences at Hampton Institute, Morris and Morehouse Colleges.

### Work With Other Groups

We have continued our cooperative efforts with other national groups which work in the fields of social and economic justice: the National Council of Churches, N. A. A. C. P., National Urban League, and the two major Labor Unions. We are working closely with the N. A. A. C. P. in the struggle to eradicate segregation in public schools throughout America. The fight will be long and difficult, but if we keep up the fight, we shall win. The struggle in the areas of housing, employment, hotels, resorts and transportation are equally as difficult.

### Religious Timidity

In this universal surge for justice, freedom and equality, religious leaders as a whole, are the most timid souls in our social order. The people with the most revolutionary philosophy on earth, seem to be the most fearful. We seem to be waiting for leaders in other fields to create a healthy climate in which a good society may be built. Leaders in sports, labor, entertainment and even Communists are dangerously near the practice of the ideals of Christ, while the leaders of religion sit timidly on the side lines.

Negro church leaders will have to activate themselves more and more in the social and economic life of our people.

The various agencies of welfare are becoming increasingly numerous and complicated so that the average person is not sufficiently intelligent to acquire the benefits which are provided by our municipal state and national government. We owe it to our people to acquaint ourselves with the various welfare agencies of our communities so that we may be in a position to assist them in securing the help which they need and so richly deserve.

### State Social Action Committee

We are asking that each state set up a Commission on Social Action to operate on a state level under the National Commission. Such Commissions would investigate problems and recommend action which would not only carry the weight and pressure of a state, but the influence and power of the more than four million Baptist people throughout the country.

We are often hampered in our efforts because our information is gathered and slanted by groups or individuals to whom we cannot lend our influence. In our several states we could promote various social and educational programs designed to awaken and enlighten our constituency. We would suggest discussions on: "Courtship and Marriage," "Job Opportunities," "Labor and Life," "Business Ethics," "Good Behavior," or "Good Manners," "Interracial Relations," "Social Action," "Public Relations," etc.

### The Church and War

The Christian church has to believe that war is morally wrong and utterly incompatible with the way of life that Christ has revealed. Many of us have seen two all out world wars which have sunk billions and billions of dollars, slaughtered millions of our finest young men, wrecked and ruined empires, broken cultural, economic and spiritual ties between nations, and set our total world-community back hundreds of years. And, today the average young man cannot plan his life beyond eighteen and our next years. At that point his life must be at the disposal of the nation. We have conclusive proof from history and from the lips of Christ that war is not and cannot be the Christian strategy for building a good society. There are Christians who contend that we are fighting to protect weaker nations from an aggressive Communism. They say we are fighting to prevent another world war. They say we are fighting to maintain and spread democracy in

other parts of the world. But are we not fighting to protect the vested interest of a few millionaries of this country? Are we not fighting to protect the imperialistic and aggressive ambitions of Great Britain? Are we not fighting to safeguard the fashionable luxuries of France? Are we not fighting to maintain a pattern of white supremacy in this and other lands?

Physical warfare is not and cannot be the Christian way: "We fight, not against flesh and blood." Our enemy is not barricaded behind an iron curtain. Our enemy cannot be blasted by bombs, nor cornered by military strategy. Our enemy is invisible, but our ally is invincible. As for war, we may "suffer it to be so now" but our ultimate goal must be to build a warless society upon the basis of love as taught and practiced by Jesus Christ.

### Our Task

The transition through which we are passing demands careful thinking and wise behavior. New opportunities are opening to us, and we must seize them. We must guard carefully our public behavior in parks, theatres, restaurants, and on trains, buses, etc. Anti-social and crude behavior of one Negro in public can set the race back many years. The most cultured and well-disciplined among us will have to wait for the careless and crude to straighten up before we can take our rightful place in our total social community.

The startling exposure of crime and corruption by the Kefauver Committee, the scandals in college basket ball; cheating in West Point and the narcotic traffic are alarming revelations of the strangle hold which evil and vice have upon our order. Our law enforcement officers are hopelessly shackled by the captains of the underworld. Many of our political leaders are bound by the golden chain of graft and greed. Our so-called statesmen have developed into a colony of mediocres. The architects of peace are sawing and hammering away, but the structure is not taking form. Spiritual leaders are led to the inevitable conclusion that the building of a new and stable society does not reside in political, economic nor military power. The blue print for the good society will not be drawn by a man in a military uniform, nor a statesman's garb, nor one in academic gown, nor a millionaire's palace. The bearer of the blue print for the good and stable society will be attired in a prophet's mantle with a torch blazing from the eternal altar.

### Bright Spots

With all of the gloom and disconcerting experiences of our times, we are marching steadily ahead. In the face of bombings in Birmingham, riots in Cicero, intimidations in Atlanta, threats in Pittsburgh, restricted covenants in New York, cross burning in South Carolina, Negroes are buying and building homes, entering state universities, running for political office, suing railroads and bus lines, buying and building churches, establishing and expanding businesses. We are marching steadily on.

Run back home and tell Negroes to lift their heads and march on. Run home and tell them a few more of us may be lynched, a few more may be bombed, a few more may be intimidated, a few more may be embarrassed, but "the morning cometh"; long streaks of light are streaming up the eastern horizon, the joy of the morning quivers in the sky; birds are chirping a morning lullaby—"The morning cometh," barriers are crashing, customs and traditions are crumbling, the dusty march of the disinherited is stepped up to a new pace. Tell them we have passed over the Red Sea, and the foaming billows of the Jordan are blushing and banishing before us. Tell them that part of the hosts have crossed the flood, and part are crossing now. Tell them that the walls of Jericho are swaying and tumbling. Tell them that Caleb is already in the giant-infested hills dealing death blows upon the sons of Anak. Calebs like Ralph Bunch, Phil Randolph, A. T. Walden, Adam

Powell, Thurgood Marshall, Benjamin Mays, Nannie Burroughs, Mordecai Johnson, W. H. Jernagin, D. V. Jemison, C. C. Spaulding, C. Hawkins Brown, Willa Townsend, Roscoe Dungee, Jackie and Sugar Ray Robinson.

Our struggle for human rights and first class citizenship in this land is a worthy one and under God we shall win.

## REPORT OF COLEMON W. KERRY, CORRESPONDING SECRETARY

## EDUCATIONAL BOARD, NATIONAL BAPTIST CONVENTION, INC.,

## AT OKLAHOMA CITY, OKLAHOMA

Mr. President, Mr. Chairman of the Educational Board, and Members of the National Baptist Convention, U. S. A., Inc.:

The old year has passed. It was one of uncertainties and surprises. The tension in international life and the stress of conflicting domestic issues have kept men of the world off balance. The passing of great leaders, and the falling by the wayside of others have placed an inherited responsibility upon leaders all over the world, and our Convention has been affected as well as other great organizations.

I am especially thinking of the erudite scholar, world traveler, gospel preacher and humanitarian, Dr. E. Arlington Wilson, Emeritus Corresponding Secretary, whose strength was cut short by time and service in our Nation's Capitol, and is now taking a quiet rest in the confines of his home in St. Louis, Missouri. Dr. Wilson fell wounded on the battlefield, giving service through sacrifice. Pray for him, for it is doubtful that he will ever be as active in service as he has once been.

Having served as assistant corresponding secretary of the Educational Board when Dr. Wilson became inactive, the President, Dr. D. V. Jemison, and Dr. Calvin Perkins, the Chairman of the Board, asked that your humble servant take up the mantle, and go forward with the torch that must light up the world for Jesus.

Then at the Philadelphia Convention your humble servant was recommended by the Board unanimously and confirmed by the Convention with minor opposition. Upon assuming the office as your Corresponding Secretary, we inherited some past due accounts and certain obligations in which we were committed to the amount of near a thousand dollars. We have liquidated most of the accounts and commitments with the exception of $750.00, a balance due on our Bath House quota.

We have in our possession a check for $50.00 on that account. We have done our best towards our Seminary under a transition period with financial and moral support such as we possessed from those who were donors to the ministry of the Educational Board.

There have been trials along the way; there have been tests of fortitude and perseverance, but such experiences have made us lean harder upon our God. We would like to list a few praise items and look to you for continued support on behalf of this vine of God's planting.

When we took charge, we had no money, but knowing the goodness of our God, and how good he is to let his children know his plan, we spoke to God in prayer, in the language of our helplessness, and in the voice of our unholiness, and from the poverty of our soul. We sat down and wrote more than 400 ministers, pastors, and leaders, in long hand, with ink and pen. Even though very few answered, those few were liberal—others made excuses—some never heard of it and wanted new evidence of good faith. But in spite of these, we have been able with the help of those who answered by letter, contact, and prayer to move on singing, "We Are Marching On."

We thank God for men like these, able men, sacrificial in service, courageous in living, who heard the voice, not when God called Adam out of hiding the morning he fell from grace and became frightened, went and hid himself in brambles and undergrowth, not the clinking tools of Cain, nor the cracking hoofs of Abel's sheep as he drove them to the pasture; not the babbling tongues of the builders of Babel's Temple whose language was confused as God frowned upon their work—they heard the voice, not of Nimrod, the black man, building Nineveh, nor the voice from Jonah's prayer meeting in the whale's belly at the ocean's bottom, but the voices crying out to God where ignorance is hovering like a dark shadow and hearts are aching, crying from the ground of buried hopes and shattered dreams, downtrodden and underprivileged, chained to the chariot wheels of peonage, servitude, and want; voices louder than wheezing bullets and falling bombs, rolling thunder and clashing lightning, saying, "If thou wilt, thou canst make me clean."

They answered with gifts and offerings, and today I can report that the Educational Board, with the help of these loyal and dynamic God-given friends and leaders as well as others (time and space will not permit me to call their names) is almost clear of past commitments and indebtedness and have made definite contributions to the progress and objectives of the Board.

We are traveling by orders, and we need your cooperation. We need your help and your support, for the Seminary, for Baptist colleges and training centers throughout the confines of the National Baptist Convention, Inc.

We plead to our Educational Board members in every state to assert yourselves and let us hear from you.

We plead to our presidents of conventions, moderators of associations, to include the Educational Board when you are disbursing God's money for expenses and donations.

We urge our pastors to be liberal to the cause whether we come personally or write a letter, for the people are willing if only given a chance.

We would like to do more for our Seminary in Nashville, so that our President will not have to make every little Baptist committee meeting and get a split collection. We would like to enlarge our scholarship aid to worthy students, not only in the Seminary, but in every Baptist college in America. This can only be done by giving the Educational Board its rightful place in the confines of our National Baptist Convention.

Hearts are aching, souls are being lost. We need trained men with a zeal for knowing his Word in their hearts and as a burning fire shut up in their bones. By training them, the lost can be reached, the blind can be made to see, the sorrowful made glad and the slaves set free.

We must redeem the times; the hour of opportunity is here. We must not fail our young men and women in our Seminary and Training School and in our Baptist colleges throughout the territory of the National Baptist Convention, Inc. We must not fail our pastors who have never attended a college and seminary, for we must assist them in creating a love for the Word of God in the hearts of his people. We have refused to become discouraged, for discouragement is a cloud that darkens the future, stoops the spirit, dims the vision, dubs the hope, and destroys the strength. We know that Paul may plant, Apollos may water, but God gives the increase, therefore, "We are workers together for God" and traveling together to the same destination. In short, we are a fellowship, the family of the friends of Christ.

God never does for people what they can do for themselves. So the guidance of the Spirit was never a substitute for human leadership.

A true church is not a mob. It acts as the New Testament church did, in orderly fashion. They were found helping the weak, and those who had wealth shared with those who didn't have it.

One of the church's first problems was that of finding leaders. The problem hasn't been solved yet, and never will be. We must keep at it; that is

why we have the Seminary and Training School in Nashville and other great colleges and universities—training ready to pick up where one has fallen. The history of the Acts is largely the history of certain leaders—John, Peter and Paul. But these were not alone. The people chose officers who were ordained by the apostles.

Five things the early church did. They continued in the apostles' teaching. The beginning of our church schools and Sunday schools is in that brief phrase. They formed a fellowship. The church then was not a list of names of people who cared little for one another; it was a true family who shared each others' sorrows and woes and did something about them. They were baptized and observed the Lord's Supper; they continued in prayer, for they knew where only the minister does the praying, it is a feeble affair.

Above all, they were witnesses. That is to say, they told the story of Jesus, his life, his teaching, his death, his resurrection, Jesus lives. Jesus is Lord. So they preached from Jerusalem to Rome and far beyond. To this same program, the Educational Board is dedicated to carry on. But there must be trained leaders, not to teach or preach over people's heads regardless of your seminary or college training, but one who can put the great Christian doctrines in ways that the simplest people can understand, for teaching and preaching the great Christian religion is not a secondary issue, not a take-it-or-leave-it affair, but first and foremost.

Now brethren, there are only two classes, those who are children of God and those who are not. I am appealing to the children of God, for we are going down the valley, one by one, with our faces towards the setting sun. We need your help, support and prayers. How power is used, how strength is demonstrated and stewardship is honored for the poor and helpless is a final test whether a leader or a cause is good or bad, worthy or unworthy.

So we go forward in this great struggle to conquer for the Master. We go forth confident of victory. We go forth under the flying banner of a conquering Christ. Our passport has the private seal of the Creator of the universe who has never resigned his place, and credentials have been written with the blood of the Son of God. I do not doubt his power, for as long as he can paint on the bud that hangs from the limb of the rose and make the dewdrop of morning tremble like molding diamonds on the virgin white lip of the lily, if he can fuel and re-fuel the red throated furnace of a million suns to blaze his universe with light, he can give us an order of life in which righteousness "shall cover the earth as the waters cover the sea."

Your gifts and offerings will help us to answer the challenge.

## REPORT OF THE CHAIRMAN, W. H. JERNAGIN, OF THE ECCLESIASTICAL COMMITTEE OF THE NATIONAL BAPTIST CONVENTION FOR CHAPLAINS

Oklahoma City, Oklahoma, September 7, 1951

To the President and Members of the National Baptist Convention, Greetings:

I am happy to report the work and activities of the Ecclesiastical Committee for the past twelve months.

The past twelve months have been a little surprising to us in regards to chaplains. We had hoped at the ceasing of World War No. II that we would not be called upon for many chaplains for years to come, but the war in Korea and the threatening of war in Europe and the abducator of the Universal Military Training has caused our government to increase its army, and as long as the armies are being increased and our people are called on to enter the army, we must have chaplains, and now there is a great call for chaplains.

Some two months ago the Chief of Chaplains of the army informed me that they needed 24 Negro Baptist chaplains at once. I sent out some 35 or 40 telegrams to leaders of the various states and colleges advising them of the request of the Chief of Chaplains and asked them to cooperate with the committee in supplying the same.

Many of the leaders answered, and a number of our presidents of our colleges and universities answered, but there were only a few that had anyone to offer. The President of the American Baptist Theological Seminary of Nashville, Tennessee, sent in the largest number of applicants.

Just before I left Washington, the Chief of Chaplains informed me on last Friday, that he would be sending another letter calling for additional chaplains. Therefore, I want to call upon the leaders of our states and schools to make another effort in supplying this needed ministry, because if our denomination fails to fill its quota, then the government will fill it with any other denomination including Catholic that is available.

Persons desiring to enter the chaplaincy, please make application to the General Commission on Chaplains, 122 Maryland Avenue, N. E., Washington, D. C., % Mr. T. A. Rymer, Director, and also notify me at 1341 Third St., N. W., Washington, D. C.

The applicant must be a college graduate and under 39 years of age. A number of our old chaplains desiring to be relieved is the reason why the need for new chaplains has been increased also.

The following are our chaplains on active and reserve:

| | |
|---|---|
| Army—Active duty reserve | 1 |
| National Guard | 1 |
| National Guard—Inactive duty | 2 |
| Air Force—Active duty | 1 |
| Active duty reserve | 6 |
| Veterans' Administration—Part-time | 1 |
| Part-time | 1 |
| Navy—At this time | 0 |

I have given annual endorsements to sixty (60).

Expenses:

| | |
|---|---|
| Due on 1948, 1949, 1950 | $471 00 |
| Due on 1951 | 275 00 |
| Total | $746 00 |
| Received from Congress | 100 00 |
| Balance | $646 00 |

# OFFICERS' REPORTS

## FIFTH ANNUAL REPORT OF SECRETARY U. J. ROBINSON

Oklahoma City, Oklahoma, September 6, 1951

Brother President, Officers and Members of the National Baptist Convention, Incorporated, assembled in Oklahoma City, Oklahoma, for your Seventy-first Annual Session.

It is with a degree of pleasure I come to give an account of my stewardship as your Secretary. This marks the second time this great Convention has met in this fair city, upon the invitation of our Vice President-at-Large, Dr. E. W. Perry.

I am submitting to you my report for the 5th time. I am conscious of the fact I have tried to be faithful in the performance of the duties of the office. I have tried to be loyal to the interests of this Convention, and cooperative with our Chieftain, and courteous to those with whom I have had to deal—and respected the rights of my associates with me in performing the duties of this office.

I appreciate the kindness and fine help given me by each of you and the many invitations extended during this year. I strive to be a brother and friend, and to serve all of you in anyway possible, in keeping with the rules of the Convention.

The office of the General Secretary of this Convention is the Bureau of Information and Operation twelve (12) months in the year. From our office many notices and calls go out. The records are kept and our annual Minutes are distributed. The expense of the office is kept to the minimum. The many Boards, agencies, etc., add greatly to our work and costs. May the Lord give us faith and strength to carry on!

We held our winter Board and Adjourned Session at Hot Springs, Arkansas, February 20-22, 1951, in the Bath House Auditorium, Dr. R. C. Woods, Entertaining Pastor. Reports were made at this meeting and plans approved for operation this year.

The main objective of the Adjourned Session was to dedicate the Bath House and raise money to meet the notes on the repairs. This was a great and inspiring meeting. Details of which will be found in our Minute.

Regional meeting was held in Texarkana, Texas, April 24-26, 1951, with, Dr. D. Edwin Johnson, Entertaining Pastor. This meeting was well attended. The entertainment was great.

The final meeting of the Board of Directors was held in Shreveport, Louisiana, during the Congress in June. The feature of this meeting was to prepare the program and lay plans for this meeting.

# TWENTY-SEVENTH ANNUAL REPORT OF THE HISTORIC AND RESEARCH DEPARTMENT

of the

NATIONAL BAPTIST CONVENTION, U. S. A., INC.

and the

12th Annual Report of Theodore Sylvester Boone, D. D., LL.D.

Historiographer, during the 71st Annual Session of the National Baptist Convention, U. S. A., Inc., September 6, 1951, Oklahoma City, Okla.

## THE UNIFICATION EFFORTS

It was and is obvious that Negro Baptists are divided. The year 1915 marked the tragic happening in the national life of the largest group of Negro religionists in the world. Many years of observation and comment, pro and con, had been engaged in by two schools of thought before the colossal breach came. But it was regarded a matter that would last for only a short period. There were many among both white and Negro Baptists who set themselves to the task of correcting the ills and healing the breach. The split was greatly regretted by white Baptists, especially many of the Southern Baptist Convention. There were many Negro Baptists of both divisions who regretted the split, and early set themselves to the task of having commissions appointed and efforts made to bring about reunification of the factions.

The factions were soon labeled by distinguishing names. The faction that kept in fact the original convention and by far the larger of the two was known as the "Morris Convention" and later the "Williams Convention." That was true because Dr. E. C. Morris was president at the time of the split and was not long thereafter, succeeded by Dr. L. K. Williams, who was extremely active in efforts to avert the split shortly before and during the time of its happenings by contending for convention ownership and control and who worked hard for reunification of the factions, after a short presidential tenure by Dr. W. G. Parks. The faction that departed from the original convention and the philosophy of convention ownership and control was known as the "Boyd Convention." That was because the split was brought about because of the publishing house that was not owned by the convention, and Dr. Boyd refused to have it placed under the ownership and control of the convention.

There was unusual attention given to the reunification of the National Baptist Convention. Dr. E. C. Morris, president of the Convention, said:

"We are glad to know that the Southern Baptist Convention has taken sufficient interest in the matter to appoint a committee of their wisest and best brethren to confer with the convention on plans as to how those who have gone out from us might be brought back; and I am sure these brethren will be most heartily received, for we know they only came as messengers of peace; we are especially glad of their coming for the reason that they have not had an opportunity to know the real issue which led those brethren away."[1]

[1] Journal of the 37th Annual Session, National Baptist Convention, 1915, p. 26.

To that meeting (1917) the committee from the Southern Baptist Convention was presented and made known the reason for being present. The members of the committee were presented to the National Baptist Convention by Dr. W. H. Moses, who had left the Boyd faction and returned to the Morris, in an address which "was characteristically brilliant and strong, and thrilled the mighty host of Negro Baptists." Dr. O. L. Hailey and Dr. J. B. Gambrell spoke and made it known that they were there to do what they could in uniting the divided forces among Negro Baptists.[2]

Their messages were fraught with hopefulness. They were intent upon restoring peace among Negro Baptists. The interest they had in the cause of the Negro Baptists was largely predicated upon a theological seminary proposal that had been discussed by the Southern Baptist Convention. The division had necessarily impeded any further action on the part of the Southern Baptist Convention. The proposal for the National Baptist Theological Seminary was that the National Baptist Convention would raise Fifty Thousand Dollars which would be matched with Fifty Thousand Dollars by the Southern Baptist Convention.[3]

An effort was made by Miss Nannie H. Burroughs to have Dr. R. H. Boyd conform to the request of the "Peace Commission." But Dr. Boyd replied to her in "An Open Letter to Peace Commission" in which he set out "that the very things spoken of in that article under the head of 'Only Information Wanted' had been four times given to the Convention by the Publishing Board."[4]

He also expressed himself as having been irritated because of the request of the commission when what was requested had four or five times been published to the world. However, he further said: "But I still agree with the Peace Commission in all of its actions or sayings, if these brethren could come together without asking others to sacrifice their rights."[5]

There was a vigorous opposition registered against the Peace Commission, as Dr. Boyd and his supporters contended that the Commission represented the corporation brethren, who endorsed the incorporation of the National Baptist Convention without authority,[6] which act was supported and explained as having been fully authorized by the Convention in the 1915 Annual Message of President E. C. Morris.[7]

With many the split had been regarded as the inevitable, and they were adverse to any and every effort to bring about reunification of the National Baptist Convention factions. Their words and actions had unusual effect upon the white Baptists who were anxious to work with Negro Baptists in founding and operating the National Baptist Theological Seminary that had been discussed and planned by them for several years. The work of the Peace Commission was impeded by articles and editorials that were released in and mainly through papers that appeared hostile to the idea of reunification.

With certain Negro Baptist attempting to show that a seminary movement had already been arranged shortly after the split at the exclusion of the interested White Baptists of the Southern Baptist Convention it made it difficult to get the Peace Commission to function. Very prominent were denunciations against the co-operative seminary movement between Negro Baptists and white Baptists by representatives who spoke through the National Baptist Union-Review.[8] Sharp criticism was also made against persons who had formerly expressed themselves in favor of the "Boyd Convention"[9] but who had later joined with the "Morris Convention" in an effort to have reunification effected through the work of the white Baptists who were representatives from the Southern Baptist Convention to on the Peace Commission.

But there were at times found men who openly and unqualifiedly spoke out for reunion of the factions. That was true regarding some leaders from both sides. A most challenging article appeared in the National Baptist Union-Review from the pen of Robert Chapman Judkins, D. D., of Jersey City, New Jersey. A part of his article will reveal his attitude.

"In Chicago after the Convention had split and both sides had elected their officers and settled down, Rev. W. H. Jernagin, D. D., of Washington, D. C., and Rev. R. C. Judkins, who were members of the Convention over which Dr. Morris presided, offered a joint resolution asking that committees be appointed from each side to confer on terms of 'peace and reunion.' The resolution was voted down, but forty-three men voted for it. These men will yet have a hearing and the cause they stood for in Chicago will yet triumph.

"In the Muskogee, Oklahoma, Convention, Rev. R. C. Judkins offered resolutions asking that a committee of five be appointed from each side to confer on terms of 'peace and reunion.' There was no opportunity given for the discussion of the resolutions, but many ministers assured the author that they favored them heartily. The matter had been discussed in the Southern (white) Baptist Convention, and its president, Dr. J. B. Gambrell, and Dr. O. L. Hailey, both of Dallas, Texas, were sent to the Convention in Atlanta and the one in Muskogee to offer the services of the Southern (white) Baptist Convention to help the colored brethren get together. In his eloquent address, Dr. Hailey used these words: 'We have come to offer our good offices in assisting the two conventions to get together.' Those significant words were uttered before the Muskogee Convention in September, 1917. Our white brethren see the folly of our present course; they see that our work is hampered because of our division, and they offer their help for our betterment. We do not believe that these combined efforts at peace will come to naught. We believe that they are seed sown that will spring up and bring forth abundant fruitage.

"Peace Sentiment

"(A) No layman who is not making money out of the split favors it. We have talked with laymen of all classes in many sections of the country and without exception they deplore the split and feel outraged by the division. It is an undeniable fact that it is the prayer and deep desire of the millions

who make up our churches that our Baptist family be once more reunited in one great National Convention.

"(B) The 'Christian Review,' one of our strongest and cleanest denominational papers, has taken a bold editorial stand for 'peace and reunion.' We hope that under its new editorial management it will continue to stand for harmony and unison in our ranks.

"Able and eloquent articles have been published from the pens of Rev. W. B. Reed, D.D., of Hartford, Connecticut; Rev. Dr. Jones of Pittsburgh and Rev. Dr. E. W. Moore of Columbus, Ohio, calling for a cessation of abuse and reunion of our forces. In Dr. Moore's article which appeared in 'The Christian Banner' of November 10, 1917, he made this plea to the Banner editor: 'I plead with you to use your paper for suggestions that will get us together and not for that which will tear us further apart.' This statement is from one of the ablest and one of the most influential men who belongs to and who attended the Atlanta Convention.

"Here again I mention the interest our white brethren are taking in our course to show the bulwark of the peace sentiment.

"Illogical Position of Our Leaders

"(A) World conditions demand union. The spirit of the age and the present world conditions demand union of forces and not division of powers. Our denominational position at present is opposed to and contrary to the spirit of the age and the demand that world conditions make upon us.

"(B) The weakness of our race demands harmony and union. As to population as well as material possessions we are a weak race when compared with the other race. We need to husband our forces wisely and conserve our strength to insure life and development. There ought to be no doubt in our minds as to whether this can be brought about through union or through division.

"(C) New Testament teaching and spirit are against our present course. Malice, hatred, abuse, evil speaking, divisions are condemned in the New Testament. Ephesians 4:31, 32—'Let all bitterness, and wrath, and anger and clamor, and evil speaking be put away from you, with all malice:

'And be ye kind one to another, tender-hearted, forgiving one another, even as God for Christ's sake hath forgiven you.'

"(D) Only selfishness of a few leaders approve our present course. There is nothing that endorses our present course except the selfishness of a few leaders. Every consideration for the good of the whole denomination and race demands 'peace and reunion.' The lawsuit is an ungodly and unwise course that will cost the denomination dearly and profit nothing. It may give a few men on either side or on both sides a little personal, selfish satisfaction that they have whipped an enemy of long standing, but in the things that count in the long run the denomination will reap nothing. However the lawsuit concludes it cannot wipe out hatred and malice; it cannot stop abuse; it cannot heal the sores and divisions throughout the states and in every hamlet. A prayerful coming together of the leaders of both sides to consider 'peace and reunion' can do these things.

"The proposition that we offer is that a committee of five (5) be appointed from each side to confer on terms of 'peace and reunion.' What Christian minister who has the welfare of his denomination and race at heart can object to this course?

"We appeal to the older leaders to make an effort to settle these troubles out of court. Don't perpetuate this quarrel and division for young ministers of the future to stumble over.

"We appeal to the younger ministers to refrain from hatred, malice and abuse, and use their efforts for harmony. Lift up your voices loud and strong for 'peace and reunion.'

The men who stand for hatred, abuse and divisions are false leaders, and the sooner the denomination wakes up to that fact the better it will be for the great cause, which we represent. We call upon all who love the denomination, who love peace, who want to see the denomination once more reunited to lift up their voices and say so.

"I stand unqualifiedly for 'Peace and Reunion' now."[11]

There were many others who were as sincere and interested in 'peace and reunion' for the Negro Baptists as was R. C. Judkins. But after a high note had oftentimes been sounded or a lofty stand taken in the interest of 'peace and reunion' there would be released some counter and denunciatory utterance against Negro and also white Baptists who had made some statements or shows for 'peace and reunion."[12]

A very open position was taken by Dr. W. H. Moses in setting out 'Seven Reasons Why the National Baptist Convention Should Unite."[13]

There was expressed the opinion that there were not any individuals known who were not in favor of the factions reuniting. It was also thought that the two groups did not mean to split. It was quite obvious that reunion was greatly needed, as the split was having most destructive repercussions in all departments of the work and all sections of the country.

The failure to effect reunion which was first regarded as a certainty and was thought would be effected in a short while after the split developed into a monster problem which led to most frightful concern and bitter charges by one side against the other. Though immediate steps were taken to heal the breach many of the hopefuls soon began to realize that there were hidden enmities that were just evidencing themselves which pointed to the perpetuation of a division that would never be mended. But some hopefuls continued their efforts to reunite Negro Baptists. In 1916 during the session of the convention in Savannah, Georgia, Dr. L. K. Williams of Chicago, Illinois, offered a resolution setting forth a desire for peace and proposing some terms by which reunion might be obtained. There were many who thought the resolution premature, and it was, therefore, withdrawn. But that Resolution was a significant forerunner, for there followed it a strong appeal from a Peace Commission composed of representatives of the Southern Baptist Convention (white), the National Baptist Convention and the National Baptist Convention, unincorporated.

There was success made to the extent of the holding of several conferences between the representatives of the three groups who composed the Peace Commission. There was apparent reunification interest manifested by the representatives who participated in the conferences for 'peace and reunion.' Each meeting that was held found the representatives of the Southern Baptist

Convention (white) and the National Convention voting unanimously in favor of the peace terms that were proposed. The representatives of the unincorporated Convention voted against acceptance of the proposed terms. That course of procedure was constantly followed in every meeting that was held by the Peace Commission. An element of discouragement was projected into the thinking of most of the members of the Commission as the same results obtained without any changes or modifications during each meeting that was held. It was not at all encouraging to the representatives of the Southern Baptist Convention and the National Convention to find the representatives of the National Baptist Convention, Unincorporated, always registering as a group a negative vote. But that did not put an end to their further negotiations for "peace and reunion."

A most unprecedented stand was taken by the National Baptist Convention (Incorporated) during the session that was held in St. Louis, Missouri, in 1918, when the convention endorsed the peace terms which had been agreed upon by the Peace Commissions. The same terms had several times been agreed upon by the representatives of the Southern Baptist Convention (white) and the National Baptist Convention (Incorporated), and each time the same terms were voted down by the representatives of the National Baptist Convention (Unincorporated). The report was called for by Dr. A. U. Boone, chairman of the Commissinn, after a unanimous vote by the incorporated convention. There were expressions made by representatives of the two conventions before the report of the Commission was read. Dr. W. H. Moses, who had formerly been identified with the unincorporated brethren spoke for the incorporated brethren, and Dr. J. H. Frank spoke for the unincorporated brethren. They gave what were regarded as the views of the two National Conventions that would be acceptable as the basis of unification and consolidation. Following their speeches a conference was held when it was agreed that a committee of three would be appointed, one from each of the three commissions, to take the statements presented by the spokesmen, to give them consideration and to formulate a tentative basis of agreement. It was mutually consented that the Chair should make the appointment. The committee was: W. E. Atkinson of the Southern Baptist Convention, S. S. Jones of the National Baptist Convention, Unincorporated, and L. K. Williams of the National Baptist Convention, Incorporated.

The report of the commission was considered seriatim, and after several amendments was adopted as follows:

"Basis of the unification of the Negro Baptists of America and for the consolidation of the National Baptist Convention (Incorporated) and the National Baptist Convention (Unincorporated) unanimously adopted at Memphis, Tennessee, Tuesday, March 19th, by joint commission composed of the commissions of the Southern Baptist Convention and the two National Baptist Conventions.

"The joint Commission composed of the commissions appointed by the Southern Baptist Convention, the National Baptist Convention (Incorporated) and the National Baptist Convention (Unincorporated) recommends unanimously the following as a basis for the settlement of the differences between the latter two bodies and for their consolation:

"1. That the charter of the National Baptist Convention (Incorporated) be surrendered and annulled.

"2. That the lawsuit now pending against the National Baptist Publishing Board be dismissed as soon as the agreements are approved by the

two National Conventions, with the understanding that the right of denominational ownership and control of all institutions and boards is hereby recognized and that said ownership and control in each individual case shall be determined and established at the earliest time possible after consolidation by such methods as may be necessary.

"3. That the Executive Boards of the two National Baptist Conventions be requested to approve these articles within the next two months and provide that the two conventions meet this year in the same city, in separate conventions on the same day, for the final and complete ratification of this agreement; that said ratification in the coming session of each convention shall take precedence over all other matters after the usual opening preliminaries.

"4. That immediately after the ratification as set forth above, this joint commission shall name a chairman and other officers of said united convention who shall preside over the joint session for consolidation.

"5. That the united convention appoint a committee to confer with a committee of the Southern Baptist Convention about the differences concerning the location of the National Baptist Theological Seminary.

"6. That the Southern Baptist Convention appoint a permanent advisory committee of nine, with which the Executive Committee, or any other committee or board, of the said united convention may at any time confer."[14] The members of the Commissions present March 19, 1918, in Memphis, Tennessee, were of the Southern Baptist Convention, O. L. Hailey, secretary; A. J. Barton, Ben Cox, A. U. Boone, Chairman; Rufus W. Weaver, W. E. Atkinson, J. B. Gambrell; Incorporated, T. O. Fuller, A. R. Griggs, Joseph A. Booker, C. T. Walker, C. H. Parrish, L. K. Williams, W. H. Moses; Unincorporated, D. D. Gaines, George W. Alexander, S. R. Prince, John W. Hurse, J. L. Harding, E. W. Bowen and S. S. Jones.

One member from each of the three commissions was appointed to a committee of three to make known the findings of the joint commission to the officers of the two National Baptist Conventions and their Executive Boards.

The members of the committee were O. L. Hailey, T. O. Fuller and D. D. Gaines.[15]

There were many Negro Baptists who had met in St. Louis, Missouri, to hear the report of the joint commission and to lend their support to its approval and further encourage its adoption by the two National Baptist Conventions. They had spent two days there in prayer and devotion at the First Baptist Church and were very much concerned about the report. The large assembly of Negro Baptists was called a "mass meeting," as there were representatives of both conventions present, but they were interested in reunification. The chairman of the commission, A. U. Boone of the Southern Baptist Convention, had the report read by W. E. Atkinson also of the Southern Baptist Convention. The report was heartily and enthusiastically approved by the mass meeting.[16]

The representatives of the National Baptist Convention (Unincorporated) held a meeting in Little Rock, Arkansas, and voted disapproval of the same

terms of agreement as were unanimously agreed upon by the National Baptist Convention (Incorporated) and the commissioners of the Southern Baptist Convention and the many Negro Baptists of both conventions who met in St. Louis, Missouri, as a "mass meeting." That action on the part of the representatives of the National Baptist Convention (Unincorporated) did much to quell any further efforts for peace and unification. A very definite lull struck and it became the thinking of many that there would be no need for further efforts for reunification. But in the face of such thinking in the negative and the obvious cessation of reunification efforts there suddenly broke out another wave in favor of "peace and reunification." In support of the re-vitalized reunification efforts of Dr. J. T. Brown submitted in an executive board meeting an article setting forth the "National Baptist Convention's Attitude on the Reunification of Our Baptist Forces." In part he said:

"This sentiment has been revived recently, and it now seems that the desire for unification seems greater than at any time since the unfortunate separation. The leaders and constituents of the National Baptist Convention feel that in the exercise of the spirit of brotherhood it is their duty to hold themselves in readiness to consider in the most favorable light any and all efforts toward reconciliation and reunification. Guided by this impulse this convention assumed the friendly and brotherly attitude toward all the brethren from the unincorporated convention who represented themselves for membership in that convention at its recent session held in St. Louis, Missouri. These applicants for membership were not asked questions; not required to make formal statements or concessions; not called upon to make any explanations or apologies. But on the contrary they simply registered and met the constitutional requirements as all applicants for membership are required to do. At that session of the National Baptist Convention a resolution was adopted putting the convention on record as being ready and willing to take any and every step that is right and warranted to obtain an abiding peace and unity. Pursuant to this resolution the Executive Board of the National Baptist Convention stands ready for peace and reunion on a righteous basis and hereby so declares. We long for reconciliation of the Baptist brotherhood. We firmly believe that peace is the fairest form of happiness that exists among men. In order to obtain peace we stand ready to adopt and turn to account any of the spiritual methods of reconciliation laid down in the New Testament, which is our rule of faith and practice."

Various moves were made by both divisions among Negro Baptists and also the Southern Baptist Convention. One request was presented to the National Baptist Convention, (Incorporated) during its session in St. Louis, Missouri, (1918) by Dr. A. J. Barton of the Southern Baptist Convention who attended the unincorporated convention in Little Rock, Arkansas. The request was submitted to him by the unincorporated brethren and was for the appointment of a commission of twenty-five to work out the final details for peace between the two wings of the National Baptist Convention. The request for an increase in the numerical strength of the commission was concurred in by the National Baptist Convention (Incorporated).[17]

A far-reaching resolution was adopted by the National Baptist Convention (Incorporated) as follows:

"Whereas some good brethren who had participated with the National Baptist Convention of America until its Chicago session of 1915;

[17] Ibid. p. 94.

"And whereas these brethren there and then did withdraw from us and formed what is now called the National Baptist Convention (Unincorporated);

"And whereas these departed and dissenting brethren claim to have reasons, real or apparent for their conduct;

And whereas their departure is made the basis of much confusion, unrest and misunderstanding;

"And whereas peace and unity are the mainstay of Christian cooperation, the basis elements of true religion and its vital principles, which are the very heart and genius of denominational coherency and efficiency;

"And whereas we claim to be and are thought to be, by the larger number, the National Baptist Convention of America proper;

"And whereas such a claim makes it obligatory upon our part to bear for and express to our absent brethren now assembled in Kansas City the desire for union with them, and also seek the same;

"And whereas such a course is both wise and godly:

"Therefore, be it resolved that it is the sentiment of this, the National Baptist Convention of America, that there should be but one National Baptist Convention and that this convention, now assembled here, stands ready to work to perpetuate but one, and will and does stand ready to arbitrate all real or seeming causes that have produced this unpleasant national situation, and that it will go as far as truth, righteousness and wisdom may suggest and permit in an effort to have but one convention:

"Be it resolved further that a copy of this resolution be sent to our brethren now assembled in Kansas City."

The resolution was most enthusiastically adopted as the genuine sentiment of the convention.

Resolutions were not only made to the National Baptist Convention (Incorporated), but the unincorporated convention also was sent resolutions not only by the incorporated convention but by the Southern Baptist Convention. A resolution sent by the Southern Baptist Convention to the two National Baptist Conventions was known as "A Suggested Basis of Reunion Made by the Commission From the Southern Baptist Convention to the Joint Commission of the Two National Baptist Conventions." The resolution read:

"I. That the constitution of the National Baptist Convention be amended as to make it a representative body of representing Baptist churches, associations, societies or conventions.

"II. That all the Boards of the Convention shall be subject to the control of the Convention by such means as the Convention itself shall determine.

"III. That where it is necessary in order for the safeguarding or transaction of the business of the Board, any Board of the National Baptist Convention shall be incorporated under the regulation of the National Baptist Convention.

"IV. That the charter which is now objected to by the National Baptist Convention unincorporated shall be annulled and vacated by those who have procured it.

"V. That when the above terms have been accepted and confirmed the present lawsuits shall be withdrawn.

"VI. All interests as fostered by each Convention at present shall be cared for on an equitable basis.

"VII. The question of the Negro Baptist Theological Seminary with all of its interests shall be referred to the reunited Convention and the Southern Baptist Convention to be established and fostered as originally planned.

"We, the Commission From the Southern Baptist Convention, pledge ourselves and the Convention to assist and co-operate in the founding and maintaining of the Negro Baptist Theological Seminary. We recommend the spirit and the purpose of the Memphis agreement as a basis for reuniting the two conventions."

The resolution was signed by E. Y. Mullins, Chairman, O. L. Hailey, Secretary, J. B. Gambrell, A. U. Boone and Ben Cox, and was fully supported by every reasonable effort they could make to bring the divisions together.

Very significant moves were made after Dr. L. K. Williams was elected president of the National Baptist Convention, Incorporated, to have the two conventions unite and form one colossal organization. Dr. Williams referred to the resolution that he endeavored to have the incorporated convention adopt in 1916 during the session of the Convention in Savannah, Georgia. There were repeated suggestions and efforts made by him as president of the incorporated convention to accomplish peace and reunion. He was firmly convinced that there should be only one National Baptist Convention in America. There was approval lent by President Williams to "A Plea for Baptist Unification" that was produced and circulated by Thomas L. Ballou, D. D., in 1930. In part Dr. Ballou said:

"Would it not be a glorious thing and an advanced step, if we would solve our difficulties, remove our differences, ground our rebellious arms, close up the breaches, check the alienations and make the continent tremble beneath the tramp and tread of three and one-half million Baptists coming together in 1930, bearing aloft the Olive Branch of Peace—the streaming ensign of Union, Fellowship and Brotherhood, marching under the triple banner of 'one Lord, one Faith and one Baptism'; all singing in one united strain, 'Blest Be the Tie That Binds Our Hearts in Christian Love.'"

Some of the state coventions submitted resolutions in 1933, in Memphis, Tennessee, for the reunification of Negro Baptists. It was thought that the resolutions would create sentiment among the local churches, district associations and state conventions for reunification, and local, district and state agitations would have been started by them and increased to such a proportion that pressure would have been brought upon the two conventions to unite.

The hopefuls for reunification began to change their opinions and even such a tireless worker as Dr. O. L. Hailey of the Southern Baptist Convention said:

"I have lost my interest in the future of our joint work . . . .

"The brethren of the Boyd-Jones-Frank way of thinking and acting are making grave mistakes. But that is a privilege that has never been denied to Baptists."[18] He made a general observation under a different set of circumstances, when, speaking for the Southern Baptist Convention, he said:

[18] O. L. Hailey, "Looking Forward—The Future Work of Our Joint Commission," p. 1.

"We deplored the condition in the National Baptist Convention and spent two years by the advice of the Southern Baptist Convention, and at our own request, seeking to bring about harmony among them. We did not succeed, but we did establish a working principle on which we agreed to go forward with the undertaking, which we designated 'denominational control.' That simply means that the denomination which founds an institution shall maintain over it such power of direction as will insure that it endeavors to promote the objects for which it is established. It was in accordance with this agreement that we took up our work again in 1918, namely, the establishment of the Seminary. But the Southern Baptist Convention did not seek to enter into the conflict which arose in the National Baptist Convention. We simply tendered our good offices in an effort to bring harmony into the ranks of our colored brethren."[19]

Concurrence was evident between the Southern Baptist Convention and the National Baptist Convention, Incorporated.

There have been obviously determined efforts made for "peace and reunification" by the National Baptist Convention, U.S.A., Inc., ever since the hydra-headed monster of schism projected itself into reality as a colossal tragedy on Negro Baptist union and unity in Chicago, Illinois, in 1915.

## STATISTICAL REPORT

### NATIONAL BAPTIST CONVENTION, U. S. A., INC.

**Oklahoma City, Oklahoma, September 5-9, 1951**

**By Roland Smith, Statistician**

### Analysis of Statistical Data

We have received a relatively low number of schedules which were filled in and returned for tabulation; but your statistician is of the opinion that the sample probably is sufficient. Based upon the number of filled in schedules furnished this office, interpolations have been made. These are among the important changes occurring in the fiscal year, 1950-1951:

1. The number of churches affiliated with our Convention increased by approximately 2 per cent. The number of ministers serving these churches was increased about the same percentage. Baptisms showed a very slight increase over last year.

2. Property valuations appear to be higher than a year ago. This increase is due to the construction of new church edifices during the year, and the repairs of many other church edifices. This increase of property valuations is 1½ per cent.

3. The per unit property valuations out of the South continue to reflect larger than in that of the United States. The steady increase in churches and church membership in "other states" indicate the increasing, and accelerated dispersion in our population. Since ours is the largest single organization in America, we may safely say that American Negroes are rapidly being distributed throughout the country.

[19] O. L. Bailey, "The Genesis and Progress of the American Baptist Theological Seminary," pp. 5, 6.

4. The issuing of the 1950 Census of the United States gives us an opportunity to better determine the adequacy of statistics heretofore used by us, and at the same time, offers us the opportunity to revise our figures so as to be more nearly into line with census findings.

5. Our studies continue to reflect that our rural church population is showing a net increase year after year. This can be verified by the Federal Census. We are mindful of the lack of facilities for the preparation of schedules by our rural ministers. In many cases they do not have the training nor equipment with which to furnish us with usable schedules. This may result in a greater statistical error.

### The Increase in Sunday Schools or Church Schools

According to releases received by our office, for the first time in several years the rate of increase Sunday school enrollment during 1947-49 surpassed the rate of increase of both church membership and general population.

Largest numerical gains in total Sunday school enrollment during 1947-49 were made by the Methodists, 455,921; Southern Baptists, 420,786; Presbyterians, U. S. A., 217,779; Latter-Day Saints, 112,782; Protestant Episcopal 70,736; Lutherans Missouri Synod, 65,083; Church of the Nazarene, 52,540; Congregational Christians, 50,083.

Total number of Sunday schools in the United States in 1949 was 243,454 with a total enrollment of 28,893,789. The total enrollment is made up of 26,438,849 pupils and 2,454,940 officers and teachers.

### General Church Growth of Church Membership in the United States (Continental)

The church is still growing in Continental United States in spite of beliefs to the contrary, according to the report on church membership issued by the Christian Herald. These are some salient facts: Church membership grew relatively faster in 1950 than the general population. There were more church going in the United States in 1950 than the year 1900.

In 1950, you had 55 per cent of the population were church members; in 1900, you had 34 per cent.

The gain in church membership in 1950 was 3.56 per cent, contrast with a gain in population of 1.67 per cent. To make this gain, the churches received approximately 4,000,000 new members, because some 800,000 were lost through death.

The reports further reveal the fact that membership for church groups not Catholic was 50,083,000, a gain of 2.89 per cent.

The Southern Baptists led all other non-Catholic groups with a numerical gain of 318,000 in new members for 1950.

The Methodist Church, the largest group, was second with a gain of 143,000. Third, was the African Methodist Church, with a gain of 100,000.

The three largest groups in the United States are the following:

| | |
|---|---|
| The Methodist Church | 8,035,647 |
| Southern Baptists | 7,679,889 |

One of the most vital departments of our National Baptist Convention, U. S. A., Inc., is the Statistical Department. This department, under the direction of the Statistician is to secure statistics of our churches, associations, state conventions, and schools; and to report the same annually to the convention. It is through the Statistical Department that Negro Baptists are kept informed and appraised of the growth and development of our Baptist constituency; as well as, the lack of growth and development of our Negro Baptists. The Statistical Department through the encouragement and efforts of the late Dr. L. K. Williams, President of the National Baptist Convention, received great support financially and morally. During his administration, he frequently in his annual message called attention to the necessity and tremendous importance of Negro Baptist statistics.

We are grateful to our leadership, under Dr. D. V. Jemison, Dr. A. M. Townsend, state presidents, and moderators of associations, for the assistance in many ways given this department. We have not received the kind of sustained support that should be given in the procuring of correct statistics of our National Baptist Convention, U. S. A., Inc.

We should keep in mind that this is an age of scientific, economic and political development through measurement of statistics. If Negro Baptists are to continue to maintain a position of power and prestige in the religious world, we must give serious consideration and support financially to the building up of the best department of statistics among the various denominations. We are calling upon all moderators, presidents of state conventions, and our National Baptist Convention officials to become statistically conscious among their groups; so as to provide a true picture of our numerical strength.

We are grateful to Editor Barbour of the National Baptist Voice for help and encouragement through the Voice. Editor Barbour has used his pen across the years in the support of the Statistical Department. Let us find a new appreciation for the greatness of Negro Baptists, by supporting the Statistical Department.

## REPORT OF ATTORNEY

Oklahoma City, Oklahoma, September, 1951

Mr. President, Officers and Members of the National Baptist Convention, U. S. A., Incorporated:

Greetings:

A beneficent Providence has spared all of us to assemble in another annual session of this great convention—a convention which by reason of its numerical strength alone has undreamed of potentialities for influencing the Christian conduct and attitudes of more people than any other group of Negro people on this continent.

The big question mark is, Do we realize the vast opportunity which is ours and its concomitant responsibility? I pray God that we do and shall address ourselves accordingly.

### Board Meetings

During the past year, considerable of your attorney's time has been consumed in attending various meetings of major executive departments of the parent and subsidiary bodies of the organization. They are as follows:

October 25, 1950, meeting of the Finance Commission of the Convention at Nashville, Tennessee, to wind up the financial affairs left uncompleted at Philadelphia.

On January 11, 1951, meeting of the Executive Committee of the National B. T. U. Board at Nashville, preceded by a meeting of the Finance Commission of the Convention on January 10.

On February 20-22—meeting of Board of Directors of the Convention at Hot Springs, Arkansas, in connection with the Convention's Adjourned Session.

At the same time, I met with the Executive Committee of the National B. T. U. Board.

On April 10, 1951, special meeting of Finance Commission of the Convention, followed by a meeting of American Baptist Theological Seminary Board at Nashville.

On June 19-21, 1951, meeting of Board of Directors at Shreveport, Louisiana, followed by meeting with Executive Committee of National B. T. U. Board.

### By-laws of National B. T. U. Board

Last fall, in discussing the affairs of the National B. T. U. Board, it was disclosed that that organization had never adopted any formal by-laws.

The attorney for the Convention, along with its auditor, Mr. J. B. Blayton, was directed to draw up and submit to that body suitable by-laws for the governing of operations and affairs of that Board.

Your attorney was not officially notified of the above direction until January of this year. He and the auditor proceeded to draft and submit such by-laws to the National B. T. U. Board in its meeting held at Hot Springs in February. The same were adopted by the Board and formally approved by this convention at Hot Springs.

These by-laws will, if observed and followed, provide established methods of carrying on the Board's business, subject to the final authority of this convention.

At said meeting also the difference in the account of Dr. E. W. D. Isaac, Secretary of the National B. T. U. Board, was adjusted to the satisfaction of that Board.

### National Baptist Bath House

Dr. A. M. Townsend, Secretary of the Finance Commission of this convention, presently in charge of the Bath House property at Hot Springs, Arkansas, will give you a full and complete report on the financial aspects of this matter as well as the operation of the same. Consequently, therefore, it is wholly unnecessary that I refer to those matters. However, being intimately familiar with that monumental undertaking, having had some part in having the Convention to undertake it, I think it fitting and appropriate that these observations should be made concerning the bold equation.

I think it is safe to say that a very small proportion of the Baptist constituency realizes the magnitude of this venture or conceive of its undreamed of potentialities. This property, worth nearly a million dollars, should be the pride of four million Negro Baptists. In the short space of six operations it is now yielding five per cent net on a half million dollar investment. In other words, it is this early yielding $25,000.00 per year. What will it do when the Negro Baptist leaders of the nation really get in dead earnest and make this great facility known to their constituency! If we do the job that can be done at Hot Springs, countless thousands of Negroes not yet born will bless the name of the National Baptist Convention. There is no other Hot Springs in the world. Our Bath House and the Pythian Bath House, both together with less than fifty bath tubs, as against thousands for whites, could not even begin to accommodate all who shall apply once we shall have pointed our Baptists hosts Hot Springsward.

We, the Baptist constituency, must put money in it now to pay off the tremendous cost of renovation. Our creditors will not want to be paid from the net proceeds accruing from the operation of the project. Really, we Baptists, if the leaders wanted to, could pay off every dollar on the Bath House in six months. What is it that four million militant Negro Baptists cannot do?

Do you leaders have the vision and courage to lead those who await your leadership, your inspiration and your dynamic enthusiasm?

### Re-financing Bath House Property

You will be informed by the Finance Commission of the Convention of the necessity for immediate funds to pay off the costs of renovating the Bath House property.

To date, all financing of this project has necessarily been of a temporary nature, pending the completion of the same. Now that the renovations are practically complete, permanent financing is imperatively necessary. To that end I have prepared certain resolutions for your consideration and adoption which might facilitate the permanent financing and liquidation of those obligations.

### Woman's Auxiliary Proposed National Rural Life Center Grambling, Louisiana

On July 10th, last, President Jemison wrote me as follows:

> "Will you please make an official investigation relative to the property purchased in Louisiana by our Women's Auxiliary Convention? I want you to make this investigation and be prepared to give to the Convention the truth relative to the whole matter in the coming session of our Convention to be held at Oklahoma City."

Pursuant to the above request and order, I immediately wrote Dr. S. D. Billoups, President of Louisiana Missionary Baptist Convention, and Miss Nannie H. Burroughs, President of the Woman's Convention, Auxiliary to the National Baptist Convention, U. S. A., Incorporated, requesting that they supply me with all available information relative to said matter.

This matter was relative to the establishment of the proposed National Rural Life Center at Grambling, Louisiana, by the Women's Convention.

Dr. Billoups, who was out of his office when my communication arrived, replied, suggesting that I contact Prof. Charles Adams at Grambling, owner of the property, who would give me information relative to the matter, I did not write Prof. Adams for reasons herein below stated.

Miss Burroughs replied promptly, furnishing me with the following records and data pertaining to the transaction:

1. Copies of correspondence:

9/18/50—3-page letter from Rev. J. Pius Barbour, Chester, Pa., to her.
9/22/50—2-page letter from Rev. E. D. Billoups to her.

In addition to copies of the above correspondence, Miss Burroughs supplied me the following documentary evidence:

1. Copy of certificate from Ross C. Neill, Clerk, Third District Court and Ex-Officio Recorder of Mortgages for Parish of Lincoln, La., to the effect that there was no mortgage or encumbrance against the property in question as of February 8, 1951, Charles P. Adams and Martha Norman Adams being the owners thereof.

2. Copy of Article of Agreement, dated January 10, 1951, between Charles P. Adams and Martha Norman Adams, on the one hand, and the Woman's Convention Auxiliary, National Baptist Convention, U. S. A., Inc., Miss Nannie H. Burroughs, President, on the other, for the sale of two acres of land situated in Grambling, Louisiana, for the price of $1,000.00 with $250.00 earnest money paid as good faith, the balance to be paid if and when good title was assured. This sale agreement was signed on behalf of the Woman's Auxiliary by Miss Burroughs as President; Mrs. Alice Hill, Chairman, National Committee for Woman's Auxiliary, National Baptist Convention, U. S. A., Inc., and witnessed by Rev. W. B. Brickner, Rev. P. C. Keal and Rev. P. L. Harris.

3. Copy of bill of costs dated May 23, 1951, from George B. Holstead, Abstract Company, Ruston, La., in the sum of $127.50, covering charges for supplement no. 3 to original abstract of title to the land in question.

The records supplied by Miss Burroughs indicate that the business affairs of the Woman's Convention are being handled in a businesslike manner.

In the letter from Miss Burroughs, dated July 24, 1951, transmitting the above information, was the following paragraph:

> "I am sending you all information concerning the proposed Louisiana Rural Life Center. But, after prayerful consideration, I have definitely decided not to go through with this project."

In view of the above quoted paragraph from Miss Burroughs' letter under date of July 24, 1951, your attorney did not deem it necessary to proceed further in the matter, deciding to report the facts to you.

### Attorney's General Observations

Having reviewed the matter fully and having obtained a clear picture of the situation, fully disclosed in the correspondence and documentary evidence, your attorney is of the opinion that the differences between the national and state leaders relative to the proposed project arose purely through understandable and honest misconceptions arising fundamentally through lack of knowledge of the true picture. When the matter is viewed from the standpoint of Christian charity no unworthy motives should be attributed to anyone connected with or concerned in the proposed project.

### Particular Observations and Clarifications

Since the underlying problem inherent in this situation involves the powers of an auxiliary of the convention in its relation to the parent, it seems appropriate, if not imperative, that a clarification of this issue be made by your attorney at this time.

The basic law as found in the constitution of the parent body governs these matters:

1. Article V, Section 2 of the Revised Constitution of the National Baptist Convention, U. S. A., Inc., under title "Other Boards," fixes full and complete control of all Convention Boards under the jurisdiction and supervision of the Board of Directors of the National Baptist Convention. That Article provides, among other things:

a. Approval of officers and employees.

b. Approval of by-laws of the Board.

Article VII—Subsidiary Bodies, Section 1, is as follows:

"The Woman's Convention, Auxiliary to the National Baptist Convention, Sunday School and B. Y. P. U. Congress and the Baptist Laymen's Movement are and the same are hereby recognized as subsidiary bodies of this Convention. These subsidiary bodies shall work in harmony with this Convention, contributing as they are able to the general needs of said Convention.

Section 2.

"The subsidiary bodies shall make annual reports to this Convention and said reports are hereby subject to the approval of said Convention."

Aside from those express provisions in the Constitution of the parent body, it is a well established principle of law that in the very nature of things creatures are subordinate to the creator which is responsible for its being and without which it could not exist as an appendage to the principal body.

### Final Observations

1. In the light of the foregoing, it is apparent that actions and proceedings of the subsidiaries of this convention in the last analysis are subject either to the prior approval or subsequent ratification of the parent body, the National Baptist Convention, U. S. A., Inc.

2. Accordingly, therefore, the proposed Louisiana project would require the approval of this convention before same could be legally set up and established.

3. Without in the least intimating that it was not done in this case (the contrary being evidenced by the record), it should very definitely be brought home to all executives of subsidiaries of this convention that it has the final word in all matters materially affecting the operation of the affairs of such subordinates. Not that the parent body always exercises such authority, but it is sound policy that the above fact be impressed sufficiently so that there shall be no lack of knowledge of the final authority of the creator organization.

Respectfully submitted,

A. T. WALDEN, Attorney
National Baptist Convention,
U. S. A., Inc.

We have been bereft of many of our good brothers and friends in the gospel ministry. Many of them were here last year, but today their voices are silent. We know that we, too, one day, must pass into the Great Beyond, where the wicked cease to trouble and where the weary are at rest. There will be a great rejoicing when Jesus, the Mighty Captain of our salvation will declare to his Father that he will plead no longer. Jesus, the Mighty Captain of our salvation, will lead the army in the march of the soldiers who have fought in the battle of life, and therefore we will be delighted beyond expression to join our dear brethren who have outrun us and gone on before. Host upon hosts, and Jesus in front conducting the march with his bruised side and thorn-crowned head, we will move up for the victory of the church.

We will hear him saying, "Lift up your heads, O ye gates; and be ye lifted up, ye everlasting doors; and the King of glory shall come in. Who is this King of glory? The Lord strong and mighty, the Lord mighty in battle. Lift up your heads, O ye gates; even lift them up, ye everlasting doors; and the King of glory shall come in. Who is this King of glory? The Lord of hosts, he is the King of Glory." We will then meet with our brothers who have gone on before.

## SERVANT OF GOD, WELL DONE

"Servant of God, well done;
Rest from thy loved employ;
The battle fought,
The victory won,
Enter thy Master's joy.

"The voice at midnight came;
He started up to hear;
A mortal arrow pierced his frame;
He fell, but felt no fear.

"Tranquil amid alarms,
It found him on the field,
A veteran slumbering on his arms,
Beneath his red-cross shield.

"The pains of death are past,
Labor and sorrow cease;
And life's long warfare closed at last,
His soul is found in peace.

"Soldier of Christ, well done;
Praise be thy new employ;
And, while eternal ages run,
Rest in thy Saviour's joy."

It shall also be her duty to assist the recording secretary in the discharge of her secretarial duties, and in her absence, keep records of all proceedings; and attend to such others duties as her official relationship requires.

Section 5. The treasurer shall be adequately bonded by the Executive Committee and said bond shall be paid for out of the funds of the Convention, and kept in the office of the recording secretary. She shall receive all money collected on the field or at the Convention.

She shall keep a regular account of all receipts and disbursements in well-bound records, and report same to the Convention in regular session, to the Board of Directors or whenever requested by the Executive Committee. Designated funds and authorized bills shall be paid within thirty (30) days, unless otherwise ordered.

Any remaining representation money above the authorized expense of operating the Convention, shall be divided, as authorized by the Board of Directors, equally between the school at Nashville, Tennessee, and the school at Washington, D. C., and sent by the treasurer to said schools within thirty (30) days after said authorization. The treasurer's books shall always be open to the inspection of the Executive Committee.

She shall pay out no money without an order from the recording secretary, signed by the president. Her accounts shall be audited annually by a certified accountant.

Section 6. It shall be the duty of the historian to gather and record the facts pertaining to the work, development and achievements of the Woman's Convention, and also to present the stories of the lives of those women of the denomination who have made outstanding contributions in Christian service. She shall report or feature her work, as historian, bi-annually.

Section 7. It shall be the duty of the parliamentarian to instruct and guide the Woman's Convention in correct parliamentary rules and usages (according to Roberts' Rules of Order) when called upon, by the president or the body, for instruction or ruling.

Section 8. The duties of any other officers, elected by the Convention, shall be such as usually appertain to the office to which they are elected, together with any other duties that may be assigned to them by the Convention.

Section 9. Appointment to chairmanship of committees shall be made on the basis of the financial rating of the states and active interest and participation in the general or special work of the organization. As far as possible there shall be an equitable distribution of officers and committee appointments in the states.

## ARTICLE IV

## THE THIRD MESSAGE

of

**Dr. Nannie H. Burroughs to the Woman's Convention, Auxiliary to the National Baptist Convention, U. S. A., Inc., This Message Was Delivered in the Calvary Baptist Church, Oklahoma City, Oklahoma, September 6, 1951**

### Only Two Prayers

Only for these I pray,
Pray with assurance strong:
Light to discover the way,
Power to follow it long.

Light to be sure and know;
Let me have light to see,
When the road is clear to me
Willingly I go.

Let me have power to do.
Power of the brain and nerve
Though the task is heavy and new
Willingly I will serve.

My prayers are lesser than three,
Nothing I pray but two
Let me have light to see.
Let me have power to do,
—Charlotte Perkins Gilman

**Christian Friends, Dearly Beloved, and Fellow Laborers**

I greet you, in the name of our Lord and Saviour, Jesus Christ.

This is the second time (1934) that the National Baptist Convention, U.S.A., Inc., has met in Oklahoma City.

God gave us a great meeting in Philadelphia last year. Great in its telling in attendance, in cooperation, in spirit and in concrete results.

The Woman's Convention made history. It snapped into high gear and caught a new vision of service in a more intelligent understanding of its program.

The Spirit of the Lord was upon us. We saw God in Irvine Auditorium and the manifestation of his presence during the entire week. We saw him as Isaiah saw him—"Sitting upon a throne, high and lifted up. And his train filled the temple." And when those challenging messages, delivered by men and women of God, rang through that historic hall, the very posts of the door seemed to have moved and the house was filled with his presence; and I heard the voice of the Lord saying "Whom shall I send, and who will go?" We saw the fields white unto harvest at home and abroad, and then, it seemed that every voice in that temple was rolled into one and exclaimed "Here am I, send me!"

Our Philadelphia meeting was a new dedication of Christian women to the entire program of Jesus Christ. Today, we rest arms in the battlefield at Oklahoma City.

We come to give an account of our stewardship. Heaven is again looking on. After twelve months of triumphant trudging, we are here to "Praise the Lord; to call upon his name; to declare his doings among the people; to make mention that his name is exalted. To sing unto the Lord; for he hath done excellent things; this is known in all the earth. To cry out and shout, thou inhabitant of Zion: for great is the Holy One of Israel in the midst of thee."

"Beyond the war-clouds and reddened waves
We see the promise of the coming days!
We see the sun arise, new charged with grace
Earth's tears to dry and all her woes efface.

* * * *

The coming of his perfect day,
Shall sweep the powers of night away;—
And hope, aglow with radiance bright,
And love in loveliness delight
Shall greet the morning light.

* * * *

Who waits his time shall surely see
The triumphs of his constancy."

It is never out of order for an organization to restate and reaffirm its purposes in its Annual meeting. Thousands of men and women have traveled thousands of miles and spent thousands of dollars to come to Oklahoma City. For What?

To understand more clearly and to face more courageously the task committed unto them to preach and teach the Word.

"We shall need courage to face the soul's high vision,
Though its fulfillment here we never see,
We shall need hearts to make and keep the brave decision,
And Faith to leave the ultimate with God."

The Conventions are expensive things and unless we can make them pay in the things of the Spirit, God has no place in them . . . and we are letting the people down who made the sacrifice to send us here.

Why is it that a revival cannot break out in a Convention like this? Why is it that hundreds of men and women do not crowd around this altar, at each session—pleading with God to—

"Send the old time pow'r, the Pentecostal pow'r!
His flood-gates of blessing on them throw open wide!
Send the old time pow'r, the Pentecostal pow'r,
That sinners be converted and his name be glorified."

### World Day of Prayer

Friday, February 9, 1951 was a great day in hundreds of churches throughout the Nation. It was the World Day of Prayer, and we had covered the country with the appeal to "Ring Every Bell—Open Every Church Door." The weather was generally unfavorable, but the people did as we requested them, and the reports of how they were helped began to pour into our office soon after the Day of Prayer. And we now have about 100,000 of the "Pink Slips signed by those who prayed for the coming of the Kingdom around the world. This is the first time that the appeal to pray has reached an appreciable number of our church people and moved them to action. Coming as it did directly from their own headquarters, it carried meaning and significance such as they have never felt before. We are now looking forward to the 1952 World Day of Prayer with renewed interest. And we hope that all of our churches will observe that Day. We received contributions from a number of churches. And this will be used exactly as designated—most of it was sent for the Joanna P. Moore Memorial Tract Fund and the Proposed Rural Life Project. The largest contribution—$25,00—came from Reverend T. S. Boone of King Solomon Baptist Church, Detroit, Michigan.

### The Baptist World Alliance

The Executive Committee of the Baptist World Alliance held its 1951 meeting in the Headquarters in Washington, D. C., April 25, 26. The Woman's Committee of the Alliance held its meeting at the same time. We paid $250.00 of the 500.00 which we voted to pay as a member of the organization. It is very necessary that we maintain affiliation with the World Baptist Alliance, the organization of United Church Women, and the National Council of the Churches of Christ in the United States. The annual meeting of the United Council was held at Buck Hill Falls, Pennsylvania. Our Vice President, Mrs. M. O. Ross, and several other women of this Convention attended that meeting. It is not too early for us to begin making plans to attend the next Baptist World Alliance which will be held in London in 1953. It is our hope that this Convention will have made definite and highly satisfactory strides in its program of education, missions, and social welfare.

We suggest that you accept for your slogan for the next two years, "An All Out Victory for the Woman's Convention, Auxiliary National Baptist Convention." That means that every officer and member will be up and doing, and that every Committee will carry on a program of education and report its quota; and that every project will be developed according to plan. We should have an actual registration of 2,000 new members. The goal is set. This means that when you hear all of this sound of a going in the top of the mulberry trees as we bestir ourselves let us be sure that the Lord is with us. There must be a spiritual awakening and a new dedication to the work of the Lord in every woman's organization in every church. We

shall need money to promote our causes, but we shall need the Spirit of our Lord and Saviour Jesus Christ to make our purpose acceptable to him.

Some of us put too much stress on the uncertainties of the period through which we are passing. We have nothing in the world to do with uncertainties. We are God's servants. We are under Divine Orders, and we must go on planning, and building, and believing. This is no time to doubt or waver or mark time. It is time for marching. Doubt looks toward the things we do not want—faith toward the things we want. Let us major on faith in our victory campaign.

"Whatever the hours may be saying about the present, the years and the centuries are saying, 'God cannot be beaten.'"

### Foreign Missions

You keep posted on the work of the Foreign Mission Board through the Mission Herald. The Woman's Convention has always cooperated heartily by giving money, lives, and supplies. This year $3,724.15 has been given to the Foreign Mission Board for Foreign Missions. Our Committee on Supplies, under the direction of Mrs. Annette H. Officer and Mrs. J. Amos-Chism, will give a good account of their stewardship in this meeting. We have sent seven boxes to our Mission Stations, and we propose to send five or six more before Christmas. The needs at Grand Bassa are particularly urgent. Miss Gladys East has been sent there to help Mrs. Bryant, whose health is failing. But these women do not have anything with which to work. Here is the list of some of their needs:

Soap, Towels, Diapers, Receiving Blankets, Gowns, Powder, Bonnets, Johnson's Baby Lotion, Sheets, Ticking, Medicines, Rubber Sheeting, Epsom Salts, Condensed Milk, Unbleached Muslin and Dress Material, Cotton Spreads, Hymnals, Vitamin, Pillow Cases, Dishes, Chairs, Cooking Utensils, Blackboard, Penicillium, Castor Oil, Cotton Spreads, Baby Bottles, Piano, Textbooks, Electric Generator, Communion Set, Small covered pots, Bibles and Commentaries, Chests for clothing, Evaporated Milk, Fountain Pens, Treadle Sewing Machine, Sunday School Literature, Seats for Classrooms and Chapels.

Beds and any other furniture for boys and girls' dormitories.

The Dispensary needs rebuilding.

We must not play with the work of the great commission committed to us by our Lord and Saviour Jesus Christ. Mrs. Alice L. Browne, our efficient chairman and Miss Sarah Whetts, her untiring associate chairman, are going to delight us with their report of the Foreign Mission Committee. We are still dreaming about what we are going to do to bless the cause of Foreign Missions through our Life Membership Plan. God is leading us, and those who have the unselfish interest and the vision shall see the desire of their souls and be satisfied. We hope that in the Christian awakening and call to service for all fields, our Foreign Mission Board will have a representative group of men and women to send to Africa for the Expansion Program that must be undertaken when this world conflict shall have been brought to an end.

### Home Missions

This Convention, through its Home Mission Committee, donated through the Home Mission Board, for the Baptist Student Project at Howard University, Washington, D. C., $500.00, and to the Board to promote institute teaching through the plan on programs announced in the Handbook, [illegible] Negro Baptists owe it to the masses to do a great deal more than they are doing for the definite work of Home Missions. We should be able to point

with pride to two or three projects to which the denomination is giving leadership, money, and devotion. White Baptists of the South are taking increasing interest in Home Mission work among Negroes. As Christians they do have a very definite responsibility. We thank God that they are taking it seriously. And we thank God that the old patronizing, condescending attitude on the part of white Christians who work in this field is disappearing, and when they meet Negroes they should meet them in the same spirit that the disciples met the man near the temple, and they should say as Peter said: "Stand up; I myself also am a man."

Christian cooperation offers to Negro and White Americans a splendid opportunity to practice the ideals of Brotherhood and appreciation for human personalities. But Negroes miss the point if they allow white people to do for them what they can and should do for themselves. In missions and education, Negroes are not shouldering the responsibility as they should. The only way for us to develop the type and quality of leadership that the race needs for its "on-going" is to take it upon ourselves to do all that we can for ourselves. This Home Mission problem is more serious, challenging and urgent than it has ever been in the history of the race in America. A Commission representing both races in the North and in the South should be appointed to study the needs and conditions of Negroes, and map out a program that will save the masses. The downward road is crowded. Something definite, constructive, and moving should be done to deliver the masses from the bondage of their death.

### Education—The National Baptist Missionary Training School

This year closed the "Four Year Drive" for the Missionary Training School at Nashville. Mrs. Maude J. Brockway will make her full report in this meeting. It is our hope that sufficient funds have been raised to go forward with the building program.

The Woman's Convention gave to the National Missionary Training School for Scholarships $1,462.40. For general expenses $1,920.60. A special gift of $25.00 to THE TORCH—the Student Annual. And Mrs. Brockway's report for the building fund, the amount is $3,500.00.

### Education—American Baptist Theological Seminary

This year the Woman's Convention gave to the American Baptist Theological Seminary $939.40.

### Education—The National Trades and Professional School

We have received from the Woman's Convention this year $640.00 for Scholarship Aid, and for current expenses and the Expansion Program $4,031.31. We are deeply grateful for this increased interest. We think we should emphasize exactly what we are doing on Lincoln Heights. First, we are trying to secure a very select group of students because we know that we have much to offer to young women who have made up their minds that they are going to prepare for Christian leadership service. We are therefore asking the churches and women's organizations to make it their business to discover and recommend to us promising young women of character and culture. We need not tell you that our churches are in desperate need of trained, Christian women, and that it is our business to prepare them. Our school at Washington has proved what it can do for young women who have been sent forth and are now engaged in Christian service, business, teaching, and home making in every section of our country and in the foreign lands. We say to you without boasting that we really know how to challenge and train young women of high purpose and noble potentialities. We would like to have at least three students from each state.

Our plant is in first-class condition, and we shall continue to improve and beautify buildings and campus. We have sent out a nation-wide appeal for $250,000 with which to put the third story on our Trades Hall, build a much needed modern dormitory, and a Memorial Chapel. In launching this drive we sent 2,500 letters to ministers asking them to present the matter to their people—lay it on their hearts, and we know results will come. From now on the drive will be directed to all who believe in helping people who help themselves. Our school is the noblest example of self-help on the part of Negro Christian women that we have any where in this country. During the past two years, the President of the Institution has had to devote practically all of her time directly to the work of the Woman's Convention, and to preparing material for local missionary societies. She has actually neglected the work of the school, in an effort to establish the going of this Convention. Invitations to fill speaking engagements pour in to us from every direction, and for every conceivable cause. If four million Negro Christians would give one Sunday's collection to the school, we would do a magnificent job on Lincoln Heights, train and send out at least fifty women a year, lift the burden from the back of those who have worked for you, and thus be able to get on the field and deliver a thousand messages a year in response to the invitations from a thousand people, who have done nothing to help the great cause to which we have given the last ounce of devotion.

If Negroes expect the President of this Convention to serve them, they will have to do a great deal more for the school in Washington. If they are not sufficiently interested to make an annual contribution that is in keeping with the work and dignity of the cause, they need not expect the President to leave her post of duty to come and help the thousand people do their Woman's Day benefit for their church. Contributions should be made without requiring the President to come to get the collection. If the work that we are doing does not merit more consideration and sincere appreciation, then our years of labor have been in vain and we will have to find out what our people really want us to do to merit their help for a cause that is a blessing to our race and country. We are speaking frankly about this matter because Negro Baptists could give the $250,000 in sixty days and would not miss a nickel from their regular budget. It is only a matter of being interested in some cause beyond that at your own door. We have announced the opening of the drive for the school. You are not asked to contribute to any run-down, neglected institution; nor to any person whom you do not know and whose services you are not able to evaluate. This entire matter is up to each pastor, member and friend. We have done our duty. We have said our piece. And we now await orders from God as to the next move or the next message.

### Education—White Friends Make a Gift

The Woman's Baptist Missionary Union of Virginia made a gift of $3,000 to the National Trade and Professional School this year. If it were not for the generosity of these friends we would be handicapped, embarrassed, and actually staggering under a load that is entirely too heavy for us to carry without some real financial help from somebody some where. We have struggled under this load for years. The school has already sent out some of the finest women in Christian service. And it is the best example of self-help and offers the finest opportunity for interracial cooperation for church women than any undertaking on the part of Negro women anywhere in this country. Virginia white women have been challenged by these facts, and they have shown heart interest in the Institution, and they have given every encouragement possible to its President. There are four words that describe the quality of our Virginia friends. They are: sincerity, constancy, dependability, dignity. There is nothing patronizing in their attitude. We thank God for these women, for their spirit, their gifts, and for their devotion.

### Education—Our Foreign Girls

We have four fine young women, selected by Mrs. Mattie Mae Davis, sent over by the Liberian Government to matriculate in our institution to prepare for Christian foreign service. The Foreign Mission Board is paying $600 a year to help in the education of these young women. It costs $780 a year each for their education, clothing, and general upkeep. Some of the friends have given us some of the necessities, and we are deeply grateful to them for this evidence of interest. The young women are making splendid records. One of them, Miss Amelia Mitchell, took practically all of the prizes at our 1951 Commencement. The B.Y.P.U. Board, through Professor E. W. D. Isaac, sent us $10 to be given as a prize to the honor student. This young African woman won that prize also.

We urge you to create a Student Scholarship Fund of at least $15,000 each year through our Scholarship Committee. Mrs. Mildred Williams, Chairman, is most earnest in her efforts to contribute toward the education annually of at least twenty girls. We say with emphasis that everything that is undertaken for your organization must be done in keeping with the commitments, dignity, and responsibility of an organization the size of the Woman's Convention. We must be too big to do little things, and too dependable not to go through with the work for which we are responsible.

### Education—A Drive for Coupons

It is surprising what small things can do for great causes. During the depression, when our school was hard hit for funds, the Colgate Company suggested that we use the coupon method. It netted around $3,000. Since so many coupons are thrown away every day in the year, and since we made such a splendid record in 1934, the Company urged us to send in coupons again and let them help the school by giving cash for them. We can get $5,000 worth of coupons this year if you will advertise the plan and get people to send their coupons through you to the school. Some of them are: Octagon, Mrs. Filbert's Ballard's Foods, La Rosa, Rumford Baking Powder, Hearth Club Baking Powder, Borden's, Luzianne, and Kirkman.

This might prove to be a splendid project for the young people of your community. Let them have coupon parties once in a while.

### Education—Summer Institute

Our Midsummer Institute for Christian leaders was held on the campus of the National Trades and Professional School, beginning July 5 and closing July 19. This was the fourth year for this undertaking, and it proved to be the best year. The women have caught the vision, and they not only like the idea of attending summer school, but they realize what a magnificent job we are doing for them. The courses in Bible, Missionary Methods, Public Speaking, Dramatics, Church Music, Devotions, Recreation, Handicrafts, —the Inspirational Addresses by Noted Speakers, and the Sightseeing—all proved to be not only practical, but comprehensive, well taught, and fully enjoyed by all.

It is absolutely impossible for our State Leaders to measure up to the requirements of this day without going somewhere and getting something that is up-to-date and definitely related to the work that should be done by every state organization, and every local missionary society that is affiliated with the Woman's Convention. A non-progressive leadership is the great handicap from which our missionary organizations are now suffering. The fact of the matter is that State Conventions should see to it that at least one leader is sent to summer school every year. We do not know how women get it into their heads that they can lead in Christian work without some basic preparation and without continuous study to keep up with modern methods, materials, and programs. The satisfied dumbness of some of our

leaders is unjustifiable and appalling. A woman who stays at the head of an organization and does not know the "knowhow," and fusses because the people do not follow her is just as dishonest as the woman who misappropriates the funds of the organization, or uses them in ways that are not authorized or regular. In the position of leadership, there are a number of ways of being dishonest.—And one of the worst ways is for a blind, selfish, self-satisfied leader to stand in the way of the enlightenment and development of the members of her organization. The day has come when every leader should go somewhere and learn a little more about how to lead.

### Literature

The leaders of our local Missionary Societies are showing great interest and improvement in reading and studying the material which we recommend for their improvement, and for the up-building of their organizations. THE WORKER is the most popular seller among the books that we recommend. This past quarter tops our fourteen years of publication. We printed 55,000, and we sent out over 52,000. We have 1,000 copies on our literature table here for you to take and help us secure at least 2,000 more subscribers.

We are inexpressively grateful to the thousands of women throughout the country who sing the praises of The Worker, and thus increase its friends day by day throughout the whole year. We make bold the statement that The Worker is actually doing more to help the local church throughout this country than any other magazine published by Negro Christians. We are not boasting—God forbid. But we are trying to express our gratitude to him and to the people for giving us this instrument of service.

The next piece of literature that works night and day for the enlightenmen of our women, is our golden methods book—HOW. In institutes and in the local churches, this book has found popular favor. "Making Your Community Christian" is another "How" book that is rendering invaluable service as a contact and interracial service book. Some years ago we published the Red Circle Guide for our Young People's Department. They did not have a Guide, and we did it simply to help the Youth Directors get started. This contribution has proved a blessing to the Young People's Department. Mrs. Frye issues the bi-annual Weekly Lessons Book, and she is doing a splendid job. We urge every Woman's Missionary Society to encourage their girls to use the Weekly Topics Book issued by the National Director. We would like to have you study Health Education by Dr. Pauline Dinkins. Every missionary group should include it in their study course and devote at least one month in a "once a week" study. It will pay in the health improvement of the entire group.

We handle a great deal of literature gotten out by other writers, and we want you to spend time at our Literature Table selecting all of the material that you need for the incoming year. Again, we broadcast for writers. And most sincerely do we thank you for your fine cooperation. It is our hope that Mrs. Anna Locker, our National Chairman, and Mrs. Geneva Wallace, her Associate Chairman, will make the finest report that we have ever had from this most important department of Christian service.

### Literature Endowment

The life of an organization—its perpetuity—depends upon the vision of the leaders from generation to generation. If the work that we start, or establish, is of real value it should be passed on in good form—or in the best form possible—to the generation following. As a rule, Negroes have not done this, and as a result those who follow in business or in organizations have to begin from scratch. As a leader in your organization, what are you doing that is worth passing on, and in what shape are you planning to leave it? The Woman's Convention has never assumed any responsibility for the publication of literature. A dreamer of dreams—a trail blazer saw the need and value of missionary material prepared specifically for our church women; and without encouragement or cooperation, or even endorsement of our Convention as such, she took it upon herself to produce some material. The women in the local churches have given support and encouragement, and thus we have available more material for church women than any other Negro organization. The ideal and the reality must not be lost. Therefore I announce again that we shall establish a Literature Endowment Fund that will go on blessing our church women as the years come and go. The plans are unfolding, and the Woman's Convention will have proper and adequate representation.

### Life Membership

An organization that does not conceive and develop new ideas will soon die. People like new ideas; new practical, constructive plans. They like to be very much a part of the organization itself. They like to be in something that is glowing, and growing, and challenging. Our Life Membership Plan is another one of those proposals that we believe will become a blessing to the entire Convention. The purpose of the Life Membership Plan is set forth in our National Handbook, and in our message of 1950 we stated that we could not go forward as we suggested when the idea was presented to and accepted by this Convention. We know the plan is of God. And we know also that those who have made personal contributions of $25.00 each for Life Membership will fully enjoy all that the Convention is going to do through your generosity and interest. You have seen our Life Membership Notebook. It is really a Life Membership Register. We are sorry to say that there might be some mistakes or omissions in the roll. But we shall be happy to make all necessary corrections. We shall have a conference with our Executive Committee during this meeting, and we shall then be ready to proceed with our Life Membership dream.

### Board Meetings

You have the report of the Hot Springs Meeting of the Board of Directors of our Convention. The next meeting was held June 20 at Shreveport, Louisiana. The Secretary will give you a detailed report of this meeting.

In connection with Board Meetings, we desire to make the following suggestions: That we follow the agenda and do not hold the meetings unnecessarily long, nor clutter them up with matters that are incidental and unstudied. All matters of importance should be presented in writing so that we will not waste time trying to clarify them.

### The Bath House

You have read in the National Baptist Voice and other papers about the dedication of the Bath House and Sanitarium at Hot Springs, Arkansas. The quota for the Woman's Convention was $5,000. You have paid $2,500, and we have plans to pay the balance at the close of this Convention. Mrs. Phillips and her committee are most desirous of finishing up their assignment. Perhaps the best support that you can give to the Bath House after you shall paid your quota, is to spend at least one week there each year and thus popularize the institution by your visits and personal support.

### Our Proposed Rural Life Center

It is not necessary to review the background of our plan to establish a Rural Life Center at a strategic place in the South. Grambling, Louisiana was selected because it offers everything that such an undertaking would need to make it a real service station to the people who would come for

study, institutes, and inspiration. We have reminded you again and again that the rural Negro woman needs this Convention. She is the loneliest, the most neglected, and most needy woman in the whole world. Her home is bare, her mind unnurtured. She plods on through stark needs. Her spirit is unbroken, but it is also uninspired. She does not need to come to the city, she can live right where she is and become a tower of new strength, new beauty, and new glory. She can be taught where she is. She can glorify what she has and she can make what she needs.

When we left Philadelphia, we were quite ready to go forward with our Rural Life Project. But we had to stop because the state leaders are not satisfied with our selection of the Rural Life Committee Chairman. God has spoken to us quite clearly about the work he wants us to do. We follow a very definite rule in these propositions and undertakings. First, is this Project really needed? Second, we ask God for light and guidance. Third, we investigate very thoroughly. Fourth, we talk the whole plan over with those who are responsible in definite ways for its development. Fifth, we present it to this organization for its consideration and action. Sixth, we move in keeping with rules, agreements, understanding, and Divine guidance.

When a crisis such as we face in the Louisiana undertaking arises, we go back to God. He has given us three very distinct messages which I sent on to the leaders in the State of Louisiana. To begin with, we know that we have too much work to do for the Woman's Convention to lose any time in arguments, disputations, or bickerings over matters that are purely personal and of minor importance, in the face of the great need and great challenge and great responsibility which this Rural Life Projects offers to our great National Organization. And so, when the President of the Woman's Convention went to God for direction, in the midst of the busiest period of her life, he gave her this answer: "I am doing a great work so that I cannot come down." And later, the Word of the Lord came to her saying: "Whosoever shall not hear your words, shake off the dust of your feet for a testimony against them." In all of our studied plans for the development of a challenging and constructive program for the Woman's Convention, we have only this to say: when we have proceeded properly, and with malice toward none, and with justice for all, and when we put our hands to the plow, we shall not turn back. If the Project cannot be carried out in Louisiana without bickerings and strife and "who shall be greatest in the kingdom," the program will be carried out. We have no time to waste, no friends to favor, and no enemies to punish. The great mass of our people suffer and perish if we do not have the vision. Lord God of host, be with us yet.

### Committees

The working plan of our entire Convention is promoted through Committees. We have appointed 36 committees to publicize the work of this Convention and to raise funds and make friends throughout the year. The National Handbook tells what each committee is to do and how the money raised by each committee is to be spent. There are 1,146 women on these 36 committees. Some of you might think we are over "committeed." But you must keep three facts in mind: First, we have a constituency of over a million women. We are in active contact with over five hundred thousand women every week in the year. We speak to them through The Worker every day in the year. It means also then that we need the personal touch, and we get it through these 36 Committee Chairmen and Co-chairmen, and 1,146 members. The fact of the matter is, that in Christian work we cannot do very much unless we set up our organization in a way that will enable us to use every woman who wants to serve on a committee or in any other strategic place. It is the only way to develop interest and leaders for the work of the Convention itself. There are thousands of women in our churches who must be reached by this Convention. And with the help of our great army of committee women, we can do it. The point that we wish

to emphasize here is that persons who are elected or selected to do the work of the Woman's Convention must not wait until July or August to get excited over it. Get excited now and stay excited the year round. Pray something, say something, and do something for this cause regularly, and we shall go our way rejoicing over what God has wrought.

### People on the Move

The Negro is doing entirely too much multiplying and moving about. This ceaseless shifting of individuals and families is creating a staggering social problem of broken homes and divided, incomplete families. The church is doing very little to counsel and guide and stabilize individual and family life through this crisis. Negroes are piling up in projects. They are paying fabulous prices for houses in which white people have lived for three or more decades. They have broken down the old communities in which they have lived for fifty years, and they are now moving out, leaving only wreckage and rubbish behind. This exodus foretells no real improvement in the home life of the race. As we have said again and again, that getting the Negro out of the alley is no achievement. We must concentrate on getting the alley out of the Negro. We are not going to get any where until we make this our major objective in social and moral improvement of the masses. We are making all of this fuss about integration. But here is what is happening in every community in America—When Negroes move next door, whites move out into a new community. When Negroes sit near them in restaurants or public places, they indicate in every uncultured way that they regard it as an indignity. When Negroes attend their churches, except by special arrangement, they gaze at them as if they were folks from Mars. The fact of the matter is that the Negro must make up his mind that he is not going to be a second-class anything. Civilization is a matter of standards, and not race or color. The way to integration is not from the top down, but from the bottom up. The only way up for any race is that it shall learn to create conditions that will lift the soul, the mind; and create a desire to make the very most of what it has and of where it works or lives. The place to begin integration of the races is in the kindergarten. The few Negroes who go to college are not the answer. Children who associate together in school during childhood have delightful experiences that they can never get over. We can never solve the race problem in America until we have sense enough to work on basic things. And those things are attitudes, skills, conduct, culture, pride of place and pride of race wherever we live.

We are trying to make the insertion of the word "INTEGRATION" in all of our Civil Rights compacts and plans for the improvement of Race Relations . . . the cure for everything that hurts the Negro Race, from the color of their skin to the pain in their abdomen.

What does this overworked word mean, anyhow? It means the opening of doors of public places and institutions to Negroes. These rights belong to Negroes, as American citizens, and the word "integration" is a misnomer —a meaningless catchword.

What the Negro wants is his rights as set forth in the Bill of Rights— the Constitution of the United States and the plan for building a democracy, conceived in liberty and dedicated to the proposition that all men are equal before the law.

The Negro does not want to be integrated—he wants to be evaluated, and that evaluation will give him his place among the races of mankind. He doesn't want any special arrangement to get into anything. He wants to get in on his merit.

The majority of our leaders are so busy getting anything that they can grab for themselves that they try to fool the masses by offering some new sop that is about as valuable to an unenlightened and struggling race as a mess of pottage.

### Clean Churches

It is hard to conceive of the church of God being dirty and neglected. Our very conception of religion and of the things connected with the worship of God in a house set aside for him is that it must be kept clean and generate the atmosphere of a Holy place. The majority of our churches are the most neglected places in the community. If a congregation cannot keep the house of the Lord clean, they should not try to carry on business for God. We have men's clubs in the churches, and it would not be a difficult matter to organize a club whose business it would be to keep the house of the Lord clean. Because of the flagrant neglect of the majority of our churches, it is as necessary to have a church cleaning week as it is to have a house cleaning week. We call upon our leaders to set up a standard of cleanliness and order, and maintain it throughout the year.

### Young People's Department

The Young People's Department of the Woman's Convention is under the direction of a National Director, three capable Regional Directors, and a State Director for each state. The Department is growing, and the first need of the organization is being met. Mrs. Ella Versa Frye, the National Director, prepares the Weekly Topics, and the Department has a splendid Guide. It is quite likely that we shall have a Young People's Bulletin, edited by a small staff in cooperation with contributors from each state. This would give us the news from the young people throughout the nation. There is an increasing interest in the Camp Project. And we are urging that it be speeded up, because the young people need it and because it will be impossible to hold their interest unless they are working on something that represents their spirit and need.

Mrs. Frye is recommending a Four-Year Program of study to be known as Four Fronts of Christian Service. The areas to be covered are, Enlistment, Expansion, Education, and Evangelism. This gives definite direction and continuity to the overall program of the Department. We recommend its adoption and urge the women of this Convention to encourage the organization and development of their local and state young people's organizations.

There is an insistent appeal to us to do something about a Crusader's Organization for our boys. It is our hope that the Laymen will realize the need and accept the leadership. This cannot be any loosely organized department. It must have highly qualified young men as directors, counsellors, and instructors. The whole plan should be worked out through the National Baptist Convention with the Laymen's Department and the Woman's Convention cooperating. It is time to stop talking about our boys' work and get down to the business of doing what should be done.

### Interracial

The most encouraging thing in interracial cooperation is the fact that hundreds of women in the Baptist churches of the South are taking high ground in the direction of altitudes, goodwill, understanding, and every day behavior, as one race meets and deals with the other. Hundreds of white Baptist women are cooperating with our church women in organizing and developing their missionary programs. This interest is doing much to improve race relations in the small towns, out-of-the way places, and in the back woods of the South. When we can begin to improve race relations at the grass roots, we will begin to realize that the leaven is working in the lump. This improvement in race relations through the churches is being helped tremendously by the literature that we are producing and by the institutes that are being held in every state in the South. The Woman's Missionary Union of Southern Baptist Convention has given help and co-

operation to the literature and institute plan for a number of years. And you might be surprised to know that hundreds of white women of the South are studying our material in the hope that they can understand more clearly what we are doing to help ourselves, and what they can do to help us. Here are a few examples of this fact:

"I thank you for the material you sent. We are so grateful for you and the wonderful Christian work you are doing. I am the wife of the white pastor here in our town. I love all Christians regardless of race or color. We will let you hear from us again. I want to help our ladies in any way I can."—

Sincerely,

—(LOUISIANA)

"I want to thank you for the helpful literature which I received so promptly . . . I have a committee helping me in five churches . . . I am serving on Virginia Interracial Advisory Committee . . our women are sponsoring four girls at Camp Carey this week."

"We had fifteen colored girls go from Augusta in June to W. M. U. Camp this year at camp John Hope, Macon, Georgia. The Women's Annual Institute will be held in August at Fort Valley College . . . W. M. C. of Augusta Association is paying full expenses of Mrs.—, and the transportation of ten others— . . . God bless you in all you do."

"Thank you for the literature you sent me recently. You will never know how much I appreciate the effort you put forth to help me. I am keeping the list of books that you sent and plan to order more at a later date. I am sure that the material will be very helpful to us. It is very difficult at times for white people to work with Negroes because we don't know how they feel towards us. I know these books will help me very much in that respect . . . I am interested in work with Negroes because they are so quick to learn and are so appreciative of the little things we try to do for them" . . .—(Texas)

We feel that this quiet, unostentatious, cooperative movement is going to be a marvelous blessing to both races in the leadership that it is producing to become the leadership of the nation. It is our duty to find the kind of young people who will take Christian training and dedicate themselves to the new challenge that is ours to make America Christian. Our 1952 slogan in race relations is, "God Loves Those Who Fight for the Right." In this connection of race relations, there is one simple fact that both races must keep in mind and teach it as they strive together to wipe out race prejudice, injustice, and inequalities that are unfair, un-American, and un-christian— A man is no bigger than the way he treats his fellow man.

The poet has put this fact in beautiful rhyme:

"A man's no bigger than the way
He treats his fellow man!
This standard has his measure been
Since time itself began!

He's measured not by tithes or creed,
High-sounding though they be,
Nor by the gold that's put aside,
Nor by his sanctity!

He's measured not by social rank,
When character's the test;
Nor by his earthly pomp or show,
Displaying wealth possessed!

He's measured by his justice, right,
His fairness at his play,
His squareness in all dealings made,
His honest, upright way.

These are his measures, ever near
To serve him when they can;
For man's no bigger than the way
He treats his fellow man."

### What Men Need

We are in the midst of a new Age. God only knows what it will bring to all the races of mankind. It is an age that seems to have in it more uncertainties and more explosives than any previous age. The whole social order reveals one fact—man is not doing God's will—and the great masses of the people are on their way to destruction.

The religion of Jesus Christ will save them and those who represent the Church of Jesus Christ are definitely responsible for presenting the Gospel.

We talk much about the greatness of America. America is not great.

"That land is great which knows the Lord,
Whose songs are guided by his word;
Where justice rules twixt man and man;
Where love controls in art and plan;
Where breathing is a native air,
Where each soul finds joy in praise and prayer."

In the Book of Isaiah you will find the word "Burden" fourteen times. It speaks of the burden of Babylon; the burden of Moab; the burden of Damascus; the burden of Egypt; the burden of the Tyre; the burden of the desert; the burden of the valley; the burden of vision.

It was a day in which Israel sinned and did wickedness of every conceivable kind. We of this generation can write a book on the burden of ignorance; the burden of injustice; the burden of drunkenness; the burden of divorce; the burden of juvenile delinquency; the burden of infidelity; the burden of loafing; and gambling and murder and robbery and war and race hate and prejudice. There is no end to the list.

There has never been any age like it. And yet, if the Christian Church would lift up Christ and preach the deep things of God and live the full life of spiritual inducement, the whole earth would be filled with the glory of God, and the races of mankind would learn to work together and walk together in the high places of the earth.

The trouble with this generation is that we are trying to find a short cut to Heaven. We are trying to make the Christian religion conform to our fast, loose way of thinking and living.

God has only one plan—Salvation through Jesus Christ. God will not change and this generation might as well decide to "let his unerring hand direct their ways" and find their refuge in his love that can never die.

"'Tis not for man to trifle! Life is brief,
And sin is here.
Our age is but the falling of a leaf,
A dropping tear.
We have no time to sport away the hours;
All must be earnest in a world like ours."

But it seems such a tragedy that in a generation so signally blessed with material things, that men should be so vile; so unjust and the Church of Jesus Christ should be so silent and compromising and cold.

Whole races are being sacrificed on the altar of greed and war, and hate and the end is not yet. America calls itself a Democracy, and in the midst of this world tragedy she makes no pretense at giving us a government of the people, by the people and for the people. She has sealed it in blood—but in her attitudes, acts and repudiation of her sacred promises she is her own worse enemy.

"God of our fathers, known of old,
Lord of our far-flung battle-line,
Beneath whose awful hand we hold
Dominion over palm and pine—
Lord God of Hosts, be with us yet,
Lest we forget—lest we forget!

If, drunk with sight of power, we loose
Wild tongues that have not thee in awe,
Such boasting as the Gentiles use,
Or lesser breeds without the law—
Lord God of Hosts, be with us yet,
Lest we forget—lest we forget!

For heathen heart that puts her trust
In reeking tube and iron shard,
All valiant dust that builds on dust,
And guarding calls not thee to guard,
For frantic boast, and foolish word—
Thy mercy on thy people, Lord!"

Judge of the Nations, spare us yet,
Lest we forget—lest we forget!

## WOMAN'S CONVENTION, AUXILIARY TO THE NATIONAL BAPTIST CONVENTION, U. S. A., INC., CALVARY BAPTIST CHURCH, OKLAHOMA CITY, OKLAHOMA, SATURDAY, SEPTEMBER 8, 1951, 2:00 P. M.

1. The meeting was called to order by Dr. N. H. Burroughs, President, who presided.
2. Prayer: Mrs. W. H. Ballew, President of the Woman's Convention of Kentucky.
3. Dr. Burroughs explained that the general work of the June Board Meeting held in Shreveport, Louisiana, was to plan for this annual session in Oklahoma City.
4. Dr. Burroughs mentioned the fact that one of the many things that have to be done out of courtesy, is usually placing the minister of the church in which we meet on program at the following annual meeting.
5. She further called our attention to the fact that she sent out correspondence to 1500 women for the study class. Kits were a tremendous expense. 500 were made up and 400 extras for those registered.
6. Mrs. M. O. Ross, First Vice President, complimented our President and Board for such a rich program, and stated that the kits were a marvelous job.
7. There being nothing left on the agenda to be cleared up the President proceeded to call for suggestions, plans, et cetera, which must be constructive for the successful on-going of the Woman's Convention.

(1) Mrs. M. J. Thomas, President of the Women's General State Convention of Georgia, requested that the State Presidents have a program when money is sent in. Second, that the committee should not give out anything unless a receipt is produced.

(2) A counter-suggestion: Register on time and have evidence of the registration. Programs are not sent in advance, for they are to be adopted by the body in the meeting.

(3) Mrs. A. Officer wanted to know if it was possible for committee members to have a temporary receipt to give those who pay money? The answer, It has already been done. The receipt books are made and numbered. One was shown and read by the Recording Secretary.

(4) Mrs. Henrietta Hopkins: (1) commended the women with the closing and meditations; (2) asked that a short phase of Health be included in the program and have a speaker. (3) Dr. Burroughs suggested that she make the Health Book a study book for the group on the Health Committee rather than just to have a speaker.

(5) Mrs. J. Pius Reed said she needed a co-chairman for the National Baptist Missionary Training School. Second, Mrs. A. K. Johnson, Chicago, Illinois, paid $25.00, but did not have a receipt for it. Third, she asked the state presidents to give more support to chairmen.

(6) Minnesota wanted to know if the state could register as a state convention. Pay $25.00 for your district and you get your representative. Organize in your own state. She further asked that a regional meeting be brought in that area.

(20) The State of Washington asked that some of their women be appointed co-chairmen.

(21) Mrs. Edna F. Morris said she could not hear from members of her committee after writing them. Dr. Burroughs asked her to clear with her committee members and find out the trouble.

(22) Mrs. F. B. Shaw asked for more workers on the National Trades and Professional School Committee. That information be sent to the chairman who sends it out to her workers, and they in in turn can order materials from Washington. Dr. Burroughs suggested sending literature also to the state Convention.

(23) Mrs. W. H. Ballew asked if Dr. Burroughs furnished stationery to state committee workers for the National? The answer was "No."

(24) Mrs. J. C. Barnes wanted to know if the "Worker" was the only literature available for "Home and Family Life" workers. The answer was, "No." She was further told that she could send to Mrs. Anna M. Hunt or to Washington for additional material. Second, Mrs. Barnes suggested that the program would be so constructed that the President would have more time for her address and the program not run so far behind time.

(25) Mrs. Ursula Botts wanted a receipt for $10.00 for her people and one for the $25.00 for her Life Membership.

(26) Mrs. C. A. Benford asked how to handle a case of an error in name on a Life Membership certificate. She was told to send it back to the office.

(27) Mrs. Anna M. Hunt asked what to do about women who are not members of their local societies, church or state, but get membership in the National. Dr. Burroughs asked her to name the specific cases and she would check them.

(28) Mrs. W. L. Ransome wanted to know if the chairman of a committee would have any way of knowing to what state convention a member of a committee belongs. The answer was: "There is no way of knowing other than by knowing the President who is doing the recommending. Mrs. Fama J. Haynes suggested the chairman writing the members of her committee and find out.

(29) Mrs. Sula Martin wanted to know how to get free materials for Home and Family Life.

(30) Mrs. Lovella Mixon wanted to know who set the quota for committees to raise. The answer was, "The Convention." Each member is asked to raise $25.00.

(31) A request came from the Ministers Wives' Committee that they would have a program on Wednesday evening from 6 to 7 o'clock, during the annual session of the Convention. Dr. Burroughs said, "No," for the reason that the Foreign Mission program comes on the same evening and felt that it would be too heavy a schedule. Then instead of Wednesday, they asked for Thursday evening at the same time.

(32) Mrs. Blanche N. Carter asked if the committees get out any literature should it be sent first to Washington for approval? The answer was, "Yes."

(33) Is it permissible for a committee to sell literature outside of the Convention? The answer was, "No. It must be approved."

(34) The Registration Committee gave explanation on the kits.

(35) Mrs. Ida Henderson made this observation: People do not do as they are asked by the Registration Committee in many instances is why there is much irregularity.

(36) The Treasurer, Dr. Gibbs, spoke words of commendation on behalf of the Finance Committee on the bills to be presented. She further explained that the $10.00 for missionary societies, the $25.00 for the districts, and the $50.00 for the state conventions, do not entitle you to a kit. The Convention paid the Sunday School Publishing Board $1,967.32 for printing minutes.

In closing, Dr. Burroughs asked the workers to let her know if they could not do the job that had been appointed them. She asked them to do a better job for the ensuing year; to keep in close touch with the President. We can do a better planning for conferences if we come to Washington the fifth of July for conferences.

With a deep apology for staying over time, she expressed a deep appreciation to her workers for the job they had been able to put over there in Oklahoma City. She further expressed a regret for those workers who came up ahead of time to work and did not have the equipment needed with which to work, such as letter cabinets, card files, machines, et cetera.

Without further remarks, Dr. Burroughs closed the Executive Board meeting at 4:15 P. M., with prayer.

DR. NANNIE HELEN BURROUGHS, President

**MINUTES OF THE EXECUTIVE COMMITTEE OF THE WOMAN'S CONVENTION AUXILIARY TO THE NATIONAL BAPTIST CONVENTION, U. S. A., INC.**

**HOT SPRINGS NATIONAL PARK, ARKANSAS**

**JANUARY 22-24, 1952**

1. The Executive Committee of the Woman's Convention, Auxiliary to the National Baptist Convention, U. S. A., Inc., met Tuesday morning, January 22, 1952, at 11:00 o'clock in the National Baptist Convention Bath House, with President, Dr. Nannie Helen Burroughs, Presiding.

2. Prayer by Mrs. Lillian Hall, State President of Indiana.

3. The President stated, "This is a conference of the Executive Committee." She asked the Recording Secretary to read those who make up the Com-

4. The Recording Secretary read that the Executive Committee is composed of twelve members consisting of: (1) President, (2) Vice President, (3) Corresponding Secretary, (4) Recording Secretary, (5) Treasurer, (6) National Director of Young People and five others to be selected out of the Board of Directors. Those present were: Dr. Nannie Helen Burroughs, President; Mrs. Mary O. Ross, First Vice President; Mrs. Esther Walker Tyree, Corresponding Secretary; Mrs. Mauddean Thompson Seward, Recording Secretary; Mrs. H. M. Gibbs, Treasurer; Mrs. Etta Versa Frye, National Director of the Young People; Mrs. Lillian Hall, Indiana, representing the North Central Region. Those absent were: Representatives of the Northeastern Region; Mrs. M. M. W. Arter of the District of Columbia; Southeastern Region, Mrs. J. C. Woods, Tennessee; Western, Mrs. M. E. Hubbard, California; and Southwestern, Mrs. Fanni J. Haynes, Texas.

5. Since the constitution provides for five members to constitute a quorum, Dr. N. H. Burroughs proceeded with the business. She stated that the purpose of the Executive Committee meeting was to point up things to be brought to the Board of Directors to be acted upon. Some things to be considered were as follows:

(1) The Matter of Committee Compensations: The trend is toward wanting pay for their services. We must be careful or we may get in bad repute with the public. She paid tribute to the women who are doing the job.

(2) A Need To Be Definite. There must be a difference between the professional type and the unskilled workers' compensation.

(3) Another Attitude Is: "I did so-and-so, and they didn't pay or give me anything."

We should make a basis from which to work; for example: $3.00, but not above $7.00, et cetera. This needs a "Term" to be used as a service.

(4) Rural Women Project. It had developed such a distasteful thing until the President told them that she would not be dictated to by the state. She further stated that if they were raising the money it would be different. The state wrote that if the state could appoint a person to head the National committee it would be all right. Dr. Burroughs let them know that all statements concerning the Woman's Convention's money is printed. She stated that she would not give up the project because the Rural Project was a part of the President's platform when she came into office. (See her first address made in Los Angeles, California, as President, in 1949 Minutes.)

(5) Pensions for Missionaries. She made the recommendation in California to be done through the Foreign Mission Board. She said she talked to Dr. C. C. Adams about it, who said they had thought about it and had a fund for that purpose and was doing it irrespective of sex. She spoke of the plight of some of our returned missionaries—Mesdames Victoria Butler and Rebecca, which made the need for a pension stand out as an imperative.

Dr. Burroughs is against turning over money without becoming a part of the policy-making body for it. She further stated that we have not been sponsoring enough welfare work. Referring us to her first message, she emphasized that she will not raise money for one thing and spend it for another.

6. Having finished putting the things before the Committee that were nearest her heart she raised the question: How and What shall we do, and Now can we do it?

(1) Mrs. Etta Versa Frye: Is there any way of determining how many missionaries will retire from the missionary field?

Dr. Burroughs' answer was "No." She further stated: "We cannot assume full responsibility but can augment what the Foreign Mission Board can do."

A suggestion was made that we recommend that we have representation on policy-making committees wherever the Woman's Convention is paying in money. The Woman's Convention should not go into anything that is questionable. Their money should be spent for what it is raised.

(2) Do you have a suggestion to offer as an alternative for the rural project?

There is no literature to help the rural women raise their standards. The only thing being done is by the white people. We should give a great deal more and in a better spirit than we do. To pass little sums out is not commendable.

(3) Would the Rural Project come under the Home Mission Board?

The objection is: They want to suggest and appoint someone from the state. Louisiana is a perfect setting. Yes, we can choose another state.

Grambling College is secure. The Catholic influence is great. The Baptists have split up so much until they almost have no church. There are other states which would welcome the project. It will be left to you to do what you want to do about it. It will be eventually worked out. Whether or not you want to go on with the project is the question. We should state under what conditions we will go ahead with the project. The President further stated that she had the letter with a promise of a 100 per cent cooperation. The split convention will be here to represent. We should do the things we promised to do. We should raise more money to do worth-while things. This should be made known to the Board of Directors.

The Executive Committee closed its meeting by reemphasizing the major things before us: namely, (1) the Rural Project, (2) Pension for missionaries retiring from the field (and the case of Mrs. Butler was mentioned again), and (3) Ask for representation on the Boards. The Committee assured the President of its backing up any project or business she may pursue.

Dr. N. H. Burroughs had them to know to ask not only for position but the obligations involved in being on the Board; not just the privilege, but major beneficiaries of their funds. The Woman's Convention should have things in their own rights and just not be a fund-raising agency for the men. An illustration was given of another organization having a project which hires Mrs. Corenne Watts, Southern Director of the Young People's Department of the Woman's Convention.

We have not cleared our status with the Men's Convention. We are accused as being an independent Convention—do the things we want to do. We must clear our status.

### Afternoon Session

1. The Board of Directors of the Woman's Convention, Auxiliary to the National Baptist Convention, U. S. A., Inc., was opened Tuesday, January 22, 1952, at 2:00 P. M., by the President, Dr. Nannie Helen Burroughs.

2. Devotion: Song: "Keep on Believing."

(1) Prayer.

(2) Song: "Come, Thou Almighty King."

3. Dr. N. H. Burroughs declared the meeting of the Board of Directors opened to hear any reports of officers; to receive suggestions from State Presidents; to point out the work of the committees, and accept the challenge for 1952. In this we shall need the Holy Spirit and prompt participation. She assured everyone—whether timid or not, that all will feel perfectly free to express themselves. All are asked to take an active part.

4. Registration: $10.00.

5. Hymn Sing:

(1) "Everybody Ought to Know Then Tell It on the Mountain."

6. Registration: $18.00, bringing grand total to $58.00.

7. Hymn Sing: "I Heard an Old Refrain."

8. Dr. Burroughs mentioned the Oklahoma City meeting as being very refreshing, with a clearer view for the work God would have us DO. In her preliminary remarks she stated that this was the first full Board meeting since our annual session, and we want to think of what it means to us and look forward to what we must do. In spite of world conditions we still have hope. She gave the illustration of Peter out fishing—failed all night. Jesus said: "Launch out into the deep:" . . . Peter said: . . . . "Nevertheless. . . We came here to get a larger view of our work. See if there are depths yet unfathomed, heights yet unscaled, et cetera. How deep is your faith Women?

She announced that the keynote addresses would be delivered on tomorrow.

The spirit of sincerity, hope, devotion, rededication of self to the work, was the spirit in Oklahoma. Yet, we have a million untouched. Jesus is saying: "Launch out into the deep" . . . promote, stimulate, inaugurate.

Doctor Burroughs stated two levels from which to see our program:

(1) Regardless of what you've done, you can DO BETTER.

(2) You do not have a future if you let your Young People go. We must show them that this is their future. Let them see how thrilling it is... go to it!

She asked the question: What are the things we can do better? We must have bigger results! not in terms of currency, for our currency is: Faith, Determination and Dedication of ourselves. When we use these currencies, things will pick up in heaven.

9. At this point Dr. Burroughs pointed out the major things pointed up in the Executive Committee meeting as follows:

(1) Rural woman. We must do something for the soul of this rural woman! She is precious! She is born with many possibilities.

"Full many a gem of purest ray serene
The dark, unfathomed caves of ocean bear:
Full many a flower is born to blush unseen,
And waste its sweetness on the desert air."

Dr. Burroughs would have us know that our major problem was bogged down. This is being laid before the Board of Directors. It was an idea to help humanity.

(2) Pension for women working under our Board—the missionaries—Misses Davis, Victoria White, Butler, et al. Pauline Dinkins opened the Dyer Hospital in Africa. Think about it in a Christian way. (Paul said: "None of these things move me.") We must not become discouraged and stop working for those who gave their ALL to Africa. President Burroughs assured us that she had patience to wait on God. . . Why? Because she knew that God is not going to get old, he is not going to die, and he is not going away, therefore, she can wait for him.

(3) Women who work in our Convention on committees have one weakness: If you serve at the door or pass a drink of water, you must get pay for it. (The Bible says: "You've got your reward"). Many women get pay out of the state, district, churches, et cetera, then come up to the National and hold us up, that is too much religion. The friendship, fellowship, etc., develop women. The social angle of the Christian religion is important! We must have the spirit of giving into this meeting to this auxiliary; so when we are gone we can be remembered by our spirit. We've got to be honest, sincere. She paid tribute to the women who have done a better job. Since many problems had come into our work, Dr. Burroughs opened the house for suggestions.

10. Suggestions:

(1) Mrs. Ballew paid tribute to the President as the greatest leader in the world, and pledged herself to do better.

(2) Mrs. F. J. Haynes stated that she had already written in her plans to the President.

(3) Mrs. M. O. Ross called attention to the three projects the President put before us.

(4) Mrs. C. M. Pearson, Atlanta, Georgia, stated that she was in accord with the President on the three things or major problems she put before us, because she knows their—rural women, missionaries, et cetera—needs. She admonished the women to stick with the President and not be ashamed to stand up and be counted.

She continued by saying that committee workers should have their support before leaving home.

(5) Mrs. M. L. Coleman of Arkansas pledged to go back and support the President's program.

(6) Mrs. Ballew of Kentucky, again took the floor and spoke of the President's fine idea of the rural women; and that the committee should not be paid to work.

(7) Mrs. A. Officer, Illinois, told the ladies how to understand Dr. Burroughs and love her. She further showed what a privilege it was to work with the women of the committees. She had housed several missionaries in her home, such as Mesdames Watkins, Dinkins and others, and she knew how much they needed the Pension Plan to be a reality.

(8) Mrs. Rosie Hill, Detroit, Mich., expressed her appreciation for her Life Membership pin, and will see if she can get more people to take out a Life Membership.

(9) Mrs. H. M. Gibbs, Treasurer, Tuscaloosa, Alabama, spoke of the Rural Project and the great need for it. She is with the President's program and wanted to do it in the right way. She further stated that the women MUST be behind the President, and say: "This is what WE want and not just Dr. Burroughs. We need a strong group of women on a committee and go to President Jemison and let him know what we want.

(10) Mrs. Chism paid tribute to Dr. Burroughs as the BEST President and has believed in her through the years. She pledged her loyal support.

(11) Mrs. Sallie C. Wade paid tribute to Dr. Burroughs and said that the state of Louisiana is behind her in her projects.

11. Dr. Burroughs expressed her appreciation for the women's pledge for support, and admonished them to be like the children of Israel: "What meanest these things?" WE MUST LEAVE A LANDMARK.

12. A motion was proposed, seconded and unanimously carried that the Board of Directors would go on record as endorsing the Projects and Plans that the President had presented.

13. A second motion prevailed that a committee be appointed to meet with Dr. D. V. Jemison concerning the Projects proposed.

14. President Burroughs appointed the following committee to meet with Dr. Jemison:

(1) Mrs. H. M. Gibbs, Treasurer, Tuscaloosa, Alabama.

(2) Mrs. J. Amos-Chism Co-chairman of Hospital Supplies (Foreign Missions) of Dallas, Texas.

(3) Mrs. Gertrude Rush, Legal Adviser, Des Moines, Iowa.

(4) Mrs. Etta Versa Frye, Director of the Young People's Department, Washington, D. C.

(5) Mrs. C. M. Pearson, President, M. and E. Convention, Chairman of Life Membership Committee of Atlanta, Georgia.

(6) Mrs. Sallie C. Wade, President of Louisiana State Convention, Co-chairman of Health Education Committee, New Orleans, Louisiana.

(7) Mrs. Esther Walker Tyree, Corresponding Secretary, Columbus, Ohio.

(8) Mrs. Mary O Ross, First Vice President, Detroit, Michigan.

(9) Mrs. M. E. Flinn, President, East Mississippi Convention, Meridian, Mississippi.

15. Soug: "Help Me Sing on."

16. Adjournment at 4:15 p. m.

Post registration: $17.00, bringing the grand total to $75.00.

16. Dr. Burroughs stated that the greatest challenge of this hour, the day in which we live is: "Lift the World or Lose It." We were challenged to rededicate ourselves to the task. We cannot do petty things now . . . but it's the world. We are to go back with fire in our communities. It's time for us to go all out for all Jesus told us. Theme: "Our Supreme Aim." What are we here for? We must be definite in our answer. You have no business being a president unless you have faith, and putting all you have into the task. God blesses your motives and not the results. Our supreme aim is to lift our whole denomination. We must be like Naaman's wife's little maid who said: "I Know a Man!" Can you say that to a staggering world? "I Know a Man" . . . will set this world on fire.

17. Mrs. M. O. Ross, First Vice President, was presented for an address.

(1) Subject: "Our Supreme Aim—Education—Know."

(2) Scripture: Hosea 4:6.

(3) Education demands respect and security. It makes one humble for your limitations. The whole church is a teaching church. Some things to know if you are educated:

a. Know yourself, then ask "What lack I." Can you "Be still and know?"
b. Know the Word of Life—the Bible. Ye shall know the truth and. . . Theme of the International Council of Religious Education is: "The Word of Life—Know It, Live It, Share It" (2 Peter 2:5-7).
c. Know your neighbor. Know other people.
d. Know your relationships—brothers, sisters of all races.
e. Know your denomination, the department of church women, National Council, Baptist World Alliance and World Council of Churches.

18. Prayer.

19. Hymn: "Everybody Ought to Know." Know . . . Believe . . . Go Tell It. We'll Work Till Jesus Comes, and Then Be Gathered Home.

20. Report of the Treasurer, Mrs. H. M. Gibbs, From September 27—December 31, 1951:

| | |
|---|---|
| Raised since the Convention | $ 1,172.73 |
| Amount brought forward | 24,469.35 |
| Raised in Oklahoma City | 52,833.29 |
| Total Receipts | $78,475.37 |
| Total Disbursement | 40,486.44 |
| Balance | $37,988.93 |

21. A motion prevailed to adopt the treasurer's report.

22. Dr. Burroughs asked that only certified checks be brought to the Convention. She paid tribute to our efficient treasurer, Mrs. H. M. Gibbs, and the Secretary of the Business and Planning Committee, Mrs. M. B. Gaillard.

Dr. Burroughs said we had about 1400 women working on 36 committees, and predicted that we will raise twice as much money with them.

The President asked that the women would take back with them those folders on World Day of Prayer. She told us that she would be in Pittsburgh for the World Day of Prayer in an Interracial Observance.

23. For a few minutes Dr. Burroughs had us to think of one who was absent from us in person, Mrs. Cora Haynes of Nebraska, a state president, who passed since our annual session, and will be remembered at our annual session in Chicago. In the meantime, she had us bow our heads and thank God for this woman as she prayed. We are fading away like the stars of the morning. . . . Thus we pass from this earth, only to be remembered by what we have done.

24. Mrs. H. M. Gibbs, Chairman of Committee to see Dr. Jemison about the Rural Project, made a progress report of the meeting. All nine women were there on time. Another meeting will be at 6:00 o'clock this evening with Dr. Jemison and his committee. She said she had a prayer meeting in the President's room. She asked the prayers of all women.

Mrs. Gibbs also brought to our attention the illness of Mrs. Ed. McGuwan, State President. She had a stroke in July but was slowly improving. Let us pray for her.

25. The President introduced a new member to us in person of Mrs. O. C. Maxwell. She paid tribute to the former Mrs. O. C. Maxwell who was chairman of the Foreign Missions Committee. Dr. and Mrs. O. C. Maxwell were married on Thanksgiving Day. She was asked to come to the platform and give greetings. Dr. Burroughs assured us that women who wanted to be enlisted for service would be given a chance. She will have a night of music with master musicians.

26. Song: "He Will Carry You Through."

The gifts have been acknowledged by Mrs. Davis and Miss East.

(6) Mrs. Geneva Haugabrooks, Co-Chairman of the Business and Professional Women, spoke for Miss Pansy L. Borders and informed us that letters will be sent by the Chairman and Co-Chairman informing them of their 1952 plans.

(7) Mrs. Anna Hunt, Chairman of the Home and Family Life Committee, challenged us to protect the Home-Building Standards in the home of the children. Teach in the Missionary department.

(8) Mrs. C. E. Phillips, Chairman of the Bath House Committee, asked the prayers of all for the Co-chairman, Mrs. E. D. McGowan, who is ill.

(9) Mrs. Ida Drew, Chairman of the Joanna P. Moore Tract Fund, asked the cooperation of the State Presidents in helping members of her committee in their respective states, pay their quota of $25.00 each.

(10) Mrs. J. Amos-Chism, Co-chairman of Hospital Supplies (Foreign Missions), gave a resume of the help received in Dallas from city organizations and 100 ladies and challenged all to read the President's address on Hospital Supplies.

(11) Mrs. Faye E. Bruce, Co-chairman of Scholarship Fund, emphasized scholarship as a "MUST," if we are going to raise it to a higher level. We must raise $2,500.00 in 1952.

(12) Mrs. M. L. Spraggins, Chairman of the Deacons Wives' Committee, asked for a time for them to have a program not on the Convention time.

38. Dr. Burroughs re-emphasized the fact the Convention did not feature committees. They must have program after Convention hour. She further stated that the latest thing in program building is the correlation of program.

39. Mrs. Lila Versa Frye, Director of the Young People, was presented by Dr. Burroughs for an address of the general theme, "Our Supreme Aim—Welfare—DO." Ex. 20:32. Mrs. Frye would have us know that when we tarry with God on the mountain top, we will come down with inspiration. . . When we know on the mountain we come down to the valley of service and "DO." Jesus came down from the mountain and cleansed lepers, healed the sick, etc. All mountain top experiences are climaxed with valley service. The end of inspiration is an expression in service. KNOW FIRST, AND THEN ACT. We are to come down from the mountain where we have learned how and what to do and go into our communities of services and DO. These meetings represent mountain-top experience. Human welfare expresses itself in three areas:

a. Spiritual
b. Physically
c. Social Welfare

She spoke of young people getting into social difficulty because they are looking for an outlet. They can always go you one better. They can go just a little farther than you. Some of their problems are: Narcotic addiction, et cetera. She appealed for prayers and active service in combating the evil that is striking at our Junior high age.

40. The President said that Jesus is permitting us to work with him; and if we know and don't DO, we will fall under God's wrath.

41. Song: "Win Them One by One."

42. Miss Julia Foreman, President of the National Baptist Missionary Training School, Nashville, Tennessee, was presented by Dr. Burroughs. Having spoken of her task she asked her group of singers to render a selection. They sang:
(1) "I Walk With the King."

43. Mrs. Rosa L. Kemp spoke on the National Trades and Professional School campaign. She asked that on March 15, 1952, put some money, $10.00 in the mail for the National Trades and Professional School. Dr. Burroughs wants a chapel, a third story on Trades Hall.

44. Miss Primrose Funches, Chairman of Publicity and Press, called attention to the Pantry Shower for the National Trades and Professional School and appealed to the state presidents to allow the Young People's department to sponsor the showers.

45. Mrs. H. M. Gibbs spoke of the Interracial Institute that President Dr. Burroughs started in Alabama from which grew a scholarship fund for a girl to attend our Training School, Nashville, after which she was sent to Fisk University for a year. She asked for another girl. Martha Potts—leader of the singing is an orphan who is now taking music, piano and voice. She challenged the women to save the girls. Sometimes they are diamonds in the rough.

46. Dr. Burroughs spoke words of appreciation for the speeches. On the 23rd of February there is to be a state-wide interracial meeting growing out of the incident of which God spoke. Also, she was invited to a Board meeting in Birmingham to dedicate their new building. An appropriate message was sent by our President.

## TREASURER'S REPORT

By MRS. H. M. GIBBS, Treasurer

"IN ALL THY WAYS ACKNOWLEDGE HIM AND HE WILL DIRECT THY PATHS."

My Dear Co-workers and Friends:

I am grateful to God and to you for the privilege and opportunity to serve as your Treasurer. We are living in the greatest era in human history. And the years ahead will make today's progress seem trite. Six years ago when I was first elected we thought we were at the mountain top, but today see our attendance and hear the record, Marvelous! It shows that everything can be improved.

The Christian Church is in great need for "Doers" of the Word. Success in our work calls for women of action. I think that my report will show that our President with her followers have kept everlastingly at it—Hence the results.

Evening

The meeting was called to order by Miss Zena Mae Hill, Second Vice President of the Y. W. A. Praise service was led by Miss Alberta Scott of Missouri and Miss Eddie Mae Milan of Illinois. Miss Thelma Barksdele of Chicago, Ill., gave a talk on the "Four Fronts of Christian Service." Miss Barksdale named these fronts as Evangelism, the winning of soul; Education, teaching Christian work; Expansion, organization of all youth; and Enlistment, interesting and attracting young people to the various programs and organization.

Mrs. Grace Hooper of New York sang, "It Pays to Serve Jesus."

The speaker for the evening, Rev. J. Timothy Boddie of Maryland, was introduced by Miss Estell Hayes of Washington, D. C. Rev. Boddie spoke on the subject "Self Mastery," using as his text, Proverbs 16:32. "He that conquereth his own spirit is greater than he that taketh a city." He said many great personalities recorded in history, who, because of personal weakness had been destroyed; among these were Nebuchadnezzar, Alexander the Great, and Adolph Hitler. If we are to be truly great, Rev. Boddie told us we must control ourselves, our appetite, our personal habits. We must master ourselves completely—our minds as well as our bodies.

We were led in the singing of "Is Your All on the Altar" by Mrs. Burt. Closing remarks were given by Director Frye outlining the program for Thursday and stressing the importance of attending each session.

The meeting was closed by singing of "Yield Not to Temptation." The benediction was given by the Rev. Boddie.

Respectfully submitted,
BETTY FREEMAN, Recording Secretary, Y. W. A.

## SECOND SESSION

**Thursday, September 6, 1951**

The second session of the Young People's Convention of the National Baptist Convention, Inc., U. S. A., was called to order at 9:00 A. M. by Miss Bessie Washington, First Vice President, Y. W. A.

Devotions, led by Miss Ester Freeman of the District of Columbia and Miss Morrison of Illinois, were as follows: Hymn: "Is Your All on the Altar?" Scripture: Zech. 4:1-5; Hymn: "I Need Thee Every Hour." The devotional period was closed with singing our emphasis hymn, "Spirit of the Living God."

The minutes of the previous day's meetings were read and adopted.

The presiding officer called on our National Director, Mrs. Frye, for remarks. In her remarks, Mrs. Frye (1) informed us that in conducting a praise service our first hymn should be a hymn of praise to God: (2) urged the delegates to be careful in selecting places to eat and to carefully select the food they eat; (3) stressed the importance of being on time for meetings; (4) emphasized the importance of learning the young people's pledge; (5) stressed the importance of the four fronts of Christian service.

In connection with the four fronts of Christian service, Mrs. Frye said that she thought it would be a fine thing if each girl would try to enlist at least one other girl and that a report on the progress made on this front be made to the National Convention in 1952. She asked for suggestions from the directors.

Mrs. Josie Larson (Ohio) suggested that the girls report to their local organizations. These would report to the district, state or other divisions which would, in turn, report to the National Convention. Mrs. Jackson, (Michigan), agreed with Mrs. Larson and added that she thought the reports should be made quarterly from the local organizations. Mrs. B. C. Winston, Eastern Director, pledged her cooperation for the project. Mrs. Corenne Watts, Southern Director, also pledged her cooperation and urged that we work earnestly in our local, state, and regional conventions. Miss Primrose Funches, Western Director, said that she was in accord with the suggestions made and that she would do all she could in her travels to see that they were carried out.

After this discussion, Mrs. Frye continued her remarks. She said that she had the Pledge to Children and Youth from the White House Mid-Century Conference on Children and Youth and that she would like these to be distributed among the directors.

Mrs. Frye announced that a mistake had been made in the enrollment fee and that, as a result, it would be necessary to make a number of refunds. She asked that the directors see that this was done in an orderly manner.

Miss Funches asked that the directors who planned to have tables in the All States Tea stand. There were eight. She announced that no money would be received for the Queen's Revue after five o'clock.

A substitute, Mrs. Mary Bacon (Ohio) was appointed to take the committee on conferences and institutes. At this point the photographer arrived. The pictures were to be taken on the steps of the church, and Mrs. Frye asked that we all return promptly to our meeting as soon as the pictures had been taken. We adjourned for the pictures.

After returning from taking the pictures, Mrs. Grace Burt (Illinois) led the Convention in singing "He Is King of Kings" and "Fairest Lord Jesus."

Next in order was a discussion, Leads for Leaders: Sunshine Band and Junior Red Circles, led by Mrs. A. F. Carroll (Illinois), Mrs. Annie Hudson (Georgia), and Mrs. Carolyn Ealy (Missouri). Mrs. Carroll said that in order to lead, one must have a deep mother-love, a lot of patience, must believe in fair play, and must have a well-planned program. The program should include devotions, information, and recreation. Mrs. Ealy said that leaders should, above all, be prepared for their jobs. In preparing themselves for leadership they should read manuals on leadership. Mrs. Hudson said that leaders (1) should ask Christ to enable them develop a better understanding and to grow in grace, (2) should know how to conduct meetings, (3) must be prayerful and sincere, (4) must be on time for meetings. At the close of the discussion, Mrs. Grace Burt led in singing "Have You Got Good Religion."

Next Miss Sylvia Howard (Texas) addressed the Convention on the subject "Four Fronts of Christian Service." In her address, Miss Howard said that (1) evangelism involves trying to bring unto fellowship with the Church those who are on the outside; (2) enlistment is possible through study of the Scriptures and close fellowhip with God; (3) education is important in winning on the other fronts; and (4) expansion involves knowing ourselves and the purpose of our lives.

After Miss Howard's address, Miss Emolyn Reese (Alabama) led the discussion on the Four Fronts of Christian Service. In her preliminary remarks, Miss Reese stressed the importance of being prepared if we would win on the 4 fronts of Christian Service. After these remarks the discussion was opened to the floor. Persons participating in the discussion were Miss Davis (Michigan), Mrs. Hall (Texas), Mrs. Holmes (Illinois), Mrs. Larson (Ohio), Miss Reese (Illinois), Mrs. Jones (Michigan), and Mrs. Virginia Jackson (Alabama). The majority of the participants felt that education was the most important of the 4 fronts of Christian service since it was important in winning on the other three fronts. The discussion period closed with singing "Are Ye Able."

Mrs. Frye, commenting on the 4 fronts of Christian service, said that three of the 4 fronts (education, evangelism, and enlistment) deal with the individual and that the fourth, expansion, deals with group work. At the close of Mrs. Frye's remarks, the Convention sang "Only Believe," and Miss Susan Jackson (Ohio) sang a solo, "Keep Me Every Day."

Next in order was the worship period which was led by Miss Iris Marie Hall of Oklahoma. The worship period was as follows: Hymn: "Living for Jesus"; Scripture: Zech. 4:1-5, read by Miss Jeannette Freeman (New Jersey); Hymn: "Fairest Lord Jesus"; Emphasis Hymn: "Spirit of the Living God."

At the close of the worship period, the Reverend W. P. Vaughn spoke on the subject: "Not by Power." In his message, Reverend Vaughn said that today men are putting too much dependence on various means of power. These are culture, social reforms, science, education, politics, wealth. He said that these have failed to bring the security men hoped for; that the only power which could be depended upon is the power of God; that if we have the power of the Spirit of God we have nothing to fear from other powers.

### Afternoon

The afternoon session of the Young People's Department opened with Praise Service conducted by Mrs. Ernestine Thompson of Michigan and Miss Dorothy Crenshaw leading. Miss Primrose Funches urged each state to give liberally to all of the objectives. Announcements were made by Mrs. Frye. Classes assembled for the study period. The Convention recesses until 5:30 when we gathered in the Paige School for the All States Tea.

### Evening

The evening session of the Young People's Department opened at 7:30 Virginia Jackson of Alabama with Mrs. Leola Commer of Indiana as counselor.

A pep period was conducted by Mrs. Grace Burt which gave us a renewed spirit to go forward with the work. Miss Ruth Brown of Oklahoma sang "Deep River."

"Four Fronts of Christian Service" was discussed by Mrs. Kathryn Lewis of Michigan. She stated that children cannot be brought to a true understanding of God by hearing of God only once a week. We should not forget the family altar.

Miss Helen Kemp sang very beautifully "Where We'll Never Grow Old." The hour having come for "Town Hall," Mrs. Frye presented the following persons as advisers: Attorney Gertrude E. Rush of Iowa, Mrs. E. Pauline Campbell, Michigan and Rev. J. L. S. Hollomon, D. C, Miss Bessie Washington of Alabama acted as moderator of Town Hall. The subject "Juvenile Delinquency—A Challenge to the Christian Church," was discussed as follows: Causes of Delinquency by Mrs. Margaret Crawford, Illinois and Mr. Jesse Tarver of Oklahoma; Traits of Delinquency by Miss Davine Ross of Michigan, and Mr. John B. White of Oklahoma; and Converting Traits to Christian Service by Miss Betty Freeman, D. C. and Mr. David T. Shannon of Virginia. The following points were emphasized by the panel.

Juvenile delinquency is Adult delinquency. The delinquent doesn't like home life, he cannot find friendship or companionship in church life; he thinks only of good times, and chooses wayward company. We, as Christians, need to accept more responsibility in doing something helpful in our communities to save the lives of our youth.

The church should support civic and other organizations which are working for the betterment of the community, and cooperate with the schools. We should religiously teach our children. Before we can clean the world of juvenile delinquency, we must clean the church of delinquency. We must invite the young people in on our planning programs for no one knows better than young people themselves what young people want. These subjects were very plainly and forcibly discused by each speaker. The question period was carried out by Miss Washington. Prompt answers were given by the speakers and advice from the advisers.

Mrs. Grace Burt conducted a song period. The Queen Revue was conducted by Mrs. Georgia Jackson and Mrs. Grace Hooper. Indiana led in the Revue with $215. Mississippi and Michigan tied with $100. A report of $787.50 was made by the committee. These directors were chosen to go to the Calvary Church at 7:00 p. m. Friday to reserve seats for the Young People's Department: Mrs. Hogan of Illinois, Mrs. Carroll of Illinois, Mrs. Lula Stone of Alabama, and Mrs. Hickerson of D. C.

The benediction was offered by Rev. David T. Shannon.
