REVISED CONSTITUTION
of the
National Baptist Convention, U. S. A., Inc.

PREAMBLE

Whereas, It was the sense of the Negro Baptist of the United States as represented in several Baptist organizations convened in Atlanta, Georgia, September 28, 1895, and known as the Baptist Foreign Mission Convention hitherto engaged in Missionary work on the West Coast of Africa; the National Baptist Convention which had been doing missionary work in the United States; the National Baptist Missionary work on the West Coast of Africa the National Baptist Convention that these organizations should unite into one organization for the purpose of putting into effect the benevolent intentions of their constituents by eliciting combining and directing the energies of denomination: therefore said organizations did unite and agree upon certain fundamental principles of organic rules, which as amended from time to time, are as follows:

ARTICLE I—NAME

This organization shall be known and styled as the National Baptist Convention of the United States of America.

ARTICLE II—OBJECT

This Convention by uniting Baptist churches and other Baptist organizations, such as may desire an organization of this kind, shall undertake to promote home and foreign missions; to encourage and support Christian education; to publish and distribute Sunday school and other religious literature; and to engage in whatever other Christian endeavor is required to advance the Redeemer's kingdom throughout the world.

ARTICLE III—MEMBERSHIP

Section 1. The membership of this Convention shall be representative, annual and life.

Section 2. Representative membership shall be composed of messengers from churches, associations, district conventions, and state conventions all known to be in harmony with the purpose of this Convention, such sums as are set out in sections of this Article.

Section 3. Basic of Representations: a) Churches with less than 200 members, $10.00. No church will be allowed more than 10 delegates for $10.00 each; Churches with 200 to 500 members $25.00; 500 to 1000 members, $35.00; Churches above 1,000 members $50.00 paid in as representation. b) State Conventions, $200.00, not to exceed two messengers and $50.00 for each additional messenger. c) District State Convention, $50.00. d) Associations $35.00.

Section 4. Life Membership—Any person who is in good and regular standing in any Missionary Baptist church that is a member of this Convention may become a life member of this Convention by the payment of the sum of $200.00 into the treasury of this Convention.

Section 5. Annual Membership—Any person who is a member of a church that is in good and regular standing with this Convention may become an ANNUAL mem-

ber of this Convention by the payment of the sum of $10.00 into the treasury of this Convention. Said ANNUAL member may engage in the discussion of the Convention but not vote.

Section 6. Associations and State conventions shall elect their messengers to the National Convention in their annual meeting preceding the Convention and certify that said messenger to the secretary.

Article 3 would be so amended that section 7 would read as follows:

"Since the convention is primarily a fellowship, and since the fellowship owns the corporation, membership in the fellowship does not give to any individual member or group of members equity or special property rights in the assets of the corporation. The annual representation fees are designed primarily to carry the expenses of the convention and to help in its work in general and cannot be construed as capital investment in the corporation.

Section 8. The question of the rights and privileges of membership are settled only by the convention itself or its Board of Directors in the convention's absence.

Section 9. No member or group of members of the convention shall have the rights to use the civil courts to settle matters regarding membership rights and convention procedures. In these matters the convention itself is the supreme court from which there is no appeal. The majority vote of the fellowship is therefore binding on the individual, the convention, and the corporation itself."

ARTICLE IV

Voting in this convention shall be by the delegates assembled without reference to member organizations, states, or sections of the country, and shall be by voice, or show of hands, or standing.

ARTICLE V

Dear Brethren: April 5, 1886, an open letter to the Baptist clergy and laymen was issued by Rev. Wm. J. Simmons, an American Baptist, asking if we should have a National Convention to discuss questions of interest to our beloved denominations. At that time the following reasons were given.

1. To promote personal piety, sociability, and a better knowledge of each other.
2. To be able to have an understanding as to the great ends to be reached by the denomination.
3. To encourage our literary men and women, and promote the interest of Baptist literature.
4. To discuss questions pertaining especially to the religious, educational, industrial, and social interests of our people.
5. To give an opportunity for the best thinkers and writers to be heard.
6. That, united, we may be more powerful for good and strengthen our pride in the denomination.

Having been solicited to write the Call by many whose names and endorsements are here unto affixed, the Call is hereby made by their advice and solicitations for said convention to meet in St. Louis, Mo., August 25, 1886, 10 o'clock a.m., in the First Baptist Church, and the pastor thereof is hereby requested to serve as a Committee of Arrangements, with power to select his associates.

Wm. H. Steward, Louisville, Ky., and Rev. R. H. Cole, 2009 Goode Avenue, St. Louis, are hereby requested to serve as a Committee on Transportation.

WM. J. SIMMONS

The chronological report in our National Baptist Minutes is hereby corrected, viz: The parties as they appear below were officers of the Foreign Missions or National Educational Conventions, as were their predecessors. Said conventions merged into the National Baptist Convention in 1886 or met co-jointly with it, or otherwise

He did, however, state that they were still in the process of trying to resolve the problem. The convention committee on the September pre-convention musical program, chaired by Dr. W. T. to deal properly with his loan application. Dr. Calvin Mims is chairman of the special loan committee.

THE ANNUAL REPORT
of
SECRETARY T. J. JEMISON

Buffalo, New York
September 5, 1974

Mr. President, the Presiding Officer, other members of the Cabinet, Delegates, Visitors and Friends. Once again I am honored to make my Annual Report to you here this time in the great Empire State of New York and specifically in the city of Buffalo.

In coming to Buffalo for our 94th Annual Session it is only the second time in the history of our great convention that we have met in the State of New York. The last time we met in New York City in 1935. I attended that session with my late Father, a former President of this convention. At the time I was 16 years of age.

Since we were together in an Annual Session we have held our Mid-Winter Board in Hot Springs, Arkansas in January, and our June Board Meeting in Detroit, Michigan. As you know this Board Meeting is held during the Annual Meeting of our National Sunday School and B.T.U. Congress, with that eminent churchman, Dr. E. A. Freeman, President. In each of these meetings we had new Pastors and Churches seeking membership in our great convention.

Under the matchless leadership of our President, Dr. J. H. Jackson, our convention continues to grow. Time and time again he has presented us with new challenges. The Stewardship Program that was designed to build enough cash reserve to help membership churches and colleges with loans to help them avoid the high interest rates that now prevail in established loan institutions. Not only was this program presented to help avoid high interest but rather to develope a strong Self-Help program. Brethren more of us need to invest in this program.

We have kept our membership in other National and World bodies. It is understood however, and has been voted by the Board of Directors and the convention itself, that bodies we are affiliated with don't speak for us or set policy for our convention. We are members only as far as fellowship is concerned and practiced. We speak for ourselves on Political and Social issues.

Our Annual Assessments to the Baptist World Alliance of $2500.00; $3000.00 to the World Council and $3000.00 to the National Councils of Churches in the United States have all been paid. You will also notice in the American Bible Society's Annual Report, individuals and members churches of our National Baptist Convention, U.S.A., Inc. gave more in 1974 than they did the preceding year.

Before we meet in Annual Session many of us will have attended the Baptist World Alliance in Stockholm, Sweden, July 8-13, 1975. Our Convention is planning three (3) tours for this meeting. Those who plan to attend this World Meeting should contact the Rodgers Travel Bureau in Philadelphia Pennsylvania. This agency is handling the travel plans for the National Baptist Convention tours. Additional information on this trip can be obtained from Treasurer L. G. Carr.

About our Minutes—We believe most of you have received the 1972 Minute. If not please let us know by writing a card to our office in Baton Rouge, Louisiana. We have tried to explain the delay in getting your Minutes to you. However, for the sake of those who perhaps didn't hear the explanation please indulge me to make it again.

I stated, due to vandalism in our office in Baton Rouge, the Minute material already prepared was destroyed. The minutes had to be re-written and translated, mostly from memory, all over again. We hope not to have this difficulty again.

Dr. D. C. Washington, the Executive Director, of our Sunday School Publishing House has done and is doing everything to help us get back on schedule with our Minutes. Without the cooperation of Dr. Washington it would be difficult to get the minutes to you. So I wish to take this opportunity to publicly express our deep appreciation to him.

As your General Secretary I have been kept very busy with Convention matters. Requests for information to your Secretary seems to be unending. We have tried to answer each request to the best of our ability.

As your Secretary, I have been invited to many meetings and have been called upon to address numerous State Conventions. We addressed the Annual Session of the Wolverine Baptist State Convention of Michigan several weeks ago. This convention has as its President, Dr. J. Parris Wilson, of Saginaw. It was indeed a great experience and the President and the members of the Wolverine Convention left no stones unturned in entertaining the Secretary. Before the years end, we are to address the Alabama Baptist State Convention, Dr. A. W. Wilson, President; the Texas Baptist Convention, Dr. T. E. George, President and the California State Baptist Convention, Dr. E. V. Hill, President.

A personal note: We have just closed the 115th Anniversary of the Mount Zion First Baptist Church and the 25th Anniversary of the Pastor, your Secretary. It was indeed a wonderful day in the name of the Lord. The Anniversary Sermon was delivered by our eminent President, Dr. J. H. Jackson in the afternoon service. The Governor of our State was present, the Mayor-President of our City and Parish was present, our District Attorney was present and so were many other distinguished guests. The morning sermon was delivered by our son-in-law, the Reverend Clarence M. Wagner, Sr., Pastor of the Macedonia Baptist Church of Thomaston, Georgia. It was a great day in every way. The Mount Zion Church gave $12,000.00 more than its 30,000.00 goal.

There were two other experiences I wish to share with you. The Vice-President-at-large of this Convention, Dr. E. Doyle Billoups lost his wife and it was ours to deliver the Eulogy. Likewise, we served in a similar experience for Vice President Charles H. Hampton. We did our best to bring comfort and strength to these stalwarts of our convention.

It has been the practice of this office to cooperate fully with the President of this Convention. We started this type of association the year we were elected and it has continued until this day. We see no reason whatsoever to change now.

This office was given the usual amount $5400.00 to operate the office of Secretary for the year.

T. J. Jemison, Secretary

We have made an examination of the records of the Treasurer of the National Baptist Convention, U.S.A., Incorporated for the year ended June 30, 1974. REPORT OF STATISTICIAN

SEPTEMBER 6, 1974

DR. E. JOSEPH JOHNSON SR., A.B., B.D., D.D.

Dr. Jackson, our illustrious leader and President, presiding officer, officers, delegates, and friends of the National Baptist Convention, Inc., a smiling providence has permitted us to assemble in the city of Buffalo, N. Y. for our 94th annual session. Permit me to express to you my genuine love and sincere appreciation for your cooperation, encouragement and support. I am deeply grateful to you for electing me to this important office. The office of statistician occupies a distinct and unique place in our conventional life, for we must look to this office for the numerical progress and growth of our great convention.

Missionary Baptists are being born every day, every week, and every year. Statistics do not radically change over night, but they change. Let us thank God that because of the missionary enterprise and our profound belief in evangelical preaching, Missionary Baptists are to be found everywhere throughout the world. Missionary Baptists can be found in 121 countries, including Russia and China. We adhere to the divine commission of our master: "Go ye therefore into all the world and make disciples of all men—He that believeth and is baptized shall be saved teaching them to observe all things and lo I'm with you always even to the end of the ages." Here in lies the great strength of our convention.

My Christian friends, we must never shirk our responsibility to elevate and cultivate the less fortunate. We must continue, "To Rescue the Perishing, Care for the dying Snatch them in pity from sin and the grave Weep o'er the erring one, Lift up the fallen tell them of Jesus the mighty to save." "If I be lifted up, will draw all men unto me."

In this day of planned and organized opposition to the church, and social and economic advancement for all people, we need to unite our forces, direct our aims and propagate our ideas to the highest spiritual height possible for only through religious unity and Christian fellowship can we attain freedom, dignity and charity for all.

STATISTICS OF NATIONAL BAPTIST CONVENTION, INC.

1. Ours is a fellowship of six million, three hundred thousand members.
2. We have twenty-seven thousand, six hundred and fifty-five preachers, and twenty-seven thousand churches.
3. We have twenty-two thousand, one hundred and ninety-four Sunday Schools, with a total enrollment of three million.
4. Total B.T.U.'S—five thousand and twenty-four, with a total enrollment of eighty-one thousand.
5. Total number of Missionary Societies, twenty-four thousand, three hundred and forty-eight, with total enrollment of two hundred and fifty-five thousand, one hundred and twenty-six.
6. Total number enrolled in daily vacation Bible Schools, over thirty-four thousand pupils.

"In Christ there is no east or west, In him no South or North; But one great fellowship of love throughout the whole wide earth.

In Him shall true hearts everywhere Their high communion find; His service is the golden cord, close binding all mankind.

Join hands, then, brothers of the faith. What-e'er your race maybe: Who serves my Father as a son is surely kin to me.

In Christ now meet both East and West. In Him meet South and North: All Christly souls are one in Him, throughout the whole wide earth."

A Message From Our Executive Director

President Jackson, Officers, Members of the Board of Directors and Messengers assembled here in Buffalo, New York, I am very pleased to submit the annual report of the Sunday School Publishing Board, which for the past seventy-seven years has served as the publishing arm of our National Baptist Convention, U.S.A., Inc., and which is still engaged in the work of "Winning the World for Christ!"

"There is work for God's own children, There's a task for one and all, May each heart be prompt and ready In responding to the call; 'Tis to win the world for Jesus, and to tell His boundless love, Till the earth shall own Him ever As the King of kings above.

We must strive with endless effort This appointed work to do, Let each eve find much accomplished, With each morn begin anew; Let no precious time be wasted Lest it pass beyond recall, But win every soul to Jesus For He died to save us all."

The lines above quoted from Edith Tillotson's "In His Name," suggest the challenge contained in the chartered purpose of the Sunday School Publishing Board, and our commitment to accomplish it through the publishing and distribution of religious literature, and the promotion of Christian education and leadership training programs among our constituency.

As we pause to evaluate the fiscal year just closed, it is gratifying to note that we have distributed over two and two-thirds million pieces of literature to approximately twenty-six thousand Churches throughout the United States and overseas. While this represents a sales increase of almost five percent, for which we sincerely thank you, we are now redoubling our efforts to "tell His boundless love" through constantly increasing the circulation of our curriculum materials.

The task of "Winning the World for Christ" is the responsibility of every Christian, and requires Preparation, Dedication and Personal Involvement. The Sunday School Publishing Board pledges to maintain its high standards in the production and distribution of doctrinally sound, Bible-oriented, easily-read, timely, attractive and interesting materials which will help inspire our constituents to accept the challenge of the "Great Commission." We will further engage to continue to provide stimulating Christian Education and Leadership Training Programs designed to make possible the simultaneous advance of our entire denomination.

During the past year, we have wrestled with the numerous problems which are symptomatic of today's economy—shortages of paper and other materials, rising prices, scarcity of skilled labor, difficulties in maintenance and replacement of printing equipment, high interest rates and the tight money market. However, we are doing our utmost to hold down our prices in the face of continuing inflation, making only the few absolutely essential increases.

We would like to take this opportunity to express our sincere appreciation for your loyal support and generous patronage, as well as to assure you of our desire to render satisfactory service. Whether you patronize our Distributors, our Branch Stores, or order your supplies direct from the Publishing House, remember, "No Sale is Complete until You are Satisfied!"

The Sunday School Publishing Board strongly supports the objectives of the National Baptist Convention, and we will continue to cooperate and contribute to its program and projects.

The work of the Sunday School Publishing Board is conducted through several divisions, the Editorial Department, Christian Education and Program Services Division, Public Relations Department, Production Division, Sales Division and the Division of Personnel and Fiscal Management. The following pages highlight some of their activities during the year.

For the past seventy-seven years, the Sunday School Publishing Board has devoted itself to the task of "Telling Christ's Boundless Love" through song and story, and yet, we have only just begun, for our goal will not be accomplished until the whole wide world is won for Him!

As We here Rededicate Ourselves to this Purpose, We Invite You to Join with Us in Accepting the Challenge in the following lines:

"So with earnest, true endeavor, Let us serve Him day by day, Let us seek Him, trust Him, Praise Him, and His least command obey; With His pow'r and strength to guide us, We need fear no ill, no loss, We can Win the World for Jesus, 'neath the banner of the cross!"

CURRICULUM SERVICES

Maynard P. Turner, Jr., Th.D., Director of Publications

It is rare that a Director of Publications (or Editor-in-Chief) has had an opportunity to write a last annual report. My two immediate predecessors died in office. It would seem natural to me that this last contribution from me would be of a somewhat different nature.

"An Institution is the lengthened shadow of a man." While the Editorial Department is just one unit of a greater whole, it has borne very markedly in the past the image of those great souls who have preceded me in office. All have been great men, and National Baptist History will never be able to forget them. I was born to a family who were members of a staunch National Baptist Convention, USA, Inc. Church. Loyalty to the denomination was taught around our table at mealtime, during my childhood and preached from our pulpit. I brought that to the office when I assumed this responsibility; and that made me want the materials which I produced for my denomination to be second to none. Few people in this life who have ambition do all the things they set out to do. I am no exception. But I have tried to give no National Baptist cause to be ashamed of that which has been produced under my administration.

Our denomination still needs an **Adult Teacher, Youth Teacher and Children's Teacher** containing professional instruction in teaching, trends in Christian Education, and tips for seasonal observances in the Sunday schools, directed to each age level. I am disappointed that I am leaving before that goal is reached.

The **Townsend Press Commentary** continues to grow in usefulness and scope of influence—this in spite of the limitations which current shortages impose.

Dr. George Lucas, a member of the Advisory Board of the **National Baptist Pulpit** began a voluntary, unsolicited and "unofficial evaluation project" with the cooperation of the Head of the Department of Homiletics and Practical Theology at United Theological Seminary in Dayton, Ohio. Benefit from the practical and scholarly thoroughness of such an effort has the potential of making the **Pulpit** a work of wide constructive worth in the years to come.

The drastic improvement in the Vacation Church School material has caused it to become recognized as a Christian Education Resource by Christian Educators outside our denomination and our race, in Canada as well as in the United States. The Staff, together with the Director of Publications have maintained essential professional contacts during the year by attendance at such meetings as the Committee On the Uniform Series at Toronto, Canada, April 21-26, 1974, and the Baptist Christian Executives of North America at Calgary, Canada, April 30—May 2, 1974.

Members of the staff and the Director of Publications have conducted several Vacation Church School Clinics across the country to acquaint our constituency with the use of our Vacation Church School literature; and participated actively in such denominational activities as the Mini-Congress at Charlotte, North Carolina, and the National Congress at Detroit, plus numerous state meetings of the various state congresses.

The current writer's staff is: Rev. William Matthews—Adult, Rev. William Shaw—Advance, Rev. Virgil Caldwell—Senior, Rae Hudson Watkins—Intermediate, Jean Heard Lambert—Junior, Theresa Higgins—Primary-Kindergarten, Bessie Ward—Lesson Card, Florence B. Taylor—Nursery, Olist Robert—Artist, Activity Kits, Bessie Washington Jones—Study Book.

DIVISION OF CHRISTIAN EDUCATION

Every occupation, plan, and work of man to be truly successful, must be done under the direction of Christ, in union with His will, from love to Him, and in dependence on His power.

The Sunday School Publishing Board provides the necessary resources for the development of a continuing program of Christian Education. As the Accrediting Agency of the National Baptist Convention, U.S.A., Inc., it offers a well-planned in-service program of leadership training which enables our entire constituency to make simultaneous progress.

Articles and books from the various publishing companies have been received, reviewed and filed. This material has served as an invaluable source, enabling the department to respond to the many inquiries concerning Christian education which are received daily from constituents of the Convention.

Service as the accrediting agency of the Program of Leadership Education has demanded many hours, in order to improve communication between the many schools, institutes and congresses

The S. N. Vass Award was presented last September to The First Baptist Church of Clarksdale, Mississippi, its pastor, Rev. J. J. Johnson, and laywoman, Mrs. Pearlie Clay, for the Church year 1972-1973. Dr. D. C. Washington, Executive Director of the Sunday School Publishing Board, participated in the awards ceremony at the National Baptist Convention, U.S.A., Inc., Los Angeles, California.

This award is given to the Church, its pastor, and laymen or laywoman, who give evidence of having an outstanding program of Christian education during a given Church year. This award is based on your Church's activities in Christian education, beginning January, 1975 and extending through December, 1975. You should request your applications from the Department of Christian Education, Sunday School Publishing Board, as soon as possible.

The administration of the National Baptist Fellowship of Leadership Educators has created new and renewed interest in this sharing of news developments and concerns in leadership education.

The leaders are kept informed of the program and procedures through a quarterly newsletter as well as being aided in their work through a quarterly packet of Christian education literature, selected for the purpose of assisting in making the task easier.

DIVISION OF PUBLIC RELATIONS

Communication flows at its best when people meet people. More understanding takes place in both directions as persons contact each other. The 1973-74 programs of the Division of Public Relations included opportunities for leaders at the local church or grass-root level to meet and share with representatives of the Sunday School Publishing Board. These contacts reached not only the leaders in local churches, but citywide groups, district associations, state congresses and conventions, a mini-congress (tri-state teaching and training situation), National Sunday School and Baptist Training Union Congress, the National Baptist Convention, USA, Inc., in its annual session, and at its Mid-Winter Board Meeting and the Eighth Baptist Youth World Conference.

These communication opportunities focused on information and materials through clinics, workshops, seminars, leadership training schools, supervisory responsibilities at the national level, and in faculty and staff positions in an ever-widening sphere of influence. Emphasis was placed upon the more effective uses of literature and supplies of the Sunday School Publishing Board. There were displays, demonstrated classroom teaching, discussion groups, group dynamics processes, and the use of audio-visual aids. The director of Public Relations shared in the mini-congress held in Charlotte, North Carolina. This congress had representatives from North Carolina, South Carolina, and Virginia. This was a pilot project to reach more church leaders from these states than had been reached in the National Congress. Flip boards and audio-visual aids were used which led the leaders on a pictorial trip through the Publishing Board in Nashville, Tennessee. A follow-up question period proved not only interesting but helpful in communicating needed information for more cooperative participation in their publishing house.

Vacation Church School clinics were held this year by the Director of Public Relations at Gulfport, Miss., Jackson, Miss., Greenville, Miss., and Monroe, La. special leadership training conferences in the field of lay evangelism were shared in Atlanta, Ga., Louisville, Ky., and Toccoa, Ga. He earned a certificate at a church leadership workshop held at Sophia Sutton Mission, Prentiss, Miss. Contacts with leaders were made at special conferences held in Houston, Tex., Detroit, Mich., and in Buffalo, N. Y.

The person to person contacts were multiplied by members of the different classes, seminars, and study groups carrying the information back to their local churches. There has appeared in each issue of The Baptist Teacher this year an article under the heading "From the Public Relations Desk." Different timely topics have been presented through this media to the leaders throughout the convention territory. The reaction to these articles has been very favorable and encouraging.

More than 20,000 pieces of free promotional literature have been distributed upon request to churches and denominational groups in leadership training this year. Many church groups have visited the Sunday School Publishing Board in 1973-74. These trips were arranged through the Division of Public Relations.

A new display on Negro Baptist History has been collected and added to the Division of Public Relations offerings this year. At the 8th Baptist Youth World Conference held recently in Portland, Oregon, the Director of Public Relations presented copies of some of our publications to leaders from Russia, Jerusalem, Germany, and Africa, and in addition distributed our materials to some of the youths and their leaders here in the United States. It is by person to person that we seek to witness for Christ through publishing.

COMMUNICATING IS WINNING—SINGING IS WINNING

J. Robert Bradley, our Music Coordinator, appeared in many states during the past year, telling the love of Jesus to huge audiences, through the medium of song. In addition, he released a new gospel album, "I'll Fly Away," which is available

from the Sunday School Publishing Board. Mr. Bradley visited the Tennessee State Convention, the Missouri Convention, the Kentucky Convention, the Oklahoma Convention, the Illinois Convention, the Pastors' Conference, Chicago, the Alabama State Convention, the Empire State Convention (New York), the North Carolina Convention, the Arkansas Convention and the Texas Convention. In addition, he appeared at Berea College, Kentucky, and sang for the Department of the Air Force at Lockland Air Base, Ohio.

Mr Bradley's services are available to your State Conventions and Congresses, as a service from the Sunday School Publishing Board.

Recommendation

BY

President J. H. Jackson
June 13, 1974

If we are ready, I would suggest that we would organize a National Baptist Convention Bureau.

I. The Purpose of this new structure would be as follows:

A. To aid the convention in protecting its own interest in the respective cities in which we meet.

B. To guard against being unduly used by other groups and agencies

C. To render a greater service to our own delegates and visitors, giving to them the first priority in accomodations in rooms and other facilities.

II The Structure and Functions:

A. We would establish in the entertaining city an office to which all reservations would be sent

B For months we would employ a full time secretary and allow a budget for the increase in the number of personnell in the light of the increased work load and applications.

C All persons planning to visit the city in the convention's name would register under convention guest list

D. The convention would charge $5.00 per person and issue a certificate of registration upon the payment of the same For delegates this $5.00 could go to the credit of convention representation.

III The Advantage of this Bureau

A. In addition to the general statements made above, this would give to the convention a more direct control over the facilities made available to us.

B The donation of $5.00 from each convention guest or person visiting the city in the convention's name would also go to help finance the convention's program.

This could be a tremendous asset to our own organization if it is accepted and then supported by all of us. I would hope that in the near future we would be in position to develop a convention travel agency to render a direct service to our own delegates in their travel and to allow the convention and its delegates to profit by such an organization. If our numbers and our national strength were harnessed in this particular, every delegate in every state would be protected by such a travel agency, and our power to correct the violation of the rights of any delegates in any section of the country would be increased more than a thousand fold.

The National Baptist Convention, U.S.A., Inc., goes on record as being sympathetic with the Mexican-American Clothing Workers in El Paso, Texas, and that their full rights as American citizens will not be denied

VOICE COMMITTEE

JANUARY 24, 1974

The special committee that was appointed by President J. H. Jackson was called to order by the Chairman C. A. Weaver. After prayerful consideration we made the following suggestions.

1. We suggest that each state president would appoint a person to represent the Voice, and the president would enter the Voice on his agenda and set up a place for subscription.

2. We suggest that an incentive program be worked out whereby the local church, district association, state convention can share from a financial point of view. We suggest a program similar to the Ebony program.

3. We suggest the following budget (annual)

30,000.00	Operation and Production
3,000.00	Honorarium Albert Williams, Managering Editor
1,500.00	Honorarium Dr. C. A. W. Clark. Executive Editor
1,000.00	Miscellaneous Expense
35,500.00	TOTAL

4. We suggest that all funds would be deposited with the Treasury of The National Baptist Convention and all disbursements would come from the treasure.

THE CENTRALITY OF THE "WORD" FOR A RELEVANT MINISTRY

John 1:1a In the beginning was the word

We live in a period of American church history when the church has moved far away from that which is central to its existence. We have watched, with interest, the so-called relevant ministries which seek to conform man without transforming men. We have lost sight of the fact that there is a central point in the being of man which must be confronted by the transforming power of the word before any other programs or entreaties will have any lasting effects.

We are living in a society which increasingly relegates the spiritual life to the back drawer of contemporary planning. Our seeming religiosity is but a thin veneer placed over the body politic which is in fact a decaying carcass putrid with the strength of sin and iniquity. Wickedness in high places, dishonesty and hypocrisy running through every fibre of the social order.

While the statistics show that church attendance is increasing the moral influence of the church in our culture seems to be declining. This decline in moral influence has evidenced itself in the tone of our contemporary life styles.

There seems to be an air of hopelessness and resignation in our cities. There does not seem to be that contagious joy of living which characterized life in America at an earlier stage in our history. The trolleys and buses are filled with people on whose faces can be read the mistrust, the fear, the sadness and even rebellion. There are few bright cheery "good mornings." There are few instances of animated, sincere conversation. There are no warm embraces and there are certainly not any triumphant "praise the Lords" as we ride with the masses to work in the mornings.

We all seem to walk along or sit on the trolleys like zombies cordoned off into our own private cubicles to tackle life, its problems and perplexities in solitude all alone. There is a pervasive "aloneness" which steals part of the joy that a man experiences in community. There is a fear of relating to our neighbor for relationships signal responsibilities. We do not wish responsibility for our brother. If our neighbor's apartment is being robbed, we lower our curtain, lock the doors and pretend that it doesn't effect us. It's none of our business. One great American reminded us that if my neighbor is diminished, I am also diminished. If my neighbor is not free, then my freedom is in jeopardy.

Given the general pale of hopelessness and aloneness which afflicts the social organism is the matter of distrust. We cannot trust each other. Everything is suspect. We expect a hidden agenda in every encounter. We expect a hidden price in every bargain. The Madison Avenue advertising technique has raised the level of our expectations and made us suspect all claims of any kind of excellence in quality or performance of products.

This distrust carries over into the other areas of life and leaves us with deep feelings of insecurities and hopelessness. Who can we trust? The realities of Watergate point up to us the evident wickedness at the very highest level of government. The scramble to make some sense of the whole situation and to bring some order out of disorder is itself in disarray.

Our local communities are bulging with criminals and so-called black liberators who are in fact exploiters of their own people. Dope pushers at every turn. Lives wasting away under the influence of devastated dreams and unrealized hopes. Minds disoriented and confused by drugs. Brains pickled with alcohol. Life's focuses blind because the day is spent getting and spending. The problem being spending faster than we are getting.

Families torn asunder by strife. A welfare system which encourages immoral life styles. Pittances which are by their very nature demeaning. Strife at every level of labor and management. Schools which don't educate. Hospitals which do not heal. Correctional institutions which do not correct. This jungle of despair and hopelessness has stifled many a flickering light whose potentials for greatness was stillborn.

For with all of the activity and all of the expanded energy the "good life" has not been attained. We have cars that we cannot fuel. We have beautiful homes but we have become prisoners in our own palaces. We have food but we have no appetite for enjoyment. We have minds but we have lost the will to think. We have tongues but we have lost the desire to sing.

Into this morass of human misery and hopelessness, governmental and social agencies have instituted massive programs to correct the ills of our society. From the Social Security Act during the Roosevelt administration to the War on Poverty and the Institution of Black Capitalism, model cities community development programs and the like. We have watched as the country became more lawless, less cultured, more shiftless and less appreciative.

What is the preacher's role in the situation in which we find ourselves today? How can the man of God function in this cultural setting and be true to that high calling placed upon him? How can the man of God distill all of the varying impressions and pressures under which he is exposed and come up with a composite picture of the situation with some possible alternatives for creative action?

If the preacher is to have a relevant ministry in these troubled times he must first have a sense of cosmic history.

He must come to a realization that there is nothing new under the sun. That the problems had their genesis in another realm and that the universe is a unity and what happened in one realm effected the other.

Man's problems started in Heaven when Lucifer said "I". The whole cosmos fell into disorder and fragmentation. Every single problem of the universe can be traced ultimately to the beginning of disorder which started in Heaven.

If the problem had a point of origin, certainly the solution had a point of origin. John understood this very clearly and pointed up for us the alpha point of all things. "In the beginning was the word." If any ministry is to be relevant the centrality of the word must be recognized and promulgated. There is no substitute for the word because the word gives us the key to all of life. Without the word there was not anything made that was made. So that if we wish to reorient anything and bring it back into focus and concord with its surrounding, we had to go back to the alpha point.

A wordless ministry is a breathless ministry. A wordless ministry is a powerless ministry. It is the word that searches and points out the areas of wickedness and degradation and it begins with the individual believer. The word prepares our hearts for a living and caring ministry. This business of loving and caring has been distorted by the arch enemy and many have been tricked into believing that they can divorce the historical Jesus from the essential Jesus.

God knew that we would have all kinds of problems with the word. He knew that we would have problems understanding and digesting the word. He therefore made the word flesh and the word dwelt among us as exhibit "A" and we beheld

his glory and in the presence of His glory all other glories faded.

If we could get an awareness of the glory of God and how this glory colors all of creation we would understand that He is the alpha point of all things. Then all things could be put into proper perspective.

For without the word man is incomplete. You may give him food but he will just be a full sinner. You may devise cultural enrichment but he will merely be a cultivated sinner. That word must be central and all else must evolve out of this center if the whole of life is to be set in proper focus and order.

The preacher must himself be convinced of the transforming power of the word. He must have first hand experiences with the word in his own life. "Thy word have I hid in my heart." He must meditate on it day and night.

The word must become all and all and color every decision, influence every impluse and sustain every action. The word is eternal. Governments will come and go. Princes and potentates will fade in the shadows of a fragile history. Cultures will rise and fall. Human enrichment programs will start and cease. Powerful nations will crumble and be buried beneath the sands of time and even Heaven and earth will pass away but His word will stand. His word will be a bridge over troubled waters. His word will be a rock in a weary land. His word will be a shelter in the time of storm. His word will plum the deepest depths or scale the highest heights. One day His word found me when I was lost. The word reorganized my life. Set my affections on things above. The word is my light and my salvation. The word is my counsel in the time of trouble. The word is the personhood of Christ Himself.

On Christ the solid rock I stand all other ground is sinking sand. All other ground is sinking sand. His yoke, His covenant, His blood support me in the welling flood. In every high and stormy gale my anchor holds within the vale. When darkness veils His lonely face, I rest on His unchanging grace. When all around my soul gives way, He then is all my hope and stay

FRUIT OF THE SPIRIT

Galatians 5:22

The task at hand concerns the writing of theology in such a manner that the layman will experience no difficulty in its meaning. The tradition of the National Baptists is not far removed from that of the Jews who always told a story to explain matters of faith. Theology among the National Baptists is descriptive. Descriptive theology makes use of illustrations, homilies, and the rich imagination of the preacher-theologian in depicting God's encounter with man. With that in mind how can we talk about Love or the "fruit of the Spirit" without being descriptive? Love puts to thought and print is somewhat nebulous because it defies precise definition. However by placing the burden of interpretation upon some Biblical character much light may triumph and what was difficult to understand becomes lucid and clear.

The need for Love in our world is the first priority. What has happened in our world that has caused the breakdown in "agape" may be delineated in the change of life style and the socio-economic shifts in our society which has made Love virtually impossible. It is imperative then that we consider those constituents which were once present in the National Baptist's rural past. Historically, the judeo-Christian tradition the basis for the National Baptist's affirmation also emerged from an agrarian environment where certain factors almost guaranteed the continuity of the faith.

It is this somewhat idyllic serene background that the poetry of the 23rd Psalm employs: "The Lord is my Shepherd, I shall not want. He maketh me to lie down in green pastures; he leadeth me beside the still waters. He restoreth my soul:" Secularism threatens the peace of this village type religion and consequently no prophet in the Bible of note says anything positive about the city. The most faithful people are those like the prophet who came up from Tekoa to speak reprimanding words to the city dwellers.

There is a **permanence** about the rural where the farmer experiences a sense of eternality in that the seasons, winter, spring, summer and fall follow faithfully and are answerable only to a transcendant cause. There is little concern in this agricultural environment for one's personal pleasure. Here the emphasis is scarcity, making ends meet. Time is not available for meandering about self actualization or self analysis, moreover, the so-called identity crisis of sophisticated urban man is virtually unheard. That the good people gave themselves to the group with a willingness to accept suffering is attested to by the vestiges of that period. For instance, we too have difficulty in handling happiness. In other words most of us handle suffering better than we handle happiness. Another factor of that agrarian period is **nature** with its awe inspiring demands on the individual who groped under its power receiving whatever nature distributed by way of rain, sunshine and harvest. Man, not a manufacturer or producer, depended upon his environment which was more powerful than he for his daily bread and was also dwarfed by that environment. Subsequently our people still feel insignificant when we gaze at the Grand Canyon, the mighty Blue Ridge Mountains, the restless gigantic ocean or the mighty falls at Niagra. An institution which has its roots in antiquity is the black **extended family** which in its rural environment functioned as old folks home, social security administration and a juvenile oriented program that virtually rendered delinquency obscure. That family did in fact promote the superiority of man, the inferiority of woman only if a male was not present in the home and the responsibility of children; too, women were purchased by men and became reproductive units providing offsprings who were used as free labor.

A concept closely associated with the black National Baptist family and prevalent during this period was **kingship**, a term synonymous with father rule and was seen in the distribution of authority as the older sons and daughters came together for family reunion. The term king is rich when interpreted in light of the majestic power of God in the Old Testament. What is also of grave importance in this agricultural setting is the veneration of the past for all the great heroes and the wise men lived in the past. Among such personalities known were Moses, Abraham, David, Solomon, Jesus, etc. The unchanging rural setting of Mississippi and other areas guaranteed an authority base and made the past extremely important. Let us not forget that God is old and wisdom is associated with old age. "Before the mountains were brought forth or ever thou hadst formed the earth and the world, even from everlasting to everlasting thou art God."

The concept of **death** was an enigma to the country person for death claimed them very early in life leaving loved ones behind to fantasize about this very real but yet cruel phenomenon which was too great for the conscious mind to endure without the cloak of faith.

No discussion of the formative period of National Baptists is really complete without some mention of **uniformity** which is the proper antidote for competition and alternatives. Whenever there is uniformity everybody respects the same authority and when that authority is God the individual hears without impudence.

Finally, something must be said concerning the **preacher-theologian** who held an unequaled position in the black rural environment which placed him as the most important person in the community for he alone knew how to contact the ancestors. He was the link between past and present. Too, the voice of the ancestors in a sense is the voice of God and the preacher was in touch.

The Present Predicament

The rural environment is close to the founding fathers of the National Baptist Church experientially; the rest of us know it vicariously and when we speak of Love we speak of it in the context of the country, back home, down home, as we northerners say. This section will attempt a brief critique of that antiquated rural past. We must keep in mind that scarcity, permanence, nature, extended family, father rule, the past, death, uniformity (one church, one Lord, one faith and one baptism) and the voice of the preacher-theologian (the most important man in the community) contributed to that serene tranquill glorious past. Love was not elemental but formed the basis for that closely knit life style where David centuries earlier could speak of green pastures and still waters.

Today, the problem of Love is the problem of God and God-talk. God-talk is Love. However, Love becomes problematic because the agricultural past out of which the National Baptist tradition was born has deteriorated and the present day National Baptist has difficulty holding on to country values and its ideologies in an urban capitalistic situation. God-talk hitherfore cited a god who gives food to the hungry, makes a way somehow, is a rock in a weary land, a shelter in the time of storm, a bridge over deep water, a way maker, a heart regulator and a mind fixer, etc. God is identified with nature, has a great deal of love for the family and His greatest speakers come from the distant past. This is also true of the kind of subjects which occupied the minds of his spokesmen, e.g., birds, grass, trees, a sower, an eagle stirring her nest, etc.

Something of catastrophic dimension happens when this community breaks down and gives way to urbanity. What appeared as a permanent structure gives way to temporality. Nothing is permanent anymore. Even the present urban consumer structure cannot operate under the dimension of permanency. General Motors in Detroit cannot make cars to last forever, to do so would undermine the complex structures of profit and the philosophy of capitalism. There must be a continuum of new commodities which will be used and then destroyed thereby assuring the longevity and survival of the present system. The urban environment is movement. The land is no longer passed down from one generation to another. Naboth and his vineyard is an archaic parody for the urban man lives in one locale no longer than three years before migrating to another and stays perhaps for a period of five years before moving again.

Capitalism has broken the back of scarcity in favor of affluence and we are the new black affluent society and we have mimic the permissive and liberal philosophy of our white brothers. 'Its proper and appropriate now for people to think of themselves: why can't I be happy? The emphasis is not on participation but focuses on the individual, the "I" and "me."

Nature, the manufacturer who use to inspire awe in us when looking at her wonders competes now with human ingenuity and technology, e.g., the 747 commercial jet airliner, the medical advancement, and sundry other man made wonders. There then exists a need in direction in which theology will shift. The National Baptist of by gone days and of tradition falls under the onslaughter of a new kind of oppression. The present environment separates and disrupts resulting in confusion among people and their identity and even among the sexes as to gender.

Authority is not acceptable. It is not appropriate to a society where the accepted is autonomy. The urban mentality, "the your thing crowd, do what you want," has had a devastating effect on all who are authoritarian, whether it be father, the local draft board or even the God of the fathers.

In urban society the past cannot inform the present. This fact is attested to by the youth culture, young people more technically knowledgeable than their elders do not look upon the past with veneration or awe but in most instances with disdain. Death has lost its grip to frighten and has been dealt a crippling blow together with sin and hell by a society which has lost its belief in transcendence and is more interested in what's going on on earth. Urban man predicts a life span

in the immediate future of 150 to 200 years of age. The present life span differs notably from a pre-urban society and people die around 70 years of age and don't feel cheated. The emphasis is upon life. The writer has not mentioned death as a result of dope addiction or suicides because they are not within the scope of this paper but they are indicative of a tendency to welcome death, not to fear it.

It has been said that the Protestant reformers killed God. This reference concerns the breakdown in uniformity as a direct result of the reformation in the 16th century which has recently caught up with National Baptists. The 16th century reformation was the catalyst that actualized various and sundry religious disciplines all claiming to be the true voice of God. In this age the true voice of God seems to be consumer culture. This is part of our dilemma. That there is a breakdown when we think of the small rural community of our parentage with its one or two churches at the most and now the several hundreds different church groups and sects together with the fragmentation of a once closely contained life style pinpoints our present predicament in the absence of Love and the meaninglessness of God talk to this generation.

The minute God begins to speak in 1000 different voices with all of these voices claiming to be true then the burden of choosing the true God falls on secular man better qualified to handle issues pertinent to profit and the means of production rather than those demanding that he decipher the true God out of a setting which worships the symbols rather than the deity.

Finally, the preacher-theologian, who in the past had the power of God in his hand, feared and respected, has lost his position of deference to the scientist. Actually the power of man becomes very significant in a technological society, the system is dependent upon man's self initiation, his scientific discoveries, his technological know how with what being felt seen and heard of of utmost importance; the power of God grows increasingly insignificant. The breakdown in transcendance is relative to the breakdown in the agricultural way of life. Further, its this breakdown which has made the acquisition of things more important than the acquisition of or the inquiry about Love. Underlying the migrations of National Baptist from south to north runs an economic hope of a better life. Whether that interest succeeded or failed can not be adequately given space here. If the "Fruit of the Spirit is Love," how may it be manifested in these times?

The Prescription

The preacher-theologian for years kept the people in constant touch with the past which is in fact the ancestors and God. The preacher in tedious times looked toward God, the King. The preacher also faced the king but our preoccupation in a world where the king is insignificant and human power all significant we that preach thought it more advantageous to face the congregation who in fact supports the institutional church economically rather than a transcendant deity whose eschatological promises seem distant when compared with these present niceties. Consequently religion in America has become humanized.

In our anxiousness for Love, i.e., our predicament of despair, guilt and meaninglessness in the human situation leaves us hungry for God-talk, we must faithfully ask questions of the agency which is the alleged vehicle of such talk. Perhaps one of the greatest indictments ever must be posited against the local church because there are few churches "talking." Tune in on the average board meeting of any of our local National Baptist churches and if we expect God-talk, talk about Love, we may be severely disappointed for the discussion if not pure dissent centers around cutting grass, raising money for pews or carpets, debate about the pastor's salary, but seldom if ever is their serious talk in the board meeting or the church business meeting centering around God-talk which is the business of the church, which is talk about Christian Love. Consequently the same wholes true in regard

to finding or analyzing the rationale for local churches splitting into one or more splinter groups to say nothing of conventions. They seldom split because of God-talk but divide as a consequence of trivia, i.e., accusations about missing money, malicious gossip or "mess." We can observe and note and conclude that there is a deficit of God-talk, a deficit of Love in the world and also in the Church.

If our world then is one of diversification, cultural and political pluralism how then shall the National Baptist preacher-theologian speak to a people that are secular and at the same time unknowledgeable and unbelieving about the validity of the community of believers in the world and their ability to employ God-talk which is talk about love to a listless and apathetic majority with some degree of success.

If we are to approach our problem then we shall need an ideal type, an exemplar of Love. From the secular world we may extract an offensive term and infuse it theologically to crystallize the kind of sacrificial leadership needed and to present a viable description of Love at work. Upon the shoulders of this leadership rests the stupendous task of bringing us out of captivity. "For you have been called to liberty brethren; only do not use liberty as an occasion for sensuality, but by charity serve one another." (Galatians 5:13)

Once we shall have extracted the term, "Nigger," we then need to analyze it to see if it will pass the test. A nigger can never be a part of the system. He's always looked upon as being totally other; he is still a marked man. He's not in the in group yet he is not without knowledge of the in-crowd's strategy because historically his ancestors are the Nehemiahs, the cup bearers, in the houses of the dominant group. Thus traditionally he's always known the other man's techniques and methods. But the in-group has known very little about him. "If you had known me ye would have known my father also." The nigger is an ideal type, a fit type. When one becomes entangled in the system, then one is gobbled up by that system. This will never happen to the nigger; he will never assimilate but should he, he would lose his charisma and be unfit to lead the community to the feast of Love. You can't lead people out of the dark if you are in the dark. Both Elijah and Amos represent country fellows going to town telling the system what thus saith the Lord. They were niggers; they were qualified to pronounce judgment because they were not involved in the happenings. "They are in the world but not of the world."

We shall now turn our attention to Moses as the exemplar of Love in the Old Testament. We shall embellish Moses with much more than the term nigger for we must recognize that a man of Moses' stature is not just a lieutenant. Moses is top brass; Moses is a BAD NIGGER. This kind of adjectivial attachment must be posited in his case because if he is foolish, unassuming, difficult to understand and hard to get along with then his not of his own making as much as it involves his obedience to some queer happening on the backside of the desert that most National Baptist preachers seem also to experience. This kind of nigger is still rare. Moses is startled by the burning of the bush in the desert. He is awed by the presence of the God in the bush and expected its immediate destruction but rather a voice speaks: "Take your shoes off the ground in which you stand is holy ground." Although fire means destruction God did not destroy the bush. God merely used the bush. Moses too was to be made the vehicle of God's will, of God's revelation to his people. Moses was to be used but not destroyed. In our urban situation the individual is used by the system then destroyed. Thus the burning bush and Moses are instruments of the undying flame, the undying Spirit of God. Whatever may be the explanation of this uncanny vision the importance of the event lies in its impact on the preacher-theologian. What was of supreme importance was the experience of which the burning bush was used. Moses became possessed by the divine self disclosure. All that really matters is not that God is the God of the past, or of the future. He is I Am, the God who is now. God is I Am, and unless He is known in that immediate and direct communion, He is

not known at all. He is hidden in the past, unknown in the future, He is I Am.

We come to understand Moses in this event as the embodiement of Love. Modern secular man may declare Moses and those like him as fools. I see him as a BAD NIGGER. A bad nigger because he possessed a divine mandate. True, no one was out there but he and his memory; yet, he sticks to his text with little concern for himself, no regard for the realization of his personal dreams but a foolish ambition to maintain obedience to something that he insisted to the very end spoke to him in the desert. He goes to Egypt with this message from God and carries no equipment, no firearms, no magatons, no jets, no money in foreign banks, no standing army. The mere memory of that ominous event in the desert urges him on thus he jaunts off to Egypt with what he remembered and an old stick. With memory and a stick he shows up at Pharaoh's office with a demand from a God called I Am. Moses is certainly a bad nigger and it takes a BAD NIGGER or a fool to be so much in love with God and others to confront the most powerful potentate in the world who is meticulously equipped to handle any situation. Pharaoh has at his disposal horses and chariots, armies, bodyguards, firearms, technicians, magicians, etc., not to mention the vastness of his empire and wealth. He already had a decided ideological advantage substantiated by the long years that the people had been under the yoke of slavery.

Moses confronts the pagan Pharaoh with God-talk with talk about Love. Pharaoh is briefed on the God of the Fathers who differed immeasurably from the locally defined and limited deities. He is not the God of a place but the God of men; the God of Abraham, Isaac and Jacob. He is therefore not bound to one spot, but present and powerful wherever man is. God is not anywhere in particular; He is always to be found where man is and where man lets himself be found by Him. The presence of this preacher-theologian was accompanied by the prophetic formula used by Moses, "thus says Yahweh," and says explicitly that Israel "must go and serve Yahweh."

The preacher-theologian today needs the critical mind of Moses in a democratic ethos wherein freedom of expression has been granted to every philosophy and creed. And if there be no critical mind then there is the grave danger of adopting the thought pattern of an inhumane demonic system.

Urban man does not understand the BAD NIGGER, however he does admire him because he taunts the system thereby doing what urban man is afraid to do for fear of materialistic liability. The BAD NIGGER speaks to the city council and brings the judgment of God upon them and does not stand in fear of human retaliation because he knows that the struggle is not his but that of God and the gods of secularism. The preacher-theologian is nurtured by the "fruit of the Spirit" and is not swayed by the call of more ludicrous vocations but continue to confront Pharaoh ill equipped by the world's standards. The Nigger still has no job protection. He expects a ninety day notice when informed he's no longer needed, however in most instances than not he can be put out without notice. There are no labor unions that he can file a complaint when he's mistreated which seems an abnormality in these times. The Nigger is expected to labor all day and night with little pay because urban man with his sophistication dismisses his responsibility by saying, "the Lord will pay him." The Nigger works without fringe benefits, has no elaborate retirement plan, has no automatic cost of living allowance and is under constant surveillance by demonic forces hoping that he will lose his memory and his stick. But with all the disadvantages he is driven by the same source that drove his ancestor Moses, he by necessity is urged to the pulpit and the market place to talk this talk which is talk about God which is talk about Love. The fruit of the Spirit is still Love and if men are to be liberated from these urban strictures it must still be by the foolishness of preaching. Perhaps this is our dilemma but we had better preach. Only a BAD NIGGER can; the others will grow weary and many will utterly faint, only the BAD NIGGER can. "Who shall separate us from the love of Christ? shall

tribulation, or distress, or persecution, or famine, or nakedness, or peril, or sword? Nay, in all these things we are more than conquerors. . . For I am persuaded, that neither death, nor life, nor angels, nor principalities, nor powers, nor things present, nor things to come, nor height, nor depth, nor any other creature, shall be able to separate us from the love of God, which is in Christ Jesus our Lord." (Romans 8:35-39)

This stupendous concern to be perfectly obedient to God, employing God-talk for the liberation of the fellow man is akin to the actions of the BADDEST NIGGER of all, who is the author and finisher of our Faith: "For he shall grow up before him as a tender plant, and as a root out of a dry ground: he hath no form nor comeliness; and when we shall see him, there is no beauty that we should desire him. He is despised and rejected of men; a man of sorrows, and acquainted with grief; and we hid as it were our faces from him; he was despised, and we esteemed him not. Surely he hath borne our griefs and carried our sorrows; yet we did esteem him not stricken, smitten of God and afflicted. But he was wounded for our transgressions, he was bruised for our iniquities; the chastisement of our peace was upon him; and with his stripes we are healed. . . He was oppressed, and he was afflicted, yet he opened not his mouth: he is brought as a lamb to the slaughter, and as a sheep before her shearers is dumb, so he openeth not his mouth." REPORT TO THE BOARD OF DIRECTORS OF THE NATIONAL BAPTIST CONVENTION, U.S.A., INC.

DR. JOSEPH H. JACKSON, CHAIRMAN OF THE BOARD AND PRESIDENT OF THE CONVENTION

SUBJECT: ENDORSEMENT OF CHAPLAINS IN THE ARMED FORCES AND ASSOCIATED BODIES

FROM: CLARENCE M. LONG, JR.

Doctor Jackson and Members of the Board:

It was in March of 1973 that I accepted the assignment given me by our illustrious President, namely to undertake the task of properly certifying members of our convention applying for assignment as chaplains in the armed forces of the United States.

Prior to this assignment I had known but a few military chaplains who once had been civilian pastors but no direct concern in their work had ever reached me.

Then, during my second ministry at New Rochelle, New York, I came to know quite a number of chaplains, especially army chaplains. You see, Fort Sclocum, New York, which was then used as a training center for army chaplains, was located just a short distance from the center of town and chaplains frequently visited our services. As a matter of fact, it was not unusual for me to look up, especially on a Sunday evening, and find a group of chaplains visiting the worship hour. Needless to say, their presence and the constant awareness of their possible presence in a service along with other normal stimuli did much to help me remember in preparing my sermons that it is always good and proper to "Be ready."

At the same time I gathered a new appreciation of the work of the chaplains and then my mind made comparisons between the local pastorate and the chaplaincy. Yes, they were well-paid but they really had no home congregation. Their congregations were forever shifting as they were and, in truth, it could be said of them more than of us that "Here they had no abiding city."

When our great and illustrious Leader said that he wanted me to take up the work of endorsing our chaplains I was happy to accept—to help the work of our distinguished convention in a needed area and to be more than a casual observer of the work of the military chaplains.

In November of 1972, I had served as a resource person at a two day seminar on increasing the enrollment of Negro Chaplains in the army. This meeting was at Fort Meade, Md. I learned much from this experience so far as certification and assignments of Negro Chaplains are concerned.

In April of 1973, I was asked by President Jackson to travel aboard the U.S.S. Independence (an aircraft carrier) to witness the needs and work of navy chaplains. Again this was a rich, educational and rewarding experience. Our men aboard the Independence were few in number and were glad to see the other Brother and myself. The rest were white.

Sometime after my appointment I sent out the following letter:

Endorsing Officer, National Baptist Convention, U.S.A., Inc.
Dr. J. H. Jackson, President

Dear Chaplin,

As you have learned through the fall quarter issue of "The Chaplin," I have been appointed Endorsing Officer for the National Baptist Convention, U.S.A., Inc.,

I accepted the appointment because of my appreciation of the leadership of President Jackson and because I recognize that this job must be done. Regardless of the pros and cons of wars, "just or unjust" I recognize that we have many Negro Baptists in the armed services and that these men are entitled to the Gospel and to adequate representation by their denominational convention.

I did not, however, accept this work because I fancied myself as any type of expert in these matters.

However, I hope to become more familiar with the work and the needs of the men in the chaplaincy and it is with this intention that I am seeking to build an up-to-date file on all our Chaplains, their locations and peculiar needs if any.

Therefore I am asking that each Chaplin write me a letter, giving such information and stating any problems which I may help to solve.

In the meantime accept my best wishes for a Blessed and Happy Year.

Yours in service,

Dr. Clarence M. Long, Jr.

Perhaps the greatest words received in answer were those of Chaplain Zimmerman who stated that he covets closer ties between the convention and the chaplaincy.

The following letters were received in answer to mine.

We are glad to hear that you were appointed to become the Endorsing officer, for National Baptist Convention, USA, Inc. Dr. Jackson has been an inspiration and an outstanding example of a Spiritual giant. I know his guidance will be helpful to you.

Please advise when I can meet, converse and fellowship with you. I am sure there are mutual subjects we could discuss which would be highly beneficial to us in this new endeavor for the Lord's work.

Endorsing Officer, NBC, USA, Inc.
Mount Airy Baptist Church
1100 North Capitol Street, NW
Washington, D. C. 20001

Dear Reverend Doctor Long:

I received and read your letter of 20 December 1973 with great satisfaction and anticipation—satisfaction because of your time and interest for NBC, U.S.A., Inc. military chaplains and anticipation of future contact and closer ties with my denomination. I further congratulate you on your new and very vital role in our church and invoke God's Blessings for you as you labor in this capacity.

My name is Matthew Augustus Zimmerman, Jr., born 8 December 1941, in Rock Hill, South Carolina. I am the son and grandson of Baptist ministers. My father, M. A. Zimmerman, Sr., is presently pastoring the Greater Abyssinian Baptist Church, Newark, N. J. I was married in 1964, to the former Barbara A. Boulware of Columbia, S. C. We have three daughters, ages 8, 6, and 2. I was ordained in Union, South Carolina, June 1965.

I was graduated from the Sims High School, Union, S. C. in 1958. I was graduated from Benedict College, Columbia, S. C., in 1962, with a B.S. degree in Pre-medical Training. I was graduated from the Divinity School, Duke University, Durham, N. C. in 1965 with a Master of Divinity degree in Pastoral Care/Counseling. After graduating from Duke, but as a part of my overall studies, I served for one year as the intern and interim protestant campus minister (United Protestant Fellowship) at Idaho State University, Pocatello, Idaho. In 1966, I served as the college minister at Morris College (Baptist), Sumter, S. C.

I entered the US Army Chaplaincy in April 1967, and attended the Chaplain Basic Course at Fort Hamilton, N. Y. I have since had assignments at Fort Gordon, Ga.; Republic of Viet Nam; Fort Hood, Texas; Hanau, West Germany and am currently assigned to the V Corps Chaplains Office, Frankfurt, West Germany. I applied for and received a Regular Army commission in August 1971. I have received notice that I have been selected to attend the Chaplain Career Course, Fort Hamilton, N. Y., beginning in July/August 1974. I will also receive the opportunity to get a Master's Degree in Guidance and Counseling from Long Island University.

Let me reiterate and emphasize my opening paragraph. I am extremely happy that you have seen fit to contact me as a NBC, U.S., Inc. Chaplain. Although I have received the finest cooperation from Dr. Jackson and the Convention in terms of my endorsement requests, I have sought but never received other forms of correspondence. I am quite cognizant of our profound and legitimate autonomous tradition. However, I have always felt that there should be more contact and fellowship between the Convention and its military chaplains. Throughout my four years of seminary I never received a word of contact. Observing and hearing about other chaplains receiving regular correspondence from their endorsing bodies, and attending their church conventions, meetings, etc. has served to instill some degree of personal self-consciousness reference my denominational ties. I have not attended a National Convention but I certainly hope to do so once I return to the States. This desire is prompted not only by a basic need for NBC, U.S.A., Inc. fellowship, but also by a desire to help cause my brother ministers to be even more aware of the fact that we military chaplains are also in the business of trying to "bring God to man and man to God" and that we are still very much a part of the Convention's ministry.

I solicit your prayers for all of us in our work and I am looking forward to hearing from you at your earliest opportunity (although I know that your time must

be very limited because of your pastor obligations) and I hope to get acquainted with you when I return to the States. When you see Dr. Jackson, please give him my warmest regards and assure him of my prayers for him and the convention.

In God's Name,

AUDIT REPORT

JUNE 30, 1974

JONES, ANDERSON & COMPANY
CERTIFIED PUBLIC ACCOUNTANTS

August 22, 1974

National Baptist Convention, U.S.A., Inc.
Assembled in Convention
Buffalo, New York

Gentlemen:

We have examined the financial records of the Sunday School Publishing Board, a subsidiary of the National Baptist Convention, U.S.A., Inc., for the fiscal year ended June 30, 1974, and now submit as our report the exhibits, schedules, and comments listed in the preceding index.

SCOPE OF EXAMINATION

Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records, and such other auditing procedures as we considered necessary in the circumstances to enable us to render an independent accountants opinion on the fairness of the representations in the statements showing the financial position of the company at June 30, 1974, and its operating results for the year then ended. The extent of certain procedures employed including sampling of transactions was based principally on our review of the system of internal control and the efficiency of its functioning.

Cash in banks was independently reconciled, and bank balances

were confirmed by direct written communication with the depository. Customers accounts receivable were reviewed and requests were sent to customers for confirmation of book blances.

Physical inventories were taken by management. We reviewed their method of inventory taking, checked the extension of their inventory sheets and checked the cost by use of ratios of prior years, raw material invoices and consistency of cost methods employed.

All notes payable were confirmed by communicating directly with the holders. Accounts payable were reviewed and request for confirmations were sent to a representative group of accounts selected by us.

Federal tax returns were examined and reconciled with records. We made sufficient test of the operating accounts to satisfy us that accepted accounting practices had been followed, and that the transactions had been properly and consistently classified.

In our opinion, the accompanying balance sheet and related income statement fairly presents the financial position of the Sunday School Publishing Board as of June 30, 1974, in accordance with generally accepted accounting standards.

Very truly yours,

JONES, ANDERSON & COMPANY

William S. Anderson

AUDIT REPORT

JUNE 30, 1974

JONES, ANDERSON & COMPANY
CERTIFIED PUBLIC ACCOUNTANTS

August 26, 1974

National Baptist Convention, U.S.A., Inc.
Assembled in Convention
Buffalo, New York

Gentlemen:

We have examined the balance sheet of the National Baptist Training Union Board of the National Baptist Convention, U.S.A., Incorporated as of June 30, 1974, and the related statement of income for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances; however we did not observe the taking of the physical inventory. We have tested the clerical accuracy, reviewed the basis of inventory pricing and other auditing procedures and have satisfied ourselves as to the validy and amount of the inventory.

In our opinion, the accompanying balance sheet and statements of income present fairly the financial position of the National Baptist Training Union Board of the National Baptist Convention, U.S.A., Incorporated at June 30, 1974; and the results of its operation for the year then ended, in conformity with generally accepted accounting principles.

Very truly yours,

JONES, ANDERSON & COMPANY

William S. Anderson

National Baptist Convention, U.S.A., Inc.
Assembled in Convention
Buffalo, New York

Gentlemen:

We have examined the balance sheet of the National Baptist Sanitarium and Bath House for the year ended December 31, 1973, and the related statements of income and expense and changes in financial position for the year then ended. Our examination was made in accordance with generally accepted auditing standards and accordingly included tests of the accounting records and other such auditing procedures as we considered necessary in the circumstances.

In our opinion, the aforementioned financial statements present fairly the financial position of the National Baptist Sanitarium and Bath House at December 31, 1973, and results of operations for the year then ended in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Very truly yours,

JONES, ANDERSON & COMPANY

NOTE 1 Operations -

The operations of the organization include the operations of both a hotel and bath house. Revenues of the two divisions are accounted for seoarately. Some of the expenses of the two divisions are accounted for separately, other expenses are apportioned on a logical basis.

Contingent Liabilities

Litigation has been instigated by the State of Arkansas for payment of a state unemployment compensation tax, retro-active to January 1, 1972.

The state contends that since the National Baptist Sanitarium and Bath House caters primarily to the general public, its exemption for liability of the state tax may be invalid.

The total of the contingent liability may be $5,297.10 as of this date. Following is a schedule exhibiting the composition of that amount.

Unemployment taxes for the first quarter of 1973 were paid on time, as suggested by counsel for the organization.

Gentlemen:

We have examined the balance sheet of the Women's Convention Auxiliary of the National Baptist Convention, U.S.A., Inc., as of June 30, 1974; and the related statement of receipts and disbursements for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion, the accompanying balance sheet and statement of receipts and disbursements fairly present the financial operations of the Women's Convention Auxiliary for the year ended and as of June 30, 1974, in conformity with generally accepted accounting principles applied on a basis consistant with their application in prior years.

Very truly yours,

GENERAL COMMENTS

1. On May 25, 1974, a wind and electrical storm peeled off the upper roof of our Hotel and stripped portions of the lower roof to such an extent that the floors on the fourth floor were covered with water. This was reported to our Insurance Company, however, we could not delay immediate repairs in order to prevent further damage to our building. Thus far a total of $3,890.45 has been spent for repairs. As of this date we have not received a settlement from our Insurance Company, although, they have assured us compensation for damages done

2. We have a case pending in Garland County Circuit Court versus The State of Arkansas, whereas, the State contends that under a new State law passed in 1971, we are no longer eligible to operate as a non-profit organization. If we lose our case we will owe the State of Arkansas approximately $8,000.00 including interest.

3. In spite of the fuel shortage, less traveling and a 30% increase for utilities all of our obligations are current and infact we have less accounts payable than we have had in several years. Our largest debt being to the Vagah Company on a first mortgage on real estate at 6% interest dated November 20, 1971. We are paying monthly installments of $266.71.

4. The audit by the certified public accounts for the National Baptist Convention, U.S.A., Inc., Jones, Anderson and Company, Chicago, Illinois, dated August 20, 1974 reflected that our total assets as of December 31, 1973 was $344,084.67.

Respectfully submitted,

Alroy L. Puckett
Manager

Assembled in Convention
Buffalo, New York

Gentlemen:

We have examined the balance sheet of the Women's Convention Auxiliary of the National Baptist Convention, U.S.A., Inc., as of June 30, 1974; and the related statement of receipts and disbursements for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion, the accompanying balance sheet and statement of receipts and disbursements fairly present the financial operations of the Women's Convention Auxiliary for the year ended and as of June 30, 1974, in conformity with generally accepted accounting principles applied on a basis consistant with their application in prior years.

Very truly yours,

JONES, ANDERSON & COMPANY

FINANCIAL REPORT
YOUNG PEOPLE'S DEPARTMENT, WOMEN'S AUXILIARY

SEPTEMBER 5, 1974

The District Directors of the National Baptist Convention, U.S.A. Incorporated, was called to order on the above date at the Kleinhans Music Hall in Buffalo, New York at 4:00 o'clock p.m. Mrs. Geneva Hurts, President, presiding. Prayer was offered by Mrs. Parker.

After greeting the body Mrs. Hurts introduced the General Director, Mrs. Corenne Watts who gave words of greetings. Mrs. Hurts also presented the coordinators: Mrs. Romeo Woods, Mrs. Sarah Yokum and Mrs. Sadie Booker.

Each Director present introduced herself to the body.

The President called for a financial report. The financial report. The financial secretary was absent. The recording secretary was asked to give the report which she did.

It was moved by Mrs. Sarah Gary of Michigan and seconded by Mrs. Sarah Yokum of Louisiana that the body pay all indebtness at this time. Mrs. Partridge caught the unreadiness and added that all bills should be submitted to be paid. Motion carried.

The Secretary's expenses were paid in the amount of $55.80.

Director Watts presented her expenses and requested that she be given expenses for daily travel to and from the Music Hall. A motion was made by Mrs. Fletcher of Mississippi to that effect. **The motion was lost.**

Mrs. Yokum stated that instead of paying Mrs. Watts expense, we should give her an honorarium. Mrs. Romeo woods of Missouri suggested that we add Twenty-Five dollars ($25.00) to Mrs. Watts' honorarium. **This was done by common consent.**

Mrs. Hooper suggested that we give Mrs. Hurts, the President Ten Dollars ($10.00). The members contributed ten dollars. This money however, was divided between the President and the Secretary. Six dollars ($6.00) to the President and four dollars ($4.00) to the Secretary.

Mrs. Hurts reminded the body that the time had come for election of officers. Mrs. Woods stated that we should suspend the rules and have all officers with two exceptions succeed themselves. **The motion was put by Mrs. Fletcher and seconded by Mrs. Ball. Motion carried.**

It was motioned by Mrs. Fletcher and seconded by Mrs. Ruby Ball of Arkansas that Mrs. Ellen Reeves serve as Financial Secretary. Motion carried.

Mrs. Myrtle Ross of New York will serve as Assistant Recording Secretary.

Director Watts and President Hurts thanked the District Director for their beautiful spirit of cooperation, and asked that each director continue to pray that we might be a blessing to the National Young People's Department. MEETING ADJOURNED.

Respectfully Submitted
