## INTRODUCTION TO VOLUME III

1969 Edition

Volume III of the INDEX OF GRADUATE THESES IN BAPTIST THEOLOGICAL SEMINARIES is a composite index to theses completed in the six seminaries of the Southern Baptist Convention, 1966-1968, and in the Baptist Theological Seminary in Ruschlikon, Switzerland, 1952-1968. Theses of the latter institution and of Midwestern Baptist Seminary are being included in the INDEX for the first time. This current volume is the second supplement issued since publication of the original index in 1963. The first edition included all theses completed from the beginning in 1894 through 1962. The first supplement (Volume II), listed theses completed in SBC Seminaries, 1963-1965. The current volume includes several theses omitted from the 1963-1965 listing. The Historical Commission staff prepared the Index from data provided by the libraries of Golden Gate Baptist Theological Seminary, Midwestern Baptist Theological Seminary, New Orleans Baptist Theological Seminary, Southeastern Baptist Theological Seminary, Southern Baptist Theological Seminary, and Southwestern Baptist Theological Seminary of the Southern Baptist Convention, and the Baptist Seminary in Ruschlikon. The Commission expresses deep appreciation to the librarians and their staff members for their splendid co-operation in this venture. This volume is divided into three sections.

SECTION I is a complete listing of all theses approved by the above institutions, 1966-1968, plus other theses not heretofore included in the INDEX. The theses are arranged according to the major field of study in which they were written. Within the major field categories, theses are grouped by institutions and by title. Each separate entry contains the following data: title, author, date, pages (when available), and degree awarded. The theses are numbered consecutively as they appear in Section I. These numbers provide a key to the author and subject indexes in Sections II and III.

Section II is an author index. Each name is followed by the thesis number, as a guide to the detailed entry in Section I.

Section III is a general subject index to the thesis. The numbers following each subject entry refer the reader to the theses in Section I relative to that particular subject.

In spite of efforts to present an accurate and complete index, errors may have occurred for which the compiler expresses sincere regret. The correction of errors detected by readers of this volume is solicited. See "Errata" for corrections in Volumes I and II.
