## INTRODUCTION TO VOLUME IV

1972 Edition

Volume IV of the INDEX OF GRADUATE THESES IN BAPTIST THEOLOGICAL SEMINARIES is a composite index to theses completed in the six theological seminaries of the Southern Baptist Convention, 1969-1971, and in the Baptist Theological Seminary in Ruschlikon, Switzerland, 1969-71. This current volume is the third supplement issued since the publication of the original index in 1963. The original edition (Volume I), included all theses completed from the beginning in 1894 until 1962. The first supplement (Volume II), listed theses completed in SBC seminaries, 1963-1965. The second supplement (Volume III), covered the period 1966-68. The current volume includes several theses omitted from the previous listings. The Historical Commission staff prepared the INDEX from data provided by the libraries of Golden Gate Baptist Theological Seminary, Midwestern Baptist Theological Seminary, New Orleans Baptist Theological Seminary, Southeastern Baptist Theological Seminary, Southern Baptist Theological Seminary, and Southwestern Baptist Theological Seminary of the Southern Baptist Convention, and the Baptist Theological Seminary in Ruschlikon, Switzerland. The Commission expresses deep appreciation to the librarians and their staff members for their splendid cooperation in this venture. This volume is divided into three sections.

SECTION I is a complete listing of all theses approved by the above institutions, 1969-71, plus other theses not heretofore included in the INDEX. The theses are arranged according to the major field of study in which they were written. A new field of study (Historical Theology), has been added to this edition of the INDEX. Within the major field categories, theses are grouped by institutions and by title. Each separate entry contains the following data: title, author, date, pages (when available), and degree awarded. The theses are numbered consecutively as they appear in Section I. These numbers provide a key to the author and subject indices in Sections II and III.

SECTION II is an author index. Each name is followed by the thesis number, as a guide to the detailed entry in Section I.

SECTION III is a general subject index to the theses. The numbers following each subject entry refer the reader to the thesis in Section I relative to that particular subject.

In spite of efforts to present an accurate and complete index, errors may have occurred for which the compiler expresses sincere regret. The correction of errors detected by readers of this volume is solicited. See "Errata" for corrections in Volume III.
