Notes: There are 4 events that can affect the number of congregations with a particular racial/ethnic code. First, 1,180 congregations that were not in the 2002 database were added to the 2003 database. The count of Anglo congregations, for example, increased by the addition of 639 congregations. Second, 1,423 congregations that were in the 2002 database were removed from the 2003 database. The number of Anglo congregations was decreased by the 838 congregations that were Anglo in 2002 but are not in the 2003 database. Third (and fourth), a total of 128 congregations that were in both the 2002 and the 2003 databases had a change in their racial/ethnic code. Continuing the Anglo example, 36 congregations that were not identified as Anglo in 2002 had their code changed to Anglo in the 2003 database. Conversely, 80 congregations that were identified as Anglo in 2002 had their code changed to something other than Anglo in 2003.
