Dear Brother:

Our "Shut-in" Medication
in Mexico

Recently I received your letter of
23^d of March. Was glad to hear from you.
I think I had other letters of more recent
date, before we were cut off from the out-
side world the last of May. I think however
but I answered them.

I note what you say about my protest
to the plan for the transfer of the publishing
plant to the City and my observations as
to its management. And glad I made my-
self understood and I believe you did not
misinterpret me, which pleases me also,
as I feared you might imagine that I was
of the opinion that the plant could not
be run without me, which was not my
idea in the least. In fact, I am almost
in the notion of resigning as the Mgr.
of the plant, as I am worn out and com-
pletely exhausted with its many worries.

Still we have been working on and
on, though we could not renew our
stock of paper, now for almost a year. Still
we have paper. It seems like the widow's
flour and oil supply. In fact, it has been provi-
dential, I feel, as we have been able to go ahead
and are still going forward.

I came here, ^{Mexico City,} last week. It took me three
days to get through, but I made it all right. I
am going to stay a while. It had been more

then 8 months since I had seen any of them.
There were times when I could not hear
from them for two months at a time. But
they have been perfectly well all the time, as
I also have been.

We are not planning for next year yet.
only I am going to go ahead with the Sun-
day School papers if possible. The rest all
depend on how things shape themselves
here.

Bro. & Sister Neal are in Toluca but the
other people are in there and we have
not heard a word from them for some
time - not since Mexico City changed hands
the last time.

Well, I will close for this time. Let
me know what you plans are for Mexico,
or if any have been made.

As soon as I can hear from Neal,
will let you know. I will send a
message over there, if no other way,
and find out how they are.

Truly yours

J. E. Davis
