Rev. J.E.Davis,

Station Julia D. F.,

# 1 $\frac{1}{2}$  Bolivia, Mexico City.

Dear Brother Davis:-

Yours of March 29th, enclosing Report, received. I am very grateful to you for this Report. It is a good Report and our people, I am sure, will be greatly interested in it. Our hearts are with you in these distressing times. I do hope that our soldiers can accomplish the purpose for which they have entered the country and get out promptly. I am anxious to see them do this because I am so anxious to have the Mexican people demonstrated to them clearly that our Government has no desire to interfere with their affairs. Of course, everybody realizes that it is necessary to destroy the work that Villa and his associates are doing.

Cordially yours,

R/W
