Dr. T.B. Roy,
Richmond, Va.

Dear Bro:-

Don't forget El Paso, June 20th.
I had Lee to put the meeting off till that time. It is all arranged.

I am working on my Sunday School lessons, and hope to be ready to get real busy assembling our plant in El Paso, right after our meeting.

I expect to have to go to Mexico City and Leon to arrange matters. I want to go right soon after our meeting, if I have to go, and I feel sure I would do well to go and see the papers and just about we have both in Leon and the City.

There are other matters to arrange also. I have an urgent letter here asking that we start our paper as soon as possible, as it is sadly and badly needed in the work. I hope to have data sufficient in hand by the time of the Mission Meeting to give you all you need to go by in arranging all this business. Have written several letters already and hope to hear from them or an early date.

Don't forget the date, June 20th.
Date, place, El Paso, Texas, U.S.A.

Fraternally yours

J.E. Davis
