It gives me pleasure to tell you that the brethren of this place (Bayamo, Cuba--in the New York Board's territory) are praying for the work of the Publishing House, which in very truth, we love. And this love we want to prove in a practical way, making in the very near future, a good order of subscriptions. We have begun a campaign in favor of the "Atalaya Bautista", valient and faithful spokesman of our principles, ~~and hope~~ to get from 25 to 30 subscriptions. Also we hope to order more "Expositores", 60 or more (they get 40 now) and the coming year we will drop "Manzanas de Oro" (the childrens' paper published by the New York "American Tract Society") and we will take 150 "Nuestros Niños" (this is our little paper for children). Now, my brother, we count on the help of God in this campaign, from which we expect to come out victorious, and you will have no room to grumble about the brethren of Bayamo."
