Rev. J. E. Davis,
Box 211,
El Paso, Texas

Dear Davis:-

Thank you for yours of January 28th.

I am enclosing a sheet upon which I wish you would report for 1923 the work of your publishing house. It may be that since you were not expecting to make a report in this form, you will have difficulty in getting the exact figures, but try to get them as near as you can.

I think we will have to count a page a page. The page of a tract will have to be counted as such, and a page of a book will have to be counted as such. It would cause too much book-keeping to keep a special record on the size of each page.

After filling out the enclosed blank, if you have any further suggestions about the improvement of same, please let me have these, after you see the work as far as it has gone.

I hope you will shake off the effects of the flu soon, and be feeling more normal.

God bless you.

Cordially yours,

R/F

Dear Brother Ray:

A letter of date 5th of Feb. came a few days ago, but it says that a blank is being inclosed. Said blank evidently was not inclosed, as it did not get here. I have waited a few days hoping that perhaps the mistake would be discovered there and time be saved, but as nothing has come in, am calling your attention to the oversight.

Send on the blank as soon as possible.

I am about over the Flu and am working on. The Lord is very good to us, giving us even more health than we have a reason to expect under the present conditions.

We are rushed to death in the plant just now, but are beginning to see daylight once more. Have the Expositor in the mails for the foreign countries, that is, the second quarter. I almost finished my exposition of the seventh lesson of the third quarter this morning. I will get it all finished about the middle of week after next, if the present good feeling and mental activity keep up.

In March I want to write the lessons of the last quarter.

But your time is too valuable to take with commonplace matters, so I will close for this time.

Fraternally yours,

Statistics for Pub. House
