FORWARD

The Convention Annual records the proceedings, reports, and actions of the annual Convention. It is a source book of information about Nevada Baptist programs, organizations, and personnel. This includes statistical and personnel directory data provided by churches and associations.

The Index and Table of Contents should facilitate location of information contained in this volume. Suggestions for further enhancing its usefulness are welcome.

Copies of this annual are distributed as a source of information to pastors, churches, and missions cooperating with the Nevada Baptist Convention. An additional copy (or copies) will be furnished to churches, upon request, based on size of membership. A small number of copies may be available at a cost of $3.50 each.

and
LOUISIANA BAPTIST CONVENTION

Partnership Agreement

I. PURPOSE

The Louisiana Baptist Convention and the Nevada Baptist Convention mutually agree to establish a working relationship between the two state conventions for the purpose of assisting the churches in their programs of reaching more persons for Christ and church membership, and in starting new churches.

II. OBJECTIVES

1. To pray for the work of each state convention.
2. To discover the mission needs and evaluate the available resources to meet those needs.
3. To explore ways in which selected mission needs may be met cooperatively.
4. To cooperate in planning special projects in which the conventions may assist each other in accomplishing common objectives.
5. To provide leadership and/or financial resources to assist in special projects.

III. BASIC PRINCIPLES

1. Each state convention is a separate, autonomous Baptist body and is responsible for its own program of work.
2. The main avenue of assistance will be between churches, associations and individuals in Louisiana to churches and associations in Nevada.
3. The Executive Director of the Louisiana Baptist Convention and the Executive Director of the Nevada Baptist Convention will work together in establishing the partnership between the two conventions.
4. The respective state convention staff members will request assistance from Southern Baptist Convention agencies as appropriate in planning, conducting and evaluating joint projects.
5. The partnership agreement will remain in effect from January 1, 1983 to December 31, 1985. It may be revised as necessary, continued or extended by mutual agreement.
6. The Operating Committee of the Executive Board of the Louisiana Baptist Convention and the Administrative Committee of the Executive Board of the Nevada Baptist Convention, will review and evaluate annually the working partnership between the two conventions.

IV. WORKING GUIDELINES

1. Requests for Assistance from Nevada Baptist Convention

   The Executive Office of the Nevada Baptist Convention will process and verify each church or associational request to Louisiana, indicating the level of priority. Upon receipt of the requests for assistance, the Director of the Missions Division of the Louisiana Baptist Convention will review the requests, consult with appropriate Division Directors, and assign responsibility.

2. Offers of Assistance from Louisiana

   The Missions Division Office of the Louisiana Baptist Convention will process and verify each church or associational offer to Nevada, indicating the available assistance. Upon receipt of the offers, the Executive Director of the Nevada Baptist Convention will review the offers, determine the priority and assign the leadership responsibility in the Nevada Baptist Convention staff.

3. Requests Related to Special Projects

   All requests related to special projects will be channeled through the Missions Division Offices of the Louisiana Baptist Convention and the Executive Offices of the Nevada Baptist Convention.

4. Joint Projects

   Appropriate representatives of the two state conventions will work cooperatively in developing joint projects and outline the plan of work which will be approved by the Executive Directors of each state convention.

5. Program Requests

   All requests related to programs assigned to divisions in the Louisiana Baptist Convention will be referred to the appropriate Division Director, but will be channeled through the Missions Division first.

6. Financial Support

   Financial support for all special projects will be agreed upon prior to initiating the plan of work.

7. Designated Gifts

   All gifts of financial assistance from churches or individuals in Louisiana to Nevada should be sent through the Louisiana Baptist Convention offices as a designated gift and be forwarded to the Nevada Baptist Convention with the designation clearly indicated.

EXECUTIVE DIRECTOR-TREASURER REPORT

Ernest B. Myers

On January 1 we began our sixth year as a state convention. Nevada was the 34th state convention to be organized. Since our beginning three more states have organized. They are Wyoming, New England, and Wisconsin-Minnesota. We started in 1979 with a total membership of 13,859. Although we will not have all of the statistics in for our sixth annual convention, I feel our membership will reach or exceed 18,500.

Bold Mission Thrust was launched in 1979 for Southern Baptists, and Nevada Baptists have keyed into the action plans and goals with Bold Missions—Nevada. We plan our calendar and budget around these ongoing emphases.

One of the highlights of our ministry has been the linking with our sister state Louisiana. Dr. Robert Lee led his people to pair with us, and it has been a beautiful and gratifying experience for us, and I hope Louisiana Baptists as well.

Dr. Charles Harvey organized and brought over 240 pastors, music leaders and laypeople to help us in our revival effort this year. They nor we shall ever be the same for these revival times together.

In September, Beau Colle, director of Bible Teaching Ministries, brought the 'A' team of Sunday School workers to help in twelve training schools over the convention. How grateful we are for ministries like these. The more trained workers we have the more able we will be to reach out as we should in Reaching—Teaching—Winning—Developing People for Jesus. I rejoice in the fine cooperation and support Adrian Hall and Don Ledbetter give to each other in our ongoing program of Bible Teaching and Evangelism.

Our objective as a convention has been two-fold. A simple approach to achieve powerful results is strengthening existing churches and missions and starting new work where there is a need. Don Mulkey, director of Missions—Stewardship, reports 20 missions started in this church year. How grateful I am for the fine and dedicated support of our churches anxious to reach out with the gospel to our neighbors in Nevada.

Woman's Missionary Union, under the leadership of Nancy Hall, continues to grow. Women all over the state respond to the mission call of concern. Nancy is on part time salary doing a full-time job.

The coming of Mickey Adee to the UNR campus as student director lends encouragement to a stronger and better known student outreach program. My wish and prayer is for more resources to develop better programs on UNR and UNLV campuses. Mike Fiddler is student minister on the UNLV campus. Our BSU work is under the able leadership of A. Rudy Duett.

Mike McCullough directs our Christian Social Ministries program and also edits *The Nevada Baptist*. Mike is developing a solid base for CSM in all associations and many of our churches. Good words come almost daily concerning *The Nevada Baptist* as one of the best looking, if not the best looking state paper in the SBC. Anne Mulkey, along with many other duties, assists Mr. McCullough with the paper.

Business Affairs is under the direction of Ruth Wood. She has been with us five years plus. Ruth has the ability to take the financial resources we have and stretch them where needed. It's not an easy task to keep afloat in a small new convention with no reserves. We must always make do with what we have.

I feel a new era is dawning with the coming of the Planned Growth in Giving emphasis. Don Mulkey gives leadership to this program that has as its goal to help all Southern Baptists to feel the joy of bringing all the tithes into God's storehouse—the local church. If we all become serious about this number one priority we could experience over a million dollars in Nevada being given through the Cooperative Program by 1986. That means more souls for the kingdom.

We have the finest staff anywhere. The foregoing statements are mere highlights of what our staff members are doing. You'll want to study each of their reports to evaluate their programs of work.

Executive Director-Treasurer, continued

Our 1983 Annual Convention voted for us to purchase a larger office building for the staff. After several months of looking we settled on a facility at 406 California Avenue. We have just moved into the building which has been completely renovated. This property will be adequate well into the 21st century. Our 1984 state mission offering was designated to this project.

I would like to thank each of you who had a part in the Equal Sacrifice...Not Equal Gift campaign. You will always have the joy and satisfaction of being a part of this worthy project. Every dollar that was received will release three dollars of Cooperative Program money for world missions.

I want to thank Mr. Jerry Johnston, President, and our Executive Board for their splendid cooperation with me and the staff. Their concern and help has made our jobs enjoyable and easier. To God be the Glory.

1983-84 has been a good year. Join me in prayer and effort to make 1984-85 an even better year in outreach and evangelism for our Lord Christ. May our prayer be, "Thy Will be done on earth as it is in Heaven."

May God continue to bless you.

PRESIDENT'S REPORT

Jerry Johnston

The Nevada Baptist Convention has seen great progress this year. We've experienced new works in the form of Bible studies, missions, missions constituting into churches, and growth in most of the existing churches.

The Executive Board has added two new people this year: Rudy Aguila as Catalytic Missionary in southern Nevada, and Mickey Adee as Baptist Student Union Director at the University of Nevada, Reno.

We've experienced and enjoyed the work of the Holy Spirit in our simultaneous revivals with Louisiana. The linkage with Louisiana continues to strengthen and undergird our efforts in many areas. We are thankful for their support.

This year has seen the purchase of a new Convention Office facility at 406 California Avenue, Reno. It has been a privilege to be involved with the purchase and renovation of this new Nevada Baptist Convention site.

Our Convention is growing; and through the efforts and faithfulness of all Nevada Southern Baptists, and the Grace of God, we will be able to reach more people for Jesus Christ.

Thank you for allowing me to be your president, and to the state staff, Executive Board, Dr. Myers, a special 'thanks.' It's been a privilege to work with you all.

BIBLE TEACHING MINISTRIES

Adrian Hall, Director

The accomplishment of Bold Mission Thrust goals for Nevada depends, in large part, upon what happens in the Sunday Schools of Nevada's churches and missions. The people who will fuel the new work, go through our baptismal waters, and finance the Great Commission enterprises, will receive much of their instruction through regular, weekly Bible study. Their motivation for ministry should begin in a class where God's Word is taught. Churches that set and work toward annual enrollment goals, while maintaining quality in their teaching organizations, will lead this convention in breaking the 100,000 enrollment figure by the year 2000!

Bible Teaching Ministries, continued

A number of vitally important actions were taken during 1983-84 to support Nevada's over-all goals. Among them was a continued emphasis upon use of the Growth Spiral as the most important church growth tool available to Southern Baptists. Dr. Andy Anderson, Baptist Sunday School Board, personally led state-wide consultations for this purpose.

Vacation Bible School continues to be the single most important project conducted by our churches that nets large numbers of prospects and professions of faith. Nevada has an outstanding team of age-level workers who train VBS workers statewide every April. New records were set this year in enrollment, professions of faith, and giving to missions.

Special training events are crucial to equipping our growing corps of Sunday School workers. 'Send I You' clinics were conducted statewide in February, and Age-level workshops were held in September. For the first time in our Convention history, we were able to provide this training within 100 miles of all but two churches. New records were set in attendance and church participation. The 425 participants came from 61 churches and missions.

Sunday School in Nevada has both supported, and been supported by, our linkage with Louisiana. In February I participated in a 'God Cares for You' campaign in West Monroe, Louisiana. The exposure to Bible distribution, prospect discovery, enrollment and the enlargement of Sunday School organization will have direct benefits for Nevada's Bible Teaching program. It is hoped that a similar campaign will be conducted here next year.

Louisiana has given direct support to our Sunday School program by providing a team of consultants for age-level training.

Work must be started in new places if Bold Mission Thrust goals are to be met. In 1983-84 twenty-eight new Sunday Schools were begun. This brings to over 88 the number of new Sunday Schools started in the past four years.

It has been my objective to double our work every 5 years. It appears that these goals are both realistic and attainable. The challenge is formidable, but Nevada Southern Baptists are a committed and hard-working group of people. I thank you for your resolve!

BAPTIST STUDENT UNION

A. Rudy Duett, Director

A. Mickey Adee, a returned journeyman from Zimbabwe, was welcomed with the opening of the University of Nevada, Reno school season as new campus director for UNR and Truckee Meadows Community College. This position was made full time by the Executive Board with assistance from the Louisiana Baptist Convention and other sources of funding.

B. Associational Directors of Missions, by Executive Board action, now monitor the schedules of the campus directors.

C. The students were involved in leadership training at the state Leadership Training Conference, and the state Student Convention.

D. Baptist student alumni are active in leadership positions in their local churches. We thank God that this is evidence that student work is beneficial to the churches in the Nevada Baptist Convention.

BROTHERHOOD

Don H. Ledbetter, Director

Our brotherhood work is slowly taking shape. We had three statewide events this year. Our annual Brotherhood Banquet was held at the state convention in Reno with Dr. Jim Smith, president of the Brotherhood Commission, as our main speaker. This was an outstanding and well-attended meeting. Secondly, due to the action of the Executive Board to have our annual banquet in conjunction with the Evangelism Conference, we had another Brotherhood banquet in Las Vegas. This was also well-attended, a real blessing and a boost to our Brotherhood work. Thirdly, we hosted a regional Brotherhood training seminar at Clear Creek just outside of Carson City. Men from all over the western states attended this meeting. We had six men from our state who attended.

We have some good reports of Baptist Men works being started across our state, along with some Royal Ambassador chapters. It is my prayer that this kind of enthusiasm will continue to spread until we have a strong established brotherhood work across our convention.

CHURCH ARCHITECTURE

Ernest B. Myers, Consultant

The program of Church Architecture consultation is designed to serve our churches and associations with help concerning property, buildings, and finance. Dr. Ernest B. Myers, who serves as the architectural consultant, brings to this program twenty-eight years of experience in program and building design.

Our program relates to the Architecture Department of the Sunday School Board where the actual designs are created. Each year the Architecture Department, in cooperation with Nevada, sponsors two one-day building conferences where all phases of planning, building, and financing are discussed. This year Jack Bagwell from the Architecture Department, BSSB, and Fred Chapman from the Stewardship Commission, SBC, were guests.

Any church needing help should contact Myers.

CHURCH MUSIC

A. Rudy Duett, Director

A. An outstanding Regional Church Music/Method and Materials Clinic was conducted May 11-12 at First Southern Baptist Church of Reno. As a result of this clinic, choirs are growing and maturing.

B. Children's choirs are being started and are developing.

Projections:

1. Adult and Children Choir Training/Festival will be conducted at the Twin Lakes Baptist Church, Las Vegas, March 29-30, 1985. May 9-10 Adult and Children Choir Training will be conducted at the Temple Baptist Church, Sparks. A Choir Festival will also be held in conjunction with this event.

CHURCH TRAINING

A. Rudy Duett, Director

A. Projected enrollment goals and new church training unit starts are on schedule with long range planning goals.

B. Workshop training for all pastors in the doctrine study book, "The Doctrine of the Holy Spirit," was conducted in all associations.

C. State Children's Bible Drill was conducted at the Parkdale Baptist Church, Las Vegas.

D. A Church Training Literature Lab was conducted in each association.

Projections:

1. Workshop training for all Pastors in the doctrine study book, "The Doctrine of Christ."
2. All associations conducting Bible Drills and Speakers' Tournaments for Youth.
3. Regional Children's Bible Drills are planned.
4. Church Training Age Group Workshops are planned for May 20-25 in the Southern Association and May 20-21 at Temple Baptist Church in Sparks, Nevada.

EVANGELISM

Don H. Ledbetter, Director

This year has given us an opportunity to provide training in nearly every area of our Evangelism program. We conducted training in the following areas:

1. *Growing An Evangelistic Church*: We had our first seminar in the Southern Nevada Association.

2. *Continuing Witness Training*: We had our second national seminar in Las Vegas July 9-13. We now have certified approximately 15 witnesses throughout our state.

3. *Prayer for Spiritual Awakening Seminar*: Several of these seminars have been conducted throughout many of our churches this year. We are planning to do even more in the course of this coming year.

4. *Revival Preparation Seminar*: This seminar was conducted in each of our five associations this year in preparation for our simultaneous revivals with Louisiana.

5. *Lay Evangelism School*: Several of these schools were conducted in various areas of our state.

STATEWIDE ACTIVITIES:

1. *State Evangelism Conference*: A great evangelism conference was conducted at the College Park Baptist Church in Las Vegas. This was an inspirational time helping prepare us for our simultaneous revivals.

2. *Youth Evangelism Conference*: Our annual Youth Evangelism Conference was held in Winnemucca. This is a first time for such an event to be held in the rural area, and was a real blessing.

3. *Annual Training*: We had our annual training session with our associational evangelism directors, associational missionaries and moderators. Ken Carter from the Home Mission Board gave us valuable insight into this planning meeting.

4. *Simultaneous Revivals*: Perhaps the biggest event of the year was holding simultaneous revivals with Louisiana providing our preachers and teams for the crusade. This occurred March 25-30. There were 350 recorded professions of faith throughout the state. All of these activities have as their goal to prepare us better to reach our state for Christ.

FAMILY MINISTRIES

A. Rudy Duett, Director

A. Training for pastors and their wives was conducted with Strengthen Families emphasis.

B. The first Nevada Baptist Convention State Singles Conference was conducted in May at First Baptist Church, Tonopah.

Projection:

State Singles Conference in Tonopah will be conducted at First Baptist Church, Tonopah during Memorial Day weekend.

New Churches Organized

Grass Valley Baptist Church, Winnemucca

Kingston Village Baptist Church, Kingston Village

LASER Thrust

A Home Mission Board sponsored Laser Thrust was held in the Southern Nevada Association. Ethnic leaders from five states spent a full week searching for various ethnic communities and leaders in the greater Las Vegas area. This program, under the leadership of Kenneth Chadwick from the Language Missions Division of the Home Mission Board, and associational Director of Missions David Meacham, was a great success.

New Multi-Ethnic Catalytic Missionaries

On June 1, 1984, Rudy and Dianna Aguila were appointed by the Home Mission Board to serve as missionaries to the several ethnic groups in the Southern Nevada Baptist Association. Their purpose is to assist in starting new ethnic congregations.

Interfaith Witness Associate Training/Skillshops

Training sessions were conducted August 13-15 at College Park Baptist Church in Las Vegas. Dr. Gary Leazer led the training of associates in Mormonism, and Peter Chen led the training of associates in World Religions. Those who received this training will be certified to conduct skillshops in local churches and associations.

State Mission Rallies

State mission rallies were held in each of the five associations. Those who attended received helpful information concerning the work of the state staff and their individual program responsibilities. Many came to see for the first time their personal importance in the total mission effort in Nevada.

Christian Social Ministries

Michael B. McCullough, Director

Christian Social Ministries, or ministering to the myriad needs of people, is an intricate and vital function being performed in the Southern Baptist churches of Nevada. During the 1983-84 church year, existing ministry was strengthened and new ministry was begun in many places. CSM works to strengthen the regular programs of the church such as Sunday School, Church Training, Woman's Missionary Union, Brotherhood, Missions, etc. When the members of these organizations incorporate ministry into the mainstream of their week by week programs, needs will be met, lives will be changed for Christ, and Christians will be strengthened in their walk with the Lord.

CSM training has been provided with 'strengthening existing church programs' in mind. The mission action organizations of Woman's Missionary Union and Brotherhood have been the focus of this training. Basic ministry concepts were presented at five WMU Mission Action training clinics across the state. Twelve churches were represented in recent workshops on evangelism and mission action, held in conjunction with the Brotherhood/Evangelism director of NBC. More than 50 people learned skills in witnessing in a mission action setting.

For a second year, the first Sunday in June was designated as Christian Social Ministry Emphasis Sunday. A total of 24 churches participated in 1984's emphasis on hunger. This special day of emphasis will be held again in 1985, and will emphasize 'Ministry through the Sunday School."

Special training was made available to 8 churches in rural Nevada concerning ministry to senior adults. A significant part of Nevada's population growth is among the senior adult population. Arnold Norsworthy, director of Church Ministry, Louisiana Baptist Convention, participated in this training on how to be effective ministers to senior adults. He was able to participate and help with this training because of the formal linkage between Louisiana Baptist Convention and Nevada Baptist Convention.

Christian Social Ministries, continued

The 1984-85 year promises to be an exciting year. In October training was provided in the Carson City/Reno area for English as a Second Language. Participants were trained in providing conversational English lessons. This same training will be made available in the Las Vegas area in early 1985. Training will also be provided to pastors and church staff members to help them in dealing with alcoholism within their church. Continued efforts will be made to teach ministry concepts in local churches on a one-to-one basis. This training is available to any church or mission upon request.

Churches in Nevada are actively ministering to the needs of their communities. Much needs to be done as we work together in making Bold Mission Nevada a reality.

"THE NEVADA BAPTIST"

Michael B. McCullough, Editor

The Nevada Baptist is the state news magazine for Southern Baptists in Nevada. This monthly paper is designed to keep Nevada Baptists informed of the news and events of Southern Baptist life both in Nevada and around the world.

Beginning in January, 1984, *The Nevada Baptist* was given a new look, with a balance of news designed to keep the readers informed about Baptist life, presented in an attractive and readable format. New features and columns have been added in order to bring about this desired effect.

Current readership of *The Nevada Baptist* is estimated to be 8,000, with a total of 2,490 subscribers. Goals for the end of 1984-85 church year are to have a total of 2,900 subscriptions to *The Nevada Baptist*, or an increase of 300 from the 1983-84 goals.

The Nevada Baptist can be an effective tool for each church and mission in keeping every Southern Baptist informed about Nevada and world missions. Under the Church Budget Plan, *The Nevada Baptist* can be placed in the home of every family for less than mailing a first class letter. The cost per issue is only 20¢ per month. Every church is encouraged to sign up each church family for *The Nevada Baptist.*

The Nevada Baptist needs the help and support of the churches and people of the Nevada Baptist Convention. Stories, news items, pictures and letters are welcomed for publication in the paper. The greater the participation by the local churches and associations in keeping *The Nevada Baptist* informed about potential news items, then the better, more comprehensive will be *The Nevada Baptist. The Nevada Baptist* is your state paper. Help it be the best possible state paper by subscribing, by submitting news items, and by faithfully reading about Baptists in Nevada.

STEWARDSHIP

Donald W. Mulkey, Director

Planned Growth in Giving is and will continue to be the 'main thrust' of stewardship emphasis in the Nevada Baptist Convention through the year 2000. Approved by an overwhelming majority of the messengers attending the 1983 Southern Baptist Convention in Pittsburgh, Planned Growth in Giving (PGG) is the greatest challenge accepted by Southern Baptists since 1925, the year the Cooperative Program came into being.

March 7, 1984: Cecil Ray, national director of PGG, led your state staff in the inauguration of PGG in Nevada.

June 4, 1984: State staff, including associational directors of missions, accompanied by their spouses, met for the specific purpose of giving individual testimony of our commitment to participate in and support Planned Growth in Giving in Nevada. Long before the

Stewardship, continued

last testimony was heard a spirit of revival was evident in the room. Every person present indicated that they were already giving the tithe or more, and that they were committed to a plan of increasing the percentage of their giving annually.

January 7-10, 1985: Regional Planned Growth in Giving Task Force Training will be given in Las Vegas for task forces from several western states.

April - May, 1985: Nevada Baptist Convention PGG Task Force will train task forces from participating churches in each association. A representative from a Southern Baptist Convention agency will share in each of these training sessions.

September - November, 1985: Planned Growth in Giving 'Church Events' will be held in participating churches. The goal is for every NBC church and mission to become involved in this event.

Cooperative Program gifts for the first nine months of 1984 are down from the same period last year. However, if the twelve month period of October 1-September 30 is compared with the same previous period we are about 6 percent ahead of the previous year. In the light of this it is anticipated that we will end the year of 1984 with about an 11 percent shortfall of our projected budget of $350,000.

The State WMU Office developed the 1984 State Missions Offering material. The 'Equal Sacrifice...Not Equal Gifts' offering was dedicated for the renovation of the Nevada Baptist Convention building, 406 California Avenue, Reno. The Week of Prayer material for State Missions emphasized 'Partners in Missions.'

The WMU Office also promoted the Weeks of Prayer and mailed materials for the Annie Armstrong Easter Offering for Home Missions and the Lottie Moon Christmas Offering for Foreign Missions. Nevadans gave $18,674.05 to the 1983 State Missions Offering; $42,969.88 to the 1983 Lottie Moon Christmas Offering for Foreign Missions; and $26,262.41 to the 1984 Annie Armstrong Easter Offering for Home Missions.

Our major emphasis during the 1984-85 year will be VISION 88, the new WMU, SBC enlistment plan. Emphasis will also be placed on developing strong associational WMU work. Special age-level training for associational directors will be conducted. The State WMU will provide Foreign Mission Rallies in the fall as well as Spiritual Enrichment opportunities in the spring.

NOTES TO FINANCIAL STATEMENTS

December 31, 1984
(See accountants' compilation report)

NOTE A - ACCOUNTING POLICIES

The convention is engaged in activities in connection with the worship of God, the propagation of the gospel of our Lord, Jesus Christ, the promotion of christian education, the carrying on of a program of benevolence; to serve as a channel of communication and assistance to local churches, associations, and the Southern Baptist Convention with its boards and agencies; to motivate and assist the churches in maximum involvement in evangelism, missions, stewardship, education, disciplining, benevolence and ministry in order to be obedient and fruitful as taught in The Great Commission.

A summary of the convention's significant accounting policies consistently applied in the preparation of the accompanying financial statements follows.

1. Method of Accounting

The convention's books of account are maintained on the cash basis which recognizes support and revenue when received rather than when earned and expenses are recorded when paid rather than when an obligation is incurred. Accordingly, the accompanying financial statements are not intended to present financial position and results of operations in conformity with generally accepted accounting principles.

2. Property and Equipment

All expenditures for betterments and additions are charged to the property and equipment accounts. Expenditures for normal repairs and maintenance are charged against revenue as paid. Depreciation of land and on property held for sale is not provided for.

Depreciation of equipment is provided over the estimated service lives of the individual assets on a straight-line basis.

3. Restricted Funds

All revenue is considered to be available for unrestricted use, unless specifically restricted by the donor.
