Dear Bro. Frost:

We thought we were doing the best for the Al-
manac. Will you read me give the Almanac free to sub-
scribers if when sending the money they add 2¢ for
postage? We are going to try sending them out by our field
man & so give them direct, there being no postage. We wd.
not have asked for the 2¢ postage, & are only to single out
those who cared for it. But if our advertisement, when
you have looked at it again, is not entirely pleasing to
you we will cut it out.

Yours truly & gratefully,

J. N. Prestridge.

Let us know.
