Dear Brother:-

The general demand has come in upon me from a number of directions to republish Prof. A. T. Robertson's "Biblical Picture of Jesus," his introductory lecture when the Seminary opened last fall. Several prominent brethren have pronounced it a master piece. Cody said that it is the most scholarly piece of work done by a Baptist in recent years. It would make a splendid tract. Would you not like to get it out? I would rejoice to have the Board do this.

This January and February are 300% better than the same months in any previous year in The Argus' history.

Yours sincerely,

J. N. Prestridge.
