Dear Brother:-

Hope you are going to Biloxi. Hope you are getting strong and adding flesh. What I wish to say is W. Y. Quisenberry stirred things up at our recent Seminary missionary meeting on colportage. In talking over the subject with some of the brethren we have thought that perhaps you could utilize the enthusiasm along that line. He is about the only man I have seen all ablaze upon the subject of colportage work. He made a strong appeal to the students to give themselves to missionary colportage work, to a hand to hand and face to face struggle for souls, and the using of Bibles and other literature in the struggle. To give this information and to call your attention to him is the object of this letter.

Yours sincerely,

J. N. Prestridge.
