Rev. J. M. Frost, D.D.,

Nashville, Tenn.

Dear Dr. Frost:-

The Publication Society is hard after Tralle to take the place offered to Hunt. They are seeking to get the State Board to join in employing ^{him} in. Tralle does not wish to work for the Publication Society as against Southern interests, but I am sure he would take the place under the State Board. Kemper has written him suggesting that the two publishing houses and the State Board employ him together, after the order of Inlow's suggestion. He would take that work quickly, I believe. Can't we save him to the Southern side of things? He has the Missouri mind somewhat but he loves the Southern side best.

Yours sincerely,

J. N. Prestridge
