Sep. 21 -04.

Dr. J. M. Frost,
Nashville,
Tenn.

Dear Brother:-

I am glad that you will let the article go in. I cut off the first paragraph which is evidently intended for the Herald and put in the date suggested. It came too late to go with the Commission's report, but it will lead our second page next week. It will do good. The commission gives the Home Board a great endorsement. Some folks are left high on the beach.

The three Northern secretaries meet with their committee in Chicago September 23th. I have several letters from each of them showing that they are aroused over getting things in fine shape for the Baptist World Congress. I will go to Chicago and call on the committee. Now we Southern folks must catch step and of course our committee greatly needs and must have all the help you and Brethren Willingham and Gray can give us; in fact, I am going to count you as members.

2.--

I suggested your name to Gov. Eagle and he put on Brother Savage. I wish he had put on a liver man. Please advise with me, as an honorary member of the committee, and let us get together and shape things up. The committee is so scattered that a few of us will have to do the work. We might have a preliminary meeting, say at Nashville and then meet in Louisville when the American Baptist Congress convenes here in November. Dr. Crandall and I have both written to Mr. Shakespeare, asking him to suggest our part in the ready-making.

Carver and Cleaton have gone to Indian Territory and Oklahoma.

Yours sincerely,

J. N. Prestridge
