

EDITORIAL DEPARTMENT

September 15, 1905.

Dear Dr. Frost:-

Thank you. Of course I will not intimate that you knew I was writing but I would be glad to take up the matter up of having requests sent to you for Paul Judson to the Boards and others to whom you give books.

I wrote to Dawson, asking him to write me at length about the B.Y.P.U. matter. I have a letter from him this morning. He says the matter is virtually in the hands of your Board now and that your field men represent it expressly. In some way the Berean and Baracan classes and the B.Y.P.U. should be combined. Dawson says he would be glad for you, himself and me to have a meeting and talk the matter over before it is taken up in print. Are you going to the Oklahoma Convention. If so, can we plan to go from St. Louis together? I have written to the Frisco for transportation, hoping to get it. Something needs to be done along this way and the sooner the better.

Yours sincerely,

Dr. J. M. Frost,
Nashville, Tenn.
