

ILLUSTRATED CHURCH AND HOME WEEKLY.

EDITORIAL DEPARTMENT

July 15. 07.

Dear Hector Frost:

I see from the British Weekly that Prof. Hugh Black is to have out soon a new volume of sermons — "Christ's Service of Love," all an con-
minion. Look out for it. He is about the best there is these
days. Am sure it will be printed in America, as his latest
was. I had it and gave it away. It was great.
So settled that Mr. Weaver is temporary editor of Recorder. He said
so in Ministers Conference today. Think the struggle for control is
not an. See Pitt is putting up Mrs. Beck. Every Sunday paper
is away, & the city is dull. Weaving is a very sick man.
Yours sincerely
H. Orestides

I am getting enjoying some farm lands.
