Dear Brother Frost:-

I was disappointed in not finding you at the great International Sunday School Convention now in progress at San Francisco and none of your workers there. The Convention is great. But I suppose you had too many meetings in the East.

The Lord is abundantly blessing my work in California and all my meetings are successful. I shall never forget you and when I get to Heaven and we meet I will spend a thousand years telling you how I love you. May the Lord abundantly bless you.

Most sincerly your brother in Christ,

JUN 28 1911

Earle D. Ennis.

I want you to come out to Calif sometime & visit us in our home
