

Walketh - Standeth - Sitteth -

casual glance at sin in passing -
does not really belong to that environment
merely glances at it. hopes no one ^{sees} him.

Standeth -

He has halted now - sense of shame
is going - growing bolder -

Sitteth -

evil has got him now
quite at home with it -
fixed - rooted - settled -

Sin grows

1st a simple suggestion -
2nd a strong imagination
Then delight - then assent -

An Act -
a Habit -
a Character -
a Destiny -
