SUNDAY SCHOOL BOARD OF THE SOUTHERN BAPTIST CONVENTION

Foreword

THE CHURCH is the basic unit in a Baptist democracy. Since New Testament times, the history of freedom loving Christians has been the history of individual churches. Great movements are often considered in terms of centuries, decades, or years, but real history has to do with minutes and seconds; for history is made by the decisions of individuals. So it is with the growth of the Christian movement.

Dr. E. P. Alldredge has compiled a veritable library of Baptist knowledge in the Southern Baptist Handbook since he edited the first copy in 1921. Viewed in the light of objective scholarship, his work will continue to live indefinitely.

It is the purpose of the 1946 Handbook to be a handbook of the churches. For the first time, a record of all the Southern Baptist churches is presented in one volume. Many of the surveys which have appeared in the Handbook in previous years will appear in the *Quarterly Review*, where they can have wider circulation.

The 1946 Handbook ought to be in every church library. It ought to be in every pastor's library. It will be an invaluable aid for the state and southwide denominational worker. Plans are being made now to present the 1947 Handbook in the spring of 1947, so that the material can be used during the same year.
