FOREWORD

Southern Baptists co-operate in a completely voluntary process in the collection of data on their churches. There is no compulsion of law as in the matter of the Federal census, nor is there any compulsion of an ecclesiastical system. But, inspired by a common interest, there is almost complete co-operation on the part of each Southern Baptist church.

All of the states in the Southern Baptist Convention—and nearly all of the associations now use a uniform report sheet, so necessary to the collection of meaningful data. Some of the associations in Virginia meet as early in the year as February, and a few are held as late as the first of November in some of the states. Those associations meeting early in the year usually report on the previous calendar year. Most of the associations report for the year closing July 1 or August 1.

In some states, the church letters are sent direct to the churches from the state offices, but in most cases the uniform associational letters are distributed, gathered, and tabulated by the associational clerk. In a growing number of associations, the tabulation is completed before the actual meeting of the associations, so the tabulation may be used as a basis of association study and action.

A summary sheet, showing the essential data for each church, is prepared by the associational clerk and sent to the Department of Survey, Statistics, and Information of the Baptist Sunday School Board. The reports shown in the *Handbook* are prepared from these associational tabulations after they have been carefully checked and audited. Reports were received in 1949 from 959 of the 961 associations, and 1948 reports were available for these two small associations.

The data on the associational reports are punched on International Business Machine cards, so the information will be available for more complete studies. For the first time, in the 1950 *Handbook*, information is available on the growth of churches, by location and by states.

Another feature of the *Handbook* is the complete 1949 SURVEY BULLETIN with a cross-index by subject matter. The list of ministers in the *Handbook* is omitted since it will be published in the 1950 SOUTHERN BAPTIST CONVENTION ANNUAL.

In closing, I should like to recognize the following members of the staff who have worked on some phase of the publication: Mrs. R. G. Courtney, Mrs. Juanita Dennison, Mrs. Virginia Hester, Miss Amelia Starling, and Miss Geneva Baker.

FACTS OF INTEREST

• People—big people and little people—were looking for a way out in 1948. The politicians and the scientists, frightened by the universal knowledge on the atomic bomb, seemed less positive in their assertions. The great masses of the people were more concerned about their day to day problems of living than about reaching conclusions based on rightness and wrongness.

• China lay bleeding at the year's end. New Zealand and Australia changed political directions. The "Iron Curtain" remained closely drawn. The Arab-Jewish conflict in the Near East centered on the destiny of Jerusalem. The United States formed a military alliance with the countries of Western Europe.

• The United Nations seemed impotent to solve world problems, but continued to serve as forum where all world powers could air viewpoints. Most hopeful action was decision to have "prayer rooms" in new United Nations building in New York where men from all nations could pray for peace.

• Number of marriages and divorces continued sharp decline, but number of births in U.S. will probably exceed 1948. High food production forced more agricultural prices down, but upturn in business at higher costs indicated that most other prices would be slightly raised in 1949.

• In the world of science, the use of cortisone for the treatment of arthritis was reported, new developments were reported in brain surgery, many Americans found relief from use of anti-blastic substances for colds, and Dr. Vannevar Bush published a book, "Modern Arms and Free Men" which tells how modern machines of war can destroy civilization.

• But the best seller among books at the end of the year was "White Collar Zoo", a collection of funny animal photographs caricaturing various office workers.

IN THE WORLD OF RELIGION

• The "big church" concept continued to gain among many forces during 1949. The Roman Catholics employed the weapon of excommunication in Europe to fight back at Communism, and in the United States the Roman Catholics became more open in the use of their power as a political force to stop action on Federal Aid to Education unless aid was given in students of parochial schools.

• Many Protestants expressed the conviction that their power could come only from "union" or "bigness." At the year's end, nine groups, representing 10,000,000 members, set up a permanent Conference on Church Union pledged to formulate a plan for organic union. The National Council of Church of Christ was approved by all major interdenominational groups except the Foreign Missions Conference.

• Southern Baptists, some Lutheran groups, and others reaffirmed desire to cooperate in many areas, but expressed conviction that power of the church did not come through union or bigness, but through evangelistic program reaching individuals for Christ, and through witness of individual Christians in all areas of society.

• Most major denominations joined in 16 month United Evangelistic Advance which is comparable to simultaneous evangelistic program set up by Southern Baptists several years ago.

• The World Christian Handbook, first published since the war, showed that the missionary efforts of world Christians are meeting with great success.

• Anglicans celebrated the 400th Anniversary of their Book of Common Prayer, and Roman Catholics looked forward to their "Holy Year" in Rome in 1950.

BAPTIST HIGHLIGHTS

• Baptists around the world started making plans for the Baptist World Alliance to be held in Cleveland in July.

• The Northern Baptist Convention voted to become the "American Baptist Convention" and the Southern Baptist Convention formally dropped geographical limitations. The Northern Baptists continued their discussion with Disciples of Christ looking toward possible union of the two groups.

• Southern Baptists reported more than 324,000 baptisms, the largest ever, with record gains in Sunday School, Training Union, W.M.U., Brotherhood, and gifts. Foreign Mission Advance started, "Baptist Hour" went on nationwide network.

HOME MISSION FIELDS AND NEEDS

The Home Mission Board work stretches from the Atlantic to the Pacific. This vast territory, together with the four western provinces of Cuba, the Canal Zone, Panama, and Alaska, contains more than sixty-five million people, thirty million of whom are unchurched. In our own homeland there are twenty-five million of these people who are unchurched.

There are several groups who need the services of Southern Baptists. There are 1,500,000 Mexicans and Spanish-Americans, 700,000 French-speaking Americans, 600,000 Italians, 250,000 Indians, 600,000 Jews, eleven million Negroes, and in Cuba and Panama at least six million, all in need of the gospel.

In the Southern Baptist Convention territory there are sixty cities with a population of more than 75,000 each. In these sixty cities there are an estimated 15,000,000 people, and 8,000,000 of these are unchurched.

Throughout the South new industrial centers are springing up—rayon, woolen and cotton mills, hosiery and paper mills, automobile and airplane factories, smelters and foundries—these open up new mission fields.

Along the entire Gulf Coast there are rapidly developing trucking industries where one may find Germans, Italians, Swedes, Assyrians, Hungarians, Japanese, Dutch, Bohemian and a dozen other nationalities raising vegetables for our tables.

Two great tragedies today in our American life are the migrant worker and the sharecropper. These are the most underprivileged of the underprivileged, and they are being neglected.

The vast labor masses are all but untouched by Christian forces. Heretofore the South has not been seriously affected by labor organizations, but with the industrial development we are coming to know what the labor conflicts are.

Add to these things the vast region of the western states which is practically virgin territory for home missions today, and Alaska, the potential center of tomorrow's world, and you get some idea of the vast field of service in which the Home Mission Board is working. We have in this field now something over seven hundred missionaries. We will place in the field this summer about one hundred and fifty student workers, but this force is only half enough to meet the needs. We should double and treble our work for the Negroes, vastly enlarge our work for the Indians, double our work for the foreign-speaking people, double our work for the foreigners in our midst, and everywhere intensify our program if we would begin to meet the opportunities which now are ours in home missions.

RELIEF AND ANNUITY BOARD

Organized in 1910—Dr. Wm. Lunsford, First Secretary

Headquarters: Baptist Building, Dallas 1, Texas

Walter R. Alexander, Executive Secretary
Robert S. Jones, Associate Secretary
Wallace Bassett, President
Orville Groner, Treasurer—Investments
Knox Sherrill, Attorney

Darryl R. Bonner, Auditor
George A. Huggins, Actuary
Gaston G. Harrison, Medical Advisor
Mable Roper, Registrar

As its name implies, the Relief and Annuity Board functions along two lines.

First, it extends financial aid to aged preachers and their wives or preachers' widows. The major part of the funds so disbursed come to the Board through the percentage of distributable, undesignated Cooperative Program funds allocated to it. Thus, every Baptist contributing to the Cooperative Program through the local church has some part in this blessed ministry to more than thirteen hundred aged servants of the Master, scores of whom would suffer want, were it not for this timely aid.

Second, the department of annuities offers opportunity to every salaried worker of the denomination, regardless of age, sex, race, nationality, or type of service rendered, to create, through years of active service, a financial reserve out of which he or she can draw a modest annuity upon age retirement from denominational service. This is done by individual participation, together with the payment of dues, plus denominational co-operation with contributions to match the dues. More than nineteen hundred individuals are now receiving benefits under the various retirement plans of the Board, while there are approximately ten thousand other individuals, mainly pastors, who are dues-paying members of these plans.

The income of the Board from all sources in 1949 was \$4,269,496.13. The benefits paid the same year was \$1,375,209.25, while the assets of the Board stood, at the close of the year, at \$17,613,434.86.

All the funds of the Board are most carefully invested, with every known safeguard thrown about them, and every participating member of every plan of the Board reaps the benefit in a goodly rate of interest added annually.

The Sunday School Board is an agency of the Southern Baptist Convention but does not share in the receipts of the Cooperative Program. The Board's total ministry to the denomination is financed from its receipts. This includes its current work; buildings and improvements at Nashville and Ridgecrest; the operation, equipment, and furnishings of more than thirty Baptist Book Stores. The development and operation of the Glorieta Baptist Assembly in New Mexico will likely be assigned to the Board.

The total receipts from all sources, including the Book Stores, amounted to \$7,982,907.24 for 1949. The appropriations made to the state mission boards and in donations of Bibles, literature, and tracts during 1949 totaled \$489,706.79. During the past year 7,450,000 pounds of periodicals were mailed to the churches in our Convention. The Board published thirty-four new book titles with a total of 523,586 copies.

The Board maintains a staff for a Convention-wide co-operative field program, working in connection with the states. These workers represent Sunday School, Training Union, Student Work, Church Architecture, Church Music, Church Libraries, and Visual Aids, and the Board expended \$534,434.22 in this ministry. In addition, it makes available to the denomination the service of the Department of Survey, Statistics, and Information for the collection and publication of data from Southern Baptist churches and mission fields.

SOUTHERN BAPTIST FOUNDATION

Authorized by Convention in 1946

Headquarters: 127 Ninth Avenue, North, Nashville, Tennessee

CHARLES H. BOLTON, Secretary

The Southern Baptist Foundation was chartered by the State of Tennessee, February 26, 1947. The Foundation parallels the work of the Cooperative Program. Where the major emphasis of the Cooperative Program is on income for current operation of the agencies of the Convention, the Foundation majors on endowment of the agencies. Adequate endowment through the Foundation will tend to level the income of the agencies during periods of economic stress. Through the Southern Baptist Foundation, a gift can be made to any agency specified through the donor, or to all agencies sharing in the Cooperative Program.

Southwestern Baptist Theological Seminary observed its forty-second year of service by dedicating two new buildings on its campus—Scarborough-Truett-Fleming Administration-Library Building and J. M. Price Hall, the building for the School of Religious Education. These buildings make provision to a greater extent than ever before for the three schools comprehended in its organizational set-up—Theology, Religious Education and Sacred Music.

The enrolment for the 1949-50 session was 1,703, an increase of 248 over the past year and the largest in its history. Students came from 39 states, the District of Columbia, and 8 foreign countries.

During the past year, 287 have taken courses through the medium of correspondence study. A total of 165 Negroes attended evening classes in Beaumont, Austin, Mexia, Waco and Fort Worth.

The Seminary employs 41 faculty members and 46 others, a total of 87 full-time workers.

The New Orleans Baptist Theological Seminary has a double ministry. It trains ministers, missionaries, and Christians workers in every type of Kingdom work. Also, it maintains a far-reaching home mission work through its faculty and students.

There are four departments, namely, (1) Seminary, (2) Sacred Music, (3) Religious Education, and (4) Christian Training. The following degrees are offered to students entering with a college bachelor's degree: B.D., Th.M., Th.D., B.R.E., and M.R.E. Certificates are awarded those who have no college degree but who complete the prescribed course in Christian Training.

The Seminary has fifteen teaching faculty members, one emeritus professor, a librarian, and a registrar, besides various tutors, fellows, professor's aids, and staff members.

On February 1, 1950, there were 538 students enrolled, of whom 395 were men, and 143 were women. These came from twenty-five different states and three foreign countries. Of these, 357 have college degrees and sixty have some college credit. There are 121 who have had no college work. The students have attended 96 different colleges. There are 369 ministerial students, 301 of whom are serving as pastors of churches while in the Seminary. All students during their first and second years are required to do two assignments of practical church or mission work, else they do not receive credit for any work done in the classroom.

The Seminary property is appraised at \$2,370,645, of which \$409,310 is value of land and the remainder the value of thirty-two buildings.

A new 75-acre campus has been purchased for \$247,722, on which improvements, draining, roads and four new buildings have been constructed to make an entire investment of nearly \$900,000. On the old campus there are 14 faculty residences, 80 housekeeping apartments for students and 13 apartments without cooking facilities. The G.I. students have access to 20 apartments two miles away. There are fifty new apartments in the four buildings finished in 1949 on the new campus. A library building and another apartment house will be begun on the Gentilly campus during 1950.

AMERICAN BAPTIST THEOLOGICAL SEMINARY

Organized 1924; Headquarters, 1800 White's Creek Pike, Nashville, Tennessee; Dr. J. Harold Stephens, 1207 Stratford Avenue, Nashville, Tennessee, Chairman of the Commission; Dr. L. S. Sedberry, 1800 White's Creek Pike, Nashville, Tennessee, Secretary-Treasurer; Dr. Ralph W. Riley, President. Board of Directors appointed by the Convention—composed of members of Board of Commission and Holding Board.

The American Baptist Theological Seminary is the only school for the training of Negro ministers which is directly supported through the Cooperative Program of Southern Baptists. A number of schools are indirectly aided by the Home Mission Board, but the Southern Baptist Convention has no voice in their management.

During the year 1949-50, there have been enrolled 100 students at the Seminary, and 46 in the Extension School, making a total of 146 men serviced by the institution. During the past year a new addition to Griggs Hall dormitory, providing attractive rooms for 32 more students, has been completed. The Seminary is operated jointly by the National Baptist (Negro) Convention, and the Southern Baptist Convention, represented by the Commission on the American Baptist Theological Seminary.

BAPTIST BROTHERHOOD

Organized in 1907

Office: Commerce Title Building, Memphis 3, Tennessee

Lawrence H. Cooke, Executive Secretary John W. McCall, Chairman of Executive Committee
Hugh F. Latimer, Associate Executive Secretary E. C. Smith, Secretary of Executive Committee
George W. Schroeder, Associate Secretary C. H. Hancock, Treasurer of Executive Committee

The Baptist Brotherhood, successor to the Laymen's Missionary Movement, was inaugurated by action of the Southern Baptist Convention in May, 1920. Throughout the twenty-four succeeding years, the basic idea of the Brotherhood Movement has been the enlistment of the men of Southern Baptist churches in the full program of their churches and of the denomination.

There are now functioning Brotherhoods in more than 4,150 churches. The enrollment of these Brotherhoods will be approximately 149,412.

The objectives of the Brotherhood Movement are being realized through two mediums: the organizing of men in the individual churches for the promotion of the immediate church programs, and then the consolidated efforts of all of these Brotherhoods in promoting the general program of the denomination.

Being one of the regular agencies of the Southern Baptist Convention, the Baptist Brotherhood is financed through the Cooperative Program. The 1950 budget will be \$40,000.

The continuing growth and development of the Brotherhood Movement has necessitated the enlargement of office space and personnel several times during the past 12 years. From one small office, the executive secretary and one part-time office worker, it has expanded to the present suite of five rooms and an office staff of six persons.

Ten years ago only one state had a Brotherhood department. Today, Brotherhood departments have been established in sixteen states.

The Brotherhood Journal has increased from a quarterly circulation of three thousand in 1939 to the present circulation of fifty thousand.

The bi-monthly Brotherhood Bulletin is the chief promotional organ. It is now being distributed to more than twenty thousand selected laymen.

EDUCATION COMMISSION

Organized in 1928—Harry Clark, First Chairman

Headquarters: Baylor University, Waco, Texas

Dr. Charles D. Johnson, Chairman

The Education Commission was organized in 1928 as the successor of the old Education Board, discontinued by the Convention. "The duties of this Commission shall be to stimulate and to nurture interest in Christian education, to

create educational convictions, and strive for the development of an educational conscience among our people. To this end the Commission shall gather and organize facts and statistics in support of Christian education and send them out to the Baptist people of the South through the medium of our denominational journals, through the distribution of pamphlets, booklets, and other forms of publicity."

The Commission publishes "The Educator" for Southern Baptist educational leaders.

Woman's Missionary Union Training School was opened in 1907 because of the immediate need of providing special training for women who wanted to do foreign mission work. Those interested in the project turned naturally to Woman's Missionary Union to initiate and support such a school. Its basic purpose continues to be the preparation of home and foreign missionaries and denominational leaders with an intelligent zeal for missions.

Woman's Missionary Union has built and equipped two buildings for housing the School. The first one, located at 334 E. Broadway and valued at \$160,000, is leased to WAVE Radio Center. The present building, located at 2801 Lexington Road, occupied since 1941, is valued at \$350,500.

The current operating budget amounts to \$77,700. About 30 per cent of this amount comes from student payments. The remainder is covered by one per cent of southwide Cooperative Program funds, \$500 contributed annually by the Sunday School Board, and the income from an Endowment Fund of \$258,200. Woman's Missionary Union underwrites the whole project, taking care of any deficit that occurs.

The enrollment for 1949-50 is 198 (115 boarding and 83 day students).

The School has a faculty of five members, providing classes in missionary education, speech and dramatics, music, social work with special emphasis on group work and recreational activities, and typing and office practice. The classes of the nearby Southern Baptist Seminary and the School of Church Music are open to students, the former occupying an important place in our course of study.

The placement of last year's graduating class in the following fields of service indicates the far-reaching influence of the School: missions (city, home, foreign), W.M.U. work, local church work, teaching Bible in public schools, student work, Training Union, and Baptist Book Store.

WOMAN'S MISSIONARY UNION

Auxiliary to the Southern Baptist Convention

Organized in 1888—Miss Anna Armstrong, First Secretary

Headquarters: 1111 Comer Building, Birmingham 3, Alabama

Mrs. George R. Martin, President, Norfolk, Va.
Miss Alma Hunt, Executive Secretary
Mrs. W. J. Cox, Treasurer
Mrs. Wilfred C. Tyler, Recording Secretary

Mrs. J. Furniss Lee, Assistant Recording Secretary
Miss Margaret Bruce, Young People's Secretary
Miss Juliette Mather, Editorial Secretary

Woman's Missionary Union, Auxiliary to the Southern Baptist Convention came into being in 1888 as women from ten states voted to organize. Their purpose was to enlist the women and young people for missionary education, for prayer in behalf of the missionaries and the undertakings of the mission boards, and for collecting gifts to support the denomination's mission programs.

At the request of the Foreign Mission Board, Woman's Missionary Union took over the Sunbeam Band in 1908 and thus began fostering missionary organizations for young people. In 1907 Young Woman's Auxiliary was organized for the young women interested in the study of missions. In 1908 Royal Ambassador Chapters were organized for boys, and in 1913 Girls' Auxiliary—an organization for girls between Sunbeam Band and Young Woman's Auxiliary ages—came into being.

To meet the need for missionary programs and human interest stories and articles from our mission fields, Woman's Missionary Union publishes four monthly magazines: *Royal Service* for the members of the societies, *The Window* of YWA for the younger women, *World Comrades* for the children and *Ambassador Life* for the boys. In 1949 these magazines had a combined circulation of 316,006.

The Home Mission Week of Prayer in March and the Foreign Mission Week of Prayer in December are weeks of deepest meaning to members of Woman's Missionary Union. Through the year much emphasis is given to the study of missions through the society and circle programs, through mission study classes and through a guided reading program. Emphasis is given to stewardship of possessions through stewardship devotional programs, through the study and reading of stewardship books, and through an organized effort to enlist tithers. Emphasis is given to prayer through the use of the Calendar of Prayer, through private devotions, through family affairs, and through united and directed prayer in assembled groups. With the background of knowledge from the study program, the members find in these Weeks of Prayer opportunities to give expression to their missionary zeal. They unite for earnest, soul-searching prayer and they are led to experience the joy of making an "over and above" gift to the support of missions.

Realizing that all the mission needs are not met by the Home and Foreign Mission Boards the state Woman's Missionary Unions observe a season of prayer for state missions and take an annual offering for the support of missions within their own states. Yet there are needs unmet; there are people unsaved and in distress. Through its organized community missions program Woman's Missionary Union tries to meet these needs through soul-winning and Christian ministering.

HISTORICAL SOCIETY

Authorized by Convention 1946—W. O. Carver, Chairman

Headquarters: Southern Baptist Theological Seminary, Louisville

The Historical Society was organized in 1937 under the leadership of Dr. Rufus W. Weaver; was formally recognized by the Convention in 1946 when it was named as an agency, and in 1947 when it replaced the Committee on Preservation of Baptist History. The Historical Society is duly recognized as "the agency of the Southern Baptist Convention in all phases of the field of history." Its affairs are directed by a Board of Managers elected by the Southern Baptist Convention in the same way as in the case of other agencies. It shares in the Convention budget.

SOUTHERN BAPTIST HOSPITAL

Organized 1926; Ministerial Headquarters, 2700 Napoleon Ave., New Orleans 15, La.

FRANK TRIPP

Executive Secretary, Superintendent

Southern Baptist Hospital was opened by the Hospital Commission of the Southern Baptist Convention March 8, 1926. The Charter was amended April 4, 1941, changing the name from the Hospital Commission to the Southern Baptist Hospital. The present bed capacity is 375 and 70 bassinets. A total of 28,124 people were admitted to the hospital during 1949. Again this was the largest number of admissions in the history of the institution. Total income from operations in 1948 was \$1,968,567.83. The hospital is free of debt and has a reserve of approximately \$560,000.00, which is being used in the construction of a new addition. The total personnel of the institution, including student nurses, is approximately 725. The hospital is approved by the American College of Nurses, the American Medical Association, and the Louisiana State Board of Nurse Examiners. It is also approved for intern and residency training. The School of Nursing is affiliated with Tulane University for instruction in all basic science courses. There is also an affiliation with Louisiana State University School of Medicine for the training of residents in obstetrics and gynecology. The hospital is approved for training in medical technology and is a member of the American Hospital Association and many other related groups.

SOCIAL SERVICE COMMISSION

Authorized in 1913—W. L. Folsat, First Chairman

Headquarters: 2825 Lexington Road, Louisville, Kentucky

DR. HUGH A. BRIMM, Executive Secretary

The Social Service Commission was made an agency of the Southern Baptist Convention by the action of that body in its annual meeting in St. Louis in 1913. The first full time secretary of the Commission began his work January 1, 1948. "The Social Service Commission shall seek to promote morality in social relations, including the problems of marriage and the family, crime and juvenile delinquency, industrial relations, race relations, the alcohol problem, and other matters of social morality which press upon our people for a solution." (Page 34, 1947 Annual.)

BAPTIST PUBLIC AFFAIRS COMMISSION

1628 16th St., N. W., Washington, D. C.

DR. J. M. DAWSON, Executive Secretary

The Baptist Public Affairs Commission is the only agency where Northern, Southern, and Negro Baptist groups all work together in a common enterprise. The purpose of the Commission is to represent all the Baptists of this country in negotiations with our own and other governments whenever our principles are involved or our rights are endangered; to explore, study, and advise Baptists concerning any and all federal legislation that violates the principle of the separation of Church and State; to maintain the Baptist witness in the nation's capital, to appear before congressional committees when measures are being considered that favor one religious faith above another, to formulate plans by which Baptist conviction shall find effective expression.

To act, when definite instructions are given by the Convention in regard to domestic situations; to protest to the proper authorities when Baptist principles are to any degree violated by our own government, and to appeal through diplomatic and other channels when in other lands any are made to suffer for conscience's sake, and to correlate the activities of other religious, fraternal, and civic organizations and agencies, as these activities coincide with the efforts of the Public Affairs Commission.

To stimulate through existing cultural and publicity agencies of all Baptist conventions, a comprehensive and general program of education in Baptist historic principles and witness.

RADIO COMMISSION

Baptist Radio Center, Atlanta, Georgia

S. P. LOWE, Director

The Southern Baptist Convention formally entered the religious broadcasting field with the appointment of a radio committee in 1938. The Radio Committee was changed to the Radio Commission in 1946, when the Convention placed its radio service in the Cooperative Program.

The first Baptist Hour was broadcast January through March 1941. During every year from 1941 to 1949, the Baptist Hour was broadcast one or two quarters at a morning hour on a sustaining basis. Beginning October 2nd, 1949, the Baptist Hour was launched on a year-round basis on the American Broadcasting Company network at 8:30 P.M., Eastern Standard Time every Lord's Day. This program is on a commercial basis and by the approval of the Convention and the Executive Committee of the Convention is to be financed through contributions received by mail.

The Radio Commission renders many other services. Through a transcription library, thousands of broadcasts are given every year. These transcriptions are available to pastors and churches, without cost, for broadcast over local radio stations.

Through a special veterans hospital service, the Commission carries transcribed devotional programs to thousands of sick service men in veteran and other government hospitals every year.

Television is here. The premier showings of the first two television films, which the Radio Commission has made, were given over WAGA-TV, Atlanta, Ga., on January 16th and 22nd respectively 1950. These films are available for broadcast over local television stations.

1. Figures in the column representing amount received by agencies through Executive Committee and direct from the states. Of the total, \$8,471,777.47 went through the Executive Committee.

2. It will be noted that \$8,087,720 and \$8,461,067 make only \$14,001,727, compared with the \$18,320,346 given. This difference of \$1,471,519, or 8.6 per cent of total raised, and pays for all proportion and administrative to states.

MEMBERSHIP AND GIVING OF FIFTEEN DENOMINATIONS

In the growth of membership and growth of giving in the twenty-five years from 1925 to 1949, as reported in the "Statistics" of the United Stewardship Council, these denominations include the same Christian groups as have been included in previous years when "sixteen" have been used. The change in number of denominations is due to the union of Christian bodies.
