THE TEACHING OF THE PARABLES

Peter Rhea Jones, both a serious New Testament scholar and a pastor, weaves the concerns of biblical scholarship with those of a pastor. The book is a living laboratory where the reader can watch a scholar/minister at work using the tools of biblical scholarship in listening for the Word of God. In a readable style (much of the critical detail and dialogue with scholars goes on in the notes rather than the text) Jones discusses some pastoral and some prophetic parables.

In *The Teaching of the Parables*, Jones provides an overview of the nature of a parable and a look at methods used in interpreting Jesus' parables. He applies various tools and methods in interpreting specific parables . . . and then gives the import of the interpretation(s) for proclamation and pastoral concerns. Here's a book for professors and preachers, scholars and research students, disciplined college or church study groups, and lay theologians. (Broadman) **\$12.95**

**Includes the U.S.S.R., and other countries with established Marxist ideology. Religious adherence is difficult to estimate in these countries.

***Includes areas where persons have traditionally practiced in several religions, as well as China (with an official Marxist establishment).

****Includes American and New Zealand as well as the South Pacific Islands.

*****Includes Coptic Christians, centered in Egypt and in a progressive direction under the military junta in Ethiopia.

‡Includes many new sects and cults among African Christians.

§The chief form of Islam is still ethnic although some missionary work is now carried on in Europe and America (as "Black Muslims"). Where Islam is established, minority religions are frequently persecuted, making statistics hard to secure.

¶A Japanese ethnic religion which has declined since the Japanese emperor gave up his claim to divinity (1947). It does not survive well outside Japan.

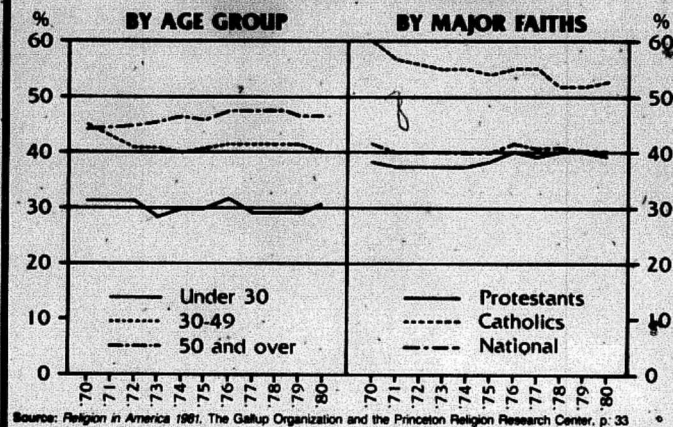

‡‡Recent modern revival movements have gained adherents in Europe and America and other areas not formerly ethnic-Buddhist. It has made rapid gains in Asia recently and has shown greater staying power under persecution than Buddhism or Confucianism, due to its more inner focus.

§§§Strength in India has been enhanced by missionaries. Revival movements of modern Hinduism have won converts in Europe and America.

During the period 1900-1978 public school enrollments increased more than 2½ times while total expenditures during this same period increased over 400 times. The escalating cost of education is probably directly related to the inflation rate, (i.e. total expenditures almost doubled during the 1970-1978 period, when the country experienced several years of double digit inflation).

HURRY BEFORE SUNDOWN

HURRY BEFORE SUNDOWN

The Urgency of Evangelizing Our Nation
William G. Tanner.

Foreword by Grady C. Cothran

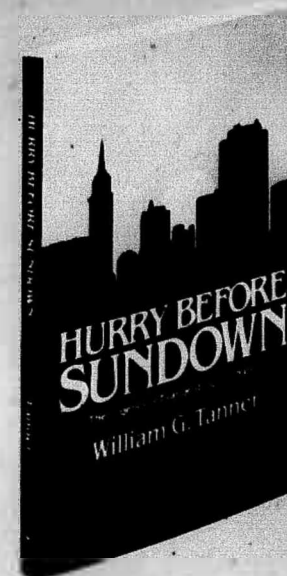

A fresh and arousing look at missions.

This book presents the urgency—it is not
geography or dollars, or countries or cities,
but people! The urgency is not our self-
merit to save America or our domination,
or ourselves, or our culture . . . It is people.
Dr. Tanner maintains our success in
missions depends on the depth of our
commitment—our determination to "hurry
before sundown." (Brent Green) \$3.95

This book will prove useful to pastors
seeking assistance in preparing missionary
sermons, for mission study groups, Church
libraries, WWU groups, and Baptist Men's
organizations.
