

Baptist and Reflector

SPEAKING THE TRUTH IN LOVE

Old Series Vol: LXXIV

Nashville, Tenn., March 16, 1911

New Series Vol. XXII, No. 30

¶The *Christian Index* quotes in full an editorial from the BAPTIST AND REFLECTOR, and credits it to the Baptist Commonwealth.

¶Remember the time is getting short for contributions for Home and Foreign Missions. It will be a little over six weeks now before the books close. We hope that every Baptist church in Tennessee will make a contribution between now and the last of April for Home and Foreign Missions, if it has not already done so.

¶We were glad to see in our office last Tuesday our friend, Rev. S. M. Gupton. He has been quite ill for about two months with indigestion, but is now very much better, and is able to fill his appointments. He is one of the strongest preachers and one of the noblest men in the ranks of our ministry in this State. May his valuable life be spared many other years.

¶The *Baptist Advance* announces that Rev. W. H. Sledge accepts the call to Helena to begin work about May 1. It is gratifying to us that we were present on the night Brother Sledge was called to the pastorate of the church at Helena, and, by consent of the members of the church, we had the privilege of joining with them in voting for him. So we feel that he is to some extent our pastor as well as theirs. We shall expect him to do good work. If not, —

¶Prof. C. M. Stevens, principal of the Marion County High School at Jasper, Tenn., has a series of lectures, in which he says that he is "able to show that every system of psychology and philosophy is reasonable only as it is interpreted through Baptist doctrines; that is, Baptist doctrine is fundamental in all metaphysical explanation." We believe that this is true. We are glad that Prof. Stevens can show it. We hope that he may have many opportunities to do so.

¶In a postscript to a business letter received last week from Dr. J. N. Prestridge, editor of the *Baptist World*, and Secretary of the Baptist World Alliance, he says: "If you wish to bless Tennessee get your people to go to the Philadelphia Alliance. That is going to mark a new date in Baptist history." Well, we may say to Dr. Prestridge that we believe there will be a large number of Tennesseans at the Alliance. The editor is calculating upon going himself, and hopes that many others will go.

¶Says the *Baptist Courier*: "In a recent Congressional Record two chapters from Exodus and one from the Gospel of Luke were printed in full; and this in order to conclusively prove that Mr. Macon, of Arkansas, was in error when he asserted that it was at Sinai that the angels sang of peace on earth and good will to men!" And this suggests the story which we have told before, but which is quite apropos in this connection: One Congressman bet another \$5 that he could not repeat the Lord's Prayer. The second Congressman took the bet and repeated slowly:

"Now I lay me down to sleep,
I pray thee, Lord, my soul to keep.
If I should die before I wake,
I pray thee, Lord, my soul to take."

"Here is your money," said the first Congressman, "I did not believe you could do it."

¶We had the pleasure of preaching last Sunday at the Immanuel Church, this city. Under the able ministry of Dr. Rufus W. Weaver, the church is growing rapidly. There are now about 350 members. It is composed of some of the best people of the city. For some years the church has been worshipping in what was intended for the Sunday School room. A new and handsome auditorium has been projected, and plans for it have been drawn and accepted. Work on the building will begin in the near future. Dr. Weaver is spending this week at Howard and Judson Colleges in Alabama, lecturing before the students. There were even 200 pupils in the Sunday School at Immanuel, of which Brother A. J. Wheeler is the efficient Superintendent. Interesting graduating exercises were held on the occasion of a number of pupils leaving the infant class and going into the Junior class. These exercises were conducted by Dr. I. J. Van Ness, Editorial Secretary of the Sunday School Board.

Personal and Practical

¶London now has a Mohammedan magazine, *The Moslem World*, the first number being issued in January. It is announced that a Mohammedan mosque, to cost \$500,000, is to be built in that city.

¶It is stated that in the ten years from 1900 to 1910 the contributions of Protestant Christians of the world to foreign missions increased from \$15,481,565 to \$26,890,104. This does not look like the spirit of missions is dying out.

¶During last month a conference of Mohammedans was held at Cairo, Egypt, attended by representatives from all Moslem lands. The purpose of the Conference was to devise plans for more aggressive missionary work in all Asia and Africa. This Mohammedan propaganda it seems is also to be carried to Europe.

IF CHRIST SHOULD COME.

If I were told that Christ would come
tomorrow,
That the next sun
Which sinks should bear us past all
fear and sorrow,
Care and pain,
All the fight fought, and all the journey
through;
What should I do?

I do not think that I should shrink or
falter,
But just go on
Doing my work, nor change, nor seek to
alter
Aught that is gone
But rise, and move, and love, and smile,
and pray,
For one more day.

And lying down at night for a last
sleeping,
Say in that ear
Which hearkens ever, "Lord, within
Thy keeping
How should I fear?
And, when tomorrow brings Thee near-
er still,
Do Thou Thy will."

I might not sleep, for aye; but peace-
ful, tender,
My soul would lie
All the night long; and when the morn-
ing splendor
Flashed o'er the sky,
I think that I could smile, could calmly
say,
"It is His day."

¶The *Baptist World* says that "Haeckel, the famous and now infamous German scientist, has been convicted in the German press of fraudulent manipulation of plates in his effort to prove the actual descent of man from monkeys. He is now so discredited that other infidels have dropped him and he was not, so it is said, invited to the one hundredth anniversary of the founding of the University of Berlin."

¶Here is what Mr. William E. Gladstone had to say with reference to the temporal power of the Pope: "Sustained by foreign armies, smitten with the curse of social barrenness, unable to strike root downward, or bear fruit upward—the sun, the air, the rain, soliciting in vain its sapless and rotten boughs—such a monarchy, even were it not a monarchy of priests, and ten-fold more because it is one, stands out a foul blot on the face of creation, an offense to Christendom and to mankind." Was Mr. Gladstone right?

¶Rev. D. S. Brinkley, of Dickson, Tenn., is being assisted in a series of meetings by Home Board Evangelist, T. O. Reese. Mr. Ed. Mason has charge of the music. A great meeting is expected.

¶The *Alabama Baptist* contains on its front page a fine picture of Rev. Clay I. Hudson, of Decatur, Ala., who was for some years pastor of the North Edgefield Church, Nashville, with the statement, "We welcome home this promising young preacher, who made an enviable record at Nashville for solid work."

¶The responses to the statements sent out by us recently have been gratifying so far. Not all of those, however, who received statements have yet responded. Let us insist that they shall do so. We are needing very much the amounts due us to meet obligations. If you cannot send the full amount you are due, we should be glad to have you send a part of it.

¶We told recently about the good work which the Gideons are doing in the effort to place a Bible in every hotel bed room in the country. Recently they gave an order for 100,000 Bibles for this purpose, which was said to be the largest single order for Bibles ever given. Recently we had occasion to stop at a hotel, and found a Bible in our room, placed there by the Gideons, as stated on the cover.

¶We are utterly overcrowded with communications of all kinds. We are doing the best we can, but brethren must be patient. It is unfortunate, perhaps, that the articles of travel by the editor take up so much room, but inasmuch as we have been publishing them, we shall have to continue doing so probably until they close, which will be several months yet. After that we shall have more room for long articles. Meanwhile, we wish brethren would make their articles as short as possible, and again, we must ask that they will be patient.

¶It is stated that three hundred convicts in the penitentiary of Alabama were asked by its chaplain how many of them owed their convict stripes to the use of liquor, and 281 rose to their feet. And yet in spite of this fact the Alabama Legislature repealed the prohibition law. They seemed to think that men are worth more in the penitentiary than out of it. Suppose that principle should be applied to the members of the Legislature who voted for the repeal of the prohibition law? May be in that case, though, it would prove true.

¶Mr. Wm. J. Bryan recently said very pointedly: "I hold that every unit ought to have authority to act on this subject, except as it is restrained by a larger unit. That is, that the block, the ward, the city, the precinct, the county, the State and the Nation should have the undisputed right to exclude the sale of liquor within its limits, or to fix such restrictions upon the sale of liquor as the people of the unit may deem necessary for their protection and welfare. I believe also that the larger unit has a right to control the smaller one on this as on other subjects." The units have been increasing in size. First, it was the individual, then the town, then the county, then the State. Next will come the Nation.

¶On Wednesday of last week the students of Tennessee College spent the day in Nashville. The special occasion of their coming was to take part in the dedicatory exercises of the new Masonic Temple. Mr. C. H. Byrn, of Murfreesboro, was the retiring Grand Master of the Masonic Lodge in Tennessee. Under his administration the Temple was constructed. It is a question, however, whether Mr. Byrn takes more interest in the Masonic Temple or in Tennessee College. The girls of the College have dubbed him "T.C." Byrn. There were 154 of the girls who came to Nashville. After taking a street car ride over the city during the morning they took lunch at the Hermitage Hotel. To this lunch the various Baptist ministers of Nashville were also invited as the guests of the College. At the dedicatory exercises of the Temple, which occurred in the afternoon, the College girls rendered an original song, which was much enjoyed. Also Miss Sarah Belle Judson, the vocal teacher of the College, rendered several selections, which were greatly appreciated. The whole outing was quite a pleasant one.

ARTICLE XLIX.

By Edgar E. Folk, D. D.

CONSTANTINOPLE—PLACES OF INTEREST.

While our stay in Constantinople was short—all too short, only twenty-four hours—yet in that time we saw so many things and places of interest that it would be impossible to describe them all in the limits of this article. A few of special interest I may mention. The first place visited by us was

SERAGLIO POINT.

This is the apex of the triangle. It corresponds to Battery Park in New York. Here the Sultan used to have his palace and kept his Seraglio, or Imperial Harem. Here the late Sultan would come once a year to marry a new wife. And I am not sure but that the custom is kept up by the present Sultan. The

COURT YARD OF THE JANISSARIES

is on this point. The Janissaries were a pet regiment of soldiers, very much like the Praetorian Guard in Rome, or the Imperial Guard of Napoleon. They were originally the children of Christian parents, who had been captured, or taken as tribute, given over to the Sultan, whom they called "Father," were trained for his service and fed by his bounty. They ate out of a common kettle, which they also used for a drum in time of war, the spoons doing the duty of drumsticks—hence the term "kettle drums." When things did not go to suit them they overturned their kettles, thus declaring in a childish, but very emphatic manner, their independence of the Sultan, and that they would no longer eat his food, attacked the palace enclosure, murdered the ministers of State, deposed, imprisoned, slew the Sultan, or made him their puppet, very much as the Praetorian Guard would make and unmake Emperors. They became the terror of Europe, and the dread of Sultans. When Mahmud II ascended the throne in 1808, he determined to get rid of them. Waiting for an opportunity, in 1826, he filled Constantinople with troops on whom he could rely, summoned a council and proposed a new military system. The Janissaries rebelled, overturned their kettles on June 16, and the fight was on. The Sultan went to the Mosque of Sultan Ahmed II, stood in the Imperial box, had the *fetva* decreeing the abolition of the Janissaries read from the marble pulpit, unfurled the green flag of the Prophet Mohammed, and directed the fight. It was fierce and long, raging especially around the mosque, where the Sultan stood in his box. He must conquer or die. So must the Janissaries. Bodies were heaped up before the gate of the mosque. In the Seraglio Enclosure there is a large sycamore tree, 850 years old. On a long projecting limb of this tree, it is said that corpses hung "like the black fruit of a tree in hell." No wonder it is called "the tree of groans." The Janissaries were overwhelmed and completely annihilated, every one being slain before the sun had set. Mahmud II then attempted to reform the Turkish Empire. He adopted many European customs and habits. For a time there was a semblance of European civilization. But it did not, could not last. It was not in the nature of the Turk. The only remaining evidence of that revolution is the fez, which was the symbol of reform, and which is now worn by all Turks in cities and towns, just as the long pants were adopted as the badge of infidelity during the French revolution a little over 100 years ago, and are now universally worn in all European and American countries. Dr. Hugh Price Hughes well says: "The attempt to assimilate the Turkish Empire with the civilized world has long been abandoned. The only question which the twentieth century has to solve is how and in what way the Turkish Empire is to be destroyed and distributed."

On the Seraglio grounds is the

TREASURY.

which we did not have time to enter, but which contains some notable gems and articles of gold, among them the Persian throne of beaten gold, inwrought with rubies and emeralds, which was captured by Salim I in 1514; an emerald said to be the largest in the world, to which Gen. Lew Wallace refers in his "Prince of India;" and a golden tankard studded with over 3,000 diamonds; the figures of the Sultans from 1451 to 1839, with jewelled feather in the turban and jewelled belt and dagger. Before the main gate of the Seraglio is the

FOUNTAIN OF AHMED II.

which has on it this beautiful inscription: "Turn

the key of this pure and tranquil spring and invoke the name of God. Drink of this inexhaustible and limpid water and pray for the Sultan."

In the

IMPERIAL OTTOMAN MUSEUM.

In the Seraglio grounds are to be found many archaeological treasures, such as tablets, etc., from recent excavations in the Euphrates Valley; the Siloam Inscription, discovered in Jerusalem in 1880 in the underground canal between the Virgin's Spring and the Pool of Siloam, in pure Biblical Hebrew, and one of the oldest inscriptions known; the Jerusalem Stele, discovered near the Mosque of Omar in Jerusalem, warning Gentiles on penalty of their lives not to enter into the sacred enclosure of the Temple; the Sarcophagi unearthed near Sidon in 1887, including the "Satrop" of Parian marble; "The Mourners," a series of 18 weeping women, representing grief in various attitudes; the so-called "Sarcophagus of Alexander," which belongs to the fourth century B. C., and is said to be "one of the very finest examples we possess of ancient art." It is of Pentelic marble. It has carved upon it battle and hunting scenes of exquisite design and workmanship. It is thought to have been prepared for Alexander the Great. Of special interest is the case which contains the objects found by Schliemann during his excavations at Hissarlik, the site of ancient Troy. Here are actually the treasures and dresses and weapons and ornaments of the very heroes immortalized by Homer. Among the Assyrian and Babylonian Cylinders is one containing the record of Sennacherib's tragical campaign against Hezekiah, king of Judah.

One of the few remaining landmarks of the ancient city of Constantine is the

HIPPODROME.

or race course. It is an open space called

AT MEIDAN.

meaning the Horse Square. It was the center of the public life of "New Rome," as the Forum was of Old Rome. It was modelled after the Circus Maximus, and was divided into two sections by a wall about four feet high, called the *Spina*, or spinal column, or back bone. It was the proverbial saying that the spina of the Hippodrome was the axis around which the Byzantine world revolved. Here, it is said, emperors were proclaimed, here victorious generals like Belisarius celebrated their triumphs, here criminals and heretics were put to death, here wild beast snows, athletic contests, and, above all, the thrilling, maddening horse-chariot races took place, in which the two factions of the Blue and the Green contended for supremacy. So fierce were these contentions that the whole city was divided into factions which permeated its religious and political life, and at one time resulted in a riot which came near overthrowing the throne of Justinian in 532. The race course passed completely around the long Spina and was oblong in shape. The Spina was decorated with statues and monuments of bronze. These were melted by the Crusaders under Dandolo, the blind Doge of Venice, to make coin. Only four of these monuments remain:

1. THE OBELISK.

This was brought by Theodosius from Heliopolis in Egypt in 388, A. D., and set up in the Hippodrome. It is 61 feet high. It corresponds to the similar Obelisk still standing at Heliopolis, of which I told when writing about Egypt, and also to the Obelisk in Central Park, New York, sometimes called Cleopatra's needle.

2. THE SERPENT COLUMN.

made of bronze from the Persian booty, taken at the battle of Plataea in 479, B. C. It consisted of three bronze serpents twisted spirally as far as their heads, which were spread outwards to support the Golden Tripod of the priestess of Apollo, at Delphi, the most sacred spot and worship of ancient Greece. It was brought to Constantinople by Constantine the Great. In its serpent coils are inscribed the names of thirty-one Greek cities, to whose devotion the deliverance of Greece from the Persian power was due. The serpents are now headless. It is said that Mohammed II, the Turkish Conqueror of Constantinople, in a fit of iconoclastic rage, lifted his axe and struck off one of the serpents' heads, and the others met the same fate, though just when or how or why is not known.

3. THE BUILT COLUMN.

or Colossus, was constructed of masonry and covered over with bronze plates, as the rivet holes show. The plates, however, have disappeared, probably having gone the way of the bronze statues on the Spina. Near the Hippodrome is the

4. BURNT COLUMN.

so-called because it received many injuries from the fires which frequently burst forth. This was the

porphyry pedestal of a beautiful bronze statue of Constantine himself under the form of Apollo. At the foot of this column his successors proudly placed their feet on the heads of captive foes amid the shouts of the multitude. According to tradition it was erected by Constantine in commemoration of the change of the capital from Rome to Constantinople. It is said that in its foundations were placed a piece of the alleged true Cross, discovered by Helena, the mother of Constantine, as well as one of the nails used in the crucifixion, and a piece of the miraculous bread used in feeding the five thousand. On this, Mr. Lorenz says very pertinently: "If these articles were actually placed in the Column and alleged to be genuine, it shows how ancient was the practice of pious fraud, which has now grown to such tremendous proportions in Southern Europe and in the Orient."

Among the most interesting places in Constantinople are the mosques, of which there are altogether 491. And by far the most interesting of all these mosques is the

MOSQUE OF ST. SOPHIA.

This has had quite a remarkable history. Three Cathedrals have stood successively on the spot now occupied by this mosque. The first was erected by Constantine the Great in 326, soon after his conversion to Christianity. Not far from the Forum and Hippodrome and near his palace, he erected his great Cathedral Church and dedicated it, not to any patron saint, but to the Lord Himself, the Divine Wisdom, Hagia Sophia, St. Sophia. True to the Eastern spirit, according to which a place once sacred is sacred under all forms of religion, it was built on the ruins of a pagan temple. It was in this church that the famous Chrysostom—the Golden Mouthed—preached. So eloquently did he thunder against the corruptions of the Court that he was exiled from Constantinople. But the people were with him and back of him. They protested against his banishment. A riot resulted. In the tumult a fire broke out in St. Sophia and it was burned to the ground. This was in 404, A. D. Eleven years later another church was erected on the same site by Theodosius II. One hundred and seventeen years later, in the time of the Emperor Justinian, it was burned during the Nika riots. Justinian lost no time in replacing the building, and only forty days after the fire the foundations of the present building were laid. It was claimed that an angel revealed to Justinian in a dream the plan of the building. The most skillful architect and engineer of the age, Anthemios of Tralles, was called to supervise the work. Contributions came from all classes and from all parts of the empire. The Emperor labored with the workmen, and angels were peculiarly believed to have aided them. Gold, silver, precious stones, the choicest wood, and marble of every kind from every land were used in its construction. Eight serpentine columns came from the temple of Diana at Ephesus, eight more of porphyry from the temple of the Sun at Baalbek. The building cost about \$64,000,000. The great dome is 179 feet high, while that of St. Peter's at Rome is 126 feet, and that of St. Paul's, London, is 108 feet. Despite its great height, the dome is unsupported. There are said to be 7,500 lamps now in the house. Six years were spent in building, and on Christmas Eve of 537 the Emperor, laying aside his crown, entered the completed edifice, exclaiming, "Glory to God, who hath counted me worthy to complete such a work! Solomon! I have surpassed thee." And there was reason for his enthusiasm. An eminent English architect, declared that this is "the most perfect and most beautiful church which has yet been erected by any Christian people," and that "nothing probably so artistic has been done on the same scale before or since."

When Constantinople was captured by the Turks in 1453, St. Sophia was turned into a Mohammedan mosque, and it has so remained ever since. It seems a shame that this magnificent old church, so rich in historical associations, should now be used for the worship of Mohammed instead of that of Christ, for whose worship it was originally intended and was devoted for over 1,000 years. But it will not be very much longer, I believe. The Turkish Government in Europe is tottering to its fall. All around on the walls of the building there were crosses and Christian inscriptions and mosaics. It is said that a soldier destroying the mosaics Mohammed the Conqueror, stretching him at his feet with a blow, said, "Let these things be; who knows but in another age they can serve another religion than that of Islam." Whether this story is true or not, the remark may well have been made. I do not take much stock in the tradition that when the victorious Turks entered St. Sophia, a priest who was at that moment adminis-

tering the Communion, fled into one of the side chapels with the consecrated elements in his hands, and disappeared; but that he will re-issue from his hiding place and complete the interrupted service on the day that this ancient building becomes once more a Christian cathedral. Of more significance it seems to me is the fact that the whitewash with which the crosses and inscriptions were covered is wearing off, as naturally it would in the lapse of centuries, and these crosses and inscriptions are coming out more and more distinctly.

Over what was the altar there was a figure of Christ in gilt. This was plastered over. But the plastering is wearing off, and the figure of Christ, more and more clearly every year, is staring in the face the very worshippers who come there to offer their devotions to Mohammed. On one of the piers of the nave is a mark resembling the print of a bloody hand. Tradition says this indicates the height to which the Turkish Conqueror was able to reach as he rode over the Christian corpses in the church on the day that Constantinople fell. That is a false tradition, as the congregation which crowded St. Sophia on that day was not massacred, but was taken captive. But may it not represent the bloody hand of Christ, indelibly impressed upon the church? There may be nothing in all these things. They may be simply rather strange and fanciful coincidences. But to me they are at least suggestive and carry the significance that some day—perhaps in the not very distant future, just when no one can say, but some day—Christ shall again be worshipped in that magnificent building, his cross shall be recognized and honored, and his bloody hand shall lift the gates of the Turkish Empire off of its hinges and guide the destinies of the 225,000,000 followers of Mohammed.

MOSQUE OF SULTAN AHMED I.

This is next in importance and interest to the Mosque of St. Sophia, near which it stands. In fact, it presents a more imposing appearance than St. Sophia in the approach to Constantinople from the Sea of Marmora, so much so that travelers almost invariably mistake it for its more famous neighbor. This is due to the fact that while St. Sophia has only four minarets, the Mosque of Sultan Ahmed has six. And thereby hangs an interesting story. Up to the time of Ahmed I, in 1608-1614, the Mosque over the Kaaba, or the Black Stone in Mecca, was the only mosque in the world having six minarets. When Ahmed proposed to give his mosque six minarets, the Imam, the chief minister of the Mosque at Mecca, made such an outcry and aroused such a feeling upon the part of the people that to quiet him and them and to save changing his architectural plans, the Sultan built a seventh minaret at the Kaaba, and so the supremacy of Mecca was reassured. The Mosque of Sultan Ahmed is said to be the "Masterpiece of the Musselman's art." It is sometimes called the China Mosque because of its decoration.

Another interesting mosque is the

MOSQUE OF SULTAN BAYEZID II, OR THE PIGEON MOSQUE,

so called because some years ago a poor widow presented a pair of pigeons as an offering to the mosque. These have multiplied until the roof and court of the mosque are covered with them. It is a matter of amusement to travelers to buy a cupful of seed, which a man keeps conveniently for the purpose, throw them to the pigeons and see them flock on the ground to eat the seed. So far as I know, the only rivals of the Pigeon Mosque with regard to the number of pigeons are the piazza in front of St. Mark's at Venice, and Court Square, Memphis, Tenn.

The numerous pigeons in this mosque suggest the

DOGS OF CONSTANTINOPLE,

which were equally numerous, in fact much more so. It is said there were 30,000 of them. And I was prepared to believe it from the number I saw. They were everywhere. A person could hardly walk along the streets without stumbling over one or more. They were a peculiar kind of dog. They are described as a "mangy, filthy, wolfish lot of mongrel curs." Dr. Hughes speaks of them as "brownish-yellow fox-hounds." They were heavier set than fox-hounds, a kind of cross between a cur and a hound. They were lazy and inoffensive. They had no owner, but were public property. Why should so many of them have been allowed? Simply because they were the scavengers of the city, the only scavengers it had. For this reason they were held in high esteem, and the penalty for killing one was three years imprisonment, while the penalty for killing a man is only seven years imprisonment. These dogs had their wards or beats, in which their scavenger work was to be carried on. These beats were self-imposed, but well recognized, and if a dog strayed beyond the limits of

THE GIFTS I ASK.

These are the gifts I ask
Of thee, Spirit, serene:
Strength for the daily task,
Courage to face the road,

Good cheer to help me bear the traveler's load,
And, for the hours of rest that come between
An inward joy in all things heard and seen.

These are the sins I fain
Would have thee take away;
Malice and cold disdain,
Hot anger, sullen hate,

Scorn of the lowly, envy of the great,
And discontent that casts a shadowy gray
On all the brightness of the common day.

These are the things I prize
And hold of dearest worth:
Light of the sapphire skies,
Peace of the silent hills,

Shelter of forests, comfort of the grass,
Music of birds, murmur of little rills,
Shadow of clouds that swiftly pass,

And, after showers,
The smell of flowers

And of the good brown earth—

And, best of all, along the way friendship and mirth.
—Henry Van Dyke.

him in an instant and leave the intruder a mangled his beat, it is said he never returned, as the whole pack in the beat to which he strayed would be on corpse.

I have been writing about these dogs in the past. As a matter of fact, they are in the past. Since we were in Constantinople the Young Turk government has banished them to an island. What the city does for scavengers now I do not know. It needs some of some kind, especially in the old part of the city known as Stamboul. This is a typical Eastern city, a typical Mohammedan city, with narrow, crooked, rough, dirty streets. I should think that a system of sewerage would be impracticable, if not impossible, in such streets. Besides, it would probably be beyond the pocketbook of the Turk, even if it could come within the range of his comprehension. The Young Turks, though, are more progressive than the Old Turks. They seem anxious to bring their city and country into touch with civilization and to modernize them. They have introduced various reforms. But it will be to no use. It is not in the nature of the Turk to be progressive. It remains to be seen how much of a revolution or of an evolution these Young Turks will be able to accomplish. There are some who say that Young Turks are simply Old Turks under a new name.

PALACES.

On the shores of the Bosphorus, above the Golden Horn, are two Turkish palaces. One is known by the outlandish and apparently unpronounceable name of the

DOLMABAGHTCHEH PALACE.

The meaning of the word is the Palace of the Filled in Garden. This is the largest and finest of all the palaces of the Sultan. It was built by Abdul Mejid, who reigned from 1839 to 1861, after the Crimean war. Sultan Abdul Hamid II preferred, however, the smaller palace on the crest of the hill, called the Yildiz Kiosk Palace, from which he would depart only on occasion of some important religious or civil function, and then well guarded to provide against assassination. This Sultan was a terrible despot. He filled Constantinople with 30,000 spies to report the least whisperings against his authority. He would have men arrested on the slightest suspicion and either banished or thrown into the Bosphorus. No wonder there was a rebellion against him, which resulted in his dethronement.

Farther up the Bosphorus is

ROBERT COLLEGE.

This was founded in 1863 by Dr. Cyrus Hamlin, aided by Mr. Robert, of New York, who gave \$30,000 to it. Through its charter it is a part of the University of New York. From four students at first it now has over 300, with 400 full graduates, 2,500 students altogether and property and endowment valued at \$450,000. The college has exerted a tremendous influence in the Turkish Empire. It is said that more than two-thirds of the men of affairs in European Turkey received their education and aim in life at Robert College, and that even the former Sultan and his officials were compelled to employ them because of their greater efficiency. To the transforming power of the ideas and ideals inculcated by the col-

lege was due to a very large extent the recent revolution which resulted in the overthrow of the Sultan.

FLORENCE NIGHTINGALE.

On the Asiatic side of the Bosphorus in Scutari is the large hospital, where during the Crimean war, Florence Nightingale nursed the British soldiers, and won immortal fame. She died only a short while ago, honored by the world.

A GREAT BAPTIST NEED IN SOUTHERN EUROPE.

We had in our city last week Dr. A. J. Vining, of Canada, "a great man with a great message." Dr. Vining was representing the Baptist World Alliance. He took up the work he now has in hand a little over a year ago. Prior to this he was pastor in London, Ontario Province, Canada. He gave up his work as pastor only because he felt that he could make his life count for infinitely more to the cause in this work. The Baptist World Alliance is an effort pure and simple to advance the cause of Christ in the earth. It was organized in London, England, in 1905. This date marks a great epoch in the evangelization of the world. There were present at this organization representatives speaking thirty-two languages. It was found that there were many groups of Baptists in different parts of the world about whom American Baptists had no previous knowledge. Following this Convention and organization, arrangements were made for a European Baptist Convention to be held in Berlin in 1908. At this Convention the chief discovery was the great need of a college at some point in Southern Europe for the training of Baptist missionaries, which college, under God, will be the means of bringing the whole European Continent to the feet of Jesus. A resolution was passed to the effect that the Baptists of Great Britain and America should be called upon to unite in an endeavor to establish and endow such a college, or theological seminary. Following this, Dr. Vining was asked to make a tour of the American Continent in the interest of this college. In order to have first-hand information to present to the people in making his campaign on this continent, he spent last summer on the European Continent, studying conditions. He relates most thrilling experiences, which are greatly encouraging to the work of evangelization. He says that Italy has a great religious future, that there is unrest everywhere in Italy, that the pope is disturbed, and is enforcing the strictest regulations. Dr. Vining predicts that the time is coming when the pope will have to leave Italy, which means that he will either go to Canada or to the United States, as he is not wanted in Europe. He states that there are millions in Italy today who have never seen a Bible, and multitudes who do not know what it is, because it is withheld from them by Catholicism; but the day dawns when the yoke will be thrown off. He says that France has never been so ready as now to receive the gospel of Jesus Christ. In speaking of Moravia, he says this is one of the most promising fields. It is a land of the brave and the true—men and women with the blood of martyrs in their veins—a Catholic country, and not a Catholic country, for thousands have left the Roman Catholic Church, and are only waiting for some one to lead them. They have struck for liberty, and are hungering for the true faith. Bohemia, he says, is a wonderful country, opening up to the religion of Jesus Christ. Hungary is ripe and ready, eager for the gospel. The redeemed of Hungary work day and night, under all climatic conditions, willing to suffer any hardship for Christ. Here, pastors are greatly needed. Roumania and Bulgaria are also ready for the gospel. While Servia at present is a closed door, the Word of God is being distributed and read, and something must happen. The Bible is printed in every language of Europe, and a great day must come. Until a few years ago, Russia was a closed door. Today the door is wide open. Dr. Vining states that there are today in Russia 100,000 straight-laced Baptists—Baptists from conviction, who have come up through great tribulation and inconceivably severe persecution. Last September the Baptists of Russia came together and organized a Baptist Union. The greatest need here, as in other fields, is men. The harvest is ripe, but the laborers are few. It is worth while to help these heroic soldiers of the cross, and meet the cry for "men." Dr. Vining states that he is reliably informed, that there are 300 young men, students for the ministry, on the Continent of Europe today who are denied the privileges of attaining an education. He says that in his campaign for this work on this

continent he has met with every encouragement; the people have been most enthusiastic, expressing themselves as having been greatly blessed spiritually from knowing these conditions, and pledging their prayers and financial support. He can only make one visit, although on many occasions he has been urged to make a second one, and all should avail themselves of the opportunity of the one visit. He brings a new vision to those who will get it, and his campaign cannot but result in glorious success. He spoke some weeks ago at the State Convention in Virginia and the two Carolinas, and each passed strong resolutions, endorsing the work, and commending it to the South. Virginia agreed to raise \$25,000, North Carolina \$25,000, and South Carolina \$20,000. \$250,000 is to be spent for buildings, the contract not to be let until all the money is subscribed, and the Southern Baptists are asked to raise this sum. The Northern and Canadian Baptists are asked for a million dollars endowment, and Great Britain is to pay for the site at any cost. The location of the college has not been determined, but it will occupy some strategic point as near the Russian border as possible. The Board of Governors and Board of Trustees will be chosen from Great Britain and America, and the President will be Dr. E. W. Stephens, of Columbia, Missouri, President of the Instruction will be given in the English Bible, Southern Baptist Convention in 1905, 1906 and 1907. Church History, Homiletics and Systematic Theology. America, as well as the European Continent, will be benefited by this movement. Hordes of immigrants land in America daily, and unless they are given the gospel of Jesus Christ, they are a curse to our country. This college will aid greatly in solving this problem. This work should appeal to Baptists for Christ's sake, for Baptists' sake, and for humanity's sake. Money invested thus will draw compound interest through time and eternity. Genuine love for God and a real passion for souls can accomplish great things for Him. Dr. Vining says that one of the richest men in America said to him the other day, "The blight of God will be upon you Baptists if you do not take hold of this work." The world at large is taking note of the progress Baptists are making in Southern and Eastern Europe; it is looking on to see what Baptists more favored will do to help forward the work. The work must go on. The demands must be met. An answer must be given to God.

HOME MISSION FINANCES UP TO MARCH 1, 1911.

For a number of months, indeed, during the entire year since May, our Home Mission receipts have been behind those of the year previous. All along we have hoped it would be changed, but at the first of March, 1911, our receipts from regular sources were \$8,126.41 less than for the same period one year ago. This gives us increasing alarm. We should have received by March 1, 1911, at least, \$25,000 more than we received up to March 1, 1910.

AN INADEQUATE EXPLANATION.

Brethren have asked how much effect the closing of our books two days later last spring had upon our receipts for this year. In other words, how much money was collected by that postponement, which would not have been collected if we had closed our books April 30. The point being that such excess of contributions properly belongs to this year, and that our situation is not so bad as we think.

It is impossible to tell how much our receipts were increased by the delay; since as soon as brethren knew of the extended time, they at once began to retain the money until the last day. Our Treasurer doubts whether more than \$1,000 or \$2,000, at most, was received in excess of what the receipts would have been had we closed on April 30. At any rate, here we are, with our appropriations far beyond what they ever were and our receipts over \$8,000 less than they were. Thus putting us between thirty and forty thousand dollars heavier in debt than we were at this time one year ago. The brethren are kind in their effort to comfort us, but we beg they will cease this inadequate explanation and remember our peril, which is real and serious.

A POINT TO BE GUARDED.

In many places our brethren are stressing regular systematic weekly or monthly giving to missions. This is in every way desirable. We ought to have receipts every month by being regular in our contributions if the brethren hope to do away with our strenuous campaign during March and April, when four-fifths of our money has been raised.

But just here is a serious danger. Suppose a

church is accustomed to give \$1,200 to Home Missions and to give that during March and April, that church begins, we will say, regular weekly contributions Jan. 1, 1911, at the rate of \$100 per month. By the close of the Convention year, April 1, we would receive only \$400. Now, what about the \$800? None of it being paid during the preceding eight months. Here is a deficit of \$800. If one hundred churches should do likewise, it would mean a loss of \$80,000. A relative loss would come to us wherever any church fails to make up the deficit at the time she begins the regular weekly or monthly contributions.

The remedy? This: Let her make good the deficit, whilst she carries on the regular contributions. If a farmer owed a merchant \$800, December 1, and wants to begin with the cash system January 1, then he will have to pay the \$800 of debt inaugurated on the credit system. The regular weekly or monthly system cannot be inaugurated all at once, and we are doomed to the heaviest debt we have ever had, if at the close of our Convention year brethren start on the weekly or monthly plan of giving, and fail to bring up the arrears. This is a most serious matter, and I beg pastors, laymen, and our good women, everywhere, to come to our help. I rejoice every time I hear of regular, systematic giving to missions, but let us make up the arrearage.

Let us make good at this time and bring things even at the close of our Convention year, then be ready to start with the new year with renewed purpose to inaugurate the regular contributions.

Sincerely and fraternally,

B. D. GRAY.

DON'T FORGET THE DATE.

It is Sunday, March 26. It is Missionary Day in the Sunday Schools of our Southland. It ought to be observed in the highest and best way. This will be not only in the study of the lesson, but in the securing of the largest offering possible for Home and Foreign Missions.

I am making this special appeal to every superintendent, teacher, officer and worker in our Sunday Schools in Tennessee. Dr. Gray writes that the Home Mission Board is in great financial distress. I am writing this appeal in the hope that hundreds of our Sunday Schools will respond in the most liberal way at once to Home Missions. If you desire tracts and envelopes, they will be sent free either from the Home Mission Board, Atlanta, Ga., the State Mission Board, Nashville, Tenn., or by the writer. If every teacher will give a little time before the class at the close of the lesson Sunday morning, March 26, to speak of the good work done by our Home Mission Board, I feel sure that there will be a liberal response that will give great relief.

I could wish, if possible, to be in all the Sunday Schools of this State to speak a few words on behalf of the great work being accomplished through the Home Mission Board of the Southern Baptist Convention, but this is impossible.

This work should be dear to every Southern Baptist heart. The ten departments covered by the Home Mission Board should appeal to all. They are as follows:

Co-operative work in the State, which touches the weak churches,
The special work in cities,
The work among the negroes,
The mountain schools,
The foreigner,
The work in Cuba, including the Cuban in the States,
Church building,
The frontier work,
The Indian work, and the work among the deaf and dumb,
Evangelism.

Either one of which is worthy of what we are now giving to Home Missions. Let us make the most of the next month and a half in our churches and Sunday Schools for these great undertakings.

Yours in service,

W. C. GOLDEN.

Nashville, Tenn.

SIX MONTHS AT GRAND VIEW HEIGHTS.

Arriving on this field early last fall, we found a faithful little band worshipping in a small, rented house, having been for some time without a pastor. We went to work, and with the help of the Lord and these tried and true saints, obtained a choice lot and have erected a modern and substantial house of worship, containing fifteen roomy and well-lighted classrooms and auditorium, which will seat about 400; our intention is to enlarge our seating capacity when

it becomes necessary. We invite our friends to come and rejoice with us. Our work is moving forward.

Our recently-organized B. Y. P. U. has a membership of over 40, and is well attended. Our Sunday School has almost doubled its enrollment in all departments, the total number now being 225. No better corps of teachers can be found anywhere, and are under the wise and efficient leadership of Superintendent R. L. Wright. Our W. M. U. and Ladies' Aid are well organized and each are doing splendid work.

I held my own meeting in October, and have had 47 additions since I came. We are expecting even greater things in the near future. God has wonderfully blessed us, beyond our most sanguine expectations, but we are not satisfied and are pressing forward in the name of the Lord, with greater zeal and earnestness than ever before.

We are anticipating a great feast, both spiritually and mentally, in the near future, as our gifted Dr. E. E. Folk has consented to come and deliver his famous lecture, "The Land of the Lord." Mrs. Padfield will sing the "Holy City" and a cordial invitation is extended to all to be with us at that time. Remember the date, March 15.

J. H. PADFIELD.

BAPTIST MEN'S BANQUET.

Every man in the thirty-two Baptist churches in Concord Association is invited and urged to attend. Every pastor or preacher, every deacon, every clerk, every Sunday School Superintendent, every young man, every elderly man, every Baraca, every man, and that includes you, dear reader, if you are a Baptist and live in Concord Association. This is going to be a great occasion; no man can afford to miss it. To meet and touch elbows with 150 Baptist men will be worth ten times the trouble and cost. The Lord's work is worth while. Men every where are devoting time, energy and thought to religious activities. I know the men in Concord are not going to bring up the rear. We must continue to lead.

Our record last year was glorious; every church helped to make it. We want to make a greater record this year and appeal to our loyal brave men to rally now. This event is in order to rally us and get us more united for the Lord's work.

We propose to have a grand and glorious time and do much good at the same time. You can come, and I urge that you come. Don't let any thing interfere. Give the Lord a little time. You will never regret it. We have a great opportunity to set the pace for great things. Let no one lag behind. Good music by the college girls, good fellowship, good talks by some of our leading men in the State, good things for the inner man. You will not regret the time; the cost is one-half dollar to each man. We shall expect you.

Time—Wednesday, March 29, at 8 p. m.

Place—Tennessee College, Murfreesboro, Tenn.

Person—You, if you are a Baptist man in Concord Association.

Please consider this a personal invitation and write me at once to expect you. Fraternally,

J. HENRY BURNETT,

Chairman Executive Board.

Dr. Mullins states that one of the discoveries of the campaign for endowment of the Seminary was the country church. A large part of the subscriptions obtained was from churches that had never done a big thing in the way of giving before. All they needed was a right good chance.

We need to make this discovery in our mission work. There are very many of the hundreds of country churches in Tennessee that are ready to do a big thing if it is definitely put before them. These thoughts are suggested by a Home Mission collection taken up a few Sundays ago by our State Secretary at Liberty Baptist Church, five miles southwest of Covington, of which Rev. W. R. Farrow is pastor. Last year this church gave \$22.33 to the Home Mission cause. So far this year the amount is \$102.58. I believe there are many more that will do this thing if given a good opportunity, and I would like to hear from every one that tries it. It is so much easier to do a big thing than to do a little thing.

W. H. MAJOR,

State Vice-President Home Board.

Will some one of the readers of the BAPTIST AND REFLECTOR give me the meaning of Rev. 13:18, and 15:2, and Rev. 21:17. I am very much interested in those passages of scripture.

SUNDAY SCHOOL RALLY DAY, MARCH 26.

Following the custom of the past three years the Sunday School Board of the Southern Baptist Convention has provided a missionary lesson in our Sunday School quarterlies for the last Sunday in March. The Superintendent's Quarterly and the Teacher offer suitable programs for the exercises of this day.

DR. B. D. GRAY.

Looking towards its observance, Dr. B. D. Gray in the Teacher, has said: "The time has come for collections for Home and Foreign Missions in the Sunday Schools. We ought to enlist our entire Sunday School force in this blessed work." "If we can get at it seriously and make a real offering, a genuine sacrifice, it will be possible to raise \$100,000 from the Sunday Schools alone during March! Let every class make an offering, every pupil bring a gift. Let the teachers and the superintendent plan beforehand. Then let prayer be made for liberality on the part of all."

Shall not the Sunday Schools of Tennessee come up into this movement with a great Rally Day on the last Sunday in March—or as soon thereafter as possible—with every member bringing a silver offering unto the Lord to be used in the work of the Home and Foreign Mission Boards?

BROTHER W. D. HUDGINS.

With this suggestion before him, Brother W. D. Hudgins sends out the following message to the Baptist Sunday Schools of our State:

"As your State Superintendent, I am anxious that our schools observe the Rally Day for Home and Foreign Missions, which is the last Sunday in March. Let me urge that every school in the State make this a great day for Missions by following the program outlined in the Teacher quarterly for March, and by giving a silver offering

for Home and Foreign Missions. This day can be made a rally for the schools, as well as for Missions. Advertise the meeting well, and have a place in your school for all who come, and hold them for the school, as well as to give to Missions. Give place on your program for some practical talks from your best workers. Equip them with maps, charts, etc., and let them give practical drills, pointing out our mission points in the different fields, and show to our people in a practical way what we are doing. When our people know, they are willing to do; when they see the need, they are willing to give."

DR. C. B. WALLER.

As to the worth of such a rally day, Dr. C. B. Waller, of Knoxville, writes: "The question is often raised, do rally days in our Sunday Schools pay? From an experience of some years as pastor of a church with a large Sunday School, I want to answer in the affirmative. However, much depends upon the object for which the 'rally day' has been set. If it be merely the herding together of a big crowd of folks on one Sunday, it loses much of its possible results. If, on the other hand, the permanent building of the Sunday School, the strengthening of the church, getting in new material, deepening the mission spirit, etc., be the end in view, the rally day is unlimited in its possibilities. Perhaps the most effectual rally day is either for evangelistic or missionary purposes—to lead new people to a personal decision for Christ, or to lead all the people to a deeper missionary spirit and fervor. As we are now approaching the annual Home and Foreign Mission crises in Mission giving, I know of no better plan for the Sunday Schools of the State than to arrange for a mission rally day—work both ends of the rope—get a large crowd of people together; then have a spicy, juicy, fervent missionary program and round up with a great foreign and home mission collection. You then have a definite end in view—folks rally for something, not simply for show. They go away with a conviction, not simply a sensation. They will return again, besides you have gotten in your best effort in the direction of raising missionary monies."

DR. WM. LUNSFORD.

What Dr. Wm. Lunsford, of Nashville, has to say on this subject is thoroughly to the point. He says:

"Its value lies in the fact that it trains the children in giving to the most important object that can possibly engage the attention and interest of the Christian. Besides it gives many of our boys and girls who are church-members already, the only opportunity they have during the year to give to missions, for the reason that they seldom attend the preaching service. This may be a humiliating admission, but it is nevertheless a universal fact."

DR. R. M. INLOW.

Dr. R. M. Inlow, of Nashville, sends a rallying call to our churches in his words:

"I am in the heartiest accord with your effort to lay the work of missions upon the hearts of our Sunday School forces. It is entirely commendable, and if properly managed, great good will come to the cause of missions. A splendid sum can be gotten together for this sacred work by the united efforts of the people of God."

DR. A. U. BOONE.

The closing note of this message to the Sunday Schools of Tennessee comes in the words of Dr. A. U.

LET US SHIP THIS FINE STEEL RANGE TO YOU ON APPROVAL

Send us only one dollar as a guarantee of good faith and we will ship this SIX HOLE STEEL RANGE to you on approval. On its arrival at your freight station examine it carefully, and if you are entirely satisfied that it is the best value you ever saw, pay your agent the balance, \$22.00. Then try it for 60 days in your home and return it at our expense any time within that period if not entirely satisfactory, and your money and freight charges will be promptly refunded. Is not this the fairest offer you ever heard?

\$45 Range For Only \$23

This range is extra strong and is as good as any range being sold in your county to-day for \$45.00. It has an ample porcelain lined reservoir, large warming closet, two tea brackets, asbestos lined and will burn either coal or wood. It is beautifully nicked and an ornament in the kitchen. Size 8-16, oven 16 x 20 x 13 1/4 inches, top 45 x 28 ins. Height 29 ins., weight 375 lbs. Larger sizes cost: 8-18, \$23; 8-20, \$27. Boone, of Memphis:

"This movement will call attention to the great work undertaken by our two great Missionary Boards. Our active people ought to know something of our large purposes. This will afford a splendid method of practical advertising."

"The movement will call for the prayers of all our people in behalf of the work. Surely there must be more praying in the mission work. Long ago we should have known this better and practiced it more devoutly. This movement if it moves, will bring thousands of dollars into the Mission Boards. It is needed. It is needed NOW."

DR. R. J. WILLINGHAM.

To this Dr. R. J. Willingham adds: "I hope that you can enlist every one in this great work. It is a cause which our Heavenly Father has given to us. Those who love Him should rejoice in taking part in it."

RHEUMATISM

A CURE GIVEN BY ONE WHO HAD IT

In the Spring of 1893 I was attacked by muscular and inflammatory rheumatism. I suffered as those who have it know, for over three years, and tried almost everything. Finally I found a remedy that cured me completely and it has not returned. I have given it to a number who were terribly afflicted, and it effected a cure in every case. Anyone desiring to give this precious remedy a trial, I will send it free. Address, Mark H. Jackson, No. 756 Ames Street, Syracuse, N. Y. Mr. Jackson is responsible. Above statement true—Feb.

OUR HANDS ARE CLEAN.

You have seen our ads appearing in this paper every week for four months. We have interested your people. You must close the sale for us. It only takes a few minutes of your time to explain our plan to interested people.

Every Churchman must entertain this offer. It has dignity, merit and character. Brothers of the cloth, we have a hundred inquiries from members of your congregation, answering our ad which we will give you. We pay liberal commissions. Should you be unable to take an active part write us and we will tell you another way to make money.

With each ten contracts purchased, one delegated representative visits the land at our expense and only when he reports favorably is the first money paid. Drop us a line and learn how you can make money.

CENTRAL COMMITTEE NOTES.

By Mrs. W. C. GOLDEN.

Despite the very threatening weath-
er of March 7, the Assembly Room of
the Sunday School Board was well
filled with representatives from nearly
every Baptist church in the city to at-
tend the regular monthly meeting of
the W. M. U. Executive Board.

We missed our Secretary, Mrs. B.
H. Allen, who was unable to come, and
our former Chairman of Literature,
Mrs. J. C. Johnson, who so recently re-
signed. Loving mention was made of
Mrs. Johnson, who has served us so
well and so faithfully for a number of
years. Her promptness and accuracy,
not only in filling the daily orders, but
in getting out the special literature,
have always been a marvel to us. We
gratefully acknowledge this loving and
efficient service, and regret for her to
lay down this work.

In future all literature will be sent
out from our Headquarters at 710
Church Street. Not only will the free
literature be supplied, but an excellent
assortment of paid tracts is on hand
subject to your orders. Subscriptions
will be received for the *Home Field*,
the *Foreign Mission Journal*, the *BAP-
TIST AND REFLECTOR*, and *Our Mission
Fields*. In fact, all your wants for
missionary material may be satisfied
from this office. Miss Mary Northing-
ton will take pleasure in serving you
in every way possible. When she is
away from the office, arrangements
have been made for all mail orders to
be promptly filled, so there will be no
delay. The office is for your conven-
ience. Do not hesitate to use it.

Our Treasurer stated that some con-
fusion arises from the Societies fail-
ing to send offerings for the Margaret
Home and Training School to our
State Convention Treasurer, W. M.
Woodcock, Nashville, Tenn. Some send
their gifts direct to Baltimore, and in
this way it is hard to keep up with
them. We have a rule in Tennessee,
which, when conformed to, insures
uniformity in this regard. All mission
money, for every purpose, should be
sent to W. M. Woodcock. Our mis-
sionary societies report their gifts to
our W. M. U. Treasurer, Mrs. J. T. Alt-
man. This is simple and easy to re-
member. All money goes to Brother

Woodcock, and reports to Mrs. Alt-
man.

Questions came from various sources
about what to do with the Jubilee of-
fering for Foreign Missions. This
comes under the general rule, and like
everything else, should be sent to Bro.
Woodcock. In sending it, be sure to
designate it for the Jubilee Offering,
and then report it to Mrs. Altman. We
very much hope that this offering will
go to \$5,000 in order that the much-
needed mission schools may be built.
Pledges and gifts to the amount of
\$3,000 have already been received.
Let all help.

We very much hope that Home Mis-
sions has been greatly emphasized
during the Week of Prayer, through
which we have just passed. We are
now considerably behind our gifts of
last year, while our aim for the pres-
ent year is much larger. This should
arouse every loyal Baptist woman to
her very best efforts. It is not nec-
essary just now to present the facts
about our Home Mission work to em-
phasize its need, but it is the time for
united and uplifting prayer in its be-
half. The need is here. The money
to supply it is in our possession. Let
us give it, and get others to join us,
and let us do what God would have
us do for Home Missions right now.

The committee to nominate a Secre-
tary for our Y. W. A. work recom-
mended Miss Addie Lawrence, of
Nashville. It is with much pleasure
that we welcome Miss Lawrence to
her new work, and to a place in our
Executive Board. She is well qual-
ified in every way for this position. She
has been personally known to the writ-
er from her childhood, and we bespeak
for her a cordial welcome from all
W. M. U. workers.

A unique meeting is being planned
for March 21 in Chattanooga, which
promises large results. This is to be
a Jubilee Meeting, similar to the one
recently held in Nashville, but without
the distinguished speakers that are
making these original Jubilee meet-
ings such a power. The Chattanooga
meeting is to be interdenominational,
and some of the Nashville ladies who
were so prominent in this Jubilee will
be in Chattanooga. Their presence, in
addition to their own leaders, insures
a successful meeting. Our President,
Mrs. A. J. Wheeler, will go to conduct
the denominational rally. The offering
will be applied to the school buildings,
which we hope will amount to at least
\$2,000. This with the \$3,000 from the
Nashville meeting will give us the
\$5,000 we had hoped for from the
State. Let other cities and towns ar-
range for a Jubilee meeting. Large
results will be sure to follow.

Loving sympathy is extended to our
Sunbeam Leader, Miss Sallie Fox, in
the recent death of her brother.

The resignation of Mrs. R. B. Walker
as Superintendent for Central Asso-
ciation was regretfully received.

It is not too early to be thinking
about our Southern Baptist Con-
vention and W. M. U. Annual meeting,
to be held in Jacksonville, Fla., in May.
The Executive Board will greatly ap-
preciate it if the ladies who have al-
ready decided to go will send in their
names. It will be necessary to elect
our representatives at the April meet-
ing. Send in names at once.

We give below a portion of a letter
being sent out by Rev. W. H. Major,
of Covington, Vice-President of the

Home Board for Tennessee. We feel
that these burning words of appeal
should be read by every Baptist wom-
an in the State, and take this oppor-
tunity to give you this privilege.

Covington, Tenn., March 1, 1911.

My Dear Missionary Co-Worker:

They tell me two things about such
letters as this: One is that they are
not read and the other is that they
have no influence. I do not believe
either of these, because I am sure you
are too much interested in the Lord's
work not to read one page on a *great
subject*, and I do not believe the sec-
ond because women's hearts have ever
been tender to the appeal of need and
truth.

There are vital reasons why we need
to emphasize Home Missions right
now. You know about the great new
field we are entering this year—New
Mexico—a field which will call for
many thousands of dollars, but prom-
ises as marvelous returns in the end
as Texas. Then there are special calls
being made from Panama, the Isle of
Pines and Cuba, while the multiform
demands from cities, mountain schools,
the frontier and the various other
phases of the work in our Southland
form an appeal that no tongue can
voice.

At the same time the many calls
from the home church and special ob-
jects are apt to make us forget that
this regular work must go on or calam-
ity will result. What we do this year
depends both upon the littles and the
large. You ladies have a way of mak-
ing the littles large by getting many
of them.

In this Jubilee year of the Woman's
Mission Work, the Home Board is de-
pending on the women of the South,
because in both sacred and patriotic
warfare you have found no sacrifice
too great. The past history of the work
done by the Societies for this cause
has been glorious. Shall we not make
this the most glorious year of all? I
assure you that the need is very press-
ing.

Yours in His name,

WM. H. MAJOR.

THE FAMINE IN CHINA.

It is stated that floods over immense areas in China have driven people from their homes and destroyed the prospects of a crop, causing a famine from which many are perishing. In Anhwei alone the sufferers are numbered by the million, and it is declared that in a single magistracy 175,000 will die if relief does not come speedily. The spring months are the worst of all, for the surplus stock of food is exhausted and there can be no new harvest before the middle of June. Hundreds of thousands are wasting away and dying on famine-diet of roots, sweet-potato vines and turnip tops. Dwellings have been demolished and the timbers sold to buy food.

Mr. Wade D. Bostick, of Pochow, in North Anhwei, writes that

men were working at starvation wages, and that able-bodied youths were trampling the snow-covered roads barefoot in search of food. He concludes: "But the most pitiful of all to me is the way the people are having to do about their children. It is a common thing now to see a wheelbarrow or some article of domestic use on the street, with a straw stuck up on it. This straw is the Chinese way of announcing that the article is for sale. Now there are children to be seen on the streets with this same sign attached to them. What is more pitiful than what was seen a few days ago, a child in the parent's arms with a straw stuck up on it, and one following with the same sign attached to it? Two nights ago a child was buried to its neck on a wagon load of manure. It was found and kept through the night, then sold for one catty (21 ounces) of bread. I do trust liberal help may be forthcoming."

Brother Bostick also says:

I found a fifteen-year-old boy just outside of

my gate, having crouched there all night when the temperature was ten degrees below freezing. I inquired about him and found that his father, mother and whole family had perished and that he had been out six days begging without anything to eat. He was in the poorest of rags. I found him a boy of good manners and was willing to carry dirt. But when he got up it was shown that his feet had frozen and his toes already in a rotten condition. Again, when the temperature was below freezing I saw a half-grown boy on the street, stark barefooted, crying like a babe with cold and hunger. I am not telling isolated cases, there are just such as I have told above to be found by the thousands. One dollar in American money would save the life of a hungry person for the next few months, till wheat is gathered, when they will then be able to get along.

Contributions may be sent to Dr. R. J. Willingham, Corresponding Secretary of the Foreign Mission Board, Richmond, Va. They should be distinctly marked for the Famine Fund. They will not take the place of contributions for missions.

INFANT MEMBERSHIP.

We take the following from the *Christian Advocate*, of this city:

From a denominational paper, which carries on its front page the motto, "Speaking the Truth in Love," we find this surprising statement in the editor's comment on the church statistics for 1910: "The Catholics count everybody—men, women, children, babies, saloon keepers, gamblers, all the Catholic population. The Methodists do not count saloon keepers and gamblers, but they do count children and babies." We speak of the foregoing statement as a surprising one, because we know that the editor of that paper is one of the leaders of his denomination in the South, a man well informed and presumably abreast with the modern-day movements in Church and State. Men well informed concerning some things can be woefully ignorant as regards other matters, and only on that ground can we explain the statement quoted. And yet that brother's ignorance is inexcusable, for if he has not read the oft-repeated denials of statements such as this he gives his readers, he has not used well his opportunities as the editor of a church paper.

We suppose the above was intended for us. In reply we may say: It has long been a disputed question as to whether Methodists count baptized infants in their membership or not. We should like to ask the editor of the *Advocate* some questions: Does not the Methodist Discipline provide that in the baptism of an infant the minister shall say, "I beseech you to call upon God the Father, through our Lord Jesus Christ, that of his bounteous mercy he will grant to this child that which by nature he cannot have; that he may be baptized with water and the Holy Ghost, and received into Christ's holy church, and be made a lively member of the same?" What does that mean if it does not mean that infants are members of the church? And if they are members of the church, why should they not be counted as such? If infants do not become members of the church at baptism, when do they become members of it? If they do not become members of the church at baptism, what is the purpose of infant baptism?

"BAPTISTS THE LARGEST PROTESTANT BODY."

There seems to be some confusion in the statistics with reference to religious bodies in this country. We published last week what we understood was a statement by Dr. H. K. Carroll, showing that there are more Methodists than Baptists in the country. Now comes the *Watchman* in an editorial headed, "Baptists the Largest Protestant Body," in which it says:

When the full statistics of religious bodies in the United States according to the census of 1900 were published about two years ago, the *Watchman* calculated that, from the rates of increase between 1890 and 1900, the census of 1910 would

show that the Baptists are the largest Protestant body in the United States. The figures of religious bodies according to the census of 1910 will not be available for several years. But Dr. H. K. Carroll of the Methodist Missionary Society, and formerly superintendent of the religious bodies department of the United States Census, has published his annual statistics for 1910, which confirm the calculations of the *Watchman*. According to Dr. Carroll, the Baptists, North, South and Negro, now number 5,454,873, and the Methodists, North, South and Negro, 5,253,529, an excess for the Baptists of 201,344.

Now we hope these figures are correct. One thing at least seems to be true, that the Baptists are growing faster than the Methodists; and if there are not more Baptists now than Methodists there soon will be. This is a Baptist country. The fundamental American principles of individualism, congregationalism, religious liberty, separation of church and State, are fundamental Baptist principles.

THE MISSION LESSON.

We call attention to the mission lesson in the Sunday Schools for the last Sunday in March. The Sunday School Board has for several years substituted this missionary lesson for the lesson for this particular Sunday, and made of it a day for missions in the Sunday School, with special reference to the Home and Foreign Boards. The day has been selected at a time when interest in these matters is uppermost. All the Quarterlies and the Teacher of the Sunday School Board will have no other lesson for this particular day save the missionary lesson, so that the schools will be shut up to the study of this lesson on that day, if they take the periodicals of the Southern Baptist Convention. In addition to this the Teacher for March is a missionary issue throughout. All its articles are about certain phases of missionary activity. It also contains the full program for this missionary day. All that a Sunday School needs to observe the day is to be reminded of it in time to make preparation. There is no need to send for any further literature, for the material is all in the hands of the teachers and officers without sending for anything—that is, if they have been wise enough, as they ought to have been, to use the Convention Teacher. The Sunday School Board is entirely unselfish in arranging for this day and the only desire is to see the Home and Foreign Boards receive a large sum of money as the result of it. We hope that the Missionary Lesson will be generally studied.

RALLY DAY.

We call special attention to the article on page 6 by Rev. C. D. Graves, of Clarksville, in which there are embodied articles by a number of pastors in the State with reference to the Missionary Rally Day to be held on March 26. We call attention also to the communications on the same subject by Secretary Gillon and Dr. Golden. We hope it will be generally observed by Sunday Schools all over the State. In another editorial we have spoken of the literature prepared for that day by the Sunday School Board. This day will give a fine opportunity to impress upon the pupils of the Sunday Schools the missionary spirit, especially as it relates to Home and Foreign Missions. Brother Graves estimates that in October, 1910, there were enrolled in the Baptist Sunday Schools of Tennessee over 86,000 members, and that there ought to be an attendance on the last Sunday in March of at least 60,000. An average of ten cents from each member of the Sunday School would bring \$6,000 for Home and Foreign Missions.

LIBERALISM.

The *Pacific Baptist* says:

Liberal preachers may get into the newspapers, secular and religious; they may catch the ears of the trustees of universities and even theological seminaries, but they do not appeal to the uncon-

verted. Churches in New England, that twenty years ago were strong, are in a state of dry rot, not for lack of population to draw from, not for lack of financial resources. The buildings are good, the music is expensive and artistic, but the congregations are pitifully small. Possibly enough of the old guard to make a decent morning audience, but at night a mere handful, or—what is more common—there is no evening service. The sons and daughters of godly parents are in the world. Liberalism, when it has the common honesty to sail under its own colors—Universalism or Unitarianism—makes no growth. When it attempts to sail under the name Baptist or Methodist it fares no better. You can't fool an unconverted man as to what the real gospel is.

This is quite pointed, and as true as it is pointed. Jesus said, "And I, when I am lifted up, will draw all men unto me." The cross has never lost its drawing power, and, as a matter of fact, it has the greatest drawing power of anything in the world.

Recent Events

Dr. H. W. Virgin has just returned from Nevada, Mo., where he assisted Pastor E. F. Wright in a meeting. There were 55 conversions.

Will some one please give us the present address of Rev. J. G. Pulliam, recently pastor at Athens, Tenn.? We are anxious to get in communication with him.

The program of the Middle Tennessee Baptist Sunday School Convention, to be held with Mulberry Baptist Church, April 11-13, will be published next week.

Dr. John E. White, pastor of the Second Baptist Church, Atlanta, Ga., has just recovered from a severe spell of pneumonia. He spent a month in Miami, Fla.

Rev. W. E. Hunter, of Princeton, Ky., and Miss Marguerite Leftwich, of Aberdeen, Miss., were married on March 1. We extend cordial congratulations, with best wishes.

Dr. R. G. Bowers has been unanimously elected President of Ouachita College to succeed Dr. Hartzog, who recently resigned. Dr. Bowers is the present Financial Secretary of the College.

Prof. J. A. Baber, formerly of Tennessee, now of Lincoln, Neb., had a fine article in a recent issue of the *Standard* of Chicago, headed, "What I Would Do if I were a Layman." We have clipped the article and shall publish it, if we can find the space.

Rev. James T. McGlothlin, pastor of the Baptist Church at Franklin, Ky., has been assisted in a great meeting by Dr. A. Paul Bagby, of Glasgow. There were 20 additions and more than that number of conversions. The majority of the converts were adults.

Rev. F. B. Meyer, of London, is planning to give a week to Chicago, under the auspices of the Moody Bible Institute, beginning June 4. Special meetings will be arranged for ministers, and in the same connection a conference on open-air work for the summer months will be held.

Rev. Albert R. Bond and wife were in Clarksville last week, having come for the purpose of burying Mrs. Bond's mother, Mrs. Pugh. They expect to go to Florida shortly for a rest of a month or so on the East Coast. We extend sympathy to Mrs. Bond in her deep sorrow.

The South Knoxville Baptist Church extends a hearty and unanimous call to Rev. W. J. Bolln, D.D., pastor of the First Baptist Church at Mt. Sterling, Ky. Dr. Bolln occupied the pulpit Sunday morning and evening, and it was at the conclusion of the evening service that the call was extended. It is believed that he will accept the call.

Rev. Clyde Bailey has accepted the pastorate of the churches at Manchester, Estill Springs, Decherd, and Cowan. He preached his first sermon on March 5, and was assisted by Rev. George Lord, of Winchester, in the dedication of the church at Cowan. We are glad to know that the health of Brother Bailey has been restored sufficiently to allow him to re-enter the pastorate, and we are delighted to have him remain in Tennessee.

Dr. Fred D. Hale, of Dallas, Texas, recently assisted Dr. O. L. Halley in a meeting at Corsicana, which resulted in 24 additions to the church, 19 by baptism, with others to follow. Speaking of the meeting, Dr. Halley said: "But the greatest work was done in building up our people. Hale is a master man in the scriptures. Things look good over here."

Rev. T. J. Eastes is now at the bedside of his mother, Mrs. James, who is quite ill at the home of her son, W. B. Eastes, near Shop Spring. She is now in the 97th year of her age and the 79th year of her Christian life, and of her life as a member of the Baptist Church. We hope that she may be spared to reach her hundredth anniversary, at any rate.

Rev. W. D. Turnley, of DeFuniak Springs, Fla., passed through Nashville last week on his return from upper Kentucky, where he had been spending a short while. He stopped by Clarksville to see his parents and family. We are glad to know of the good work which Brother Turnley is doing in Florida. We shall hope to have him back in Tennessee some time.

We met Rev. W. E. Springer, of Cottonwood Point, Mo., on the train a short while ago. He had been compelled to give up his work at Cottonwood Point, at least for awhile, on account of ill health, and was returning to his old home in Covington. He expects to go out West for a short stay, which he hopes will have the effect of completely restoring him to health, as we trust it may.

Rev. John T. Oakley passed through the city last Tuesday on his return from Commerce, in Smith County, where he had been to attend the funeral of Rev. L. D. Smith, the father of Sister Oakley. Bro. Smith was 76 years of age. He had been an ordained minister since 1871. He was quiet and unassuming, but a noble, true, consecrated man of God. We tender sympathy to the bereaved family.

Vol. 1, No. 1, of the *Ridgely Gazette* comes to our office. Bro. L. D. Summers, of Curyear, is the editor. Preaching regularly every Sunday to churches of which he is pastor, holding frequent meetings, and running a newspaper, we imagine Brother Summers is kept pretty busy. The *Gazette* is an interesting weekly paper, and if supported, as we presume it will be, it will be worth a great deal to Ridgely and to Lake County.

The fourteenth anniversary of Dr. W. B. Riley as pastor of the First Baptist church, Minneapolis, Minnesota, has been observed. In the fourteen years there were 2,207 additions to the church, with a net increase of 941. The present membership is 1,524. The amount raised by the church last year was \$55,000, \$30,000 of which went to the church and the remainder to the Northwestern Bible and Missionary Training School. Dr. Riley has done a noble work in Minneapolis, at which his friends are very much gratified.

"The Inman Street Baptist Church, Cleveland, Ohio, of which Sam P. White is pastor, has recently made some material advancement. A pastorium worth \$3,500 has been recently purchased; a teacher-training class, with 32 enrolled, is making splendid progress in the Normal Manual, and then last week the church pledged over \$600 to Foreign Missions. This gives them a preacher for China, which is more than double anything done before for all benevolence."—*Baptist World*. This is all true, except that Rev. Sam P. White is pastor of the Inman Street Baptist Church, Cleveland, Tenn., instead of Cleveland, Ohio.

As Superintendent of the Monteagle Sunday school Assembly, Dr. Allen G. Hall has appointed Dr. Byron H. DeMent, who occupies the Chair of Sunday School Pedagogy in the Southern Baptist Theological Seminary at Louisville, Director of the Monteagle Sunday School and Bible Institute for the coming Assembly season, July-August, 1911. The Institute will be held for eight days, beginning on Sunday, August 13, and closing on Sunday, August 20. The appointment of Dr. DeMent is quite a compliment to the Baptists. It also insures efficient service at the Institute.

Rev. Spurgeon Wingo requests us to change the address of his paper from Dalhart, Tex., to Hickman, Ky. As has been previously announced, he has accepted the care of the church at Hickman, and began his work there March 5. Brother Wingo says, "I shall wish the BAPTIST AND REFLECTOR to make its

weekly visits, even though I shall be located in Kentucky. In fact, my wife and I could not get along without the BAPTIST AND REFLECTOR." We are glad to know that Brother Wingo is to be located so near Tennessee, if he is not to be in the State. We wish him the most abundant success at Hickman.

The Grand Lodge of Masons held a meeting in the city last week. They have been accustomed to meeting the last week in January, but the date was postponed this year in order that the new Masonic Temple might be ready for dedication during the meeting. Among the Masons were a number of Baptists from all over the State. Rev. W. T. Ussery, of Columbia, and Rev. J. M. Walters, of White Pine, both gave us pleasant calls. Brother Ussery is 75 years young. He still loves to preach and write the old gospel. Brother Walters is pastor of several churches around White Pine. For a number of years he has been the efficient clerk of the Nolachucky Association.

ATTENTION! LAYMEN.

Shall we not make ourselves felt during these closing weeks of the Conventional year in the campaign to reach the million dollar goal for Home and Foreign Missions? We can give more generously ourselves, we can stimulate other laymen by private solicitation and by public appeals before the churches. This is the supreme hour for the Laymen's Movement to show its hand.

Every morning let us pray God's blessing upon the work and the workers. Organize and push mission campaigns in all the Associations; don't fall below the apportionment for your Association.

J. T. HENDERSON,
General Secretary.

SPECIAL CALL FOR MINUTES.

It is very important that we have in the State Mission Rooms, copies of the following minutes:

West Union,
Liberty-Ducktown,
Tennessee Valley,
Stockton's Valley,
New River,
Northern,
Hiwassee,
Enon.

I wish some brother would send these in at once. Any brother who sees this notice will confer a great favor, if without waiting for somebody else to do it, he will send a copy of these minutes.

Corresponding Secretary.

TENNESSEE COLLEGE VISITS NASHVILLE.

It was a merry crowd of 154 strong that wended its way to the Murfreesboro depot Wednesday morning, March 8. All the public conveyances in town were called into service, and after these were filled to overflowing, the braver ones set out on foot. Special coaches were reserved for them at the station. Murfreesboro, wondering at first at so many early birds, sank back to its morning's rest at the information that it was Tennessee College going to Nashville. The train pulled out at 7:05 with the green and white, the college colors floating in the morning's breeze. Mr. Walter Hale, who had, according to the version of Tennessee College, so miraculously arranged the business matters of the trip and who together with Mr. C. H. Byrn (the good genius of T. C.), was the originator of the whole outing, was there with the rest enjoying himself as heartily as the merriest of them all. Arriving in Nashville at 8:15 the party boarded special street cars and made a tour of the city, visiting many places of interest.

The morning crowded full of pleasure, interest and fun, wound up with a splendid course dinner at the Hermitage Hotel, where the Baptist pastors were the invited guests of the College. From here the College went to the Capitol building and had pictures taken on the Capitol steps. After going through the building the students were conducted to the beautiful new home of the Masons of the State, where the dedicatory services were to be held. This was in honor of Mr. C. H. Byrn, who as Grand Master of the Lodge, conducted the services. The Tennessee College girls took part in the program. This over, the host from Tennessee College, who, as one of the students expressed it, was just "happily and comfortably tired," came back to its own college walks, and a very warm feeling for Mr. Walter Hale and Mr. C. H. Byrn was in the heart of each.

LIFE'S COMMON THINGS.

The things of every day are all so sweet,
The morning meadows wet with dew;
The dance of daisies in the noon, the blue
Of far-off hills where twilight shadows lie,
The night with all its tender mystery of sound
And silence, and God's starry sky.
O life—the whole of life—is far too fleet,
The things of every day are all so sweet.

The common things of life are all so dear,
The waking in the warm half-gloom
To find again the old familiar room.
The scents and sights and sounds that never tire,
The homely work, the plans, the lilt of baby's laugh,
The crackle of the open fire,
The waiting, then the footsteps coming near,
The opening door, the handclasp and the kiss,
Is heaven not, after all, the now and here?
The common things of life are all so dear.

STEPS FOR YOUNG PEOPLE.

Young people! So much is embodied in that word, young. To be young is to be happy and gay and care-free. Little children, boys and girls, young women, "standing with reluctant feet, where the brook and river meet." Young men, brave-hearted and strong, all seeing life through rose-colored glasses, with high hopes, ambitions and ideals, these are the young. Hope? It is the very mainspring of a life, the bright, alluring star that leads you on and teaches patience. Paul says: "But if we hope for that we see not, then do we with patience wait for it."

Ambition? The longing to realize your hopes and reach your high ideal. "The ideal is the shaping of the energies, not the idle imagination." Too often we think of idealism as but useless dreaming; it ought to be a dynamo of power. For the young the highest and purest ideal is to be found in the divine personality of the Christ, and through this one absolute standard can you test all your lower ideals and know them for what they really are. The magnet is an attractive force that will draw to itself spikes, the spikes will draw nails, and the nails tacks, so the Christ ideal gives transforming power to every lower ideal that has the least of the divine in it, and you are drawn nearer and nearer to your perfect ideal. Jesus said, "And I, if I be lifted up from the earth, will draw all men unto me." How can young people attain to this high ideal? The first step is, "Honor thy father and mother," and it is a step with a great promise, "that thy days may be long in the land which the Lord thy God giveth thee."

Another first step is, "Remember now thy Creator in the days of thy youth," and "seek ye first the kingdom of God and His righteousness," with such a deep and far-reaching promise that it would pay you literally to observe it; "and all these things shall be added unto you," meaning your food and drink, and what you shall wear.

Again, "Remember the Sabbath Day to keep it holy." This is a command with a rich reward found in Isaiah

58:14: "Then shalt thou delight thyself in the Lord; and I will cause thee to ride upon the high places of the earth, and feed thee with the heritage of Jacob thy father: for the mouth of the Lord hath spoken it." And another step, and by no means the least, is to give, form the habit of giving when you are little children, by giving your pennies, boys and girls, your nickels, young men and women, as you have it. The King's business requires money to carry it on; the King's business requires haste and there are many and grievous delays for the need of money. This is also a step with a reward. It pays to give, not only in the world to come, but here and now. "Give, and it shall be given unto you; good measure, pressed down and shaken together, and running over, shall men give into your bosom."

And above all, and through all, have charity, which is love, the charity that will bestow all your goods to feed the poor, the charity that suffereth long and is kind, the charity that thinketh no evil, the charity that rejoiceth in the truth, for charity will cover a multitude of sins.

And now it seems to me the most important of all is prayer. It is the Christian's real life, and Jesus himself says: "All things whatsoever ye shall ask believing, ye shall receive;" "Be ye therefore sober and watch unto prayer."

Young people, you should not take these steps and obey these commandments merely for the sake of the rewards in each, but let the love of Christ constrain you. At the end, having kept your ideal, the Christ, steadily before you, you can say with Paul, "I have fought a good fight, I have finished my course, I have kept the faith;" and as you lie down to die will not go as "the galley slave, at night, scourged to his dungeon, but wrap the drapery of your couch about you and lie down to pleasant dreams," knowing that over there you will be satisfied when you awake in His likeness.

"Life is real, life is earnest,
And the grave is not its goal,
Dust thou art, to dust returnest
Was not spoken of the soul.

Not enjoyment and not sorrow,
Is our destined end or way,
But to live that each tomorrow
Finds us further than today.

Let us then be up and doing,
With a heart for any fate,
Still achieving, still pursuing,
Learn to labor and to wait."

FERTILIZING WITH COTTON SEED MEAL.

By Dr. A. M. SOULE.

Cotton seed meal provides a most desirable form of organic nitrogen for farm and garden crops. The nitrogen in the meal is not in as quickly available form as in some other materials, but it is a decided advantage to supply a part of this essential element from sources which will insure its becoming available for the sustenance of the plant through a rather long growing period. When nitrogen is supplied from cotton seed meal, it is not so liable to be lost from leaching as if secured from other sources, and this, of course, is a matter of great importance to the farmers. Organic nitrogen is relatively more expensive than that secured in strictly mineral forms, but for the reason mentioned, and others which might be advanced, one can often afford to pay a little more for it in this form. High-grade cotton seed

meal happens to provide organic nitrogen in one of the cheapest and most desirable forms. It has the advantage of being easy to mix with other materials so that it may be applied uniformly, and it does not absorb moisture from the air and render the fertilizer hard and lumpy or difficult to distribute by means of a fertilizer drill. Cotton seed meal may also be mixed with the other fertilizing elements and buried in the ground ten days or two weeks before planting the crop without danger of any material loss of nitrogen through too rapid fermentation or leaching. This is a great advantage since it is often desirable, for instance, to bed up cotton and to prepare corn land and apply the fertilizer a few days before planting.

As to the amount of cotton seed meal to use, that will depend on the crop, the soil, and the grade of fertilizer. It is desirable to use under a given set of conditions. Since the meal only carries from six to seven per cent of nitrogen, one cannot make a fertilizer as high in this element as may sometimes be desirable, but this need never preclude its use, because an application of nitrate of soda in the form of a top dressing will enable the crop to receive the additional nitrogen need-

ed at the time when it can utilize it to the best advantage and when there is no danger of its being lost through washing and leaching. The cotton seed meal in the meantime has been put in the soil where it will become relatively slowly available and will tend to supply the needs of the crop with nitrogen through a comparatively long growing season.

Cotton seed meal also has the advantage of carrying from 2 to 2.5 per cent of phosphoric acid and from 1 to 1.5 per cent of potash. It is not a complete fertilizer in the sense of being balanced in the essential elements it provides for crop nutrition, but it can be easily improved through the use of acid phosphate and muriate of potash. It has the great advantage of mixing with these material without the slightest injury since no objectionable chemical reactions occur.

Mission topic for March, "Foreigners and the Frontier."

CORRESPONDENCE.

We are looking for a Jubilee meeting in Chattanooga on March 20 and 21, and I suppose I was thinking so much about that last week that I forgot to put in my acknowledgments for the second week in March. They will look better anyway, put with those of today, as I am glad to tell you we have waked up again. This is a very good week if we may judge by the offerings sent in. I hope you are studying too, about the "Foreigners and the Frontier," also. There is much food for thought for both young and old, as to what the United States is going to do with them.

We shall have some interesting object lessons at our Jubilee meetings. We have a bright young Chinaman at school here who speaks good English, and will tell us of Jesus' work in his home land, and a quaint little Chinese lady, "Miss Da," now at school in Cincinnati, who is coming to speak at the mass-meeting on March 21. We hope all readers of our page in this city and in easy reach of it, will come to hear her. She is said to be a charming speaker.

We hope too for Mrs. Wheeler, or Miss Northington, from Nashville, at our own denominational meeting on the afternoon of March 21, and at the Workers' Conference in the morning. We cordially invite all interested in Missions for both days, and promise you will learn much about foreigners.

Now, let us read together what our good postman has brought since last week.

Rogersville comes first:

"Enclosed you will find \$1 for the Orphans' Home from Cecil Waters, one of the Rogersville Sunbeams."—Ora L. Dowell, Treasurer.

Thanks. Every offering for the Home delights me, as it is so soon to be moved. I wish I could send in a big sum the last of April. It is so much needed and will be so greatly appreciated.

Bedford City, Va., comes next:

"I send \$1. Send me the *Home Field* and the *Foreign Mission Journal*. Use the 50 cents as you think best."—Mrs. Anna H. Smith.

I'll order the magazines at once, and may I give the half-dollar to our own missionary? Thank you. We are so anxious for her salary these last two months.

Now, hear from Harriman:

"I am sending you \$1.26 from the Primary Class, taught by Mrs. Adella J. Evans in the Trenton St. Sunday School. It is our purpose to add to this offering whatever we can, to help maintain the Orphans' Home."—Fleda Cornany, Treas.

Please thank the little ones for us, Fleda, and for the Orphans. It is so welcome just now, when money is so much needed.

And Lebanon is here:

"Enclosed find \$2 from the Lebanon Sunbeams for Mrs. Medling's salary. This is our first offering since our organization in November last. To whom shall we report? Our officers are the following: President, Cleo Sellars; Secretary, Hester Bratton; Leader, Mrs. Organ.—Lucile Major, Treas.

What you send through the Young South is reported on this page, and again to Mrs. Altman, Nashville, twice a year. If Mrs. Organ will consult Miss Sallie Fox, Clarksville, she will send her blanks for the last quarter. We are so grateful to you for remembering our missionary's salary. She is well known in Lebanon. Mrs. Organ knows her, I think. Her old friends have been doing a good part by her all this year, and we are specially anxious to add to what we have received this last six weeks before our report goes to the Convention in Jacksonville, Fla., in May. We hope to hear again from Lebanon before the report closes.

Then comes a much-prized letter from Eudora Sunday School:

"Enclosed find \$4. Give \$1 to the Home Board; \$1 to the State Board; \$1 to the Foreign Board; and \$1 to the 'Children's Home' in Memphis. You have our best wishes for your work."—Etha Hensley, Secretary and Treasurer, Germantown.

Won't you tell us more about the "Children's Home?" I have never heard of that before. Shall I address the money just to the "Children's Home?" Please drop me a card with the street and number. I am always glad to do anything for children.

Please express our gratitude to the school at the first opportunity.

And now listen to those dear young Athenians:

"Enclosed please find
SEVEN DOLLARS AND SIXTY-
EIGHT CENTS.

We wish you would send us a Home Mission map and to give what is left to the Home Board. Our Band is alive and at work. Our open meeting two weeks ago was a decided success."—Ruth Walker, Treas.

If there is a better Band in the State I don't know it. I admire your system and the wise distribution of your offerings. I am sure you have a wise leader and she has willing followers. I shall order the map at once. May you grow daily in grace!

And last of all comes Memphis:

"Enclosed you will find

TEN DOLLARS,

which you will please divide among the Mountain Schools, the Orphans' Home, and the Margaret Home, as you see fit."—Mrs. C. B. F.

Isn't that grand? We are so much indebted to you. Shall we give the Orphans' Home \$4, the Mountain Schools \$4, and the Margaret Home \$2? I think that will be a fair distribution and great good will be done. I thank you so much for doing better this week. Let's send the tide yet higher the rest of March. Ask God what you can do for His cause and don't delay an hour. I am growing anxious as May is coming so near.

Don't forget the "Sunday eggs," and set apart a "missionary hen" at once. Deny yourself for the sake of Him, who gives us His work to do.

Fondly yours,

LAURA DAYTON EAKIN.

FREE TO YOU—MY SISTER

Free to You and Every Sister Suffering from Woman's Ailments.

I am a woman.
I know woman's sufferings.
I have found the cure.
I will mail, free of any charge, my home treatment with full instructions to any sufferer from woman's ailments. I want to tell all women about this cure—your mother, your sister, your daughter, your mother, or your sister. I want to tell you how to cure yourselves at home without the help of a doctor. Men cannot understand women's sufferings. What we women know from experience, we know better than any doctor. I know that my home treatment is safe and sure cure for Leucorrhoea or White Discharge, Ulceration, Displacement or Falling of the Uterus, Scanty or Painful Periods, Uterine or Ovarian Tumors, or Growths; also pains in head, back and bowels, bearing down feelings, nervousness, creeping feeling up the spine, melancholy, desire to cry, hot flashes, weariness, kidney, and bladder troubles where caused by weaknesses peculiar to our sex.

I want to send you a complete ten day's treatment entirely free to prove to you that you can cure yourself at home, easily, quickly and surely. Remember, that, if it will cost you nothing to give the treatment a complete trial; and if you wish to continue, it will cost you only about 12 cents a week or less than two cents a day. It will not interfere with your work or occupation. Just send me your name and address, tell me how you suffer if you wish, and I will send you the treatment for your case, entirely free, in plain wrapper, by return mail. I will also send you free of cost, my book—"WOMAN'S OWN MEDICAL ADVISER" with explanatory illustrations showing why women suffer, and how they can easily cure themselves at home. Every woman should have it, and learn to think for herself. Then when the doctor says—"You must have an operation," you can decide for yourself. Thousands of women have cured themselves with my home remedy. It cures all old or young. To Mothers of Daughters, I will explain a simple home treatment which speedily and effectually cures Leucorrhoea, Green Sickness and Painful or Irregular Menstruation in young Ladies, Plumpness and health always results from its use.

Wherever you live, I can refer you to ladies of your own locality who know and will gladly tell any sufferer that this Home Treatment really cures all women's diseases, and makes women well, strong, plump and robust. Just send me your address, and the free ten day's treatment is yours, also the book. Write to-day, as you may not see this offer again. Address

GEORGIA MARBLE

If it's a monument you are going to erect, it should be of **GEORGIA MARBLE**; if it's a vault, **GEORGIA MARBLE** is the proper material; if it's a building, **GEORGIA MARBLE** should be used for both exterior and interior. **Because:** it will not absorb moisture, which prevents decomposition; it withstands heat to 1,000 degrees Fah.; you can get any size, shape or shade desired; it will remain beautiful and unbroken as long as it lasts—and it lasts for ever.

In selecting a monument, it is with the idea of perpetuating the memory of some loved one—but it is not a perpetual monument that soon cracks and crumbles away. Avoid this by asking your dealer to show you samples of "**Cherokee**," "**Creole**," "**Etowah**" and "**Kennesaw**" Georgia Marble for monuments.

If your dealer can't supply you, write us and we will put you in touch with a nearby dealer who can.

Quick Relief From Catarrh

A Simple, Safe, Reliable Way, and it Costs Nothing to Try.

Those who suffer from catarrh know its miseries. There is no need of this suffering. You can get rid of it by a simple, safe, inexpensive, home treatment discovered by Dr. Blosser, who, for over thirty six years, has been treating catarrh successfully.

His treatment is unlike any other. It is not a spray, douche, salve, cream, or inhaler, but is a more direct and thorough treatment than any of these. It cleans out the head, nose, throat and lungs so that you can again breathe freely and sleep without that stopped-up feeling that all catarrh sufferers have. It heals the diseased mucous membranes and arrests the foul discharge, so that you will not be constantly blowing your nose and spitting, and at the same time it does not poison the system and ruin the stomach, as internal medicines do.

If you want to test this treatment without cost, send your address to Dr. J. W. Blosser, 204 Walton Street, Atlanta, Ga., and he will send you by return mail enough of the medicine to satisfy you that it is all he claims for it as a remedy for catarrh, catarrhal headaches, catarrhal deafness, asthma, bronchitis, colds and all catarrhal complications. He will also send you free an illustrated booklet. Write him immediately.

Modern Architecture and the Fireplace

Write today for the "Fireplace Sketch Book."

The fireplace has always been the symbol of home-comfort-hospitality. Modern architecture has carried this a step further, making the fireplace and its frame with its practical ventilating utility the chief feature of adornment and usefulness in every room.

Your living room, your den, your dining room, your bedroom offer unlimited possibilities when "keyed" with an appropriate fireplace.

The Wood Mantel is the most suitable frame for this fireplace. It lends itself perfectly to every one of the many styles of architecture used today—to the varying demands of each room.

Made in all designs from Louis XIV to Craftsman, in all woods, at all prices, it is easy to find the wood mantel that will make your fireplace harmonize with the "scheme" of every room, at the price you want to pay.

Write today for "The Fireplace Sketch Book." It is full of suggestions that will help you in selecting the most important feature of your home. Look over it with your architect. A postal will bring the book. Get it today.

BY FLEETWOOD BALL.

Battle Hill Church, Atlanta, Ga., secures as pastor Rev. W. M. Sentell, of Macon, Ga., who has taken charge under favorable auspices.

Rev. F. J. Herring, of Mercer University, has been called to the care of Bellevue Church, Macon, Ga., a pastorate made vacant by the resignation of Rev. W. M. Sentell.

Leggetts Ave. and Calvary churches, Atlanta, Ga., have consolidated, and the combined membership is 300. Rev. C. W. Rowe, formerly pastor of Leggetts Avenue Church, is pastor of the combined churches.

Rev. M. E. Dodd, of the First Church of Paducah, Ky., began his pastorate with the Twenty-second and Walnut Street Church, Louisville, Ky., recently. He delivered the monthly missionary address before the Seminary students March 1. Dodd will make good.

Evangelist H. C. Risner lately assisted Rev. H. H. Hibbs in a revival at Williamsburg, Ky., which resulted in 48 additions.

Rev. W. R. McEwen, pastor at Elkton, Ky., was quietly married Tuesday of last week to Miss Lena Carey in the Maxwell House at Nashville. The bride is the daughter of Rev. P. R. Carey, of Yorkton, Canada.

Rev. Jas. T. McGlothlin, of Franklin, Ky., was lately assisted in a revival by Dr. A. Paul Bagby, of Glasgow, Ky., resulting in a large number of conversions and 20 additions.

Judge G. T. Mayo, of Dresden, Tenn., preached a strong sermon at that place recently on baptism, which is said to have left the Pedo-Baptists stunned by the truth.

Rev. M. E. Wooldridge, of Martin, Tenn., principal of the public school there, is supplying for the church at Union City, Tenn., until the pastorelect, Rev. D. S. Brinkley, of Dickson, can take up the work.

During the recent revival at Princeton, Tex., in which Dr. I. N. Penick, of Martin, Tenn., assisted Rev. T. L. Barrow, there were only four additions. We venture they will count largely in the progress of the kingdom.

MIGHT BE DEAD TODAY.

Garden City, Kas.—In a letter from Mrs. James Hammer, of this city, she says, "I firmly believe that I would not be alive today, if it were not for Cardui. I had been a sufferer from womanly troubles all my life, until I found that great remedy. I feel that I can't praise it too highly." Are you a woman, suffering from some of the troubles, to which a woman is peculiarly liable? If so, why not try Cardui, the woman's tonic? You can rely on Cardui. It is purely vegetable, perfectly harmless, and acts gently but surely, without bad after effects. 'Twill help you. Ask your druggist.

NEW HAIR AFTER TEN YEARS OF BALDNESS.

Former Baldhead Most Agreeably Surprises His Friends.

Perth Amboy, N. J., Special.—In Mr. Samuel Diamond, president of the Perth Amboy Skylight Works, this city can boast of having witnessed a most remarkable cure of baldness and dandruff. Mr. Diamond recently startled the public by appearing with a fine head of real hair. He states that the wonderful restoration of his locks is due to having used a treatment told about in the *New York World*. This remedy, it is said, has produced astonishing results. The Lorrimer Institute, Branch 583, Baltimore, Md., offers to send our readers not only full directions as to how to apply it, but also a trial supply of the remedy free of all expense. Our readers will do well to communicate with the Lorrimer Institute at once. Perhaps, after all, baldness is at last doomed.

EAGLE BRAND CHILI POWDER THE BEST SEASONING FOR MEATS, STEWS, SOUPS, GRAVIES, FISH, ETC.—

EAGLE BRAND CHILI POWDER

Is just as essential for flavoring meats, soups, gravies, etc., as salt is for flavoring other foods, because most dishes are really unfit for eating unless properly flavored. Eagle Brand Chili Powder imparts a most delicious relish, and brings out the true flavor of the meats; gives them a most appetizing aroma and makes them delightfully palatable. Eagle Brand Chili Powder is also used for making those famous Mexican dishes: "Chili con carne," "Hot Tamales," etc. No cook room is complete without Eagle Brand Chili Powder.

EAGLE BRAND CHILI POWDER

Is a condiment made from the celebrated Mexican Chili Pepper and other Mexican spices, necessary to produce that real Mexican tang which characterizes Gebhardt's Eagle Brand Chili Powder. Only the finest chili peppers (grown especially for this purpose) and the purest spices go into Eagle Brand Chili Powder, which makes it first quality, and of the highest possible merit. Get a bottle from your grocer and try it on your meats, in your soups etc. If he can't supply you send us 12c for trial bottle.

EAGLE BRAND IS THE ORIGINAL CHILI POWDER—ACCEPT NO SUBSTITUTE.

Free sample and our recipe book, "Good Things to Eat," will be sent to any one sending us the name of their grocer who doesn't handle Eagle Brand Chili Powder

A NEW STOMACH.

Stuart's Dyspepsia Tablets Restore Lifeless Organs to Normal Condition.

A Trial Package Free.

Many a sufferer from dyspepsia, indigestion and kindred ailments of the digestive organs carries around an absolutely useless stomach—a dead load, and a cesspool for ever-increasing disorders. The muscles are seemingly worn out, the mucous lining has lost its secretive power, and food taken into the stomach lies there and ferments, causing sour eructations, belchings, heartburn, dizziness and other distressing conditions. Many sufferers have given up in despair until they have been induced by some interested friends to try a box of Stuart's Dyspepsia Tablets.

Stuart's Dyspepsia Tablets are the dyspeptic's sure and only hope. They are a natural restorative of healthy action to the stomach and small intestines, because they supply just the elements that the weak stomach lacks—pepsin, golden seal and other digestives.

If you are afflicted with any of the symptoms above described, be assured that your digestive organs are losing power—they need help and there is no more sensible help to be given them than to supply elements which will do the work of digestion for them.

Stuart's Dyspepsia Tablets have been found by the test of reputable physicians in the United States and Great Britain to have remarkable digestive powers, one grain of the active principle of these tablets being sufficient to digest 3,000 grains of ordinary food. It is plain that no matter what the condition of your stomach, or how far your disease has progressed, one only of Stuart's Dyspepsia Tablets taken at meal time will do the work—give your stomach an opportunity to regain its lost powers, the muscles will be strengthened, the glands invigorated, and you will be a new man.

It costs nothing to prove the effectiveness of this cure. Send for a free sample package today. F. A. Stuart Co., 292 Stuart Bldg., Marshall, Mich.

Nervous Headache

"I know from experience that Dr. Miles' Anti-Pain Pills will relieve severe cases of headache quickly." MRS. GEO. S. HENRY, Sullivan, Wash.

In many persons the least excitement, exertion or irritation causes headache. They cannot attend church, theatre, places of amusement, travel, or mingle in a crowd without suffering an attack of headache. The nerves of the brain are easily excited, and this irritable condition causes pain. Such persons should take

Dr. Miles' Anti-Pain Pills

before starting out, or on the first indication of an attack. They invariably relieve all such misery.

The first package will benefit; if not, your druggist will return your money.

Isn't this "Model F" Sewing Machine a Beauty? That's what every woman says who sees it. We want to send you one to test in your own home. Try it three weeks free of all charge, and then return it to us if you do not wish to keep it. We pay the freight both ways. No charge for the trial. But you must join "The Club" first as a guarantee of good faith. It costs you nothing to join and no fees.

How the Club Saves You Money.

The plan is simple as falling off a log. A machine that sells for \$50 to \$60 through agents really costs the manufacturer about \$14 to \$16 to make. This great difference is made necessary by the tremendous expense of marketing machines. Manufacturer, jobber, commission man, dealer and agent must each have a profit and expenses.

The Club is a short cut from the manufacturer to the consumer. It cuts out more than half the expense of marketing the machine.

If you went into the market to buy 1,000 machines you could get the manufacturer's lowest price. But you need only one machine. The Club supplies the other 999 buyers and gives each of the 1,000 buyers the advantage of the low prices.

But, to protect the Club against losses from failure to collect for machines shipped to irresponsible parties, membership is restricted to regular subscribers of Religious magazines (white) and their friends who deposit \$5.00 with the Club, this deposit to be applied on the cost of the machine if you keep it, and to be returned to you if you return the machine.

The advertising management of the Baptist & Reflector has entered into a contract with the Religious Press Co-operative Club by which each party guarantees the faithful discharge of the obligation to refund the \$5.00 deposit fee should the purchaser decide to return the machine. You, therefore have a double protection.

Write for free catalogue of machines, or if "Model F" suits your fancy, fill out the coupon below.

Description of Model "F"

In Model "F" we offer Club members a new and exclusive design of the very latest production in sewing machine furniture, which is not excelled by any machine on the market. The furniture is of Mission style with bevel edges.

The wood work is of the best quality full quarter-sawn white oak, beautifully finished in rich golden oak with piano finish. There are seven drawers, three on either side and one in the middle. The drawer handles are of handsome design in oxidized bronze. A convenient tape measure inlay, wrought in attractive colors, is imbedded in the front of the table.

Model "F" is a beautiful drop-head pattern, with automatic chain lift. It is fitted with the very best ball-bearing device ever applied to a sewing machine. For beauty and excellence of work Model "F" is all that could be desired. It is covered by a regular ten-year guarantee against imperfections of construction.

ALL TO WIN

You Cannot Lose

You cannot lose in trying it, in giving it a chance, in seeing what it will do. You cannot go wrong in testing it for twenty-five days, in doing as hundreds of readers of this paper have already done, for you don't pay a penny until it is proven, until you can say, with a heart full of gladness and gratitude, "It is all right. It is the best thing I ever struck. It is an honest remedy. It makes health on the right idea." You run no risk, for we take positively and absolutely all the risk.

You Have All to Win And Nothing to Lose

When it proves it can restore your health, you will gladly pay for it. If it fails, you lose. You have absolutely nothing at stake in trying it, in using it, in seeing if it will not do for you the same wonderful work that it has done for thousands. But you stand to win a great deal that you want, the things you have been seeking, the things without which life is miserable—robust health, full strength and natural vigor of mind and body. You have all this to win and nothing to lose by trying Bodi-Tone. It is waiting, ready, willing, glad and anxious to have you try it on these fair terms, for it knows its power to cure, to heal, to restore health to the sick, strength to the weak, happiness to the miserable, hope to the hopeless.

Bodi-Tone

does just what its name means—cures disease by toning all the body, and we want you to try a box at our risk and see what it will do for your body. Bodi-Tone is a small, round tablet, that is taken three times every day. Each box contains seventy-five of these tablets, enough for twenty-five days' use, and we send you the full box without a penny in advance, so that you can try it and learn what it is, so you can learn how it works in the body, how it cures stubborn disease by helping nature to tone every organ of the body. Tone is a little word, but it means a great deal, everything in health. When all the organs are doing their part, when each is acting in a perfectly natural way, when all the functions are healthy and performed with natural vigor, when the energy, strength and power of resistance to disease are all at a natural point, then the body is in proper tone. When disease has attacked any part, the tone of the entire physical body should be raised to the highest possible point, to make all the body help in the cure. This is the power which underlies all of Bodi-Tone's great work for the sick, this is the power it offers you to help you get new health and strength.

Not a Patent Medicine

Bodi-Tone is not a patent medicine, for its ingredients are not a secret. It contains Iron Phosphate, Gentian, Lithia, Chinese Rhubarb, Peruvian Bark, Nux Vomica, Oregon Grape Root, Cascara, Capsicum, Sarsaparilla and Golden Seal. Such ingredients guarantee its merit.

When you use Bodi-Tone you know just what you are using, know it is good and safe and know you are taking the kind of medicine to provide real help for the body. It is a pure remedy that satisfies the most exacting. It contains no narcotics or habit-forming drugs, nothing that your own family doctor will not endorse and say is a good thing. It does not depend on killing pain with cocaine, opium, morphine, or other dangerous drugs. It does not excite the body with alcohol, but it tones the body and cures its disorders with remedies Nature intended to tone and cure the body when that power was given them. Thus, Iron gives life and energy to the blood, Sarsaparilla drives out its impurities, Phosphate and Nux Vomica create new nerve energy and force, Lithia aids in the Kidneys, Gentian does invaluable work for the Stomach and Digestive forces, Chinese Rhubarb and Oregon Grape Root promote vigorous Liver activity, Peruvian Bark raises the tone of the entire system, Golden Seal soothes the inflamed membrane and checks Catarrhal discharges, Cascara gives the Bowels new life in a natural way, and Capsicum makes all more valuable by bettering their quick absorption into the blood. A remarkable combination that does wonderful work for health.

All for Health

Each one of these valuable ingredients in Bodi-Tone serves to assist, to help, to build upon the others work. Each adds a needed element from nature to the body. Each has work to do and does it well. They are used because of this ability. We claim no credit for discovering the ingredients in Bodi-Tone, each of which has its own well-deserved place in the medical books of most of the civilized world. We simply claim the credit for the successful formula which we invented, for the way in which these valuable ingredients are combined, for the proportions used, for the curative force which thousands have found in Bodi-Tone, for the cures which make it different from other remedies. Most of these ingredients are as old as civilization

itself, for the curative forces Bodi-Tone uses are the forces which have always existed in nature for the restoration of the body's health. Many are regularly prescribed in some form by the medical profession for various diseases and irregular conditions, being used either separately or in combinations with such drugs as each doctor may favor, for there are wide differences of opinion among the doctors of various schools. The exact combination used in Bodi-Tone is what gives it the far-reaching and thorough curative and restorative power that makes possible the remarkable cures experienced by Bodi-Tone users, cures which prove the difference between Bodi-Tone and common remedies. That is why we want to send you a box of Bodi-Tone on trial, as soon as you write for it, for we know you will find it different and superior.

You Need It

If you are tired of ceaseless doctor bills and wearied of continual dosing without results, you need Bodi-Tone right now. If your local doctor has done you no real good, if you have given him a chance to do what he can and the ordinary medicinal combinations he used have failed, give this modern, scientific combination of special remedies a chance to show and prove what it can do for you. Its greatest triumphs have been among men and women with chronic ailments who had tried physicians and specialists at home and elsewhere without lasting benefit, and for this reason all chronic sufferers are invited to try it at our risk.

Bodi-Tone offers its valuable services to you right now, right from this page, if you are sick, if you need medicinal help, if your bodily organs are not acting as they should, if your body is not in right and natural tone. That is what Bodi-Tone is for—to restore health, vigor, vitality and strength by restoring tone to the body.

If there is anything wrong with your Kidneys, Bodi-Tone helps to restore tone to the Kidneys, helps to set them right. If there is anything wrong with your Stomach, Bodi-Tone helps to tone the Stomach, helps to set the wrong right. If there is anything wrong with your Nerves, your Blood, your Liver, your Bowels or your General System, the health-making ingredients in Bodi-Tone go right to work and keep on working day after day, exerting always a definite action that produces curative results of the kind sufferers appreciate. If you have Rheumatism, Bodi-Tone helps to eliminate the Uric Acid from the system while it restores tone to the Kidneys, Stomach and Blood, thereby preventing a continuance of Rheumatic poison and putting new activity into muscles, nerves and joints. Bodi-Tone should be used by all women suffering from any Female Ailment, for its toning properties have been found especially valuable in such ailments. Bodi-Tone should be used by all persons whose bodies are not up to the full maximum of natural vigor, strength and vitality, for its purpose is to restore the body to its highest plane by making health in every bodily function.

We Risk All

Why delay another day, when a trial of this proven medicine is yours for the asking. Why keep on suffering, when by clipping the coupon, filling in your name and address and mailing it to us, you can get a twenty-five days' treatment of this great remedy which has already restored thousands to health, which folks everywhere are talking about. It just costs a stamp and you don't pay a penny unless it benefits you. You take no chances, for the value and curative powers of Bodi-Tone have been amply proven by two years of glorious cures. It is no longer a new remedy, but a remedy with a history—a history of cures that has astonished the doctors and delighted the sick. It has been tested in thousands of cases, covering a great variety of ailments in both sexes, at all ages.

Persons suffering from Rheumatism, Stomach trouble, Kidney, Liver and Bladder Ailments, Uric Acid Diseases, Female Troubles, Bowel, Blood and Skin Affections, Dropsy, Piles, Catarrh, Anaemia, Sleeplessness, LaGrippe, Pains, General Weakness and Nervous Break-down, have tested Bodi-Tone and fully proven its great remedial value in such disorders.

Their experiences have proven beyond a shadow of doubt how the Bodi-Tone plan of toning all the body is a right plan that helps to cure these and other disorders. Many who were for years in poor health and tried most all of the prominent medicines, have found that one single box of Bodi-Tone did more good than all the others combined. Bodi-Tone makes up and repays for past sickness with a strong and virile health that is often better than the sufferer knew for a long time before sickness began to trouble. It makes the body right with its maximum strength, vigor and vitality, which it may not have possessed for years previous, even when in fair health. Bodi-Tone works what seems a miracle by putting tone where tone was needed. Read the reports on this page, showing how Bodi-Tone cures, send the coupon for a box on trial and try it immediately.

Did Not Do a Day's Work

In Over Two Years.

MARTINSVILLE, IND.—About nine years ago I took a bad cough, which later developed into chronic Bronchitis. I doctored with different doctors, but their treatment and prescriptions gave me no relief. Then I became afflicted with Stomach trouble and Liver complaint. I paid out fully eight hundred dollars to the doctors and for medicines, but cannot say that any of it gave me any real benefit. I had not done a day's work for over two years until I took Bodi-Tone. I got more good from one single box of this remedy than from anything I had ever previously used. Its benefits have been real, for I am working every day now, after being sick and idle for two years. Bodi-Tone made me able to do it, after two years of failure.

ANDREW SHIVELY.

Nervous Prostration Made

Her Life Miserable.

WEATHERFORD, OKLA.—When I began taking Bodi-Tone I was a nervous wreck, and I feel that I might have been in my grave today had it not been for this wonderful medicine. My Heart bothered me so that I could not rest well day or night and could not hold out to work half a day at a time. I am now feeling better than I have for fifteen years, for it has been that long since I began to run down in health. When I consulted doctors they would tell me that I was run down and needed a tonic, and they would proceed to prepare one for me. If they helped me at all, it would be very little, and I would soon relapse into that awfully tired, worn-out condition. Women will understand how I felt. Since my baby came, two years ago, I have been a walking skeleton, and a year later I collapsed completely. The doctor said it was Nervous Prostration. I thought I was going to die. I was so miserable. At this time I saw Bodi-Tone advertised and procured a box. Before I had taken all of it I had improved wonderfully, and I kept on taking it for a while longer. This was four months ago, and I can truthfully say that I feel like a new person.

MRS. M. WEAVER.

Was Badly Crippled With

Rheumatism All Through Body.

GLOVERSVILLE, NEW YORK.—I think there is nothing to equal the Bodi-Tone tablets. I know what they did for me and think they will do as much for others. I haven't felt so well in years as I do since using the Bodi-Tone. I had the Rheumatism all through me so bad that I could hardly move. I had tried most everything for it, but was still crippled when I first began to read about Bodi-Tone. I took one box and found they were helping me, so I got more. It has done the work that nothing else would do, and today I am feeling as well as any man can, considering my age, which is sixty-three. Before using Bodi-Tone I would work two or three days, mostly in misery, and then lay off, but now I am working every day and have not lost a day in months.
